Unit description
This unit will explore what language is and how it develops in early childhood from birth to
eight years of age. The relationship between language, learning and culture will be
investigated. Students will consider different definitions of literacy and examine how oral
language in the early years of life relates to subsequent knowledge of written, visual and aural
texts. Issues to be addressed include how to create a language and literacy rich environment
and the central role of adults in supporting children's language and literacy development in a
range of contexts.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are

Learning Outcomes

1. Use appropriate metalanguage when analysing language structure and function.
2. Demonstrate understanding of the relationship between oral language, adult-child
   interaction and literacy development.
3. Evaluate EC settings in terms of language and literacy development.
4. Pedagogical strategies for promoting language and literacy development.
5. Use peer reviewed research to justify decision making.

6. Use academic language appropriately to express ideas and arguments.

### Shared Reading

**Due:** **week 6**  
**Weighting:** **35%**

Students analyse an interaction between an adult and a child during shared reading of a picture book.

This Assessment Task relates to the following Learning Outcomes:
- Use appropriate metalanguage when analysing language structure and function.
- Demonstrate understanding of the relationship between oral language, adult-child interaction and literacy development.
- Use academic language appropriately to express ideas and arguments.

### Observation of infants

**Due:** **Week 9**  
**Weighting:** **35%**

Students observe the nursery in a Long Day Care centre and evaluate the language and literacy potential.

This Assessment Task relates to the following Learning Outcomes:
- Demonstrate understanding of the relationship between oral language, adult-child interaction and literacy development.
- Evaluate EC settings in terms of language and literacy development.
- Use peer reviewed research to justify decision making.
- Use academic language appropriately to express ideas and arguments.
Special Interest Topic
Due: Week 13
Weighting: 30%

Students choose an area of special interest in early childhood language and literacy development from a list of topics.

This Assessment Task relates to the following Learning Outcomes:
• Use appropriate metalanguage when analysing language structure and function.
• Pedagogical strategies for promoting language and literacy development.
• Use peer reviewed research to justify decision making.
• Use academic language appropriately to express ideas and arguments.

Delivery and Resources
This is a distance only unit. There is a set text book, additional readings, weekly recorded lectures and weekly study tasks.

Policies and Procedures
Macquarie University policies and procedures are accessible from Policy Central. Students should be aware of the following policies in particular with regard to Learning and Teaching:
Academic Honesty Policy http://www.mq.edu.au/policy/docs/academic_honesty/policy.html
Special Consideration Policy http://www.mq.edu.au/policy/docs/special_consideration/policy.html

In addition, a number of other policies can be found in the Learning and Teaching Category of Policy Central.

Student Support
Macquarie University provides a range of Academic Student Support Services. Details of these services can be accessed at: http://students.mq.edu.au/support/

UniWISE provides:
• Online learning resources and academic skills workshops http://www.students.mq.edu.au/support/learning_skills/
• Personal assistance with your learning & study related questions.
Graduate Capabilities

PG - Discipline Knowledge and Skills
Our postgraduates will be able to demonstrate a significantly enhanced depth and breadth of knowledge, scholarly understanding, and specific subject content knowledge in their chosen fields.

This graduate capability is supported by:

Learning outcomes

- Use appropriate metalanguage when analysing language structure and function.
- Evaluate EC settings in terms of language and literacy development.
- Pedagogical strategies for promoting language and literacy development.
- Use academic language appropriately to express ideas and arguments.

Assessment tasks

- Shared Reading
- Special Interest Topic

PG - Critical, Analytical and Integrative Thinking
Our postgraduates will be capable of utilising and reflecting on prior knowledge and experience, of applying higher level critical thinking skills, and of integrating and synthesising learning and knowledge from a range of sources and environments. A characteristic of this form of thinking is the generation of new, professionally oriented knowledge through personal or group-based critique of practice and theory.
This graduate capability is supported by:

**Learning outcomes**

- Use appropriate metalanguage when analysing language structure and function.
- Use peer reviewed research to justify decision making.
- Use academic language appropriately to express ideas and arguments.

**Assessment tasks**

- Shared Reading
- Special Interest Topic

**PG - Effective Communication**

Our postgraduates will be able to communicate effectively and convey their views to different social, cultural, and professional audiences. They will be able to use a variety of technologically supported media to communicate with empathy using a range of written, spoken or visual formats.

This graduate capability is supported by:

**Learning outcomes**

- Use appropriate metalanguage when analysing language structure and function.
- Demonstrate understanding of the relationship between oral language, adult-child interaction and literacy development.
- Evaluate EC settings in terms of language and literacy development.
- Use academic language appropriately to express ideas and arguments.

**Assessment task**

- Observation of infants

**PG - Research and Problem Solving Capability**

Our postgraduates will be capable of systematic enquiry; able to use research skills to create new knowledge that can be applied to real world issues, or contribute to a field of study or practice to enhance society. They will be capable of creative questioning, problem finding and problem solving.

This graduate capability is supported by:

**Learning outcomes**

- Pedagogical strategies for promoting language and literacy development.
- Use peer reviewed research to justify decision making.
Assessment task

• Special Interest Topic

PG - Engaged and Responsible, Active and Ethical Citizens

Our postgraduates will be ethically aware and capable of confident transformative action in relation to their professional responsibilities and the wider community. They will have a sense of connectedness with others and country and have a sense of mutual obligation. They will be able to appreciate the impact of their professional roles for social justice and inclusion related to national and global issues.

This graduate capability is supported by:

Learning outcome

• Demonstrate understanding of the relationship between oral language, adult-child interaction and literacy development.

Assessment task

• Observation of infants

PG - Capable of Professional and Personal Judgment and Initiative

Our postgraduates will demonstrate a high standard of discernment and common sense in their professional and personal judgment. They will have the ability to make informed choices and decisions that reflect both the nature of their professional work and their personal perspectives.

This graduate capability is supported by:

Learning outcomes

• Demonstrate understanding of the relationship between oral language, adult-child interaction and literacy development.
• Evaluate EC settings in terms of language and literacy development.
• Pedagogical strategies for promoting language and literacy development.
• Use peer reviewed research to justify decision making.

Assessment task

• Observation of infants
