### **Delivery and Resources**

#### Classes

Classes will meet for a 3 hour seminar each week.

Friday 2pm-5pm in Room E6A131

Dates: Commencing 11 February 2014

The timetable for classes can be found on the University web site at: http://www.timetables.mq.edu.au/

### Required and Recommended Texts and/or Materials

All students should have the following:

CPA Program: CPA 101 Assurance Services and Auditing, 2014.

All auditing standards can be accessed via the website www.auasb.gov.au

Other References

Students will be required to use library resources to research beyond these materials in undertaking research necessary to complete their tasks. The CPA 101 course materials have a reference list at the end of each module containing all references cited by the author. These provide some guidance to references that could be used to research particular issues.

### **Technology Used and Required**

Students are expected to have:

Proficiency in Word, Excel and PowerPoint

Knowledge of Macquarie University's on line system -for downloading lecture materials, etc

Knowledge of the library research databases – for accessing additional research material.

#### **Unit Web Page**

Course material is available on the learning management system

The web page for this unit can be found at:

http://mq.edu.au/iLearn/index.htm

#### **Teaching and Learning Activities**

The normal format for each 3 hour seminar class will be as follows:

- (a) brief lecture / interactive discussion
- (b) review of pre-assigned practice questions
- a) Brief lecture / interactive discussion each week, the lecturer will lead discussion covering the key points of the relevant module. The format and approach for this session will vary but may include a question and answer session where students will be asked to participate. This will require students to have pre-read the module material.
- b) Preparation and review of practice questions in some weeks, students will be expected to complete, and contribute to discussion concerning, various practice questions. The amount of time spent on these questions and the seminar in which they are completed will be at the discretion of the lecturer and will depend upon the time available each week after reviewing the CPA module material

It should be noted that, as evidenced by the format outlined above, the purpose of the 3-hour seminar is NOT solely to review the CPA module material. In fact, a portion of each seminar will be on the application of the material to case studies and practice questions. Students will be significantly disadvantaged if they expect to use the seminar to examine the CPA module material for the first time. It is expected that students read and comprehended the module material before the seminar.

A week-by-week list of the topics to be covered is in provided in the unit schedule.
