Unit description

As places where people live, work and play, neighbourhoods, cities and regions are vital to the health and wellbeing of diverse populations. Creating liveable, connected and vibrant communities is a policy imperative and a critical challenge for planning and governance. This unit explores issues of diversity, equity and wellbeing in relation to planning healthy places. It considers the physical and social environments that enable or constrain the creation of healthy places. Overall, students will gain practical knowledge of the diverse social, economic and spatial dynamics that shape diversity, equity and wellbeing in cities and regions and the policies and strategies that are used to plan and create liveable and healthy places.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Identify the drivers and dynamics of living in and planning for healthy places

**ULO2:** Critically analyse the relationship between health, wellbeing and place

**ULO3:** Demonstrate an advanced understanding of how healthy and liveable places are shaped by social equity and diversity

**ULO4:** Evaluate policies, plans and projects that seek to create and sustain healthy places

## General Assessment Information

### Late penalty

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of '0' (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue. This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc). Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.

## Delivery and Resources

### Lectures and Tutorials

Learning and teaching activities comprise a mix of lectures, tutorials and discussion activities, within a single combined lectorial session per week. For externally enrolled students, the lecture component will be recorded and available on Echo360, and tutorial/discussion activities will be set on iLearn each week. Please see iLearn for further details.

### Recommended Texts and/or Materials

There is no set textbook for this unit; however, independent reading and tutorial discussions are integral to GEOP8020 and a full reading list will be made available on iLearn, with readings accessible via Leganto. Students are expected to complete the required weekly set readings before each lectorial.

### Unit webpage and Technology used and required

All enrolled students have access to the unit website at <https://ilearn.mq.edu.au/login/MQ/> . Access to the website is essential to complete GEOP8020.

## Policies and Procedures
