Unit description

This unit focuses on the role of accounting in governance and accountability. The link between accounting and governance is discussed through the concepts of measurement, valuation, conceptual framework, reporting and communication of financial and non-financial information. The unit also acquaints students with how to apply computerised accounting software to record financial transactions and adjust accounting entries, and to prepare bank reconciliation and financial statements. On the completion of this unit, students are expected to understand the role of accounting in discharging accountability, provide accounting treatment for assets, liabilities and equity, analyse and interpret financial statements, and understand the regulatory accounting environment. Critical, analytical and integrative thinking, problem solving, communication and teamwork skills are developed through treatments of accounting transactions and events, and the completion of a business report and group project.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Identify and describe the role of accounting in organisational governance and

stewardship, and in discharging accountability to stakeholders.

ULO2: Apply skills in processing accounting information and explain classifications and/or treatments to essential accounting processes and the use of accounting software.

ULO3: Analyse financial statements and integrate knowledge and skills to solve business problems including working capital.

ULO4: Explain the regulatory accounting environment and its impact for the accounting profession.

ULO5: Prepare financial statements, and provide advice on routine accounting issues from appropriate regulatory and/or governance perspectives.

General Assessment Information

Late Assessment Submission Penalty (written assessments)

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to apply for [Special Consideration](#).
