Unit description This unit explores some common misunderstandings about language, and introduces students to a range of linguistic topics such as historical linguistics, language evolution, writing systems, and gesture. The unit showcases what linguists do outside of academia and provides practice in analysing real linguistic data.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

- ULO1:** Compare societal perspectives about language with findings from current linguistic research.
- ULO2:** Demonstrate some basic theoretical and technical knowledge about some sub-disciplines of linguistics.
- ULO3:** Demonstrate an understanding of how language data is collected for the purpose of linguistic research.
- ULO4:** Apply basic theoretical and technical linguistic knowledge to the analysis of language data.
- ULO5:** Critically discuss a myth about language in light of linguistic realities using standard written English discourse.

General Assessment Information

Grade descriptors and other information concerning grading are contained in the [Macquarie University Assessment Policy](#).

All final grades are determined by a grading committee, in accordance with the Macquarie University Assessment Policy, and are not the sole responsibility of the Unit Convenor.

Students will be awarded a final grade and a mark which must correspond to the grade descriptors specified in the [Assessment Procedure](#) (clause 128).

To pass this unit, you must demonstrate sufficient evidence of achievement of the learning outcomes, meet any ungraded requirements, and achieve a final mark of 50 or better.

Further details for each assessment task will be available on iLearn.

Late Submissions

Unless a Special Consideration request has been submitted and approved, a 5% penalty (OF THE TOTAL POSSIBLE MARK) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For example:

Number of days (hours) late	Total Possible Marks	Deduction	Raw mark	Final mark
1 day (1-24 hours)	100	5	75	70
2 days (24-48 hours)	100	10	75	65
3 days (48-72 hours)	100	15	75	60
7 days (144-168 hours)	100	35	75	40
>7 days (>168 hours)	100	-	75	0

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for Special Consideration.

Assessment Tasks

Name	Weighting	Hurdle	Due
Etymology and Meaning	20%	No	Week 5

Name	Weighting	Hurdle	Due
Writing Systems Quiz	10%	No	Week 7
Language data analysis	20%	No	Week 10
Major Essay	50%	No	Week 13

Etymology and Meaning

Assessment Type ¹: Problem set

Indicative Time on Task ²: 20 hours

Due: **Week 5**

Weighting: **20%**

You will be provided with a set of words. These will form the basis of two tasks. The first involves finding the oldest and newest definitions of the word, according to the OED. The second task involves searching online for examples of the words in context. One of the words that has been investigated will then be the subject of a discussion of how its meaning has changed over time and what factors might account for this change.

On successful completion you will be able to:

- Compare societal perspectives about language with findings from current linguistic research.
- Demonstrate some basic theoretical and technical knowledge about some sub-disciplines of linguistics.
- Demonstrate an understanding of how language data is collected for the purpose of linguistic research.
- Apply basic theoretical and technical linguistic knowledge to the analysis of language data.

Writing Systems Quiz

Assessment Type ¹: Quiz/Test

Indicative Time on Task ²: 10 hours

Due: **Week 7**

Weighting: **10%**

You will complete an online quiz which focuses on topics covered in the unit about writing systems. This will involve deciphering ancient scripts and identifying types of writing system, as

well as demonstrating an understanding of key terms.

On successful completion you will be able to:

- Demonstrate some basic theoretical and technical knowledge about some sub-disciplines of linguistics.
- Apply basic theoretical and technical linguistic knowledge to the analysis of language data.

Language data analysis

Assessment Type ¹: Problem set

Indicative Time on Task ²: 20 hours

Due: **Week 10**

Weighting: **20%**

You will be required to collect or collate data relating to a particular area of linguistics that has been discussed in the unit. You will use this data to analyse the validity of a hypothesis about language use.

On successful completion you will be able to:

- Demonstrate some basic theoretical and technical knowledge about some sub-disciplines of linguistics.
- Demonstrate an understanding of how language data is collected for the purpose of linguistic research.
- Apply basic theoretical and technical linguistic knowledge to the analysis of language data.

Major Essay

Assessment Type ¹: Essay

Indicative Time on Task ²: 30 hours

Due: **Week 13**

Weighting: **50%**

This is the main piece of assessment for the unit. You will be provided with a list of essay questions on iLearn, which relate to content across the unit, and you will choose one of these for your essay, which should be of no more than 1500 words, and must appropriately use academic sources to support your argument.

On successful completion you will be able to:

- Compare societal perspectives about language with findings from current linguistic research.
 - Demonstrate some basic theoretical and technical knowledge about some sub-disciplines of linguistics.
 - Demonstrate an understanding of how language data is collected for the purpose of linguistic research.
 - Critically discuss a myth about language in light of linguistic realities using standard written English discourse.
-

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Inclusion and Diversity

Social inclusion at Macquarie University is about giving everyone who has the potential to benefit from higher education the opportunity to study at university, participate in campus life and

flourish in their chosen field. The University has made significant moves to promote an equitable, diverse and exciting campus community for the benefit of staff and students. It is your responsibility to contribute towards the development of an inclusive culture and practice in the areas of learning and teaching, research, and service orientation and delivery. As a member of the Macquarie University community, you must not discriminate against or harass others based on their sex, gender, race, marital status, carers' responsibilities, disability, sexual orientation, age, political conviction or religious belief. All staff and students are expected to display appropriate behaviour that is conducive to a healthy learning environment for everyone

Professionalism

In the Faculty of Medicine, Health and Human Sciences, professionalism is a key capability embedded in all our courses.

As part of developing professionalism, students are expected to attend all small group interactive sessions including clinical, practical, laboratory, work-integrated learning (e.g., PACE placements), and team-based learning activities. Some learning activities are recorded (e.g., face-to-face lectures), however you are encouraged to avoid relying upon such material as they do not recreate the whole learning experience and technical issues can and do occur. As an adult learner, we respect your decision to choose how you engage with your learning, but we would remind you that the learning opportunities we create for you have been done so to enable your success, and that by not engaging you may impact your ability to successfully complete this unit. We equally expect that you show respect for the academic staff who have worked hard to develop meaningful activities and prioritise your learning by communicating with them in advance if you are unable to attend a small group interactive session.

Another dimension of professionalism is having respect for your peers. It is the right of every student to learn in an environment that is free of disruption and distraction. Please arrive to all learning activities on time, and if you are unavoidably detained, please join activity as quietly as possible to minimise disruption. Phones and other electronic devices that produce noise and other distractions must be turned off prior to entering class. Where your own device (e.g., laptop) is being used for class-related activities, you are asked to close down all other applications to avoid distraction to you and others. Please treat your fellow students with the utmost respect. If you are uncomfortable participating in any specific activity, please let the relevant academic know.
