Unit description

This unit extends students' capacity to apply specific organisational psychology skills in the workplace under the supervision of an Adjunct supervisor. Students will develop skills in training needs analysis, change management, and employee counselling. The placement consists of 250 hours. Students are required to complete at least a thousand hours across all placements in the program to meet accreditation requirements. The diversity of tasks and roles within organisational psychology means that even students who have repeatedly demonstrated competency may still have gaps in professional knowledge and skill that may limit their competency in some specific contexts.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Demonstrate excellent depth and breadth of knowledge and scholarly understanding required of organisational psychologists in determining client needs and designing and implementing evidence-based interventions.

**ULO2:** Demonstrate excellent higher level critical thinking skills in the ability both to generate and evaluate new, professionally-oriented knowledge.

**ULO3:** Demonstrate excellent communication skills across a wide range of client groups, colleagues and other professionals, using a variety of formats to function empathically within and across cultures and life stages.

**ULO4:** Demonstrate detailed knowledge of the legislative frameworks relevant to organisational psychologists and undertake practice according to professional standards and the Psychology Board of Australia's code of ethics.

**ULO5:** Demonstrate employment-ready capabilities required of those entering a registrar program in organisational psychology, along with the professional and personal skills for assessing continuous development needs.

## General Assessment Information

PSYO8954 requires the completion of at least 250 placement hours, inclusive of at least 16 hours of supervision, documented in a Logbook. The Supervision Agreement must be completed before or at the commencement of the placement and approved by the Placement Education Lead and/or Macquarie University Staff before any placement hours can be accrued.

The MPR needs to be completed for all placements of more than 100 hours. The indicative date for the MPR and placement goals are established and approved at the commencement of the placement with the submission of the Supervision Agreement. During the MPR, your supervisor will provide ratings on your level of goal attainment for the negotiated placement goals.

The EPR is completed at the end of the placement. During the EPR, your supervisor will provide ratings on your level of goal attainment for the negotiated placement goals, provide ratings on your level of competency development across employability and psychological competency areas, comment on your response to supervision, and provide an overall rating of your performance.

At the completion of the EPR, the form needs to be signed by the student and supervisor for submission. Ensure that the total hours allocated in your logbook are the same as the total hours allocated on the completed EPR.

Your placement unit will be assessed and finalised by the Placement Education Lead and/or Macquarie University Staff with the timely submission of all required placement documentation, including Supervision Agreement, Mid-Placement Review, End-Placement Review, and

Logbook.

Please refer to the ILearn site for access to all required placement forms - [PSYOPL Organisation al Psychology Placements All placement information 2024](#).

Grade descriptors and other information concerning grading are contained in the [Macquarie University Assessment Policy](#).

All final grades are determined by a grading committee, in accordance with the Macquarie University Assessment Policy, and are not the sole responsibility of the Unit Convenor or Placement Supervisor.

You will be awarded a final grade corresponding to the grade descriptors specified in the [Assessment Procedure](#) (clause 127 and 128).

To pass this unit, you must demonstrate sufficient evidence of achievement of the unit learning outcomes, meet any ungraded requirements, and achieve a final mark of 50 or greater.

## Late Submissions

Unless a Special Consideration request has been submitted and approved, a 5% penalty (OF THE TOTAL POSSIBLE MARK) may be applied each day an assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded for that assessment task, even when the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For example:

Number of days (hours) late	Total Possible Marks	Deduction	Raw mark	Final mark
1 day (1-24 hours)	100	5	75	70
2 days (24-48 hours)	100	10	75	65
3 days (48-72 hours)	100	15	75	60
7 days (144-168 hours)	100	35	75	40
>7 days (>168 hours)	100	-	75	0

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for Special Consideration.
