Unit description

This unit equips students to understand accounting as a useful tool for management decision making. Students develop an understanding of the principles of financial and management accounting from a user perspective. Topics include: the environment of accounting; recording business transactions; information on the income statement and balance sheet; analysis and interpretation of financial reports; budgeting; cost-volume-profit analysis; and financing a business. By the end of the unit students are able to explain the usefulness of financial and management accounting information and describe different types of accounting information for both internal and external users. Students develop graduate capabilities in a range of areas including critical analysis of accounting information, problem solving skills and written and oral communication skills.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

Students will be able to integrate and apply the acquired body of knowledge for decision making and solving problems in business contexts.

Students will have acquired a body of theoretical and practical knowledge relevant to the

topics set for this unit.

Students will be able to communicate effectively with users from diverse business backgrounds.

Students will have developed an awareness of the importance of sustainable business practices.

## Assessment Tasks

Name	Weighting	Due
<u>Assessed Coursework</u>	10%	In tutorials
<u>Tests (in-session)</u>	50%	Weeks 4, 8 and 13
<u>Assignment</u>	30%	Week 11
<u>Oral presentation</u>	10%	as rostered

### Assessed Coursework

Due: **In tutorials**

Weighting: **10%**

Weekly homework submissions in registered tutorials. There will be no homework collection in Week13.

Each submission is worth 1 mark, the best 10 contribute to the 10%.

Late submission will not be accepted. If students miss two or more homework submissions, they need to apply for Disruption to Studies via [ask.mq.edu.au](http://ask.mq.edu.au) and supply evidence of illness or unavoidable disruption. Homework will not be collected if your tutorial falls on a public holiday.

On successful completion you will be able to:

- Students will be able to integrate and apply the acquired body of knowledge for decision making and solving problems in business contexts.
- Students will have acquired a body of theoretical and practical knowledge relevant to the topics set for this unit.
- Students will have developed an awareness of the importance of sustainable business practices.

### Tests (in-session)

Due: **Weeks 4, 8 and 13**

Weighting: **50%**

This assessment task comprises a series of 3 tests.

Test #1 is an online test and is worth 10%. It will be conducted in Week 4. The time duration that the test will be opened online will be available on iLearn closer to the time of the test. Test #1 also serves as an early diagnostic task and the result of the test will be available in Week 5.

Test #2 is worth 15% and it will be conducted during scheduled lecture times in Week 8. The duration of the test is 1 hour. This is a written test and students must do the test in their registered lecture stream. Further instructions will be given at the ACCG106 iLearn site closer to the date of the test. The marked test papers will be returned to students in tutorials in Week 10.

Test #3 is worth 25% and it will be conducted during scheduled lecture times in Week 13. The duration of the test is 1 hour and 30 minutes. This is a written test and students must do the test in their registered lecture stream. Further instructions will be given at the ACCG106 iLearn site closer to the date of the test.

There will be strict ID checks and adequate supervision in the lecture halls during the tests to ensure security and integrity of the assessments.

Disruption to Studies: The outcome of an approval for Tests #1 and #2 is re-weighting of the following test. I.e. approval for Test #1 is a re-weighting of Test #2 (to 25%) and approval for Test #2 is re-weighting of Test #3 (to 40%). The outcome of an approval for Test #3 is a supplementary test. The supplementary test will be conducted in the period as scheduled in the FBE Supplementary Examination Timetable. Students with approvals for a supplementary test must sit for the test in this period. Failure to attend the supplementary test on the scheduled date will result in a zero mark for the test.

On successful completion you will be able to:

- Students will be able to integrate and apply the acquired body of knowledge for decision making and solving problems in business contexts.
- Students will have acquired a body of theoretical and practical knowledge relevant to the topics set for this unit.

## Assignment

Due: **Week 11**

Weighting: **30%**

This is a group assignment. A group mark will be given to each group based on the group's submission. There is a requirement to document the workload and contribution of each group member. The unit coordinator reserves the right to moderate the marks of individual group members.

The assignment package will be available at the ACCG106 iLearn site in Week 4.

Due date: In Week 11 in the registered tutorial of the groups.

There will be no extension of the due date unless there is an approval for Disruption to Studies.

On successful completion you will be able to:

- Students will be able to integrate and apply the acquired body of knowledge for decision making and solving problems in business contexts.
- Students will have acquired a body of theoretical and practical knowledge relevant to the topics set for this unit.
- Students will be able to communicate effectively with users from diverse business backgrounds.
- Students will have developed an awareness of the importance of sustainable business practices.

## Oral presentation

Due: **as rostered**

Weighting: **10%**

Students will present in groups in their registered tutorials.

However, students will be assessed individually and an individual mark will be given to each presenter.

Further details will be available at the ACCG106 iLearn site in Week 4.

Disruption to Studies: the outcome of an approval is presentation at another date.

On successful completion you will be able to:

- Students will be able to communicate effectively with users from diverse business backgrounds.

## Delivery and Resources

### Classes

- There are 4 hours of contact teaching and learning per week. They are a 2-hour lecture and a 2-hour tutorial.
- All lecture stream and tutorial class bookings and changes are to be done online and they must be finalised by the end of the third week of the semester.
- Students must attend their officially allocated i.e. registered, lecture stream and tutorial class, otherwise entry may be denied especially when there is overcrowding.

## Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: [https://students.mq.edu.au/support/student\\_conduct/](https://students.mq.edu.au/support/student_conduct/)

## Academic Honesty

The nature of scholarly endeavour, dependent as it is on the work of others, binds all members of the University community to abide by the principles of academic honesty. Its fundamental principle is that all staff and students act with integrity in the creation, development, application and use of ideas and information. This means that:

- all academic work claimed as original is the work of the author making the claim
- all academic collaborations are acknowledged
- academic work is not falsified in any way
- when the ideas of others are used, these ideas are acknowledged appropriately.

Further information on the academic honesty can be found in the Macquarie University Academic Honesty Policy at [http://www.mq.edu.au/policy/docs/academic\\_honesty/policy.html](http://www.mq.edu.au/policy/docs/academic_honesty/policy.html)

## Graduate Capabilities

### Discipline Specific Knowledge and Skills

Our graduates will take with them the intellectual development, depth and breadth of knowledge, scholarly understanding, and specific subject content in their chosen fields to make them

competent and confident in their subject or profession. They will be able to demonstrate, where relevant, professional technical competence and meet professional standards. They will be able to articulate the structure of knowledge of their discipline, be able to adapt discipline-specific knowledge to novel situations, and be able to contribute from their discipline to inter-disciplinary solutions to problems.

This graduate capability is supported by:

## **Learning outcomes**

- Students will be able to integrate and apply the acquired body of knowledge for decision making and solving problems in business contexts.
- Students will have acquired a body of theoretical and practical knowledge relevant to the topics set for this unit.

## **Assessment tasks**

- Assessed Coursework
- Tests (in-session)
- Assignment

## **Critical, Analytical and Integrative Thinking**

We want our graduates to be capable of reasoning, questioning and analysing, and to integrate and synthesise learning and knowledge from a range of sources and environments; to be able to critique constraints, assumptions and limitations; to be able to think independently and systemically in relation to scholarly activity, in the workplace, and in the world. We want them to have a level of scientific and information technology literacy.

This graduate capability is supported by:

## **Learning outcomes**

- Students will be able to integrate and apply the acquired body of knowledge for decision making and solving problems in business contexts.
- Students will have acquired a body of theoretical and practical knowledge relevant to the topics set for this unit.

## **Assessment tasks**

- Assessed Coursework
- Tests (in-session)
- Assignment

## **Effective Communication**

We want to develop in our students the ability to communicate and convey their views in forms effective with different audiences. We want our graduates to take with them the capability to

read, listen, question, gather and evaluate information resources in a variety of formats, assess, write clearly, speak effectively, and to use visual communication and communication technologies as appropriate.

This graduate capability is supported by:

## **Learning outcome**

- Students will be able to communicate effectively with users from diverse business backgrounds.

## **Assessment tasks**

- Assignment
- Oral presentation

## **Socially and Environmentally Active and Responsible**

We want our graduates to be aware of and have respect for self and others; to be able to work with others as a leader and a team player; to have a sense of connectedness with others and country; and to have a sense of mutual obligation. Our graduates should be informed and active participants in moving society towards sustainability.

This graduate capability is supported by:

## **Learning outcome**

- Students will have developed an awareness of the importance of sustainable business practices.

## **Assessment task**

- Assignment

## **Research and Practice**

- This unit uses research from both Macquarie University and external sources.
- This unit gives students opportunities to apply research findings.
- This unit gives students opportunities to conduct research.
