Unit description

This unit focuses on the generation of information for internal decision making and examines how cost information is developed and used within organisations. To this end, a number of different costing and budgeting techniques are explained and demonstrated in seminars and students are required to apply those techniques to case study scenarios and develop a sophisticated level of understanding of which technique is most appropriate in a particular situation. Research findings will be used to underpin theories in management accounting.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

Critically analyse data, determining relevant information and costing techniques for the purposes of making decisions

Critique the assumptions, constraints and limitations of management accounting

concepts and demonstrate an understanding of such concepts in respect to real-world examples

Demonstrate effective written and oral communication

Demonstrate an understanding of Excel spreadsheet tools to solve managerial problems.

Clearly summarise and present current issues on management accounting, and articulate them in a group setting.

Assessment Tasks

Name	Weighting	Due
<u>Assessed Coursework</u>	20%	On going
<u>Class participation</u>	10%	On going
<u>Assignments</u>	20%	Weeks 4, 6, 9 and 11
<u>Final Examination</u>	50%	Examination period

Assessed Coursework

Due: **On going**

Weighting: **20%**

Submission

The assessment requires students to answer one (1) question during their registered seminar each week. During the session, the answers to four (4) questions will be collected randomly. Each question will be worth **5%**.

Extension

No extension will be granted. Students who have not submitted the task prior to the deadline will be awarded a mark of 0 for the task, except for cases in which an application for special consideration is made and approved.

Penalties

A mark of zero will be assigned for non-submission in your designated class.

On successful completion you will be able to:

- Critically analyse data, determining relevant information and costing techniques for the purposes of making decisions
- Critique the assumptions, constraints and limitations of management accounting concepts and demonstrate an understanding of such concepts in respect to real-world examples
- Demonstrate effective written and oral communication

Class participation

Due: **On going**

Weighting: **10%**

Submission

In designated class

Extension

No extensions will be granted. Students who have not participated during the session will be awarded a mark of 0 for the task, except for cases in which an application for special consideration is made and approved.

Penalties

Zero marks awarded for non participation

On successful completion you will be able to:

- Critically analyse data, determining relevant information and costing techniques for the purposes of making decisions
- Critique the assumptions, constraints and limitations of management accounting concepts and demonstrate an understanding of such concepts in respect to real-world examples
- Demonstrate effective written and oral communication
- Clearly summarise and present current issues on management accounting, and articulate them in a group setting.

Assignments

Due: **Weeks 4, 6, 9 and 11**

Weighting: **20%**

Submission

There will be four excel assignments with each worth 5%. Four excel assignment questions will be distributed to your student email in week 2 of the session, and you are required to submit the four excel assignments via iLearn.

Extension

No extension will be granted. Students who have not submitted the task prior to the deadline will be awarded a mark of 0 for the task, except for cases in which an application for special consideration is made and approved.

Penalties

A mark of Zero will be assigned for each assignment not submitted on the due date.

On successful completion you will be able to:

- Critically analyse data, determining relevant information and costing techniques for the purposes of making decisions
- Critique the assumptions, constraints and limitations of management accounting concepts and demonstrate an understanding of such concepts in respect to real-world examples
- Demonstrate an understanding of Excel spreadsheet tools to solve managerial problems.

Final Examination

Due: **Examination period**

Weighting: **50%**

Submission

A time-limited (3 hours) invigilated closed book final exam in the formal exam period.

Extension

A supplementary examination will be granted only if special consideration has been submitted and approved. Please note that the supplementary examination will be of the same format as the final examination and that the supplementary examination will be scheduled as per the supplementary examination timetable of the Faculty.

Penalties

Zero marks for non-attendance.

There is a requirement to pass the final examination to be awarded a final grade of a Pass (P) or a higher grade.

On successful completion you will be able to:

- Critically analyse data, determining relevant information and costing techniques for the purposes of making decisions
- Critique the assumptions, constraints and limitations of management accounting concepts and demonstrate an understanding of such concepts in respect to real-world examples
- Demonstrate effective written and oral communication

Delivery and Resources

Classes

This unit is structured around attendance at one 3 hour seminar per week. The class timetable

can be found on the University web site <http://www.exams.mq.edu.au/exam/> with the following classes offered:

Class	Day	Time	Venue	Lecturer
1	Friday	8:30am - 11:30am	Room 212	Lisa Jackson

Required and Recommended Texts and/or Materials

Prescribed Text:

Langfield-Smith, Kim; Thorne, Helen; Hilton, Ronald W., "Management Accounting, Information for Creating and Managing Value", 6th Edition, McGraw-Hill Australia, 2012. This textbook is available from the Co-op Bookshop on campus. The library will have copies of the textbook available.

Access to this text is essential for seminar references and for homework questions. There have been substantial changes to the 6th edition of this text, especially in the end of chapter questions. DO NOT RELY ON PREVIOUS EDITIONS.

Unit Web Page

The unit will have a World Wide Web site accessed through Macquarie University OnlineLearning @MQ, using the URL <https://ilearn.mq.edu.au/login/MQ/> (this must be entered exactly). Further technical information on the use of iLearn can be found at the above url's, students will be required to log into this application using their Macquarie OneID.

The unit Web site is only available to students enrolled in ACCG921. It will be Students will be able to access the unit web page by the use of their normal university user/password details. Please contact the IT Help Desk in the Library if you have any difficulties accessing the unit web page:

Phone: (02) 9850 HELP (4357) or Freecall: 1800 063 191 Face to Face: IT Help Desk, Level 1, University Library Email: Just Ask. Form <http://www.lib.mq.edu.au/justask/> 24/7 Email: ithelp@mq.edu.au

The Website will contain important unit materials, including: Course details (Unit Outline); announcements; lecture notes; solutions to homework questions and online quizzes.

Teaching and Learning Activities

The unit is structured around a 3 hour session. Most weeks this will consist of a seminar combined with some interactive/ group/ student initiated work.

Seminars will provide students with the main concepts and techniques and homework provides the opportunity to apply the concepts to problems and exercises. It is recommended students have a thorough understanding of the homework. To this end, some time will be set aside each

week to handle any queries, problems etc arising from the homework questions. Most benefit will be gained from these sessions if you have attempted the homework and identified any problems you wish to raise.

Not all homework questions will be covered in class. However, the answers to all homework questions will be available at the end of each week from the unit web site. Students should be prepared to ask their lecturer specific questions about any aspect of the solutions they do not understand.

Students are encouraged to read the prescribed chapter in the textbook prior to attending each seminar in order to gain maximum benefit from the course. Lecture notes/slides will be made available each week prior to a seminar through the unit website. Please download these and bring them to class each week.

Active participation in class is encouraged and expected of every student. This helps clarify your ideas and understanding, as well as enhancing your communication skills.

Technology Used and Required

Students will be required to complete a number of Excel based assignments. To complete these assignments, students will need access to a computer, running Microsoft Excel. These resources are available in the university's computer rooms or, alternatively, student's can complete the assignments at home. In addition, students will need access to email in order to receive, and then submit these assignments.

In addition, a number of other policies can be found in the [Learning and Teaching Category](#) of Policy Central.

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: https://students.mq.edu.au/support/student_conduct/

Grades

Macquarie University uses the following grades in coursework units of study:

- HD - High Distinction
- D - Distinction
- CR - Credit
- P - Pass
- F - Fail

Grade descriptors and other information concerning grading are contained in the Macquarie University Grading Policy which is available at:

<http://www.mq.edu.au/policy/docs/grading/policy.html>

All final grades in the Department of Accounting and Corporate Governance are determined by a grading committee and are not the sole responsibility of the Unit Coordinator.

Students will be awarded one of these grades plus a Standardised Numerical Grade (SNG).

The Standardised Numerical Grade (SNG) is not necessarily a summation of the individual assessment components. The final grade and SNG that is awarded reflect the corresponding grade descriptor in the Grading Policy. In addition, there is a requirement to pass the final examination to be awarded a final grade of a Pass (P) or a higher grade. These requirements constitute satisfactory completion of the unit. Please also refer to relevant pages in the Handbook of Undergraduate Studies.

Grading Appeals and Final Examination Script Viewing

If, at the conclusion of the unit, you have performed below expectations, and are considering lodging an appeal of grade and/or viewing your final exam script please refer to the following website which provides information about these processes and the cut off dates in the first instance. Please read the instructions provided concerning what constitutes a valid grounds for appeal before appealing your grade.

Graduate Capabilities

PG - Discipline Knowledge and Skills

Our postgraduates will be able to demonstrate a significantly enhanced depth and breadth of knowledge, scholarly understanding, and specific subject content knowledge in their chosen fields.

This graduate capability is supported by:

Learning outcomes

- Critically analyse data, determining relevant information and costing techniques for the purposes of making decisions
- Critique the assumptions, constraints and limitations of management accounting concepts and demonstrate an understanding of such concepts in respect to real-world examples

- Demonstrate effective written and oral communication
- Demonstrate an understanding of Excel spreadsheet tools to solve managerial problems.
- Clearly summarise and present current issues on management accounting, and articulate them in a group setting.

Assessment tasks

- Assessed Coursework
- Class participation
- Assignments
- Final Examination

PG - Research and Problem Solving Capability

Our postgraduates will be capable of systematic enquiry; able to use research skills to create new knowledge that can be applied to real world issues, or contribute to a field of study or practice to enhance society. They will be capable of creative questioning, problem finding and problem solving.

This graduate capability is supported by:

Learning outcomes

- Critically analyse data, determining relevant information and costing techniques for the purposes of making decisions
- Critique the assumptions, constraints and limitations of management accounting concepts and demonstrate an understanding of such concepts in respect to real-world examples
- Demonstrate effective written and oral communication
- Demonstrate an understanding of Excel spreadsheet tools to solve managerial problems.
- Clearly summarise and present current issues on management accounting, and articulate them in a group setting.

Assessment tasks

- Assessed Coursework
- Class participation
- Assignments
- Final Examination

PG - Capable of Professional and Personal Judgment and Initiative

Our postgraduates will demonstrate a high standard of discernment and common sense in their professional and personal judgment. They will have the ability to make informed choices and

decisions that reflect both the nature of their professional work and their personal perspectives.

This graduate capability is supported by:

Learning outcomes

- Critically analyse data, determining relevant information and costing techniques for the purposes of making decisions
- Critique the assumptions, constraints and limitations of management accounting concepts and demonstrate an understanding of such concepts in respect to real-world examples
- Demonstrate effective written and oral communication

Assessment tasks

- Assessed Coursework
- Class participation
- Assignments
- Final Examination

Research and Practice

The findings of research studies in relation to some topics will be discussed briefly during the session. Students are encouraged to use library resources to go beyond the prescribed text in understanding the concepts taught in this unit and to complete their assessment tasks.
