Co-badged status

Unit description
In this unit students engage in active, careful and critical reflection as part of their commitment to teaching. A range of strategies that provide guidance on ways to support young children's learning is central to the unit. The content of the unit explores current theories of learning and investigates the concept of documenting children's learning as a way to record thoughtful, reflective observations that connect to planning. Sensitivity to children of culturally diverse backgrounds is a key component of the unit. Students practice these skills as they complete 20 compulsory days of professional experience in a prior-to-school early childhood setting.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at http://students.mq.edu.au/student_admin/enrolmentguide/academicdates/

Learning Outcomes

1. Develop an awareness of contemporary theories to observing, planning and implementing learning experiences.
2. Explore the Early Years Learning Framework and implement effectively in planning and programming on professional experience placements.

3. Recognise the importance of environments and how it influences children’s learning.

4. Explore and practice a range of teaching techniques in the professional experience placement.

5. Begin to recognise behavioural characteristics of children and develop strategies for guiding children’s behaviour.

7. Extend generic skills such as problem-solving, critical analysis, self-awareness, task management, literacy and communication skills.

### Assessment 1

**Due:** 24th March 2014  
**Weighting:** 35%

**Getting ready for professional experience**

This Assessment Task relates to the following Learning Outcomes:

- 1. Develop an awareness of contemporary theories to observing, planning and implementing learning experiences.
- 2. Explore the Early Years Learning Framework and implement effectively in planning and programming on professional experience placements.
- 7. Extend generic skills such as problem-solving, critical analysis, self-awareness, task management, literacy and communication skills.

### Assessment 2: Part A

**Due:** 18th May  
**Weighting:** 0%
Professional Experience Evaluation Report

This Assessment Task relates to the following Learning Outcomes:

• 1. Develop an awareness of contemporary theories to observing, planning and implementing learning experiences.

• 2. Explore the Early Years Learning Framework and implement effectively in planning and programming on professional experience placements.

• 3. Recognise the importance of environments and how it influences children’s learning.

• 4. Explore and practice a range of teaching techniques in the professional experience placement.

• 5. Begin to recognise behavioural characteristics of children and develop strategies for guiding children’s behaviour.

• 6. Engage in active, careful and critical reflective practice.

• 7. Extend generic skills such as problem-solving, critical analysis, self-awareness, task management, literacy and communication skills.

Assessment 2: Part B
Due: 18th May
Weighting: 50%

Professional Experience Book Work

This Assessment Task relates to the following Learning Outcomes:

• 1. Develop an awareness of contemporary theories to observing, planning and implementing learning experiences.

• 2. Explore the Early Years Learning Framework and implement effectively in planning and programming on professional experience placements.

• 3. Recognise the importance of environments and how it influences children’s learning.

• 4. Explore and practice a range of teaching techniques in the professional experience placement.

• 5. Begin to recognise behavioural characteristics of children and develop strategies for guiding children’s behaviour.

• 6. Engage in active, careful and critical reflective practice.

• 7. Extend generic skills such as problem-solving, critical analysis, self-awareness, task management, literacy and communication skills.
Assessment 3

Due: 4th June
Weighting: 15%

There will be an online quiz at the end of semester. It will include 30 questions with each question worth .5 of mark.

This Assessment Task relates to the following Learning Outcomes:

- 1. Develop an awareness of contemporary theories to observing, planning and implementing learning experiences.
- 2. Explore the Early Years Learning Framework and implement effectively in planning and programming on professional experience placements.
- 3. Recognise the importance of environments and how it influences children’s learning.
- 4. Explore and practice a range of teaching techniques in the professional experience placement.
- 5. Begin to recognise behavioural characteristics of children and develop strategies for guiding children’s behaviour.

Delivery and Resources

Classes

The timetable for classes can be found on the University web site at: http://www.timetables.mq.edu.au/

- External students are to attend two compulsory on campus day on Saturday 28th March and Wednesday 15th April 2015.
- In order to be eligible for a passing grade, students must meet the following requirements:
  - Internal students must attend at least 80% of all tutorials
  - External students must attend the compulsory on-campus session on Saturday 28th March and Wednesday 15th April 2015.
  - Satisfactorily complete a three week professional experience placement from April 20th- May 8th (including 6 observation days before this block)
  - Complete all three assessments.

Texts

Required

* There are several pre-recorded lectures available on iLearn. These are 10 minutes each and include: 1) How to write an observation; 2) How to write a plan and 3) The at risk process.

**Policies and Procedures**

Macquarie University policies and procedures are accessible from Policy Central. Students should be aware of the following policies in particular with regard to Learning and Teaching:

In addition, a number of other policies can be found in the Learning and Teaching Category of Policy Central.

**Student Code of Conduct**

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: [https://students.mq.edu.au/support/student_conduct/](https://students.mq.edu.au/support/student_conduct/)

**Results**

Results shown in iLearn, or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in eStudent. For more information visit [ask.mq.edu.au](http://ask.mq.edu.au).

**Student Support**

Macquarie University provides a range of support services for students. For details, visit [http://students.mq.edu.au/support/](http://students.mq.edu.au/support/)

**Learning Skills**

Learning Skills ([mq.edu.au/learningskills](http://mq.edu.au/learningskills)) provides academic writing resources and study strategies to improve your marks and take control of your study.

- Workshops
- StudyWise
- Academic Integrity Module for Students
- Ask a Learning Adviser
Student Enquiry Service
For all student enquiries, visit Student Connect at ask.mq.edu.au

Equity Support
Students with a disability are encouraged to contact the Disability Service who can provide appropriate help with any issues that arise during their studies.

IT Help
For help with University computer systems and technology, visit http://informatics.mq.edu.au/help/. When using the University's IT, you must adhere to the Acceptable Use Policy. The policy applies to all who connect to the MQ network including students.

Graduate Capabilities
Engaged and Ethical Local and Global citizens
As local citizens our graduates will be aware of indigenous perspectives and of the nation's historical context. They will be engaged with the challenges of contemporary society and with knowledge and ideas. We want our graduates to have respect for diversity, to be open-minded, sensitive to others and inclusive, and to be open to other cultures and perspectives: they should have a level of cultural literacy. Our graduates should be aware of disadvantage and social justice, and be willing to participate to help create a wiser and better society.

This graduate capability is supported by:

Learning outcomes
• 2. Explore the Early Years Learning Framework and implement effectively in planning and programming on professional experience placements.
• 7. Extend generic skills such as problem-solving, critical analysis, self-awareness, task management, literacy and communication skills.

Assessment tasks
• Assessment 2: Part A
• Assessment 2: Part B
• Assessment 3

Capable of Professional and Personal Judgement and Initiative
We want our graduates to have emotional intelligence and sound interpersonal skills and to demonstrate discernment and common sense in their professional and personal judgement. They will exercise initiative as needed. They will be capable of risk assessment, and be able to
handle ambiguity and complexity, enabling them to be adaptable in diverse and changing environments.

This graduate capability is supported by:

**Learning outcomes**

- 1. Develop an awareness of contemporary theories to observing, planning and implementing learning experiences.
- 2. Explore the Early Years Learning Framework and implement effectively in planning and programming on professional experience placements.
- 3. Recognise the importance of environments and how it influences children’s learning.
- 4. Explore and practice a range of teaching techniques in the professional experience placement.
- 5. Begin to recognise behavioural characteristics of children and develop strategies for guiding children’s behaviour.
- 7. Extend generic skills such as problem-solving, critical analysis, self-awareness, task management, literacy and communication skills.

**Assessment tasks**

- Assessment 2: Part A
- Assessment 2: Part B

**Commitment to Continuous Learning**

Our graduates will have enquiring minds and a literate curiosity which will lead them to pursue knowledge for its own sake. They will continue to pursue learning in their careers and as they participate in the world. They will be capable of reflecting on their experiences and relationships with others and the environment, learning from them, and growing - personally, professionally and socially.

This graduate capability is supported by:

**Learning outcomes**

- 1. Develop an awareness of contemporary theories to observing, planning and implementing learning experiences.
- 2. Explore the Early Years Learning Framework and implement effectively in planning and programming on professional experience placements.
- 3. Recognise the importance of environments and how it influences children’s learning.
- 4. Explore and practice a range of teaching techniques in the professional experience placement.
7. Extend generic skills such as problem-solving, critical analysis, self-awareness, task management, literacy and communication skills.

**Assessment tasks**
- Assessment 2: Part A
- Assessment 2: Part B

**Discipline Specific Knowledge and Skills**
Our graduates will take with them the intellectual development, depth and breadth of knowledge, scholarly understanding, and specific subject content in their chosen fields to make them competent and confident in their subject or profession. They will be able to demonstrate, where relevant, professional technical competence and meet professional standards. They will be able to articulate the structure of knowledge of their discipline, be able to adapt discipline-specific knowledge to novel situations, and be able to contribute from their discipline to inter-disciplinary solutions to problems.

This graduate capability is supported by:

**Learning outcomes**
- 1. Develop an awareness of contemporary theories to observing, planning and implementing learning experiences.
- 2. Explore the Early Years Learning Framework and implement effectively in planning and programming on professional experience placements.
- 3. Recognise the importance of environments and how it influences children’s learning.
- 4. Explore and practice a range of teaching techniques in the professional experience placement.
- 5. Begin to recognise behavioural characteristics of children and develop strategies for guiding children’s behaviour.

**Assessment tasks**
- Assessment 1
- Assessment 2: Part A
- Assessment 2: Part B
- Assessment 3

**Critical, Analytical and Integrative Thinking**
We want our graduates to be capable of reasoning, questioning and analysing, and to integrate and synthesise learning and knowledge from a range of sources and environments; to be able to critique constraints, assumptions and limitations; to be able to think independently and
systemically in relation to scholarly activity, in the workplace, and in the world. We want them to have a level of scientific and information technology literacy.

This graduate capability is supported by:

**Learning outcomes**

- 1. Develop an awareness of contemporary theories to observing, planning and implementing learning experiences.
- 2. Explore the Early Years Learning Framework and implement effectively in planning and programming on professional experience placements.
- 3. Recognise the importance of environments and how it influences children’s learning.
- 4. Explore and practice a range of teaching techniques in the professional experience placement.
- 5. Begin to recognise behavioural characteristics of children and develop strategies for guiding children’s behaviour.

**Assessment tasks**

- Assessment 1
- Assessment 2: Part A
- Assessment 2: Part B
- Assessment 3

**Problem Solving and Research Capability**

Our graduates should be capable of researching; of analysing, and interpreting and assessing data and information in various forms; of drawing connections across fields of knowledge; and they should be able to relate their knowledge to complex situations at work or in the world, in order to diagnose and solve problems. We want them to have the confidence to take the initiative in doing so, within an awareness of their own limitations.

This graduate capability is supported by:

**Learning outcomes**

- 3. Recognise the importance of environments and how it influences children’s learning.
- 4. Explore and practice a range of teaching techniques in the professional experience placement.
- 5. Begin to recognise behavioural characteristics of children and develop strategies for guiding children’s behaviour.
Assessment tasks

- Assessment 1
- Assessment 2: Part A
- Assessment 2: Part B

Creative and Innovative

Our graduates will also be capable of creative thinking and of creating knowledge. They will be imaginative and open to experience and capable of innovation at work and in the community. We want them to be engaged in applying their critical, creative thinking.

This graduate capability is supported by:

Learning outcomes

- 4. Explore and practice a range of teaching techniques in the professional experience placement.
- 7. Extend generic skills such as problem-solving, critical analysis, self-awareness, task management, literacy and communication skills.

Effective Communication

We want to develop in our students the ability to communicate and convey their views in forms effective with different audiences. We want our graduates to take with them the capability to read, listen, question, gather and evaluate information resources in a variety of formats, assess, write clearly, speak effectively, and to use visual communication and communication technologies as appropriate.

This graduate capability is supported by:

Learning outcomes

- 4. Explore and practice a range of teaching techniques in the professional experience placement.
- 5. Begin to recognise behavioural characteristics of children and develop strategies for guiding children’s behaviour.
- 7. Extend generic skills such as problem-solving, critical analysis, self-awareness, task management, literacy and communication skills.
