Unit description

Literacy is one of the foundations of learning; it manifests itself in evolving forms and comprises a complex repertoire of knowledge and skills. Our changing communicative modes within a rapidly altering world require an expansion of the uses, purposes and practices of language and literacy. These encompass the key skills of reading, writing, viewing, representing, speaking and listening framed by a multimodal perspective of language. This unit examines these six language modes and it is organised around a research-based study of words, sounds, images, and texts, which include written, visual, oral/aural, digital and multimodal texts. Contemporary Australian curriculum, educational policies, and quality literacy practices will be introduced. The pedagogical emphasis is on a continuous cycle of explicit, systematic, balanced and integrated teaching for all students.

### **Extension requests:**

Ordinarily, no extensions of time for submission of written work will be granted since ample time for its preparation will have been given.

If an extension is required for medical or other extenuating circumstances, students may request this by submitting an online request via [ask.mq.edu.au](http://ask.mq.edu.au) with supporting documentary evidence (such as medical certificate, counsellor's note, or similar). All requests for extensions must be made **prior to the due date** for the assignment.

If an extension is granted, you will need to print the approval email and attach it to the assignment. Failure to do so will result in a late penalty being applied as the marker will not know that an extension has been granted.

### **Late Submissions:**

If you have not been granted an extension, or if you submit after your extension date, you will be penalised a mark for each day it is late.

No assessable work will be accepted after the return of marked work on the same topic. If a student is still permitted to submit on the basis of unavoidable disruption, an alternative topic must be set.
