In these activities students will work in groups of 3-4, to answer a set question on the running case of the textbook. Groups’ handwritten answer to the question will be given to the lecturer on the spot. Details and assessment criteria are provided in the Assessment Guidelines Document available on iLearn and questions on this assessment will be answered in the lecture.

2. Students are to prepare the weekly activities set for each tutorial. Student worksheets where they can record their answers prior to the tutorial are provided on iLearn. Students are expected to prepare their worksheet prior to the tutorial and bring with them a printed or soft copy in the tutorial for the tutor to check. In addition to their worksheet, students are required to engage in debate and ongoing class engagement. Details and assessment criteria are provided in the Assessment Guidelines Document available on iLearn and questions on this assessment will be answered in the lecture.

Delivery and Resources

1. The subject consists of a weekly 2 hour lecture and 1 hour tutorial

2. To pass this course, students need to achieve an overall grade of 50%

3. There will be no transfer of marks from other assignments (e.g. essay, group presentations, assessed coursework) to the final examination

4. Students must attend 80% of all tutorials to complete this unit, i.e. miss no more than 2 tutorials, including medical absences. A log will be taken to record attendance. Medical certificates are required for medical absences and should be given to your tutors.

5. You must stay in the tutorial to which you were enrolled as a cap is applied on the number of students to each tutorial in order to maximise your learning experience. However, you may change a tutorial, providing the tutorial to which you wish to change has a vacancy. The only way you can do this is via e-student within two weeks of the start of the semester. Changes cannot be made after week 2.

6. Students are expected to arrive on time, certainly before five minutes past the hour and not to leave until the class ends.

7. Mobiles should be turned off during classes, not simply set to silent. Texting or other mobile phone activity during class is distracting to the student concerned, the lecturer and other students and is strictly forbidden. Students violating this requirement will be asked to leave the class.
8. Photography as well as audio and video recording by students is not permitted.

**TIMETABLE** The timetable for this unit can be accessed from this portal: http://timetables.mq.edu.au

**PRIZES:** A Certificate of Proficiency is awarded for this unit. Please see: http://www.businessandeconomics.mq.edu.au/undergraduate_degrees/prizes_scholarships

Students will be recommended scholarly journal articles as stretch readings in the lectures. These are available through the Library MultiSearch engine.

**Technology used and required**

Students are required to familiarise themselves with iLearn (https://ilearn.mq.edu.au/login/MQ/). iLearn will be used to post course material, announcements, student grades and as a means of communication between staff members and students.

Students are expected to check their university email account and contact the teaching staff through it. Gmail, hotmail and other personal email accounts are often blocked through the university's spam filter; communicating through those risks that your query will not be answered.

Tutorial presentations will require the use of Powerpoint or Prezi.

**Unit web page**

Course material will be made available on iLearn (https://ilearn.mq.edu.au/login/MQ/).

Lecture slides, assessment details and other useful material will be made available from iLearn. If you have difficulties logging on to iLearn, please contact the university's technical support staff. Do not contact the lecturer or the tutors as they will not be able to help you with technical queries.

- You are expected to save and/or print copies of the lecture slides and bring them along to the lectures. No printouts will be given by the lecturer.
- You are expected to save and/or print the worksheets and other material necessary for each tutorial. No printouts will be given by the lecturer or the tutors.
- All important announcements will be made on iLearn and you are expected to view the announcements page of the course website at least once per week

**Teaching and Learning Strategy** This unit comprises of four key elements: a 2-hour lecture, a 1-hour tutorial; group study and participation; individual study and participation.

The topics outlined in this unit are best explored through active participation and experiential learning. Classes therefore will involve tutorial activities such as case study analysis, debates, discussion groups and presentations so that participating in this unit is an interesting, challenging
and fun experience. Core topics will be discussed in an integrated lecture environment, where you are encouraged to question and comment on aspects of each topic.

**Changes from last offering**

The essay word count has been changed to 1500 words.
