Unit description

The unit provides a foundational overview of the theoretical perspectives that have contributed to the history and philosophy of early childhood education. It examines philosophies, theories and theorists over time that have helped shape our views of children and children's learning. Students learn about social and political changes and their impact on curriculum and early childhood provisions in Australia today. Students recognise the importance of philosophy in early childhood education and care as they read research and engage with philosophical ideas.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes

On successful completion of this unit, you will be able to:

Demonstrate an understanding of the historical basis of early childhood philosophy Discuss the theoretical influences underpinning early childhood pedagogies and practices Identify how history and philosophy have impacted Australian early childhood education Develop the skills of researching, writing, presenting and submitting academic work

General Assessment Information

The final grade a student receives signifies their overall performance in meeting the learning outcomes for the unit. The number assigned to a grade (Standard Numerical Grade or SNG) reflects the extent to which student attainment matches the grade descriptors.

Your raw mark for the unit (i.e., the total of your marks for each assessment item) may not be the same as the SNG which you receive. Results may be scaled to ensure there is a degree of comparability across the university, so that units with the same past performances of their students should achieve similar results. The process of scaling does not change the order of marks among students. A student who receives a higher raw score mark than another will also receive a higher final scaled mark.

IEC Assessment Presentation & Submission Guidelines

Please follow these guidelines when you submit each assignment:

- Allow a left and right-hand margin of at least 2cm in all assignments.
- Please type all assignments using 12-point font and 1.5 spacing.
- All assessments must be submitted through turnitin in .doc or .pdf format for submission.
- Faculty assignment cover sheets are NOT required for this unit.

Draft Submissions & Turnitin Originality Reports

- Students may use Turnitin's Originality Report as a learning tool to improve their academic writing if this option is made available in the unit.
- Students are strongly encouraged to upload a draft copy of each assessment to Turnitin at least one week prior to the due date to obtain an Originality Report.
- The Originality Report provides students with a similarity index that may indicate if
 plagiarism has occurred. Students will be able to make amendments to their drafts prior
 to their final submission on the due date.
- Only one Originality Report is generated every 24 hours up to the due date.

When preparing your assignments, it is essential that:

- Students must retain a copy of all assignments before submission, and retain the copy until your final grade for the subject has been received;
- Marks will be deducted if you submit your assessment late (refer to the 'late assessments' section below for more details);
- Unless there are exceptional circumstances, no assessment will be accepted after the date that the assessment has been returned to other students.
- If an assessment is considered to be below passing standard, another staff member on the unit will provide a second opinion. No failed assessment may be re-submitted.

Late Assessments:

A deduction of 5% of the total possible mark allocated for that assessment would be made for each day or part day that assessment is late, weekends counting as two days. For example, if an assessment is worth 20 marks and you submit it 2 days late, you will have 2 marks (2 x 5% of 20 marks) subtracted from your awarded mark.

Extensions:

In extenuating circumstances, students may apply to the unit coordinator for an extension to the assessment due date. Reasons for the extension need to be documented through the <u>Disruption to Studies</u> form accessible through <u>ask.mq.edu.a</u> <u>u</u> under "Disruption" and supported (e.g., a <u>Professional Authority Form must be used in the case of illness). Note that:</u>

- Students MUST speak with the unit coordinator prior to submitting their request through https://ask.mq.edu.au
- Extensions will only be granted in receipt of the completed form submitted through ask.mq.edu.au plus documentation.
- Emails are not appropriate means of extension requests.
- It is essential that you plan ahead and organise your study time effectively. Poor time management is not grounds for an extension.
- In the case of computer malfunction, a draft of your assignment may be requested.
 Please ensure that you print out a draft regularly, so that it is available for submission on

request.

• Extensions are usually not granted on the due date.

Referencing:

All assignments should cite and provide full bibliographical details of all material that you have used to inform or support your ideas. At the Institute of Early Childhood, students are required to use the American Psychological Association (APA) referencing procedures. Full details about how to cite and reference correctly can be found in **Perrin (2015)** and in the **IEC Referencing Guide** on iLearn. All students will need to download this guide and use it as they prepare their assignment.

Assessment Tasks

Name	Weighting	Due
Assessment 1	10%	See ilearn
Assessment 2	15%	See ilearn
Assessment 3	35%	See ilearn
Assessment 4	40%	See ilearn

Assessment 1

Due: **See ilearn** Weighting: **10%**

See ilearn for details

On successful completion you will be able to:

- · Demonstrate an understanding of the historical basis of early childhood philosophy
- Discuss the theoretical influences underpinning early childhood pedagogies and practices

Assessment 2

Due: **See ilearn** Weighting: **15%**

See ilearn for details

On successful completion you will be able to:

· Demonstrate an understanding of the historical basis of early childhood philosophy

Assessment 3

Due: **See ilearn** Weighting: **35%**

See ilearn for details

On successful completion you will be able to:

- · Demonstrate an understanding of the historical basis of early childhood philosophy
- · Identify how history and philosophy have impacted Australian early childhood education
- · Develop the skills of researching, writing, presenting and submitting academic work

Assessment 4

Due: **See ilearn** Weighting: **40%**

See ilearn for details

On successful completion you will be able to:

- Demonstrate an understanding of the historical basis of early childhood philosophy
- · Identify how history and philosophy have impacted Australian early childhood education
- · Develop the skills of researching, writing, presenting and submitting academic work

Delivery and Resources

See ilearn for details

Policies and Procedures

Macquarie University policies and procedures are accessible from <u>Policy Central</u>. Students should be aware of the following policies in particular with regard to Learning and Teaching:

Academic Honesty Policy http://mq.edu.au/policy/docs/academic_honesty/policy.html

Assessment Policy http://mq.edu.au/policy/docs/assessment/policy.html

Grading Policy http://mq.edu.au/policy/docs/grading/policy.html

Grade Appeal Policy http://mq.edu.au/policy/docs/gradeappeal/policy.html

Grievance Management Policy http://mq.edu.au/policy/docs/grievance_management/policy.html

Disruption to Studies Policy http://www.mq.edu.au/policy/docs/disruption_studies/policy.html The Disruption to Studies Policy is effective from March 3 2014 and replaces the Special Consideration Policy.

In addition, a number of other policies can be found in the <u>Learning and Teaching Category</u> of Policy Central.

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: https://students.mq.edu.au/support/student_conduct/

Results

Results shown in *iLearn*, or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in <a href="extraction-color: blue} eStudent. For more information visit <a href="extraction-color: blue} ask.m <a href="equation-color: blue} q.edu.au.

Student Support

Macquarie University provides a range of support services for students. For details, visit http://students.mq.edu.au/support/

Learning Skills

Learning Skills (mq.edu.au/learningskills) provides academic writing resources and study strategies to improve your marks and take control of your study.

- Workshops
- StudyWise
- Academic Integrity Module for Students
- Ask a Learning Adviser

Student Services and Support

Students with a disability are encouraged to contact the <u>Disability Service</u> who can provide appropriate help with any issues that arise during their studies.

Student Enquiries

For all student enquiries, visit Student Connect at ask.mq.edu.au

IT Help

For help with University computer systems and technology, visit http://informatics.mq.edu.au/hel
p/.

When using the University's IT, you must adhere to the <u>Acceptable Use Policy</u>. The policy applies to all who connect to the MQ network including students.

Graduate Capabilities

Creative and Innovative

Our graduates will also be capable of creative thinking and of creating knowledge. They will be imaginative and open to experience and capable of innovation at work and in the community. We want them to be engaged in applying their critical, creative thinking.

This graduate capability is supported by:

Learning outcome

 Discuss the theoretical influences underpinning early childhood pedagogies and practices

Discipline Specific Knowledge and Skills

Our graduates will take with them the intellectual development, depth and breadth of knowledge, scholarly understanding, and specific subject content in their chosen fields to make them competent and confident in their subject or profession. They will be able to demonstrate, where relevant, professional technical competence and meet professional standards. They will be able to articulate the structure of knowledge of their discipline, be able to adapt discipline-specific knowledge to novel situations, and be able to contribute from their discipline to inter-disciplinary solutions to problems.

This graduate capability is supported by:

Learning outcomes

- · Demonstrate an understanding of the historical basis of early childhood philosophy
- Discuss the theoretical influences underpinning early childhood pedagogies and practices
- Identify how history and philosophy have impacted Australian early childhood education
- Develop the skills of researching, writing, presenting and submitting academic work

Assessment tasks

- Assessment 1
- · Assessment 2
- · Assessment 3
- Assessment 4

Critical, Analytical and Integrative Thinking

We want our graduates to be capable of reasoning, questioning and analysing, and to integrate and synthesise learning and knowledge from a range of sources and environments; to be able to

critique constraints, assumptions and limitations; to be able to think independently and systemically in relation to scholarly activity, in the workplace, and in the world. We want them to have a level of scientific and information technology literacy.

This graduate capability is supported by:

Learning outcomes

- · Demonstrate an understanding of the historical basis of early childhood philosophy
- · Develop the skills of researching, writing, presenting and submitting academic work

Assessment tasks

- Assessment 1
- Assessment 4

Problem Solving and Research Capability

Our graduates should be capable of researching; of analysing, and interpreting and assessing data and information in various forms; of drawing connections across fields of knowledge; and they should be able to relate their knowledge to complex situations at work or in the world, in order to diagnose and solve problems. We want them to have the confidence to take the initiative in doing so, within an awareness of their own limitations.

This graduate capability is supported by:

Learning outcomes

- Discuss the theoretical influences underpinning early childhood pedagogies and practices
- Identify how history and philosophy have impacted Australian early childhood education

Assessment tasks

- Assessment 2
- · Assessment 3

Effective Communication

We want to develop in our students the ability to communicate and convey their views in forms effective with different audiences. We want our graduates to take with them the capability to read, listen, question, gather and evaluate information resources in a variety of formats, assess, write clearly, speak effectively, and to use visual communication and communication technologies as appropriate.

This graduate capability is supported by:

Learning outcomes

 Discuss the theoretical influences underpinning early childhood pedagogies and practices • Develop the skills of researching, writing, presenting and submitting academic work

Assessment tasks

- Assessment 2
- Assessment 4
