- Abide by the rules and regulations set forth by the host organisation and the department to which the intern is assigned, including confidentiality, access to information, safety and security.

This includes, but is not limited to office conversations, files and documents, meeting content, intellectual property and all office communications including email, memorandums and notices.

- Adhere to organisational policies on email and internet usage, use of phones and facsimiles and use of office resources (e.g. computers, stationery, mail and courier services, printers and photocopiers) which should be strictly related to internship tasks, unless alternative arrangements have been made.

ONGOING EMPLOYMENT

If students are offered an extended contract with the host organisation, they must make alternative insurance arrangements. Macquarie students are only covered under university insurance policies within the semester period. Therefore, if students elect to work after the end of the teaching period, this is a private arrangement between the student and host organisation.

CONFIDENTIALITY

Students are reminded that they are required to abide by the confidentiality policies of their workplace, including academic assessments, discussions in workshops, and reference to their host organisation in their private lives.

It is the student's responsibility to check with their supervisor about the confidentiality of any organisational information included in their academic submissions.

Only the Unit Convener will have access to academic submissions.

ACADEMIC HONESTY

The nature of scholarly endeavour, dependent as it is on the work of others, binds all members

of the University community to abide by the principles of academic honesty. Its fundamental principle is that all staff and students act with integrity in the creation, development, application and use of ideas and information. This means that:

- all academic work claimed as original is the work of the author making the claim
- all academic collaborations are acknowledged
- academic work is not falsified in any way
- when the ideas of others are used, these ideas are acknowledged appropriately.

Further information on the academic honesty can be found in the Macquarie University Academic Honesty Policy at http://www.mq.edu.au/policy/docs/academic_honesty/policy.html

GRADES

This is a graded unit in which students will be awarded one of the following on their academic transcript:

- High Distinction (HD), 85-100 - denotes performance which meets all unit objectives in such an exceptional way and with such marked excellence that it deserves the highest level of recognition.
- Distinction, 75-84 - denotes performance which clearly deserves a very high level of recognition as an excellent achievement in the unit.
- Credit, 65-74 - denotes performance which is substantially better than would normally be expected of competent students in the unit.
- Pass, 50-64 - denotes performance which satisfies unit objectives.
- Fail, 0-49 - denotes that a candidate has failed to complete a unit satisfactorily.

Information concerning grading is contained in the Macquarie University Grading Policy which is available at: <http://www.mq.edu.au/policy/docs/grading/policy.html>

EXTENSIONS and LATE SUBMISSION

Any student seeking an extension of time to submit assignments must, except in extraordinary circumstances, submit to the Convenor (or have submitted on their behalf) a request in writing and supportive documentary evidence. Extensions will not be given other than in exceptional cases of illness. In such cases, a certificate signed by a medical practitioner must be submitted as supportive documentary evidence. In extraordinary circumstances where a written request for an extension cannot be submitted, an application for an extension can be sought verbally. However, in such cases, any extension granted will be subject to the student subsequently submitting such documentary evidence as is deemed appropriate by the Convenor.

Extensions will not be granted because a student is unable to manage their time or workload.

PENALTIES FOR LATE SUBMISSION

Any paper that is submitted after the due date and without having obtained an extension will be penalized at a rate of a 3% deduction per day. For example:

- Up to and including the 3rd day after the due date: 9%
- Up to and including the 7th day after the due date: 21%

Any paper that is submitted 10 days after the due date will not be marked unless an extension has been granted by the Convenor. The student submitting such a paper will be deemed not to have completed and submitted the paper.

A failure to submit the research paper may, irrespective of marks gained in other assessment items, result in the student being awarded a “Fail” grade for the subject.
