Unit description

This unit is designed to provide students with the information and skills necessary to guide their instruction of students at risk of failure in the area of literacy. The unit focuses on current research-based theoretical, conceptual and pedagogical components of literacy.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

Identify the essential components of literacy.

Demonstrate a familiarity with the sequence of skills within each of the above components.

Describe a range of approaches to instruction on literacy.

Describe and apply the range of appropriate assessment and instructional strategies considered in the unit.

Identify strengths and weaknesses in current strategies and approaches to teaching literacy to students with special education needs.

Select appropriate strategies to meet the needs of particular students with consideration of the advantages and disadvantages of various options.

Draw on unit content, professional experience, and the research literature to evaluate and critically reflect on literacy instruction for students with special education needs.

Meet specified practicum requirements

## Assessment Tasks

Name	Weighting	Due
<a href="#"><u>Online participation</u></a>	10%	13th November 2015
<a href="#"><u>Assignment</u></a>	15%	14th October 2015
<a href="#"><u>Problem Solving Exercise 1</u></a>	35%	9th September 2015
<a href="#"><u>Problem Solving Exercise 2</u></a>	40%	11th November 2015
<a href="#"><u>Component Reading Skills Test</u></a>	0%	30th October 2015
<a href="#"><u>Practicum</u></a>	0%	20th November 2015

### Online participation

Due: **13th November 2015**

Weighting: **10%**

#### What does online participation involve?

Online participation involves making posts on the Module Discussion Forums of the unit website. Once a post is made in a Module Discussion Forum, anybody in the unit can read or respond to it. Staff will post discussion questions periodically or you may ask your own questions, give answers or offer comment. Only posts to Module Forums will be counted.

Online participation allows you to give feedback and receive feedback from other students and staff, to explore issues in discussion with other students and staff and to practise required skill competencies.

#### When can I contribute?

Module discussion forums will close progressively through the semester. All forums will close at 11.55pm.

The content of each forum will remain accessible, but no further posts can be made after the closing date.

#### Closing Dates for Discussion Forums

**Module Closing date** Module 1 14th August Module 2 4th September Module 3 9th October  
Module 4 23rd October Module 5 6th November

## How much do I have to contribute?

Each student is expected to make a minimum of ten (10) contributions to the module discussions over the course of the semester.

You should post in **at least 3 of the 5** modules.

Instructions on how to compile and submit posts will be provided on the iLearn website. **If you fail to submit your compiled posts by the due date, you will be subject to 5% penalty of the total mark per day late, up to a maximum of 10 days.**

## Do discussion posts count towards assessment?

Yes. Discussion contributions are weighted at 0.1 of your final grade. Only contributions to Module Forums are counted, social posts and general questions and comments do not count towards your assessment. If you make fewer than ten posts to topic forums, your maximum possible mark will correspond to the number of posts made. **If you fail to submit your compiled posts by the due date, you will be subject to 5% penalty of the total mark per day late, up to a maximum of 10 days.**

## How do I know my submission was successful?

There are two options for you to see your uploaded Assignments/Post compilations.

1. Return to the Assignment activity submission point where the uploaded file will be viewable.
2. If the Activities block is available for the unit, click on the Assignments link. All Assignment activities, including those that are 'already open' and 'closed', will be viewable here.

**Students should print a copy of one of these screens after submission. No claims regarding missing post compilation submissions will be considered under any circumstances without a copy of this printout.**

## What happens if do not submit my compilation by the due date?

Post compilations received after the due date will be accepted provided they are received no later than **five working days late**. No compilations will be accepted after this time, except when an extension has been applied for before the due date and granted. After the due date (unless an extension has been granted) a late penalty will be applied, leading to a reduction in the awarded mark. **The late penalty is 5% of the total mark for each day the compilation is outstanding** beyond the due date, up to a maximum of 10 days. These penalties are imposed in fairness to students who submit compilations on time.

## How do I get an extension?

In extenuating circumstances, students may apply to the unit convenor for an extension to the compilation due date. Reasons for the extension need to be documented through the **disruption to studies process** through [ask@mq.edu.au](mailto:ask@mq.edu.au).

NOTE: You should read the additional information about disruption to studies in the General Assessment Information section of this unit guide.

Note that: • It is advisable that students contact the unit coordinator via Dialogue **prior to submitting their request through ask@mq.edu.au**

- Extension will only be granted in receipt of the completed form submitted through askMQ, plus documentation.
- Emails are not appropriate means of extension requests.
- It is essential that you plan ahead and organise your study time effectively. Poor time management is not grounds for an extension
- **Extensions are usually not granted on the due date**

On successful completion you will be able to:

- Identify the essential components of literacy.
- Describe a range of approaches to instruction on literacy.
- Describe and apply the range of appropriate assessment and instructional strategies considered in the unit.
- Identify strengths and weaknesses in current strategies and approaches to teaching literacy to students with special education needs.
- Select appropriate strategies to meet the needs of particular students with consideration of the advantages and disadvantages of various options.
- Draw on unit content, professional experience, and the research literature to evaluate and critically reflect on literacy instruction for students with special education needs.

## Assignment

Due: **14th October 2015**

Weighting: **15%**

## Assignment Description.

**The assignment involves using knowledge of unit content to respond to scenarios involving individuals with literacy difficulties. The assignment details will be available on the iLearn site from 17th August. Look in the 'Assessment' section of the website for more details.**

## What is required for the assignment?

In general good presentation, correct grammar, spelling and appropriate word choice will be expected. Express your ideas concisely and clearly, and observe any stated word limits. Please use single spacing.

You must complete the cover sheet provided for each assignment.

## How do I submit my assignment?

You will submit your assignment through the iLearn website. Detailed instructions will be provided on the website.

You should follow the detailed instructions carefully. Marks (up to 5% of the total mark) may be deducted, for example, for failing to name submitted files correctly or for failing to write your name on the assignment.

## KEEP A COPY OF YOUR ASSIGNMENT

## How do I use the assignment cover sheet?

The cover sheet will be attached to the assignment (available on the iLearn website). Note that the checklist on the assignment must be completed or your assignment will not be accepted. You will be notified through Dialogue that your assignment was not acceptable and you will need to submit the assignment again with a completed cover sheet. Note that typing your student number on the coversheet is considered equivalent to providing a signature.

## Can I submit a late assignment?

Assignments (either original submissions or resubmitted assignments) received after the due date will be accepted provided they are received no later than **five working days late**. No assignment will be accepted after this time, except when an extension has been applied for before the due date and granted. After the due date (unless an extension has been granted) a late penalty will be applied, leading to a reduction in the awarded mark. **The late penalty is 5% of the total mark for each day the assignment is outstanding** beyond the due date. These penalties are imposed in fairness to students who submit assignments on time.

## How do I get an extension?

In extenuating circumstances, students may apply to the unit coordinator for an extension to the assignment due date. Reasons for the extension need to be documented through the **disruption to studies process** accessible through [ask@mq.edu.au](mailto:ask@mq.edu.au) and supported.

NOTE: You should read the additional information about the conditions for disruption to studies in the General Assessment Information section of this unit guide.

Note that:

- It is advisable that students contact the unit coordinator via Dialogue **prior to submitting their request through ask@mq.edu.au**
- Extension will only be granted in receipt of the completed form submitted through askMQ, plus documentation.
- Emails are not appropriate means of extension requests.
- It is essential that you plan ahead and organise your study time effectively. Poor time management is not grounds for an extension
  
- **Extensions are usually not granted on the due date.**

### **What if I exceed the word limits?**

Components of answers beyond the stated word limit will not be marked. That is, answers will only be marked up to the stated word limit.

### **How will I get feedback on my assignment?**

Individual feedback will provided through the iLearn site. Assignment marks will be available in GRADES. The assignment may also be discussed at Problem Solving feedback sessions.

### **Can I resubmit an unsatisfactory assignment?**

Resubmission of unsatisfactory assignments is not permitted.

On successful completion you will be able to:

- Demonstrate a familiarity with the sequence of skills within each of the above components.
- Describe a range of approaches to instruction on literacy.
- Describe and apply the range of appropriate assessment and instructional strategies considered in the unit.
- Select appropriate strategies to meet the needs of particular students with consideration of the advantages and disadvantages of various options.
- Draw on unit content, professional experience, and the research literature to evaluate and critically reflect on literacy instruction for students with special education needs.

## **Problem Solving Exercise 1**

Due: **9th September 2015**

Weighting: **35%**

## Problem Solving Exercise 1

Problem Solving Exercises consist of a series of practical problems. The problems presented are typically scenario based and require the practical application of principles and knowledge addressed in the unit. The assessment may involve the presentation of video and/or text-based scenarios.

Many questions will be similar in format to the problem solving activities presented during module seminars, on the discussion forum and during problem solving review seminars for the unit and these will provide excellent preparation for Problem Solving Exercises. For example, students may be required to analyse the results of a reading assessment or make recommendations about spelling instruction.

The first Problem Solving Exercise will cover the first two modules and the second will cover the entire unit, but will have a focus on the last 3 modules.

A Problem Solving Exercise is an open book assessment of three hours duration. The Problem Solving Exercises will be completed in class (or with a supervisor for distance students). They may use both video segments and text-based scenarios or questions. You may bring any paper-based materials to the assessment including textbooks and your own notes. PLEASE NOTE THAT SHARING OF MATERIALS WILL NOT BE ALLOWED IN PROBLEM SOLVING EXERCISES UNDER ANY CIRCUMSTANCES. You may not use electronic devices such as computers, iPads or other tablets, or phones.

**Problem Solving Exercises are designed to assess your competency with the material covered in the unit and, consequently, a high pass mark is typically set.**

The specific instructions for each Problem Solving Exercise will be on the first page of the question paper. You may only write on the question paper provided. Any breaches of the instructions (for example, using your own paper to make notes about questions, taking any notes out of the room where the Problem Solving is held) may result in zero marks being awarded for that exercise, or zero marks being awarded for some questions.

**NOTE: You must bring your student ID or Campus Card with you to the Problem Solving Exercise and display it on your desk.**

Information about Campus Cards is at

[http://students.mq.edu.au/services\\_and\\_facilities/  
services\\_facilities\\_a-z/campus\\_card/](http://students.mq.edu.au/services_and_facilities/services_facilities_a-z/campus_card/)

### When are Problem Solving Exercises held?

For students completing the exercises on-campus, Problem Solving Exercises are held:

**9<sup>th</sup> September, 2015**

**11th November, 2015**

There will be two sessions each day, one at 10am and one at 5.00pm.

Problem Solving Exercises need to be completed by **distance students** with a supervisor as follows:

Should be completed between Problem Solving 1  
Monday 7th September

and

Sunday 13th September

Problem Solving 2  
Monday 9th November

and

Sunday 15th November

**If a Problem Solving Exercise is completed outside these dates without a serious reason and without the approval of your unit convenor and Dr Alison Madelaine, you may be awarded an F grade.**

### **Where are they held?**

Compulsory Problem Solving Exercises will be held at MUSEC (Building X5A) to supervise internal students and external students who live in the Sydney metropolitan area. The Sydney metropolitan area is considered to be the area bounded by Engadine in the south, Campbelltown in the southwest, Penrith in the west, North Richmond in the northwest and Brooklyn in the North. Final decisions about boundaries are at the discretion of the External Student Supervision Coordinator (Dr Alison Madelaine). Under all but exceptional circumstances (e.g., documented medical problems) it is expected that students residing in the Sydney metropolitan area will attend the on-campus assessment session.

Distance students living outside the Sydney metropolitan area will need to make arrangements for an appropriate, approved supervisor **before the end of the second week of the semester**.

**Students who normally live within the Sydney area, but who will be out of Sydney at the time of a Problem Solving Exercise MAY NOT ARRANGE external supervision.**

**Requests for supervisor changes may be considered for students permanently changing location but WILL NOT be considered for students travelling during the semester.**

**Students are required to be available for the entirety of the official examination period.**

### **What are the special arrangements for distance students?**

Off-campus completion of Problem Solving Exercises is also available as an additional support to students who enrol in external mode and reside outside the Sydney metropolitan area. The Sydney metropolitan area is considered to be the area bounded by Engadine in the south, Campbelltown in the southwest, Penrith in the west, North Richmond in the northwest and Brooklyn in the North. Final decisions about boundaries are at the discretion of the External Student Supervision Coordinator (Dr Alison Madelaine). You need to nominate a supervisor to receive the materials and supervise Problem Solving Exercises and feedback sessions. You must also complete a Statutory Declaration stating that you will not have any unsupervised access to Problem Solving exercises and feedback materials. Under normal circumstances,

supervisors would have a working relationship with you but must not be personally related to you or in a subordinate role. Appropriate supervisors could include a head/executive teacher, school principal or school counsellor. Friends or acquaintances will not be accepted as supervisors. It is your responsibility to locate an appropriate supervisor who is acceptable to the External Student Supervision Coordinator (Dr Alison Madelaine). The acceptance of nominated supervisors is entirely at the discretion of the External Student Supervision Coordinator. Under normal circumstances, materials will only be sent to the supervisor at a work postal address. If you wish to discuss the suitability of a potential supervisor, please contact Dr Madelaine by phone on (02) 9850 9699 or email ([alison.madelaine@mq.edu.au](mailto:alison.madelaine@mq.edu.au)).

You must also complete a **Statutory Declaration** stating that you will not have any unsupervised access to the Problem Solving exercises or feedback materials.

A SUPERVISOR NOMINATION FORM IS PROVIDED FOR DOWNLOAD IN THE ILEARN SITE FOR EACH UNIT.

A STATUTORY DECLARATION FORM IS PROVIDED FOR DOWNLOAD IN THE ILEARN SITE FOR EACH UNIT

## Completing the Statutory Declaration

You must complete ONE Statutory Declaration to cover all units you are attempting. Your Statutory Declaration must be witnessed and signed by a suitable person (see the list on the form). For most students, the preferred witness would be your school principal. The form must be returned with your supervisor nomination form(s) to Dr Alison Madelaine.

If there is a violation of the Statutory Declaration you must contact Dr Alison Madelaine and the unit convenor as a matter of urgency.

The supervisor nomination form and Statutory Declaration must be returned to MUSEC by the end of the second week of the semester (**FRIDAY, 7TH AUGUST 2015**). Nomination forms will not be accepted after this date and you will have to complete Problem Solving Exercises on-campus or withdraw from the unit. **This deadline is ABSOLUTELY NOT negotiable. That is, if you fail to submit a supervisor nomination by the deadline, you MUST attend the specified on-campus session or withdraw from the unit.** You will receive an emailed acknowledgement of your supervisor nomination. If you do not receive an acknowledgement, your nomination has not been received and you must contact the External Student Supervision Coordinator urgently.

\*\*\*Please note that you need to provide a separate supervisor nomination form for EACH unit you are enrolled in. You should receive an acknowledgement for EACH unit you are enrolled in. You need only return one Statutory Declaration, but indicate which units you are completing.

Supervisors should be aware that they would be required to supervise you for two Problem Solving Exercises of 3 hours each. They will also need to supervise you for two feedback sessions lasting up to 1 hour each.

Further, they will be required to certify that appropriate conditions have been in place. Supervisors may do other work while you are completing the assessment/feedback sessions but they must remain with you. Acting as a supervisor is voluntary but supervisors do receive a formal letter of appreciation.

Problem Solving Exercises will be posted to your supervisor approximately one week before the due date and you will have a one-week window in which they must be completed and returned.

**It is critical that the assessments are completed in the date range specified.**

**It is essential that a correct WORK address is provided for your supervisor, and that other information on the Supervisor Nomination Form is accurate.**

**The provision of a non-work address (for example, your supervisor's home address) for your supervisor's workplace, or the provision of other misleading information, may be treated as academic misconduct.**

**Please ask your supervisor to carefully check the dates before signing the nomination form to ensure they will be available.**

Please note that you will need access to a computer or DVD player in order to complete the Problem Solving Exercises and/or feedback sessions.

Before EACH Problem Solving Exercise and EACH Feedback Session you will be sent, through Dialogue on the iLearn website, a copy of the letter, instructions and certification form to be sent to your supervisor. You must respond to this message **WITHIN 48 HOURS** to indicate that you have read and understood the conditions of the Problem Solving Exercise or Feedback Session and to confirm that the supervisor's name and mailing address are correct. Problem Solving and Feedback packages will not be mailed out until this confirmation is received.

If you provide a late response, and your assessment package is sent out late, **NO ADDITIONAL TIME WILL BE ALLOWED FOR COMPLETION**. You must still complete the Problem Solving Exercise before the 13th September (first Problem Solving exercise) or 15th November (second Problem Solving Exercise).

### **What happens if my Problem Solving Exercise does not arrive?**

We recommend that you check with your supervisor before the day you plan to complete the Problem Solving Exercise that he/she has received the package from MUSEC. If your supervisor has not received the package, we recommend double-checking the internal mail handling within your school or organisation before contacting MUSEC. If the materials cannot be found after a search, contact Natalie Watson at MUSEC (phone (02) 9850 8708 or email [natalie.watson@mq.edu.au](mailto:natalie.watson@mq.edu.au)).

### **What if I need to change my supervision arrangements?**

If your circumstances change and you no longer need to complete a Problem Solving Exercise externally, or if you are able to travel to MUSEC for a feedback session or if there are any other changes to your supervision arrangements, **you must notify the convenors of each unit you are completing AND the External Student Supervisor Co-ordinator.**

**If you complete a Problem Solving Exercise or a Feedback Session with a person who is not an approved supervisor, you may be awarded a Fail grade.**

### **How do I get feedback if I attended the on-campus session?**

Two feedback sessions are held after Problem Solving Exercises. Students who attend campus

to complete the Problem Solving Exercises are normally expected to attend these sessions for feedback. The answers to Problem Solving Exercises will be presented. Lecturers will overview the general principles, marking key, sample answers and discuss common problems or misconceptions. Students will be able to view their marked Problem Solving Exercises during the feedback sessions, but notes may not be made. Problem Solving Exercises will be returned for this session but they may not be retained. You will be provided with an individual feedback summary sheet at the feedback session.

If you have concerns about Problem Solving Exercises, please make an individual appointment after the feedback session. Individual appointments will not be made to give individual feedback unless students have attended a scheduled session or can provide evidence of unavoidable disruption to study, such as a medical certificate.

### **How do I get feedback if I completed the Problem Solving Exercise with an external supervisor?**

Feedback seminars will be audio or video-recorded and sent to external students on DVD, along with the marked Problem Solving Exercise and a summary feedback sheet. Materials for the feedback session will be posted to your supervisor approximately 2 weeks after receipt of the exercise. Please note that your final results will not be released until all feedback materials have been returned to the University. Please note if you plan to attend a feedback session at MUSEC, you should inform the unit convenor that you do not require the feedback materials.

It is critical for students and supervisors to understand that students may only have access to materials in the presence of their supervisor. This means that the supervisor must post these items back to MUSEC. You may, however, keep your individual feedback sheet. If a student has **any unsupervised access** to either the Problem Solving Exercises or feedback materials (including posting them to MUSEC), they will automatically be failed on the Problem Solving Exercise, resulting in a failure on the unit. If a student decides to withdraw from the unit, materials must still be returned directly to MUSEC.

### **How do I get feedback if I am an out-of-Sydney student and choose to travel to MUSEC for the Problem Solving Exercises?**

If you are a distance student, and choose to travel to MUSEC for the Problem Solving Exercises, but do not want to travel to the feedback seminars, you will need to have a supervisor for the feedback sessions. This should be arranged by the end of the second week of semester. If there are any changes to this arrangement, you should notify your unit convenor.

### **Is there anything else I should know about Problem Solving Exercises?**

Students sometimes think that they do not need to be thoroughly familiar with the material in the unit as the exercises are open book. This is most definitely not the case. You need to be sufficiently familiar with the material to know where to look for material that will enable you to solve a given problem. Also, while you will have time in the Problem Solving Exercises to check a detail or look at an example, you will NOT have time to read chapters or review topics that have not been adequately covered in the first instance.

## What if I am unable to complete a Problem Solving Exercise?

If you are unable to attend a Problem Solving Exercise, **you should submit a disruption to studies form** through ask@mq.edu.au. It is advisable to contact your unit convenor prior to submitting the request.

Reasons for the extension need to be documented through the disruption to study process accessible through ask@mq.edu.au and supported.

Extension will only be granted in receipt of the completed form submitted through askMQ, plus documentation. Further information about disruption to study is in the General Assessment information.

You are advised that it is Macquarie University policy not to set early examinations for individuals or groups of students. All students are expected to ensure that they are available until the end of the teaching semester, that is the final day of the official examination period.

## How do I get the results of Problem Solving Exercises?

Marked Problem Solving Exercises will be available for reviewing at the following Feedback Seminars.

Grades for the Problem Solving Exercises will be posted on the unit website, in GRADES under the TOOLS tab.

**Please note that it is Centre policy that results will not be given over the phone or by email.** Please visit the unit website for information.

On successful completion you will be able to:

- Identify the essential components of literacy.
- Demonstrate a familiarity with the sequence of skills within each of the above components.
- Describe a range of approaches to instruction on literacy.
- Describe and apply the range of appropriate assessment and instructional strategies considered in the unit.
- Identify strengths and weaknesses in current strategies and approaches to teaching literacy to students with special education needs.
- Select appropriate strategies to meet the needs of particular students with consideration of the advantages and disadvantages of various options.
- Draw on unit content, professional experience, and the research literature to evaluate and critically reflect on literacy instruction for students with special education needs.

## Problem Solving Exercise 2

Due: **11th November 2015**

Weighting: **40%**

### **See Problem Solving 1 for full details of Problem Solving Exercises.**

On successful completion you will be able to:

- Identify the essential components of literacy.
- Demonstrate a familiarity with the sequence of skills within each of the above components.
- Describe a range of approaches to instruction on literacy.
- Describe and apply the range of appropriate assessment and instructional strategies considered in the unit.
- Identify strengths and weaknesses in current strategies and approaches to teaching literacy to students with special education needs.
- Select appropriate strategies to meet the needs of particular students with consideration of the advantages and disadvantages of various options.
- Draw on unit content, professional experience, and the research literature to evaluate and critically reflect on literacy instruction for students with special education needs.

## Component Reading Skills Test

Due: **30th October 2015**

Weighting: **0%**

The component skills reading test is an online assessment of competency in phonological awareness and phonics. This is assessed on a pass/fail basis. Students may attempt this assessment multiple times, but they **MUST** pass this assessment in order to pass the unit. Please see the 'Assessment' section of the learn site for more details. The component skills reading test will be available from Monday 10th August.

On successful completion you will be able to:

- Identify the essential components of literacy.
- Describe a range of approaches to instruction on literacy.
- Describe and apply the range of appropriate assessment and instructional strategies considered in the unit.

## Practicum

Due: **20th November 2015**

Weighting: **0%**

The purpose of the supervised Practicum is to allow for systematic and first-hand observation of a student teacher's teaching competencies. Students are expected to teach and manage a class/ small group from day 3 onward. Supervising teachers will make one formal observation each day using the protocol provided in the Practicum Handbook to evaluate your competencies in lesson planning and presentation, monitoring learning, providing feedback, delivering reinforcement and managing the class or group. Students are responsible for forwarding all the required documentation to MUSEC.

### **What happens if my practicum is unsatisfactory?**

1. Students who are found to be unsatisfactory during their placement, may be offered the opportunity of additional time or an additional placement in order to reach a satisfactory standard.

### **What is unsupervised practicum?**

During unsupervised practicum (5 days only) students may spend one day at five different sites. This is a good opportunity to see a wide range of programs and services for individuals with special needs. Students are required to complete an observation activity (refer to the Practicum Handbook for the observation form) for each day they complete. These activities should be submitted to Sharyn Gilkes by mail as soon as they are completed. Please note that these activities may be handwritten but should provide adequate detail for assessment and credit. Incomplete or unsigned reports are not acceptable.

### **Where can I find out more about practicum?**

Students should refer to the **Practicum Handbook** for details of practicum. The booklet is available on the web page at the Practicum Handbook Link at the top of the webpage.

Email queries about practicum should be sent to Prac Supervisor email at

[musec.pracsupervisor@mq.edu.au](mailto:musec.pracsupervisor@mq.edu.au).

**We strongly recommend you think about your practicum arrangements early in the semester as you may need to organise leave from your workplace to accommodate the practicum requirements.**

### **When do I complete practicum?**

**Completion of practicum is part of the assessment for this unit.**

**Practicum must be completed before the end of the semester (that is, before 5th December 2014).**

If you have not completed practicum by 5th December 2014, you must apply for an extension, with the reasons documented through the disruption to studies process at askMQ.

You should read the additional information on disruption to studies in the General Assessment.

**What happens if I do not complete all the requirements for practicum?**

**If you have not completed practicum and have not requested an extension, you will receive a FAIL (F) grade for the unit.**

If you **have an extension**, or if you have completed practicum and your **practicum reports have not been received at MUSEC**, you will receive an INCOMPLETE (I) grade. Your final grade will be released when all practicum requirements have been met.

On successful completion you will be able to:

- Demonstrate a familiarity with the sequence of skills within each of the above components.
- Select appropriate strategies to meet the needs of particular students with consideration of the advantages and disadvantages of various options.
- Draw on unit content, professional experience, and the research literature to evaluate and critically reflect on literacy instruction for students with special education needs.
- Meet specified practicum requirements

## Delivery and Resources

### General Organisation of the Unit

The unit is offered in external mode only, and is organised in a flexible delivery format. A combination of readings, study guides, and Internet delivery is employed. In addition, support is available via telephone, Skype, the unit web site (including discussion forums and Dialogue for private communication) and on-site consultation. There are some compulsory and optional on campus sessions for students living in the Sydney metropolitan area. Please see 'Unit Schedule' for further details.

It is very important to note that some components of the unit will be conducted on the web site. This means that internet access is essential to the completion of the unit.

Delivery is designed such that students may seek as much or as little assistance as required in completing the unit. In flexible delivery units, it is critical that students are organised and

disciplined. It is suggested that you allocate a total of 8-12 hours per week to study for this unit. If you get significantly behind in your topic coverage, it may be impossible to catch up. Please start your study as soon as possible.

## Unit delivery: Teaching and Learning Activities

Readings are designed to prepare students for the seminars as well as broaden their understanding of modules.

Students participate in Discussion Forums on the subject web site, complete the Review Quizzes for each topic on the web site, complete the assigned readings and activities in the Study Guides and seminars, and complete any additional exercises for each module.

Students who attend on-campus seminars will participate in individual and small group activities and discussion.

There is a practicum component associated with this subject, please refer to the Practicum Handbook which is available on the unit website.

## Changes Made Since the Last Offering of the Unit.

The content, resources, and activities for Module 5 has been reviewed and updated. In addition, the review exercises for all modules have been updated.

## Response to Student Feedback

Student feedback to our units is generally very positive, and we retain practices that students appreciate. We have made some changes to units as a result of feedback.

Discussion forum posts are a required component.

Two feedback sessions are offered after the Problem Solving exercises.

Assessment quizzes have been removed.

## Optional Seminars

The only optional seminars offered this semester are for feedback on Problem Solving Exercises. See below for details.

## Feedback Seminars

At these seminars students may view their marked Problem Solving Exercises and the lecturer will discuss each question and respond to questions. Student who attend these sessions may make an appointment for further individual feedback if they wish. Feedback seminars will be offered more than once for each Problem Solving Exercise. Students should be aware that if they choose not to attend these seminars, individual appointments will not be made unless there is a serious reason for non-attendance (such as a documented illness). The seminars will be recorded for distance students outside the Sydney area who have an approved supervisor (see ASSESSMENT) to view under supervision.

## Compulsory Seminars - Problem Solving Exercises

External students living in the Sydney metropolitan area and all internal students **must** attend in-class assessment seminars. There is no compulsory on campus attendance for students completing the unit externally outside the Sydney metropolitan area. The Sydney metropolitan area is normally considered to be the area bounded by Engadine in the south, Campbelltown in the southwest, Penrith in the west, North Richmond in the northwest and Brooklyn in the north. Final decisions about boundaries are at the discretion of the External Student Supervision Coordinator (Dr Alison Madelaine).

## Drop-in Sessions

No drop-in sessions will be offered this semester. Students should contact the unit convenor to make an appointment if they have concerns about their progress in the unit. Unit convenors are contactable via email and phone, and will also be available for face-to-face or Skype contact at selected times.

## Review Quizzes

Generally, there will be a Review Quiz for modules in the unit, available on the unit website. These quizzes enable you to monitor your own learning. The review quizzes will remain open throughout the semester.

### What are Review Quizzes?

Review quizzes are online assessments in multiple-choice format. There is one quiz for each module in the unit. We strongly suggest you complete the Review Quiz for each module as a means of monitoring your own learning.

### How do I do Review Quizzes?

The quizzes may be taken by logging into the unit web site and scrolling down to the link to the quiz within each module section.

### I'm concerned about doing an online quiz. What should I do?

A "dummy quiz" has been set up to give you some practice and allow you to get used to the quiz module. you may attempt the dummy quiz as many times as you like. It is strongly recommended that every student attempt the dummy quiz each semester. The dummy quiz is in the first section of the website under the heading "THINGS YOU SHOULD DO" and "Attempt the Dummy Quiz". Click on the link to open the quiz.

### How do I know my attempt at a review quiz has been successful?

You will receive confirmation that your quiz has been submitted. Your mark will be available in "GRADES" under the TOOLS tab on the left hand side of the webpage. Once you have completed a quiz, you should be able to view your answers and the feedback. If you are concerned about your mark, contact the unit convenor to discuss your results.

### How many times may I attempt a quiz?

You may attempt review quizzes as often as you like. Review quizzes are not part of the

assessment, they allow you to monitor and review your own learning.

## **I can't access the quiz or it won't work correctly?**

Such problems are ALMOST ALWAYS RELATED TO USING AN INCORRECT BROWSER. Firefox is the recommended browser for iLearn. Contact IT help if you have problems.

## **Downloadable Documents**

**ALL** study guides and resource materials must be downloaded from the website. Readings must be downloaded from the Multisearch website in the library, or from other sites as indicated in the study guides.

## **ECHO**

### **What is ECHO?**

Modules in this unit will involve a seminar recording via ECHO and will be accessed through links on the relevant topic pages. These presentations will typically consist of video or audio. They are accessed from the unit website. The presentation may include elucidation of the readings, additional information and practical exercises. Seminars should be viewed after you have completed the relevant reading for the module.

Information about using ECHO is available at

[http://www.mq.edu.au/iLearn/student\\_info/lecture\\_recordings.htm](http://www.mq.edu.au/iLearn/student_info/lecture_recordings.htm)

and

[http://www.mq.edu.au/iLearn/student\\_info/podcasts.htm](http://www.mq.edu.au/iLearn/student_info/podcasts.htm)

### **What do I need to do before I access ECHO?**

In order to use ECHO you will need QuickTime or other video player software (iTunes, VLC or Windows Media Player) and Flash for streaming playback or for downloading. You can download QuickTime through the iLearn site and you will be prompted to install Flash when you first access ECHO, if it is not already installed on your computer.

### **What if I can't get ECHO working?**

Don't panic. Contact the Student IT Helpdesk

Phone: (02) 9850 HELP (4357) (Option 1) or freecall 1800 67 4357

Email: [help@mq.edu.au](mailto:help@mq.edu.au)

Face to face: Building C5C Room 244, Macquarie University

Website: <http://www.mq.edu.au/onehelp/>

IT Onehelp ticket lodgement: <https://help.mq.edu.au/cgi-bin/WebObjects/OneHelp.woa>

## **Discussion Forums**

**Important information about the unit will be posted in Discussions in the "General" section. You should check it regularly - AT LEAST ONCE EVERY 48 HOURS.**

There will also be a Discussion Forum for each topic where students can post questions or comments and discuss the issues raised during the unit. These topics will close progressively through the unit (See Assessment Tasks). Students are required to contribute 10 posts across 3 of the five modules to these Module Forums as part of the assessment requirements for this unit (see Assessment Tasks).

Although unit convenors typically check the Discussion Forums daily (on weekdays), they will not respond to all posts, as discussion between students may be more appropriate.

## Dialogue

**Important information, particularly for students outside Sydney will be sent through Dialogue. You should check it regularly - AT LEAST ONCE EVERY 48 HOURS.**

Preferably, unit related messages should be directed to unit staff using Dialogue on the website. Questions that you have that are relevant to others in the unit should be posted in Discussion Forums. If you send such questions using Dialogue, they may be posted anonymously and answered in Discussions.

## DVD

Feedback on Problem Solving Exercises for students outside the Sydney area and for international students will be presented on DVD. You should check that you have access to a suitable DVD player or computer.

Enquiries regarding all dispatch and student postgraduate materials should be directed to: [Natalie.Watson@mq.edu.au](mailto:Natalie.Watson@mq.edu.au)

## Unit Schedule

### Classes

All seminars are in Room 130 at MUSEC Building X5A. There are two compulsory assessment seminars that MUST be attended by internal students and external students living in the Sydney metropolitan area. All remaining seminars are optional.

NOTE: Only afternoon seminars are available, except for compulsory assessment seminars, which will be available in both the morning and evening.

Seminars will vary in length depending on the content to be covered, but will generally be a maximum of 3 hours.

These dates are the WEDNESDAY of each semester week. All sessions for SPED804 are held on Wednesday.

**This unit is available in external mode only.**

DATE	TIME	SEMINAR FORMAT
9th September	10am OR 5pm	COMPULSORY SEMINAR: PROBLEM SOLVING EXERCISE 1 Covers modules 1 and 2
14th September TO 25th September		UNIVERSITY RECESS
30th September	6pm	Optional on-campus seminar: Feedback on problem solving 1
7th October	6pm	Optional on-campus seminar: Feedback on problem solving 1 (repeat)
11th November	10am or 5pm	COMPULSORY SEMINAR: PROBLEM SOLVING EXERCISE 2 Covers modules 1 to 5
18th November	6pm	Optional on-campus seminar: Feedback on problem solving exercise 2
25th November	6pm	Optional on-campus seminar: Feedback on problem solving exercise 2 (repeat)

The following table gives an overview of topics covered in the unit and the suggested completion date.

### **Modules**

MODULE	RECOMMENDED COMPLETION DATE	CONTENT	FORMAT
1	14th August	Approaches to literacy instruction Emergent literacy Phonological awareness	ECHO
2	4th September	Reading Words Research on the teaching of reading: Decoding versus whole word.	ECHO

3	9th October	Reading Fluency Curriculum-based measurement of reading Book levelling Using Pause, Prompt and Praise	ECHO
4	23rd October	Reading Comprehension Vocabulary	ECHO
5	6/11 November	Spelling Writing Response to Intervention (RTI)	ECHO

## Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central](#). Students should be aware of the following policies in particular with regard to Learning and Teaching:

Academic Honesty Policy [http://mq.edu.au/policy/docs/academic\\_honesty/policy.html](http://mq.edu.au/policy/docs/academic_honesty/policy.html)

Assessment Policy <http://mq.edu.au/policy/docs/assessment/policy.html>

Grading Policy <http://mq.edu.au/policy/docs/grading/policy.html>

Grade Appeal Policy <http://mq.edu.au/policy/docs/gradeappeal/policy.html>

Grievance Management Policy [http://mq.edu.au/policy/docs/grievance\\_management/policy.html](http://mq.edu.au/policy/docs/grievance_management/policy.html)

Disruption to Studies Policy [http://www.mq.edu.au/policy/docs/disruption\\_studies/policy.html](http://www.mq.edu.au/policy/docs/disruption_studies/policy.html) *The Disruption to Studies Policy is effective from March 3 2014 and replaces the Special Consideration Policy.*

In addition, a number of other policies can be found in the [Learning and Teaching Category](#) of Policy Central.

## Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: [https://students.mq.edu.au/support/student\\_conduct/](https://students.mq.edu.au/support/student_conduct/)

## Results

Results shown in *iLearn*, or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your

student email address and will be made available in [eStudent](#). For more information visit [ask.mq.edu.au](#).

This guide provides information relevant to the successful negotiation of the unit. Students should be familiar with the rules, policies and procedures outlined in the Macquarie University Handbook (available at <http://handbook.mq.edu.au/2014>), the Macquarie University Calendar of Governance, Legislation and Rules (available at <http://universitycouncil.mq.edu.au/legislation.html>), and Macquarie University policies, procedures, guidelines and schedules (available at <http://www.mq.edu.au/policy/>).

## Student Support

Macquarie University provides a range of support services for students. For details, visit <http://students.mq.edu.au/support/>

## Learning Skills

Learning Skills ([mq.edu.au/learningskills](http://mq.edu.au/learningskills)) provides academic writing resources and study strategies to improve your marks and take control of your study.

- [Workshops](#)
- [StudyWise](#)
- [Academic Integrity Module for Students](#)
- [Ask a Learning Adviser](#)

## Student Portal

The Student Portal provides the gateway to information for current students. It has been designed to bring all student resources to one location. The Portal contains links to Student email and calendar, online units, eStudent, askMQ and many other student and university resources.

Access the portal at

<http://students.mq.edu.au/home/>

The link for First Time Login is on this page. You must complete this login to get access to other sites such as eStudent.

The link to eStudent is on the Student Portal page.

eStudent is where students can enrol online, change their study programs, view their academic record, receive announcements from the university, as well as change some personal information that may become out of date.

End of semester results can be found on the eStudent website. Semester 2 results will be released on 19th December.

If you are having problems accessing the site (e.g. password/browser/technical issues) contact the Helpdesk (see the IT Help section of this guide).

Check the eStudent Noticeboard and your university email weekly for important communication

from the university such as advice of iLearn outages.

Visit <http://ask.mq.edu.au> to find answers to your student administration questions. Search the Q & A Section for answers and, if you can't find what you're looking for, submit an online enquiry and get a response to your official Macquarie University student email address.

**Disruption to studies forms, grade appeals and grade reviews are submitted through AskMQ.**

## Student Services and Support

Students with a disability are encouraged to contact the [Disability Service](#) who can provide appropriate help with any issues that arise during their studies.

The Disability Service provides support and assistance to students with a disability/health condition in aiming to ensure that they do not experience disadvantage in reaching their academic potential. Service provision is determined on a case-by-case basis following an assessment of a student's needs and the provision of supporting documentation. Service provision is also dependent on the availability of resources.

For information about registering with the Disability Service and to download the Campus Wellbeing Registration Form and Health professional form go:

[http://students.mq.edu.au/campus\\_life/campus\\_wellbeing\\_support\\_services/disability\\_service/how\\_to\\_register/](http://students.mq.edu.au/campus_life/campus_wellbeing_support_services/disability_service/how_to_register/)

You must register annually, irrespective of whether a disability/health condition is temporary, long-term or permanent.

Students wishing to request support services from the Disability Service should make an appointment to see a Disability Advisor **IMMEDIATELY AFTER ENROLLING** at Macquarie University. If you are not registered with the Disability Service at the time of an assessment task, you may not be provided with any accommodations.

Phone: (02) 9850 7497            TTY (02) 9850 6493

Email: [campuswellbeing@mq.edu.au](mailto:campuswellbeing@mq.edu.au)

In person: Level 2, C8A (Lincoln Building).

It is **strongly recommended** that you contact convenors **IMMEDIATELY AFTER ENROLLING** (or as soon as possible for temporary disabilities) to discuss adaptations that may assist you in the successful negotiation of units with the Macquarie University Special Education Centre.

Typically, we require a minimum of three weeks notice to be able to ensure that accommodations for Problem Solving exercises or in-class assessments can be put in place. **Please contact your unit convenors and Associate Professor Mark Carter BEFORE the 18th August to ensure your needs are met.**

MUSEC DISABILITY LIAISON OFFICER: Associate Professor Mark Carter

MUSEC, Building X5A, Room 104

Phone (02) 9850 7880 email mark.carter.mq@gmail.com

## Student Enquiries

For all student enquiries, visit Student Connect at [ask.mq.edu.au](http://ask.mq.edu.au)

## IT Help

For help with University computer systems and technology, visit <http://informatics.mq.edu.au/help/>.

When using the University's IT, you must adhere to the [Acceptable Use Policy](#). The policy applies to all who connect to the MQ network including students.

### IT Help

**Phone:** (02) 9850 HELP (4357) (option 1) or Freecall: 1800 063 191

**Email:** [help@mq.edu.au](mailto:help@mq.edu.au)

## Graduate Capabilities

### PG - Capable of Professional and Personal Judgment and Initiative

Our postgraduates will demonstrate a high standard of discernment and common sense in their professional and personal judgment. They will have the ability to make informed choices and decisions that reflect both the nature of their professional work and their personal perspectives.

This graduate capability is supported by:

### Learning outcomes

- Demonstrate a familiarity with the sequence of skills within each of the above components.
- Describe and apply the range of appropriate assessment and instructional strategies considered in the unit.

- Identify strengths and weaknesses in current strategies and approaches to teaching literacy to students with special education needs.
- Select appropriate strategies to meet the needs of particular students with consideration of the advantages and disadvantages of various options.
- Draw on unit content, professional experience, and the research literature to evaluate and critically reflect on literacy instruction for students with special education needs.
- Meet specified practicum requirements

## **Assessment tasks**

- Online participation
- Assignment
- Problem Solving Exercise 1
- Problem Solving Exercise 2
- Practicum

## **PG - Discipline Knowledge and Skills**

Our postgraduates will be able to demonstrate a significantly enhanced depth and breadth of knowledge, scholarly understanding, and specific subject content knowledge in their chosen fields.

This graduate capability is supported by:

## **Learning outcomes**

- Identify the essential components of literacy.
- Demonstrate a familiarity with the sequence of skills within each of the above components.
- Describe a range of approaches to instruction on literacy.
- Describe and apply the range of appropriate assessment and instructional strategies considered in the unit.
- Identify strengths and weaknesses in current strategies and approaches to teaching literacy to students with special education needs.
- Select appropriate strategies to meet the needs of particular students with consideration of the advantages and disadvantages of various options.
- Draw on unit content, professional experience, and the research literature to evaluate and critically reflect on literacy instruction for students with special education needs.
- Meet specified practicum requirements

## **Assessment tasks**

- Online participation

- Assignment
- Problem Solving Exercise 1
- Problem Solving Exercise 2
- Component Reading Skills Test
- Practicum

## PG - Critical, Analytical and Integrative Thinking

Our postgraduates will be capable of utilising and reflecting on prior knowledge and experience, of applying higher level critical thinking skills, and of integrating and synthesising learning and knowledge from a range of sources and environments. A characteristic of this form of thinking is the generation of new, professionally oriented knowledge through personal or group-based critique of practice and theory.

This graduate capability is supported by:

### Learning outcomes

- Describe and apply the range of appropriate assessment and instructional strategies considered in the unit.
- Identify strengths and weaknesses in current strategies and approaches to teaching literacy to students with special education needs.
- Select appropriate strategies to meet the needs of particular students with consideration of the advantages and disadvantages of various options.
- Draw on unit content, professional experience, and the research literature to evaluate and critically reflect on literacy instruction for students with special education needs.

### Assessment tasks

- Online participation
- Assignment
- Problem Solving Exercise 1
- Problem Solving Exercise 2
- Practicum

## PG - Research and Problem Solving Capability

Our postgraduates will be capable of systematic enquiry; able to use research skills to create new knowledge that can be applied to real world issues, or contribute to a field of study or practice to enhance society. They will be capable of creative questioning, problem finding and problem solving.

This graduate capability is supported by:

## Learning outcomes

- Demonstrate a familiarity with the sequence of skills within each of the above components.
- Describe a range of approaches to instruction on literacy.
- Describe and apply the range of appropriate assessment and instructional strategies considered in the unit.
- Identify strengths and weaknesses in current strategies and approaches to teaching literacy to students with special education needs.
- Select appropriate strategies to meet the needs of particular students with consideration of the advantages and disadvantages of various options.
- Draw on unit content, professional experience, and the research literature to evaluate and critically reflect on literacy instruction for students with special education needs.

## Assessment tasks

- Assignment
- Problem Solving Exercise 1
- Problem Solving Exercise 2
- Practicum

## PG - Effective Communication

Our postgraduates will be able to communicate effectively and convey their views to different social, cultural, and professional audiences. They will be able to use a variety of technologically supported media to communicate with empathy using a range of written, spoken or visual formats.

This graduate capability is supported by:

## Learning outcomes

- Describe a range of approaches to instruction on literacy.
- Describe and apply the range of appropriate assessment and instructional strategies considered in the unit.
- Identify strengths and weaknesses in current strategies and approaches to teaching literacy to students with special education needs.
- Meet specified practicum requirements

## Assessment tasks

- Online participation
- Assignment

- Component Reading Skills Test
- Practicum

## PG - Engaged and Responsible, Active and Ethical Citizens

Our postgraduates will be ethically aware and capable of confident transformative action in relation to their professional responsibilities and the wider community. They will have a sense of connectedness with others and country and have a sense of mutual obligation. They will be able to appreciate the impact of their professional roles for social justice and inclusion related to national and global issues

This graduate capability is supported by:

### Learning outcomes

- Describe and apply the range of appropriate assessment and instructional strategies considered in the unit.
- Identify strengths and weaknesses in current strategies and approaches to teaching literacy to students with special education needs.
- Select appropriate strategies to meet the needs of particular students with consideration of the advantages and disadvantages of various options.
- Draw on unit content, professional experience, and the research literature to evaluate and critically reflect on literacy instruction for students with special education needs.
- Meet specified practicum requirements

### Assessment tasks

- Online participation
- Practicum

## General Assessment Information

### Rationale for Modes of Assessment

Practicum – There is a five-day practicum placement linked to this unit. Competency based practicum assessment ensures students can apply in the classroom, the principles and strategies taught in the unit.

Online participation – participation in on-line discussion assists students to develop an understanding of each Topic, provides an opportunity for self and peer assessment and provides a means of regular feedback on academic progress.

Assignments are designed to enable you to reflect more deeply on a particular problem or scenario and to write a considered response.

Problem Solving Exercises are designed to assess understanding, problem solving and application of concepts, principles and strategies covered in the unit. The Problem Solving

Exercises may address skills such as assessment, writing objectives and selecting, applying and justifying intervention and assessment strategies.

Test of Component Reading Skills - this is an online assessment of competency in phonological awareness and phonics. This is to ensure that all students have the necessary skills to work with individuals with reading difficulties.

## Assessment Weighting

There are several components of the assessment in this unit. All components must be completed. You must pass the practicum and **you must get an overall pass in the assignment and two problem solving exercises.**

Please note there is a requirement to satisfactorily complete **FIVE DAYS of practicum** for this unit.

## Marking Criteria and Performance Descriptors for Problem Solving Exercises and Assignment

In general, markers will be looking for the following qualities in your responses to the questions and scenarios in problem solving exercises and assignments:

- Concise address of the critical points in the scenarios provided.
- Appropriate critical analysis and justification where needed.
- Integration of information from relevant content in the unit.
- Quality of critical analysis
- Evidence of generalisation of the concepts and principles new examples
- Evidence of a deep understanding of what comprises a research-based literacy program
- Evidence of a deep understanding of the principles underpinning the assessment of reading and related literacy skills, and its relationship to the provision of effective literacy instruction

You are encouraged to evaluate your work against these criteria.

## Performance Descriptors

### High Distinction

There is *pervasive* address of critical points in all responses and a demonstration of deep understanding of all key principles. There are appropriate and concise justifications, descriptions or analyses integrating relevant information. There is no evidence of consequential gaps in understanding of basic principles and a clear ability to generalise concepts and principles to the most difficult examples.

### Distinction

There is *extensive* address of the critical points in all responses and a demonstration of deep understanding of all key principles. There are appropriate and concise justifications or analyses integrating relevant information. There is no evidence of consequential gaps in understanding of

basic principles although students may have difficulty in applying some concepts and principles to the most difficult examples.

#### Credit

There is *strong* address of the critical points in the vast majority of responses and a deep understanding of the majority of key principles. There are appropriate and concise justifications, descriptions or analyses integrating relevant information. There may be a small number of consequential gaps in understanding of basic principles. Students may have difficulty in applying some concepts and principles to a limited number of examples.

#### Pass

There is *solid* address of the critical points in the majority of responses and a demonstration of deep understanding of most key principles. There are appropriate and concise justifications, descriptions and analysis integrating relevant information. Students may have difficulty in applying some concepts and principles to some examples.

#### Fail

There is *poor* address of the critical points in the majority of responses. There is little evidence of deep understanding of principles. Justifications, descriptions and analyses would often be incomplete and/or unclear. Students demonstrate a poor understanding of the majority of concepts and principles and are only able to apply these to a minority of examples.

## Resubmission

Students are required to gain an overall pass on the unit, but do not have to pass all assessment components. If you perform poorly on one component, you may compensate for this with an improved performance in the other component(s). You must, however, gain an overall pass on the two problem solving exercises and the assignment.

**Resubmission of assessments and assignments is not permitted.**

## **Disruption to studies and extensions for assignments and problem solving exercises.**

In extenuating circumstances, students may apply to the unit coordinator for an extension to the assignment due date or a later date for completion of a Problem Solving exercise. Reasons for the extension need to be documented through the disruption to study process through [ask@mq.edu.au](mailto:ask@mq.edu.au) and supported (e.g., a doctor's certificate in the case of illness).

Extension will only be granted in receipt of the completed form submitted through askMQ, plus documentation.

## University Disruption to Studies Policies and Procedures

You should read these documents and follow the policy and procedures.

Disruption to studies policy: [http://www.mq.edu.au/policy/docs/disruption\\_studies/policy.html](http://www.mq.edu.au/policy/docs/disruption_studies/policy.html)

Disruption to studies procedures: [http://www.mq.edu.au/policy/docs/disruption\\_studies/procedure.html](http://www.mq.edu.au/policy/docs/disruption_studies/procedure.html)

Disruption to studies supporting evidence schedule: [http://www.mq.edu.au/policy/docs/disruption\\_studies/schedule\\_evidence.html](http://www.mq.edu.au/policy/docs/disruption_studies/schedule_evidence.html)

Disruption to studies outcome schedule: [http://www.mq.edu.au/policy/docs/disruption\\_studies/schedule\\_outcomes.html](http://www.mq.edu.au/policy/docs/disruption_studies/schedule_outcomes.html)

## Appeals

### Appeals against grades for individual assessment components.

If any student has concern about the marking of an assessment, they must:

1. Consult the member of staff who marked the work.
2. If there is no satisfactory resolution, an appeal should be made in writing to the unit convenor within **one week** of the marked assessment being returned or of results being made available. The student should explicitly state the basis of the appeal.

The unit convenor will review the marking and may, at their discretion, ask for a re-marking by a second marker. If re-marking by a second marker is judged appropriate, the final mark will normally be the average of the two marks awarded for the assessment task. Students should note that the revised mark for the task may be higher, the same, or lower than the original mark.

Please note that it is MUSEC policy to double mark all failing assessments.

The decision of the unit convenor is final.

### Appeals against final unit grades

Students should refer to the Grade Appeal Policy at <http://www.mq.edu.au/policy/docs/gradeappeal/policy.html> and the Grade Appeal Procedures at <http://www.mq.edu.au/policy/docs/gradeappeal/procedure.html>

Grade Appeals must be submitted within 20 days of the release of the unit results.

Grade Appeals are submitted through [ask.mq.edu.au](http://ask.mq.edu.au)

## Academic Honesty and Plagiarism

**You must read the University's practices and procedures on Academic Honesty.**

These are on the web at: [http://www.mq.edu.au/policy/docs/academic\\_honesty/policy.html](http://www.mq.edu.au/policy/docs/academic_honesty/policy.html)

The policies and procedures explain what academic honesty and plagiarism are, how to avoid plagiarism, the procedures that will be taken in cases of suspected plagiarism, and the penalties if you are found guilty. Penalties may include a deduction of marks, failure in the unit, and/or referral to the University Discipline Committee. Details of possible penalties are at [http://www.mq.edu.au/policy/docs/academic\\_honesty/schedule\\_penalties.html](http://www.mq.edu.au/policy/docs/academic_honesty/schedule_penalties.html)

*Other important points:*

- Close paraphrasing of another persons' writing is considered to be plagiarism. You must express ideas using your own words.
- Claim of ignorance of the University policy on plagiarism is NOT a defence within MUSEC. If you do not understand the preceding information, please seek advice from a member of the academic staff.

## University Assessment Policies

The University Assessment Policy, Code of Practice and Procedures are available at

<http://www.mq.edu.au/policy/docs/assessment/policy.html>

[http://www.mq.edu.au/policy/docs/assessment/policy\\_code\\_of\\_practice.html](http://www.mq.edu.au/policy/docs/assessment/policy_code_of_practice.html)

<http://www.mq.edu.au/policy/docs/assessment/procedure.html>

## Standardised Transcript Marks

Your overall unit result will be assigned a standardised numerical grade (SNG) on your University transcript. High Distinction grades are assigned a mark between 85 and 100, Distinction grades between 75 and 84, Credit grades between 65 and 74, Pass grades between 50 and 64, Pass Conceded grades between 45 and 49 and Fail grades below 45. For further information, see the Grading Policy.

## Grade Descriptors

The following generic grade descriptors provide university-wide standards for awarding final grades.

**High Distinction:** Provides consistent evidence of deep and critical understanding in relation to the learning outcomes. There is substantial originality and insight in identifying, generating and communicating competing arguments, perspectives or problem solving approaches; critical evaluation of problems, their solutions and their implications; creativity in application as appropriate to the discipline.

**Distinction:** Provides evidence of integration and evaluation of critical ideas, principles and theories, distinctive insight and ability in applying relevant skills and concepts in relation to learning outcomes. There is demonstration of frequent originality in defining and analysing issues or problems and providing solutions; and the use of means of communication appropriate to the discipline and the audience.

**Credit:** Provides evidence of learning that goes beyond replication of content knowledge or skills relevant to the learning outcomes. There is demonstration of substantial understanding of fundamental concepts in the field of study and the ability to apply these concepts in a variety of contexts; convincing argumentation with appropriate coherent justification; communication of

ideas fluently and clearly in terms of the conventions of the discipline.

**Pass:** Provides sufficient evidence of the achievement of learning outcomes. There is demonstration of understanding and application of fundamental concepts of the field of study; routine argumentation with acceptable justification; communication of information and ideas adequately in terms of the conventions of the discipline. The learning attainment is considered satisfactory or adequate or competent or capable in relation to the specified outcomes.

**Fail:** Does not provide evidence of attainment of learning outcomes. There is missing or partial or superficial or faulty understanding and application of the fundamental concepts in the field of study; missing, undeveloped, inappropriate or confusing argumentation; incomplete, confusing or lacking communication of ideas in ways that give little attention to the conventions of the discipline.

## Fail Grades

Entry into units in the postgraduate coursework program requires a clear pass (i.e., a final unit grade of at least “C” or “P”) in all previously completed SPED units. That is, you will not be granted automatic entry into units if you have failures in previously attempted SPED prefixed units. If you have failing grades on our record (1) you may be allowed to continue at the discretion of the Director of MUSEC (or nominee) with a special approval (waiver), or, (2) You may be required to reattempt the relevant units until a clear pass is obtained.

Students with fail grades MUST seek academic advice before attempting to re-enrol.

## Satisfactory Progress

Students are expected to maintain satisfactory progress in a course/program of study. Normally, students will be asked to **show cause** why their candidature should not be terminated if they fail any unit twice. Further, students may be asked to show cause if they receive more than two conceded passes and/or failures in a course/program of study.

## Required Unit Materials and Readings

### Text

The first required text for this unit is:

Carnine, D. W., Silbert, J., Kame'enui, E. J., Tarver, S. G., & Jungjohann, K. (2006). Teaching struggling and at-risk readers: A direct instruction approach. Upper Saddle River, NJ: Pearson.

The textbook may be obtained from the Co-Op Bookshop.

### Other Required Reading

Required readings for each topic are listed in the Study Guides for each topic, available from the iLearn site. Compulsory readings may be downloaded from the eReserve section of the Library web site at: <http://www.library.mq.edu.au/reserve/> or from sites as advised in the study guides.

## Unit Web Page

### Access

An iLearn website has been established to support this unit. The site will offer the option of discussion forums on specific topics and Dialogue (Private communication) within the unit. Required study materials, review quizzes and assessment information are available on the website.

**You should check the website (General Discussion Forum and your Dialogue) at least ONCE EVERY 48 HOURS. You will NOT receive any material in the mail.**

**ALL communication is through the website.**

The website may be accessed at:

<https://ilearn.mq.edu.au>

Information about using iLearn is available at:

[http://www.mq.edu.au/iLearn/student\\_info/](http://www.mq.edu.au/iLearn/student_info/)

This page includes information and links (on the left hand side of the page) about topics such as: navigating iLearn, using discussion forums, getting started with iLearn.

### How do I get a password?

Information on first time log in and passwords is at

<https://mypassword.mq.edu.au/index.php?screen=MQInitPW>

You will need your Student OneID number, surname and data of birth.

### What if I have password problems or need IT help?

If you have password problems or any other difficulties accessing the website, please contact:

Student IT Help

Phone: (02) 9850 HELP (4357) (option 1) or freecall 1800 67 4357

Email: [help@mq.edu.au](mailto:help@mq.edu.au)

Face-to-face: Building C5C, Room 244

Website: <http://www.mq.edu.au/onehelp/>

Onehelp Ticket Lodgement: [https://mq.service-now.com/onehelp\\_public/](https://mq.service-now.com/onehelp_public/)

#### PLEASE NOTE:

If you have contacted IT Help and still have difficulties obtaining your user name and password and are **UNABLE** to access unit websites **at the end of the first week of semester**, please contact Natalie Watson ([natalie.watson@mq.edu.au](mailto:natalie.watson@mq.edu.au)) at MUSEC. Arrangements may be made to email you important study materials.

## Where Do I Start?

To get you started in this unit, tick off each action as you complete it.

ACTION	COMPLETED
Carefully read this unit guide	
Carefully read this unit guide a second time	
Organise purchase of the textbook (Carnine et al., 2006)
