Unit description

This unit examines early childhood settings through organisational evaluation and planning. A number of important concepts and debates raised in earlier units are considered in greater depth. The main focus of this unit is an examination and evaluation of theory and practice as it relates to the leadership responsibilities of early childhood educators in early childhood services and school contexts. This unit provides an orientation to high order management and leadership skills including strategic planning, negotiation and change management, advocacy, quality assurance and ethical practice, as well as marketing and business planning.

Understanding the crucial role of effective communication as managers and leaders is central to this unit.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

Demonstrate awareness of the theoretical underpinnings that guide the work of contemporary leaders in diverse early childhood settings including schools and early childhood settings.

Examine the role of communication within organisations and develop effective communication skills and strategies as early childhood leaders.

Understand the role of strategic planning and the leader's role in planning and evaluating the organisation's operations.

Understand a range of skills and strategies necessary for leading change within early childhood settings.

Reflect on planning for continuing professional learning for themselves and their team as lifelong learners.

Engage families and other community stakeholders in decision making and planning that promotes children's rights.

Enhance their understanding and application of professional standards in relation to quality assurance and ethical practice.

General Assessment Information

Assessment presentation and submission

Unless otherwise specified assignments will be submitted electronically via Turnitin.

Some important things to note when submitting your assignment through Turnitin:

- Ensure that your assignment is complete before submitting it
- Do not attach a coversheet to your assignment when using Turnitin
- Allow a left and right-hand margin of at least 2cm in all assignments.
- Please type all assignments using 12-point font and 1.5 spacing.
- Submit to turnitin using either .doc or .pdf format
- You will be able to access your Turnitin originality report once you have submitted. You will also be allowed to resubmit multiple times up until the due date of the assignment. This allows you to make any necessary changes based on the originality report.
- Should your final assignment show evidence of possible plagiarism you will be contacted

by the Unit Co-ordinator via your student email and your assignment may be referred to the Faculty Student Discipline Committee for review.

When preparing your assignments, it is essential that:

- You retain a copy of all assignments before submission, and retain the copy until your final grade for the subject has been received;
- Marks will be deducted if you submit your assessment late (refer to the 'late assessments' section below for more details);
- Unless there are exceptional circumstances, no assessment will be accepted after the date that the assessment has been returned to other students.
- If an assessment is considered to be below passing standard, another staff member on the unit will provide a second opinion. No failed assessment may be re-submitted.

Late Assessments:

A deduction of 5% of the total possible mark allocated for that assessment would be made for each day or part day that assessment is late, weekends counting as two days. For example, if an assessment is worth 20 marks and you submit it 2 days late, you will have 2 marks (2 x 5% of 20 marks) subtracted from your awarded mark.

Extensions:

In extenuating circumstances, students may apply to the unit coordinator for an extension to the assessment due date. Reasons for the extension need to be documented through the special consideration form accessible through ask.mq.edu.au and supported (e.g., a doctor's certificate in the case of illness).

Note that:

- Students **MUST** speak with the unit coordinator **prior to submitting their request through <https://ask.mq.edu.au>**
- Extensions will only be granted in receipt of the completed form submitted through ask.mq.edu.au plus documentation.
- Emails are not appropriate means of extension requests.
- It is essential that you plan ahead and organise your study time effectively. Poor time management is not grounds for an extension.
- In the case of computer malfunction, a draft of your assignment may be requested. Please ensure that you print out a draft regularly, so that it is available for submission on request.
- Extensions are usually not granted on the due date.

Referencing:

All assignments should cite and provide full bibliographical details of all material that you have

used to inform or support your ideas. At the Institute of Early Childhood, students are required to use the American Psychological Association (APA) referencing procedures. Full details about how to cite and reference correctly can be found in **Perrin (2015)** and in the **IEC Referencing Guide** on iLearn. All students will need to download this guide and use it as they prepare their assignment.

Highly recommended text:

Perrin, R. (2015). *Pocket guide to APA style* (5th ed.). Wadsworth: Cengage Learning.

Grading of assessments

Assessment work completed in this unit will be awarded a grade according to the Macquarie University grading policy: (<http://www.mq.edu.au/policy/docs/grading/policy.htm>):

HD: (*high distinction = 85 – 100%*) denotes work of exceptional quality as demonstrated by deep and critical understanding of the unit content, original and insightful analysis, and wide-ranging use of relevant literature.

D: (*distinction = 75 – 84%*) denotes work of superior quality as demonstrated by a high level of analytical thinking, logical argument, a demonstrated extensive knowledge of the topic, and broad use of relevant literature.

C: (*credit = 65 – 74%*) denotes work that is of good quality, displays evidence of learning that goes beyond replication of content knowledge or skills relevant to the learning outcomes, demonstrated ability to organise the assignment effectively and sustain critical and analytical thinking in reference to relevant literature.

P: (*pass = 50 - 64%*) denotes work of satisfactory quality that demonstrates fundamental understanding of the topic, and demonstrated ability to adequately organise the assignment and express ideas clearly and coherently in relation to assigned readings.

F: (*Fail = 0 – 49%*) denotes that the student has failed to complete the requirements of the assignment. There is missing, partial, superficial or faulty understanding and application of fundamental concepts; missing, undeveloped, inappropriate or confusing argumentation; and incomplete, confusing or lacking communication of ideas in ways that give little attention to the conventions of the discipline.

If an assignment is considered to be below passing standard, it will be re-assessed by another staff member on the unit; the agreed mark will be assigned. No failed assignment may be re-submitted.

The final grade a student receives signifies their overall performance in meeting the learning outcomes for the unit. The number assigned to a grade (Standard Numerical Grade or SNG) reflects the extent to which student attainment matches the grade descriptors.

Your raw mark for the unit (i.e., the total of your marks for each assessment item) may not be the same as the SNG which you receive. Results may be scaled to ensure there is a degree of comparability across the university, so that units with the same past performances of their students should achieve similar results. The process of scaling does not change the order of marks among students. A student who receives a higher raw score mark than another will also

receive a higher final scaled mark.

Leadership and Management in Early Childhood Education

Explain your understanding of the distinction between leadership and management. Discuss the contribution of both to the provision of quality education in either early childhood education and care services or school settings.

On successful completion you will be able to:

- Demonstrate awareness of the theoretical underpinnings that guide the work of contemporary leaders in diverse early childhood settings including schools and early childhood settings.
- Understand the role of strategic planning and the leader's role in planning and evaluating the organisation's operations.
- Understand a range of skills and strategies necessary for leading change within early childhood settings.
- Reflect on planning for continuing professional learning for themselves and their team as lifelong learners.
- Enhance their understanding and application of professional standards in relation to quality assurance and ethical practice.

Business Communication

Due: **Sunday 26th April**

Weighting: **35%**

Writing for the Web

Develop a "mock" website for a fictional early childhood or school setting. You will also be

required to provide a rationale for your design that explains what you are hoping to achieve in terms of content and overall "look and feel".

On successful completion you will be able to:

- Examine the role of communication within organisations and develop effective communication skills and strategies as early childhood leaders.
- Engage families and other community stakeholders in decision making and planning that promotes children's rights.
- Enhance their understanding and application of professional standards in relation to quality assurance and ethical practice.

Optional Exam or Case Study

Due: **Exam period/Friday 8th May**

Weighting: **35%**

For your final assessment task you have the option of either an examination or a leadership case study:

1.5 hour exam (plus 10 minutes reading time)

The exam will be based on a short case study. You will be asked to write one short essay and answer six short answer questions related to the case study. These will draw on content from across the unit.

OR

Leadership Profile

Interview the educational leader of an early childhood setting. On the basis of your interview write a short profile article that would be suitable for publication in an informal early childhood journal such as "Rattler" or "Every Child".

On successful completion you will be able to:

- Demonstrate awareness of the theoretical underpinnings that guide the work of contemporary leaders in diverse early childhood settings including schools and early childhood settings.
- Examine the role of communication within organisations and develop effective communication skills and strategies as early childhood leaders.
- Understand the role of strategic planning and the leader's role in planning and evaluating the organisation's operations.
- Understand a range of skills and strategies necessary for leading change within early childhood settings.
- Reflect on planning for continuing professional learning for themselves and their team as

lifelong learners.

- Engage families and other community stakeholders in decision making and planning that promotes children's rights.
- Enhance their understanding and application of professional standards in relation to quality assurance and ethical practice.

Delivery and Resources

REQUIRED AND RECOMMENDED TEXTS AND/OR MATERIALS

Required texts:

Waniganayake, M., Cheeseman, S., Fenech, M., Hadley, F., & Shepherd, W. (2012). *Leadership. Contexts complexities in early childhood education*. South Melbourne: Oxford University Press.

Students will access additional required readings from the library e-reserve or the unit iLearn page.

The following resources form part of the required reading. It is recommended that you download these documents at the beginning of semester as they are used regularly throughout the unit.

Siraj-Blatchford, I. & Manni, I. (2006). *Effective leadership in the early years sector: The ELEYS study*. London: Institute of Education, University of London. Available as a download on the iLearn page.

Australian Children’s Education and Care Quality Authority. (2011). *Guide to the National Quality Standard*.

Please download from:

<http://acecqa.gov.au/national-quality-framework/national-quality-standard/>

Additional resources

The following texts may have been purchased in earlier IEC units. It is recommended that you use them to support your writing and referencing.

Grellier, J. & Goerke, V. (2010). *Communication skills Toolkit: Unlocking the secrets of tertiary success*. (2nd Ed.). South Melbourne: Thomson.

Perrin, R. (2009). *Pocket guide to APA style* (4th ed). Boston, USA: Wadsworth Cengage Learning.

The IEC Referencing Guide is available on the unit iLearn page. Accurate APA referencing is expected at the 400 level. Please use these guides to ensure professional presentation of your academic work.

Students are expected to read widely and draw on additional readings and materials to complete assessment tasks. A list of recommended readings and useful websites can be found on the unit iLearn page.

STUDENTS SHOULD BRING COPIES OF THE WEEKLY READINGS ALONG WITH NOTES AND QUESTIONS TO CLASS AND TO THE ON-CAMPUS SESSIONS.

Allocation of student time to this unit:

At Macquarie University, it is assumed that each credit point should involve approximately 3 hours study per week.

ECH435 is a 3 credit point unit. It is therefore expected that students dedicate approximately 9 hours per week to the coursework component of this unit. This includes independent study and time spent at tutorials / on-campus sessions and attending or listening to lectures.

The following provides an overview of how the total number of hours for the coursework component of this unit has been estimated to fit with your workload for the semester. The workload for this unit has been based on an allocation of hours: 9 hours per week x 13 number of weeks in the semester, plus independent study during the 2 week mid-semester break, which equals 135 hours.

Activity	Hours Per Teaching Week	# weeks	Per Semester	Per Week
Lecture	1	10		10.00
Tutorials or on campus	2	10		20.00
Preparation and reading	3	10		30.00
Assignment 1			20	20.00

Assignment 2			35	35.00
Assignment 3			18	18.00
Total				135.00

CLASSES

Timetable for ECH 435

Lecture: Wednesday 10am-11am W5A T2

Tutorials: Wednesday 11 - 1pm W5C 309

Wednesday 2-4pm X5B 138

Thursday 11am - 1pm W5C 309

Lectures will be recorded and made available through the ECHO system on the iLearn page.

External students who wish to receive a CD of the lectures can request this through the Centre for Open Education (COE) via the following link: http://mq.edu.au/about_us/offices_and_units/centre_for_open_education/request_for_audio_cd/

NB: There are no lectures (or tutorials) in Weeks 10, 11 or 12 due to ECHP323 & ECHP421 prac.

Internal students are required to attend weekly tutorials, commencing week 1. These tutorials will be used to explore the readings and lecture content in more detail. There are no tutorials in weeks 10, 11 & 12 to allow for ECHP421 and ECHP 323 Professional Experience. Any students enrolled in ECHP222 must complete this unit externally. To be eligible for an overall passing grade internal students must attend at least 80% of scheduled tutorials.

All students are expected to have listened to the weekly lecture and completed all assigned readings BEFORE tutorials or on-campus sessions.

External students must attend the ***compulsory on-campus days on Friday 17th and Saturday 18th April.*** Time and room details will be posted on Unit iLearn page closer to the on-campus dates. Sessions run at the on-campus day will provide external students with the opportunity to clarify unit content and undertake activities similar to those covered in the tutorials for internal students.

External students are expected to have listened to the weekly lectures and completed all assigned readings up to the date of the on-campus.

Graduate Capabilities

Creative and Innovative

Our graduates will also be capable of creative thinking and of creating knowledge. They will be imaginative and open to experience and capable of innovation at work and in the community. We want them to be engaged in applying their critical, creative thinking.

This graduate capability is supported by:

Learning outcomes

- Demonstrate awareness of the theoretical underpinnings that guide the work of contemporary leaders in diverse early childhood settings including schools and early childhood settings.
- Understand the role of strategic planning and the leader's role in planning and evaluating the organisation's operations.

- Reflect on planning for continuing professional learning for themselves and their team as lifelong learners.
- Engage families and other community stakeholders in decision making and planning that promotes children's rights.
- Enhance their understanding and application of professional standards in relation to quality assurance and ethical practice.

Assessment tasks

Discipline Specific Knowledge and Skills

Our graduates will take with them the intellectual development, depth and breadth of knowledge, scholarly understanding, and specific subject content in their chosen fields to make them

competent and confident in their subject or profession. They will be able to demonstrate, where relevant, professional technical competence and meet professional standards. They will be able to articulate the structure of knowledge of their discipline, be able to adapt discipline-specific knowledge to novel situations, and be able to contribute from their discipline to inter-disciplinary solutions to problems.

This graduate capability is supported by:

Learning outcomes

- Demonstrate awareness of the theoretical underpinnings that guide the work of contemporary leaders in diverse early childhood settings including schools and early childhood settings.
- Examine the role of communication within organisations and develop effective communication skills and strategies as early childhood leaders.

Engaged and Ethical Local and Global citizens

As local citizens our graduates will be aware of indigenous perspectives and of the nation's historical context. They will be engaged with the challenges of contemporary society and with knowledge and ideas. We want our graduates to have respect for diversity, to be open-minded, sensitive to others and inclusive, and to be open to other cultures and perspectives: they should

have a level of cultural literacy. Our graduates should be aware of disadvantage and social justice, and be willing to participate to help create a wiser and better society.

This graduate capability is supported by:
