Topics include the development of organisations and management; the context or environment of an organisation; what constitutes performance for an organisation, and sustainability.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at [http://students.mq.edu.au/student_admin/enrolmentguide/academicdates/](http://students.mq.edu.au/student_admin/enrolmentguide/academicdates/)

## Learning Outcomes

1. An understanding of major approaches to management
2. An understanding of some of the major functions of managers
3. An understanding of how organisations are structured and different approaches to structure
4. An understanding of the various challenges managers face in the current business environment

**General Assessment Information**

**Important:**

It is the responsibility of students to view their marks for each within session assessment on iLearn within 20 working days of posting. If there are any discrepancies, students must contact the unit convenor immediately. Failure to do so will mean that queries received after the release of final results regarding assessment marks (not including the final exam mark) will not be addressed.

Learning and Teaching Activities

Problem Solving and Research Capability:

Our graduates should be capable of researching; of analysing, and interpreting and assessing data and information in various forms; of drawing connections across fields of knowledge; and they should be able to relate their knowledge to complex situations at work or in the world, in order to diagnose and solve problems. We want them to have the confidence to take the initiative in doing so, within an awareness of their own limitations. This graduate capability is supported by:

- Learning outcomes: An understanding of major approaches to management
- An understanding of the various challenges managers face in the current business environment
- Assessment tasks: Essay, Presentation and participation

Effective Communication

We want to develop in our students the ability to communicate and convey their views in forms effective with different audiences. We want our graduates to take with them the capability to read, listen, question, gather and evaluate information resources in a variety of formats, assess, write clearly, speak effectively, and to use visual communication and communication technologies as appropriate. This graduate capability is supported by:

- Learning outcomes: An understanding of major approaches to management
- An understanding of some of the major functions of managers
- An understanding of how organisations are structured and different approaches to structure
- An understanding of the various challenges managers face in the current business environment
- Assessment tasks: Essay, Presentation and Participation, Final Examination

Discipline Specific Knowledge and Skills

Our graduates will take with them the intellectual development, depth and breadth of knowledge, scholarly understanding, and specific subject content in their chosen fields to make them competent and confident in their subject or profession. They will be able to demonstrate, where relevant, professional technical competence and meet professional standards. They will be able to articulate the structure of knowledge of their discipline, be able to adapt discipline-specific knowledge to novel situations, and be able to contribute from their discipline to inter-disciplinary solutions to problems. This graduate capability is supported by:

- Learning outcomes: An understanding of major approaches to management, An understanding of some of the major functions of managers, An understanding of how organisations are structured and different approaches to structure, An understanding of the various challenges managers face in the current business environment
- Assessment tasks: Class Test, Essay, Group work and participation, Final Examination

Critical, Analytical and Integrative Thinking

We want our graduates to be capable of reasoning, questioning and analysing, and to integrate and synthesise learning and knowledge from a range of sources and environments; to be able to critique constraints, assumptions and limitations; to be able to think independently and systemically in relation to scholarly activity, in the workplace, and in the world. We want them to
have a level of scientific and information technology literacy. This graduate capability is supported by:

- Learning outcomes: An understanding of major approaches to management • An understanding of some of the major functions of managers • An understanding of how organisations are structured and different approaches to structure • An understanding of the various challenges managers face in the current business environment
- Assessment tasks: Essay • Group work and participation • Final Examination

**Policies and Procedures**

Macquarie University policies and procedures are accessible from Policy Central. Students should be aware of the following policies in particular with regard to Learning and Teaching:

The Disruption to Studies Policy is effective from March 3 2014 and replaces the Special Consideration Policy.

In addition, a number of other policies can be found in the Learning and Teaching Category of Policy Central.

**Student Code of Conduct**

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: [https://students.mq.edu.au/support/student_conduct/](https://students.mq.edu.au/support/student_conduct/)

**Results**

Results shown in iLearn, or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in eStudent. For more information visit ask.mq.edu.au.

**Submission of assessments:** All students must submit their essays through Turnitin using the link on iLearn by the due date. Hard copies must be submitted to BESS located in Building E4B. Hard copies must be identical to the electronic version submitted. Late essays must also be submitted through Turnitin and a hard copy should be submitted to BESS in building E4B to be date stamped and forwarded to your tutor for marking.

**Extension requests:** The University is committed to equity and fairness in all aspects of its learning and teaching. In stating this commitment, the University recognises that there may be circumstances where a student is prevented by unavoidable disruption from performing in accordance with their ability. A disruption to studies policy exists to support students who
experience serious and unavoidable disruption such that they do not reach their usual demonstrated performance level. The policy is available at: http://www.mq.edu.au/policy/docs/disruption_studies/policy.html

**Late submissions:** No extensions will be granted. A student who submits a late assessment will be penalised by 20% per day. That is, marks equal to 20% of the assignment’s weight will be deducted as a ‘flat rate’ from the mark awarded. For example, for an assignment that has a possible highest mark of 30, the student’s awarded mark will have six marks deducted for each late day. Saturday and Sunday each count as one day. This penalty does not apply for cases in which an application for disruption to studies is made and approved.

**Student Support**
Macquarie University provides a range of support services for students. For details, visit http://students.mq.edu.au/support/
