Unit description

This unit further develops the role of reflective practice in the delivery of person-centred interprofessional health care. Using experiences from clinical physiotherapy placements and exploration of written accounts of personal experiences of health care, this unit provides opportunities for students to examine and reflect on interprofessional practice in Australian health care. The unit also assists students to develop generic attributes and capabilities as well as learn strategies for self-management and lifelong development within the physiotherapy profession. Students will be required to draft professional development plans based on their experience and emerging interests.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

Describe the philosophy and theory of reflective practice.

Apply various tools for reflective practice, including observational records, narratives, critical incidents, case studies and diaries.

Contribute to on-line activities to enhance self and peer learning, while adhering to ethical, professional, privacy and confidentiality requirements.

Monitor and reflect on clinical experiences with reference to the Physiotherapy Practice thresholds for Australia and Aotearoa New Zealand to identify gaps in knowledge, skills or experiences.

Translate their understanding of reflective practice into their thoughts and actions about their physiotherapy practice and role in interprofessional health care teams.

Demonstrate critical reflection about knowledge and practice by developing professional development plans to address identified gaps in knowledge, skills or experiences and assembling components of a professional portfolio.

Identify and discuss emerging professional interests.

General Assessment Information

Assessment/Standards

Macquarie University uses the following grades in coursework units of study:

HD	High Distinction	85-100
D	Distinction	75-84
CR	Credit	65-74
P	Pass	50-64
F	Fail	0-49

Grade descriptors and other information concerning grading are contained in the Macquarie University Grading Policy, which is available at: <http://www.mq.edu.au/policy/docs/grading/policy.html>

To pass this unit, students must demonstrate sufficient evidence of achievement of the learning outcomes and complete all assessment tasks.

Further details for each assessment task are available on iLearn, including marking rubrics,

proformas and example assignments.

All final grades in the Department of Health Professions are determined by a grading committee and are not the sole responsibility of the Unit Convenor.

Students will be awarded one of these grades plus a Standardised Numerical Grade (SNG). The SNG is not necessarily a summation of the individual assessment components. The final grade and SNG that are awarded reflect the corresponding grade descriptor in the Grading Policy.

Extensions for Assessment Tasks

Applications for assessment task extensions must be submitted via www.ask.mq.edu.au. For further details please refer to the Disruption to Studies Policy available at http://mq.edu.au/policy/docs/disruption_studies/policy.html

Late Submission of Work

Delivery and Resources

Unit Organisation

This is a four credit point unit run over 20 weeks alongside PHTY808-810 Clinical Physiotherapy Placement I,II,III . It is an online unit with no weekly lectures or tutorials. You will need to have access to a reliable internet connection in order to retrieve unit information & to submit assessment tasks via iLearn. Further information is available via the PHTY811 online Learning Management System (LMS) iLearn <http://ilearn.mq.edu.au>

Teaching and Learning Strategy

This unit uses an iLearn site to promote discussion and peer learning regarding experiences on clinical physiotherapy placements. Contributions to the online learning environment are to be constructive to enhance self and peer learning and must adhere to the University's, ethical, professional, privacy and confidentiality requirements. It is a breach of policy to discuss clinical placements in forums (ie social media) and non-professional settings. Breaches of this policy are seen as professional misconduct and may result in disciplinary action.

Textbooks and Readings

There is no essential textbook for this unit, however recommendations about helpful readings and other resources are be listed on iLearn.

Technology and Equipment

Off-campus

As this is an online unit of study conducted off campus you will need to have access to a reliable internet connection in order to retrieve unit information & at times to submit assessment tasks via iLearn.
