Unit description

This unit introduces students to the macro context in which they teach. Students will critically consider the socio-political context of early childhood education; management and governance structures of schools and prior-to-school settings; and the legal and professional accountabilities of early childhood teachers. From studying this unit students will develop foundational understandings of effective management and leadership, an awareness of their professional and legal responsibilities, skills in policy development, and critical understandings of children's rights and quality early childhood education.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

Develop a critical awareness of diverse early childhood and school management structures, and the implications of each for teachers' organisational roles and responsibilities

Develop a sound working knowledge of teachers' legal and professional accountabilities, as per federal and state government legislation and professional standards

Critique organisational policies, and understand how centre/school policies play a critical role in supporting teachers to meet their legal and professional accountabilities

General Assessment Information

More detail on each of the assessment tasks can be found in the separate "Assessment Guide" on the unit iLearn site

IEC Assessment Presentation & Submission Guidelines

Please follow these guidelines when you submit each assignment:

- * Allow a left and right-hand margin of at least 2cm in all assignments.
- * Please type all assignments using 12-point font and 1.5 spacing.
- * All assessments must be submitted through turnitin in .doc or .pdf format for submission.
- * It is the onus of the student to ensure that all assessments are successfully submitted through turnitin.

* Faculty assignment cover sheets are NOT required for this unit.

Draft Submissions & Turnitin Originality Reports

* Students may use Turnitin's Originality Report as a learning tool to improve their academic writing if this option is made available in the unit.

* Students are strongly encouraged to upload a draft copy of each assessment to Turnitin at least one week prior to the due date to obtain an Originality Report.

* The Originality Report provides students with a similarity index that may indicate if plagiarism has occurred. Students will be able to make amendments to their drafts prior to their final submission on the due date.

* Generally, one Originality Report is generated every 24 hours up to the due date.

When preparing your assignments, it is essential that:

* Students must retain a copy of all assignments before submission, and retain the copy until your final grade for the subject has been received;

* Marks will be deducted if you submit your assessment late (refer to the 'late assessments' section below for more details);

* Unless there are exceptional circumstances, no assessment will be accepted after the date that the assessment has been returned to other students.

* If an assessment is considered to be below passing standard, another staff member on the unit will provide a second opinion. No failed assessment may be re-submitted.

Final Submissions

* Students are responsible for checking that their submission has been successful and has been submitted by the due date and time.

* Late submissions due to last minute technical difficulties may incur a lateness penalty.

Late Assessments:

A deduction of 5% of the total possible mark allocated for that assessment would be made for each day or part day that assessment is late, weekends counting as two days. For example, if an assessment is worth 20 marks and you submit it 2 days late, you will have 2 marks (2 x 5% of 20 marks) subtracted from your awarded mark.

Extensions:

In extenuating circumstances, students may apply to the unit coordinator for an extension to the assessment due date. Reasons for the extension need to be documented through the Disruption to Studies form accessible through ask.mq.edu.au under "Disruption" and supported (e.g., a Professional Authority Form must be used in the case of illness). Note that:

- * Students **MUST** speak with the unit coordinator prior to submitting their request through <https://ask.mq.edu.au>
- * Extensions will only be granted in receipt of the completed form submitted through ask.mq.edu.au plus documentation.
- * Emails are not appropriate means of extension requests.
- * It is essential that you plan ahead and organise your study time effectively. Poor time management is not grounds for an extension.
- * In the case of computer malfunction, a draft of your assignment may be requested. Please ensure that you print out a draft regularly, so that it is available for submission on request.
- * Extensions are usually not granted on the due date.

IEC Academic Honesty Guidelines:

All assignments should cite and provide full bibliographical details of all material that you have used to inform or support your ideas. At the Institute of Early Childhood, students are required to use the American Psychological Association (APA) referencing procedures. Full details about how to cite and reference correctly can be found in Perrin (2015) and in the IEC Academic Honesty Handbook.

The following guide can be purchased from the Co-op Bookshop. This is a required text:

Perrin, R. (2015). Pocket guide to APA style (5th ed.). Stamford, CT: Cengage Learning.

Online Quiz Assessments:

Online quizzes are an individual assessment task and **MUST BE COMPLETED** by each student individually. Similarities in responses between students will be checked and investigated for possible collusion. Please see the IEC Academic Honesty Handbook for more information.
