- Describe what students are expected to be able to do as a MINIMUM **before** being assessed by your assessment instrument and undertaking an associated learning

activity (Half a page max);

- Briefly describe what learning activities would need to occur prior to the application of your assessment instrument (1 page max);
- Based on your own review of appropriate scholarly literature, how does your instrument capture learning in the domains of physical/health literacy and the NSW PDHPE K-6 Outcomes identified?
- Provide a detailed reference list in APA 6<sup>th</sup> formatting style.

On successful completion you will be able to:

- Demonstrate developing syllabus knowledge of the concepts, substance and structure of NSW BOS syllabus documents for both PDHPE and Creative Arts(CA) Key Learning Areas and ACARA draft curriculum documents

**Word Length:** 2000 words or four pages (Whichever is least) plus drawings/photos to illustrate and support your submission (*staple sheets together and place in a plastic sleeve, clearly labelled with your name, group, student number and date*).

**Percentage Weighting:** 40%

**Due:** Group 1 (8<sup>th</sup> April 2016); Group 2 (17<sup>th</sup> June 2016)

**Purpose:** To develop an innovative Creative Arts learning approach that includes two art forms/ strands for a specific differentiated age group/or stage. Write a justification statement for parents, carers and supervising teachers based on the UNESCO's *towards universal learning: What every child should learn* (2013) framework (see reading list).

**Procedure:**

Pages 1-2: Based on the *UNESCO's towards universal learning: What every child should learn (2013)* framework, construct an innovative Creative Arts learning approach that integrates The Arts across the school curriculum. Include in your submission the following 4 steps:

STEP 1: Identify the specific target audience by Year, Stage, Art Forms/Strands etc.

STEP 2: Develop your innovative Creative Arts learning approach framework to broaden children's expressive experiences, skills and capacities in The Arts/Creative Arts literacies.

STEP 3: Demonstrate how two different strands of The Arts (Dance, Drama, Media, Music or Visual Arts) can be successfully integrated into the learning activities. Identify links to the NSW Creative Arts syllabus K-6/F-6 outcomes.

### **Pages 3-4: Justification statement**

**Purpose:** Present a brief statement that values and promotes your innovative Creative Arts learning approach to parents, carers and supervisor teachers at parent/teacher night.

Present some of the competing arguments pertaining to The Arts/Creative Arts literacies.

STEP 2: Reflection and evaluation of the learning approach

- Learning to Work Together: Discuss what collaborative learning spaces were provided to work on different problem solving approaches, to develop critical and creative solutions during the learning activities.

- Learning to Be: Reflect and consider changes in your understandings of critical and creative ideas, learning principles and creativity theories in relation to The Arts/Creative Arts literacies including the implementation of the cross-curricular priority areas.

STEP 3: Conclusion

Offer insightful comments on the substantial originality of your innovative Creative Arts learning approach, for example, what were the successes and challenges? What future suggestions for possibilities that develop children's expressive experiences, skills and capacities in The Arts/Creative Arts literacies?

\* Provide a detailed reference list in APA 6th formatting style.
