Unit description

This unit examines current issues in special education research and practice. Students will gain an understanding of current research in special education, particularly research carried out at Macquarie University and other Australian organisations. Students will be encouraged to critically consider the application of research to classroom practice, program design and policy in contemporary special education.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

Describe the research projects presented during the unit.

Critique the quality of research in special education.

Critique the evidence base for practices in special education.

Apply recent research findings to classroom practice.

Discuss the policy implications of research in special education.

Develop an annotated bibliography of research in a topical area.

Communicate research results to the wider community.

General Assessment Information

Rationale for Modes of Assessment

Practicum – There is a five-day practicum placement linked to this unit. Competency based practicum assessment ensures students can apply in the classroom, the principles and strategies taught in the unit.

Online participation – participation in on-line discussion assists students to develop an understanding of each Topic, provides an opportunity for self and peer assessment and provides a means of regular feedback on academic progress.

Assignments are designed to enable you to reflect more deeply on a particular problem or scenario and to write a considered response.

Assessment quizzes are designed to assess understanding of specific topics.

Grading Procedures

Results for assessments will be reported as grades (i.e., HD, D, Cr, P, F). Where grades are used to report results for assessment components with significant weighting, convenors may also optionally add the suffixes of + (plus) or - (minus) to the generic descriptor in order to provide additional detail. For example:

Pass +

Pass

Pass -

In this case, a “Pass +” would indicate performance in the upper end of the pass range, a grade of “Pass” would indicate a mid-range pass and a “Pass -” would indicate performance at the lower end of the pass range. This principle is applied to all grade descriptors (i.e., HD, D, CR, P, F)

Raw scores for all assessments will be moderated according to the University guidelines so that work judged to be of a given standard is awarded a moderated score within the following distribution: High Distinction 85-100; Distinction 75-84, Credit 65-74; Pass 50-64; Fail 0-49.

For example, if it is judged that the HD standard for a particular assessment is met by work scoring 90-100, raw scores will be adjusted so that students received moderated scores between 85 and 100. This moderation takes into account both the stated performance standards for the assessment component and the degree of difficulty of the specific task.

Assessment Weighting

All assessment tasks must be attempted for students to be eligible for an overall passing grade in the unit. Students who do not attempt all assessment tasks will receive a maximum unit mark of 40 and an overall grade of Fail (F) for the unit.

Students are required to gain an overall pass on the unit, but do not have to pass all assessment components. If you perform poorly on one component, you may compensate for this with a better performance in the other components.

Consistent with the University assessment policy, moderated scores will be used in the calculation of final grades. The final unit score will be the weighted average of the moderated scores for the unit.

Please note there is a requirement to satisfactorily complete **FIVE DAYS of practicum** for this unit.

Marking Criteria and Performance Descriptors for Assignments

In general, markers will be looking for the following qualities in your assignment:

- Selection of articles relevant to your topic.
- Appropriate justification for article selection.
- Quality of critical analysis
- Evidence of a deep understanding of the research papers selected for annotation.
- A concise and informative summary which accurately reflects the content of the articles selected.

You are encouraged to evaluate your work against these criteria.

Performance Descriptors

High Distinction

There is *pervasive* address of critical points in all responses and a demonstration of deep understanding of all key principles. There are appropriate and concise justifications, descriptions or analyses integrating relevant information. There is no evidence of consequential gaps in understanding of basic principles and a clear ability to generalise concepts and principles to the most difficult examples.

Distinction

There is *extensive* address of the critical points in all responses and a demonstration of deep understanding of all key principles. There are appropriate and concise justifications or analyses integrating relevant information. There is no evidence of consequential gaps in understanding of basic

principles, although students may have difficulty in applying some concepts and principles to the most difficult examples.

Credit

There is *strong* address of the critical points in the vast majority of responses and a deep understanding of the majority of key principles. There are appropriate and concise justifications, descriptions or analyses integrating relevant information. There may be a small number of consequential gaps in understanding of basic principles. Students may have difficulty in applying some concepts and principles to a limited number of examples.

Pass

There is *solid* address of the critical points in the majority of responses and a demonstration of deep understanding of most key principles. There are appropriate and concise justifications, descriptions and analysis integrating relevant information. Students may have difficulty in applying some concepts and principles to some examples.

Fail

There is *poor* address of the critical points in the majority of responses. There is little evidence of deep understanding of principles. Justifications, descriptions and analyses would often be incomplete and/ or unclear. Students demonstrate a poor understanding of the majority of concepts and principles and are only able to apply these to a minority of examples.

Resubmission

Students are required to gain an overall pass on the unit, but do not have to pass all assessment components. If you perform poorly on one component, you may compensate for this with an improved performance in the other component(s).

Resubmission of assessments and assignments is not permitted.

Disruption to studies and extensions for assignments

In extenuating circumstances, students may apply to the unit coordinator for an extension to the assignment due date or a later date for completion of an assignment. Reasons for the extension need to be documented through the disruption to study process through ask@mq.edu.au and supported by documentation (e.g., a Professional Authority Form in the case of illness).

Extension will only be granted in receipt of the completed form submitted through askMQ, plus documentation.

Disruptions due to work commitments require a statutory declaration from a work supervisor (eg. School Principal) stating that the work commitment was not known at the time of enrolment.

University Disruption to Studies Policies and Procedures

See the Policies and Procedures section of this unit guide for further details.

Appeals

Appeals against grades for individual assessment components.

If any student has concern about the marking of an assessment, they must:

- Consult the member of staff who marked the work.
- If there is no satisfactory resolution, an appeal should be made in writing to the unit convenor within **one week** of the marked assessment being returned or of results being made available. The student should explicitly state the basis of the appeal.

The unit convenor will review the marking and may, at their discretion, ask for a re-marking by a second marker. If re-marking by a second marker is judged appropriate, the final mark will normally be the average of the two marks awarded for the assessment task. Students should note that the revised mark for the task may be higher, the same, or lower than the original mark.

Please note that it is MUSEC policy to double mark all failing assessments. The decision of the unit convenor is final.

Appeals against final unit grades

See the Policies and Procedures section for details on appeals against unit grades.

Academic Honesty and Plagiarism

You must read the University's policies and procedures on Academic Honesty. More information can be found in the Policies and Procedures section of this unit guide.

Standardised Transcript Marks

Your overall unit result will be assigned a standardised numerical grade (SNG) on your University transcript. High Distinction grades are assigned a mark between 85 and 100, Distinction grades between 75 and 84, Credit grades between 65 and 74, Pass grades between 50 and 64, Pass Conceded grades between 45 and 49 and Fail grades below 45. For further information, see the Grading Policy.

Fail Grades

Entry into units in the postgraduate coursework program requires a clear pass (i.e., a final unit grade of at least "C" or "P") in all previously completed SPED units. That is, you will not be granted automatic entry into units if you have failures in previously attempted SPED prefixed units. If you have failing grades on our record (1) you may be allowed to continue at the discretion of the Director of MUSEC (or nominee) with a special approval (waiver), or, (2) You may be required to reattempt the relevant units until a clear pass is obtained.

Students with fail grades **MUST** seek academic advice before attempting to re-enrol.

Satisfactory Progress

Students are expected to maintain satisfactory progress in a course/program of study. Normally, students will be asked to **show cause** why their candidature should not be terminated if they fail any unit twice. Further, students may be asked to show cause if they receive more than two failures in a course/program of study.

Assessment Tasks

Name	Weighting	Due
<u>Online participation</u>	15%	15/11/2016
<u>Assignment</u>	60%	31/10/2016
<u>Quizzes</u>	25%	Dates nominated in schedule
<u>Practicum</u>	0%	25th November, 2016

Online participation

Due: **15/11/2016**

Weighting: **15%**

What does online participation involve?

Online participation involves making posts on the Topics Discussion Forums of the unit website. Once a post is made in a topic Discussion Forum, anybody in the unit can read or respond to it. Staff will post questions periodically or you may ask your own questions, give answers or offer comment. Only posts to Topic Forums will be counted.

Online participation allows you to give feedback and receive feedback from other students and staff, to explore issues in discussion with other students and staff and to practice required skill competencies.

When can I contribute?

Topic discussion forums will close progressively through the semester. All forums will close at 11.55pm.

The content of each forum will remain accessible, but no further posts can be made after the closing date.

Closing Dates for Discussion Forums

Topic	Closing Date
Topic 1	15th August
Topic 2	22nd August
Topic 3	29th August
Topic 4	5th September
Topic 5	12th September
Topic 6	10th October
Topic 7	17th October

Topic 8	24th October
Topic 9	7th November
Topic 10	14th November

How much do I have to contribute?

Each student is expected to make a minimum of ten (10) contributions to the topic discussions over the course of the semester.

You should post in **at least eight of the ten** topics

Instructions on how to compile and submit posts will be provided on the iLearn website. **If you fail to submit your compiled posts by the due date, you will be subject to 5% penalty of the total mark per day late, up to a maximum of 10 days.**

Do discussion posts count towards assessment?

Yes. Discussion contributions are weighted at 15% of your final grade. Only contributions to Topic Forums are counted, social posts and general questions and comments do not count towards your assessment. If you make fewer than ten posts to topic forums, your maximum possible mark will correspond to the number of posts made. **If you fail to submit your compiled posts by the due date, you will be subject to 5% penalty of the total mark per day late, up to a maximum of 10 days.**

How do I know my submission was successful?

There are two options for you to see your uploaded Assignments/Post compilations.

1. Return to the Assignment activity submission point where the uploaded file will be viewable.
2. If the Activities block is available for the unit, click on the Assignments link. All Assignment activities,

including those that are 'already open' and 'closed', will be viewable here.

Students should print a copy of one of these screens after submission. No claims regarding missing post compilation submissions will be considered under any circumstances without a copy of this printout.

What happens if do not submit my compilation by the due date?

Post compilations received after the due date will be accepted provided they are received no later than **ten working days late**. No compilations will be accepted after this time, except when an extension has been applied for before the due date and granted. After the due date (unless an extension has been granted) a late penalty will be applied, leading to a reduction in the awarded mark. **The late penalty is 5% of the total mark for each day the compilation is outstanding** beyond the due date, up to a maximum of 10 days. These penalties are imposed in fairness to students who submit compilations on time.

How do I get an extension?

Please see the “General Assessment Information” for details on how to apply for an extension.

On successful completion you will be able to:

- Describe the research projects presented during the unit.
- Critique the quality of research in special education.
- Critique the evidence base for practices in special education.
- Apply recent research findings to classroom practice.
- Discuss the policy implications of research in special education.
- Develop an annotated bibliography of research in a topical area.
- Communicate research results to the wider community.

Assignment

Due: **31/10/2016**

Weighting: **60%**

Assignment information will be available from the Unit website from Monday 8th August, 2016 and will be due Monday 31st October, 2016 by 11.55pm, either Australian Eastern Standard Time or Australian Eastern Daylight Saving time (whichever is applicable). The Assignment should be submitted on the iLearn website as a Word or pdf file with the completed MUSEC coversheet (see the Assessment section on the web site).

HOW DO I CHOSE A TOPIC?

Choose a topic or a question to investigate from the two broad areas below.

If you are unsure that your topic fits within the guidelines, please contact the unit convenor to discuss your options.

1. Any controversial intervention or assessment strategy used in special education (apart from those specifically covered in the unit). This topic could include interventions and assessments marketed to parents and teachers through the internet or other media.
2. Any specific intervention or assessment strategy that has shown to be effective or promising for students with special education needs (apart from those specifically addressed in this unit). Topics here should be specific , and not more generic practices such as explicit instruction or functional assessment.

Sample topics or questions: Effective strategies to teach handwriting to students who are having difficulty. Effective strategies to improve the vocabulary of students with special education needs. What are the benefits of inclusion for students with high support needs? Is there a research base for the claims made for XXXX intervention strategy? (insert the name of the particular strategy of interest).

HOW DO I FIND JOURNAL ARTICLES?

Conduct a search of the literature on your topic or question (1990 - Present) using Google Scholar and/or one or more of the databases available through the library.

In some cases it may be appropriate to include literature older than 1990. Please consult your convenor for guidance.

Information about using the library databases to locate journal articles is available at

<http://infoskills.mq.edu.au/index.html>

WHAT ARTICLES DO I INCLUDE IN MY BIBLIOGRAPHY?

a. From your search results, select 10 (ten) journal articles relevant to your chosen topic. You should choose the most salient and relevant articles for your selected topic. Articles must be experimental studies or literature reviews (not descriptive studies).

b. Provide the full reference (in APA style) and a copy of the abstract for each article. These are to be submitted as part of this assessment task.

Sites providing information about APA style (for providing references) are at

http://www.library.mq.edu.au/on_campus/library/research/referencing

You may also consult the APA manual (6th edition). American Psychological Association. (2009). *Publication manual of the American Psychological Association* (6th ed.) Washington, DC: Author

c. For each article, state in two sentences or less why you have selected it and its relevance to your selected topic.

d. Select the five articles you believe are **most salient** to your topic.

HOW DO I PREPARE THE ANNOTATED BIBLIOGRAPHY?

Prepare an annotated bibliography (using the **five** most salient articles). Each annotation should be a maximum of 300 words in length and should describe and critically evaluate the article. Provide the exact word count at the end of each annotation. The purpose of the annotation is to summarise the article content and to provide an evaluation of the content in relation to your topic or question.

HOW DO I PREPARE THE BRIEFING SUMMARY?

Write a one page summary of the main research findings, using the format and headings of a MUSEC Briefing. The summary should be easily understood by an intelligent parent or classroom teacher. To make it easier to understand do not cite references in the summary. It should stand alone and should synthesise the findings of the annotated bibliography.

The template for the Briefing can be downloaded from the unit website in the Assessment section.

MUSEC Briefings as examples are available at

http://www.musec.mq.edu.au/community_outreach/musec_briefings

WHAT DO I SUBMIT FOR ASSESSMENT/ WHAT ARE THE COMPONENTS?

The full references (in correct APA format) and abstracts of ten journal articles relevant to your topic.

A two sentence justification for the selection of each of the ten articles.

An annotated bibliography of FIVE of your articles.

A briefing presenting your findings to teachers and parents.

What is required for the assignment?

In general good presentation, correct grammar, spelling and appropriate word choice will be expected. Express your ideas concisely and clearly, and observe any stated word limits. Please use single spacing.

You must complete the cover sheet provided for each assignment.

How do I submit my assignment?

You will submit your assignment through the iLearn website. Detailed instructions will be provided on the website.

You should follow the detailed instructions carefully. Marks (up to 5% of the total mark) may be deducted, for example, for failing to name submitted files correctly or for failing to write your name on the assignment.

KEEP A COPY OF YOUR ASSIGNMENT

How do I use the assignment cover sheet?

The cover sheet will be attached to the assignment (available on the iLearn website). Note that the checklist on the assignment must be completed or your assignment will not be accepted. You will be notified through Dialogue that your assignment was not acceptable and you will need to submit the assignment again with a completed cover sheet. Note that typing your student number on the coversheet is considered equivalent to providing a signature.

Can I submit a late assignment?

Assignments received after the due date will be accepted provided they are received no later than 10 calendar days late. Note that this is a period of grace, not a new deadline, and extension requests for events after the original due date will not be considered. No assignment will be accepted after 10 days, except when an extension has been applied for before the due date and granted. After the due date (unless an extension has been granted) a late penalty will be applied, leading to a reduction in the awarded mark. The late penalty is 5% of the total mark for each calendar day the assignment is outstanding beyond the due date. These penalties are imposed in fairness to students who submit assignments on time.

What if My Hard Disk Crashed, My Pet Hippopotamus Ate My Computer, etc?

Computer problems will not be accepted as reasons for extensions. You are responsible for making sure your work is adequately backed up. Make sure your work is regularly backed up on a USB drive or to a cloud-based backup and don't leave your submission to the last minute. Always keep your hippopotamus and computer in separate rooms.

What if I Accidentally Submit a Blank Assignment, the Wrong Document, etc?

We can only mark what you submit. Make sure you re-download your assignment from the location that it was submitted and verify the correct document has been submitted. No consideration will be offered if you submit the incorrect document. You may submit your assignment as many times as you wish before the due date and only the last submitted version will be marked.

How do I Know My Assignment Submission was Successful?

Staff will NOT respond to requests to confirm that assignments have been correctly submitted. You will receive an emailed receipt on successful submission of your assignment in your student email account. Make sure that this has been received and retain this receipt. No claims will be considered regarding missing assignments without this receipt. You can also re-download your assignment to double-check it was submitted (see above). Always keep a copy of your assignment

How do I get an extension?

Please see the "General Assessment Information" for details on how to apply for an extension.

What if I exceed the word limit or sentence limits? What if I submit more than the required number of articles?

Components of answers beyond the stated word limit will not be marked. That is, answers will only be marked up to the stated word limit. Answers will only be marked up to the stated sentence limit. Only the stated number of articles will be marked.

How will I get feedback on my assignment?

Individual feedback will be provided electronically. Assignment marks will be available in GRADES.

Can I resubmit an unsatisfactory assignment?

Resubmission of unsatisfactory assignments is not permitted.

WHAT ELSE DO I NEED TO CONSIDER?

Use the template supplied for the briefing summary.

CAN I CHANGE THE BRIEFING SUMMARY TEMPLATE?

No. If you change the briefing summary template, it will result in a reduction of your mark.

On successful completion you will be able to:

- Describe the research projects presented during the unit.
- Critique the quality of research in special education.
- Critique the evidence base for practices in special education.
- Apply recent research findings to classroom practice.
- Discuss the policy implications of research in special education.
- Develop an annotated bibliography of research in a topical area.

Quizzes

Due: **Dates nominated in schedule**

Weighting: **25%**

ASSESSMENT QUIZZES

WHAT ARE ASSESSMENT QUIZZES?

Assessment quizzes are online assessments in multiple-choice format. There is one quiz for each topic in the unit. Each Assessment quiz will be open for **FOUR DAYS** -Friday to Monday. See the **Open dates in the Unit Schedule**. Assessment quizzes are located on the iLearn page, the section called Assessment.

HOW DO I DO ASSESSMENT QUIZZES?

The quizzes may be taken by logging on to the unit website and scrolling down to the ASSESSMENT section. Click on the link to the quiz that you need to complete.

I AM CONCERNED ABOUT DOING AN ONLINE QUIZ. WHAT SHOULD I DO?

A "dummy quiz" has been set up to give you some practice and allow you to get used to the quiz module. You may attempt the dummy quiz as many times as you like and will receive "dummy" feedback. It is strongly recommended that every student attempt the dummy quiz each semester. The dummy quiz is in the "Start here! IMPORTANT INFORMATION" section. The dummy quiz is under the headings "THINGS YOU SHOULD DO" AND "Attempt the Dummy Quiz". Click on the link to open the quiz.

HOW DO I KNOW MY ATTEMPT AT A QUIZ HAS BEEN SUCCESSFUL?

You will receive confirmation that your quiz has been submitted. Your mark will not be available in "Grades" until after the quiz has been closed on Monday night. The unit convenor will send an announcement when the scores have been released, typically it will be the following day, sometimes longer.

HOW DO I GET FEEDBACK?

Since the quizzes contribute to your formal assessment specific feedback will not be given.

HOW MANY TIMES MAY I ATTEMPT A QUIZ?

Since quiz marks contribute to your final grade, you may attempt each assessment quiz **ONLY ONCE**. Be sure you are ready to complete the quiz before you open it. Once you open the quiz, you must complete it.

CAN I REVISE A QUIZ AFTER IT HAS CLOSED?

No, the quizzes are deliberately only open for a fixed window of time to encourage students to stay on track with topic coverage. Consequently, once closed they will not be reopened.

DO THE ASSESSMENT QUIZZES COUNT TOWARD ASSESSMENT?

Yes, assessment quizzes are weighted at 0.25 of your final grade.

WHAT IS EACH QUIZ WORTH?

There are 10 assessment quizzes and each quiz is weighted evenly.

WHAT IF I CAN'T ACCESS THE QUIZ OR IT WON'T WORK CORRECTLY?

Such problems are ALMOST ALWAYS RELATED TO USING AN INCORRECT BROWSER.

Firefox is the recommended Browser for iLearn.

WHAT IF I HAVE PROBLEMS WITH ACCESS TO THE WEBSITE?

It is YOUR responsibility to ensure that each quiz is completed within the window of time allowable. If your Internet connection is not very reliable, it is strongly suggested that you do not leave the quiz until the last minute. If you lose your connection during a quiz, you should attempt to reconnect as soon as possible and finish the quiz. **DON'T LEAVE IT UNTIL THE LAST MINUTE.** There will be no allowances for students who do not complete quizzes on time due to Internet access problems.

WHEN DO I DO ASSESSMENT QUIZZES?

They must be completed within the period that each topic is open. Quizzes close at 11.55pm on a Monday, either Australian Eastern Time or Australian Eastern Daylight Saving Time (whichever is applicable). The exact closing dates may be found in the Topic Assessment Quizzes section of this guide. Please note that Assessment quizzes are only available for limited time and this window will not be extended. Each Assessment quiz will be open for **FOUR** days-Friday to Monday. **Make sure you put these deadlines in your diary.**

IS THERE A TIME LIMIT ON EACH QUIZ?

There is a time limit of 15 minutes to complete each quiz. You must submit the quiz within the time limit or your submission will be rejected. It is important to note that as soon as you open a quiz, the time clock starts. **DO NOT** open a quiz before you are ready to attempt it.

WHAT IF THE WEBSITE BECOMES UNAVAILABLE?

At times the iLearn sites will not be available due to routine maintenance. These dates and times are advertised well in advance in the Announcements section of the log in page and you will also be notified through your student email. Updates and notices are available at <http://students.mq.edu.au/home> and at http://informatics.mq.edu.au/informatics_news

You should take these times into account as you plan your work. Extra open time for Quizzes will **NOT** be provided for advertised outages.

If iLearn becomes unavailable **unexpectedly** for any length of time due to other causes, the cut-off dates for Assessment Quizzes may be extended by the equivalent time.

On successful completion you will be able to:

- Describe the research projects presented during the unit.
- Critique the quality of research in special education.
- Critique the evidence base for practices in special education.
- Apply recent research findings to classroom practice.

- Discuss the policy implications of research in special education.

Practicum

Due: **25th November, 2016**

Weighting: **0%**

Practicum

The purpose of the supervised Practicum is to allow for systematic and first-hand observation of a student teacher's teaching competencies. Students are expected to teach and manage a class/ small group from day 3 onward. Supervising teachers will make one formal observation each day using the protocol provided in the Practicum Handbook to evaluate your competencies in lesson planning and presentation, monitoring learning, providing feedback, delivering reinforcement and managing the class or group. Students are responsible for forwarding all the required documentation to MUSEC.

What happens if my practicum is unsatisfactory?

Students who are found to be unsatisfactory during their placement, may be offered the opportunity of additional time or an additional placement in order to reach a satisfactory standard.

What is unsupervised practicum?

During unsupervised practicum (5 days only) students may spend one day at five different sites. This is a good opportunity to see a wide range of programs and services for individuals with special needs.

Students are required to complete an observation activity (refer to the Practicum Handbook for the observation form) for each day they complete. These activities should be submitted to Sharyn Gilkes by mail as soon as they are completed. Please note that these activities may be handwritten but should provide adequate detail for assessment and credit. Incomplete or unsigned reports are not acceptable.

Where can I find out more about practicum?

Students should refer to the **Practicum Handbook** for details of practicum. The booklet is available on the web page at the Practicum Handbook Link at the top of the webpage.

Email queries about practicum should be sent to Prac Supervisor email at musec.pracsupervisor@mq.edu.au.

We strongly recommend you think about your practicum arrangements early in the semester as you may need to organise leave from your workplace to accommodate the practicum requirements.

When do I complete practicum?

Completion of practicum is part of the assessment for this unit.

Practicum must be completed before the end of the semester (that is, before 25th November 2016).

If you have not completed practicum by 25th November 2016, you must apply for an extension, with the reasons documented through the disruption to studies process at askMQ.

You should read the additional information on disruption to studies in the General Assessment.

What happens if I do not complete all the requirements for practicum?

If you have not completed practicum and have not requested an extension, you will receive a FAIL (F) grade for the unit.

If you **have an extension**, or if you have completed practicum and your **practicum reports have not been received at MUSEC**, you will receive an INCOMPLETE (I) grade. Your final grade will be released when all practicum requirements have been met.

On successful completion you will be able to:

- Describe the research projects presented during the unit.
- Apply recent research findings to classroom practice.
- Discuss the policy implications of research in special education.
- Communicate research results to the wider community.

Delivery and Resources

Delivery and resources

General Organisation of the Unit

The unit is offered in External mode only, and is organised in a flexible delivery format. A combination of seminars (for on campus students), readings, and Internet delivery may be employed. Note there are no classes offered this semester, but students may consult with the unit convenor as necessary.

It is very important to note that most components of the unit will be conducted on the web site. This means that internet access is essential to the completion of the unit.

Delivery is designed such that students may seek as much or as little assistance as required in completing the unit. In flexible delivery units, it is critical that students are organised and

disciplined. It is suggested that you allocate a total of 8-12 hours per week to study for this unit. If you get significantly behind in your topic coverage, it may be impossible to catch up. Please start your study as soon as possible.

Unit delivery: Teaching and Learning Activities

Readings are designed to prepare students for the seminars as well as broaden their understanding of topics.

All seminars are available on ECHO.

Students participate in Discussion Forums on the subject web site, complete the Assessment Quizzes for each topic on the web site, complete the assigned readings and activities in the Study Guides and seminars.

There is a practicum component associated with this subject, please refer to the Practicum Handbook which is available on the unit website.

Changes Made Since the Last Offering of the Unit.

No changes have been made since the last offering.

Response to Student Feedback

Student feedback to our units is generally very positive, and we retain practices that students appreciate. We have made some changes to units as a result of feedback.

Discussion forum posts and Quizzes are a required component.

Assessment Quizzes

There are Assessment quizzes for this Unit and all information relating to these quizzes may be found by looking in the Assessment Section of the Unit Guide under Assessment Quizzes.

Downloadable Documents

ALL study guides and resource materials must be downloaded from the website. Readings must be downloaded from the Multisearch website in the library, or from other sites as indicated in the study guides.

ECHO

What is ECHO?

Topics in this unit will involve a seminar recording via ECHO and will be accessed through links on the relevant topic pages. These presentations will typically consist of video or audio. They are accessed from the unit website. The presentation may include elucidation of the readings, additional information and practical exercises. Seminars should be viewed after you have completed the relevant reading for the topic.

Information about using ECHO is available at

http://www.mq.edu.au/iLearn/student_info/lecture_recordings.htm

and

http://www.mq.edu.au/iLearn/student_info/podcasts.htm

What do I need to do before I access ECHO?

In order to use ECHO you will need QuickTime or other video player software (iTunes, VLC or Windows Media Player) and Flash for streaming playback or for downloading. You can download QuickTime through the iLearn site and you will be prompted to install Flash when you first access ECHO, if it is not already installed on your computer.

What if I can't get ECHO working?

Don't panic. Contact the Student IT Helpdesk

Discussion Forums

Important information about the unit will be posted in Discussions in the “General” section. You should check it regularly –**AT LEAST ONCE EVERY 48 HOURS.**

There will also be a Discussion Forum for each topic where students can post questions or comments and discuss the issues raised during the unit. These topics will close progressively through the unit (see Assessment Tasks). Students are required to contribute 10 posts across eight of the ten topics to these Topic Forums as part of the assessment requirements for this unit. (see Assessment Tasks).

Although unit convenors typically check the Discussion Forums daily (on weekdays), they will not respond to all posts, as discussion between students may be more appropriate.

Dialogue

Important information for all students will be sent through Dialogue. You should check it regularly- AT LEAST ONCE EVERY 48 HOURS.

Preferably, unit related messages should be directed to unit staff using Dialogue on the website. Questions that you have that are relevant to others in the unit should be posted in Discussion Forums. If you send such questions using Dialogue, they may be posted anonymously and answered in Discussions.

Unit Schedule

Note that as the unit is running in external mode only, there will be no classes this semester.

Disruption to Studies Policy http://www.mq.edu.au/policy/docs/disruption_studies/policy.html *The Disruption to Studies Policy is effective from March 3 2014 and replaces the Special Consideration Policy.*

In addition, a number of other policies can be found in the [Learning and Teaching Category](#) of Policy Central.

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: https://students.mq.edu.au/support/student_conduct/

Results

Results shown in *iLearn*, or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit ask.mq.edu.au.

Student Support

Macquarie University provides a range of support services for students. For details, visit <http://students.mq.edu.au/support/>

Learning Skills

Learning Skills (mq.edu.au/learningskills) provides academic writing resources and study strategies to improve your marks and take control of your study.

- [Academic Integrity Module for Students](#)
- [Ask a Learning Adviser](#)

Student Services and Support

Students with a disability are encouraged to contact the [Disability Service](#) who can provide appropriate help with any issues that arise during their studies.

The Disability Service provides support and assistance to students with a disability/health condition in aiming to ensure that they do not experience disadvantage in reaching their academic potential.

Service provision is determined on a case-by-case basis following an assessment of a student's needs and the provision of supporting documentation. Service provision is also dependent on the availability of resources.

For information about registering with the Disability Service and to download the Campus Wellbeing Registration Form and Health professional form go:

http://students.mq.edu.au/campus_life/campus_wellbeing_support_services/disability_service/how_to_register/

You must register annually, irrespective of whether a disability/health condition is temporary, long- term or permanent.

Students wishing to request support services from the Disability Service should make an appointment to see a Disability Advisor IMMEDIATELY AFTER ENROLLING at Macquarie University. If you are not registered with the Disability Service at the time of an assessment task, you may not be provided with any accommodations.

Phone: (02) 9850 7497 TTY (02) 9850 6493

Email: campuswellbeing@mq.edu.au

In person: Level 2, C8A (Lincoln Building).

It is **strongly recommended** that you contact convenors **IMMEDIATELY AFTER ENROLLING** (or as soon as possible for temporary disabilities) to discuss adaptations that may assist you in the successful negotiation of units with the Macquarie University Special Education Centre.

Typically, we require a minimum of three weeks notice to be able to ensure that accommodations for Problem Solving exercises or in-class assessments can be put in place. **Please contact your unit convenors and Associate Professor Mark Carter BEFORE the 18th August to ensure your needs are met.**
