Unit description
Based in dance/movement principles this unit is structured around practices of embodied knowledge and application. Techniques will be introduced to explore the individual student's physical and creative capabilities and to develop an embodied practice of physical interaction with others. Students have opportunities to create their own performance work in group and self-devised contexts. Students will also articulate, describe and analyse dance/movement practices in written assessments. This unit suits both the experienced dancer and the novice.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Assessment Tasks

Name	Weighting	Due
Contact duo performance task	15%	week 4

Group performance project	25%	Week 7-12
Report 2	25%	week 13

Contact duo performance task

Due: **week 4**

Weighting: **15%**

This performance task will be a 3 minute contact duo exploring students' application and understanding of practice-based classwork from the first three weeks of class. The purpose of this early performance task is to provide a platform to build on and to gain feedback early in the session. The performance will be assessed in terms of delivery and content. In particular how well the duo is performed whether in improvised or structured contact formats and the level to which the duo explores unit theme(s) in a coherent and engaging way will be assessed. [Please note if there is an uneven number of students enrolled in the class there is also the potential for a trio group.]

Assessment criteria include:

- Evidence of the duo's embodiment of a coherent application and synthesis of class techniques in relation to theme of contact work,
- Evidence of commitment, collaboration and engaged participation,
- Evidence of original creative ideas in the duo's dance and movement material,
- Level of confidence, clarity of form, well developed (either in impro or structured contact formats).

On successful completion you will be able to:

- Engage with the process of learning to absorb and apply dance and movement practices, and theories presented in the unit.

- Develop and apply collaborative skills in practice-based work.
- Develop and apply choreographic and performance skills in the creation and presentation of performance work.

Report 1

Due: **Week 6**

Weighting: **20%**

This 1000 word report is in two parts. The first part (500 words) should discuss a theme from the first 5 weeks of the unit discussed and explored through class discussions, mini-lectures or readings. Students will be required to succinctly and clearly articulate their understanding of a particular aspect of the unit that has engaged, surprised and/or challenged them thus far. In the second part (500 words) the student should discuss the creative process and application of a unit theme(s) involved in their performance duo (week 4). Both parts of the report must include references from class readings to support the discussion.

Once submitted via Turnitin the report will be assessed by the course convener, who will provide online feedback and grading which the student can access through the My Submissions link in ilearn.

Assessment criteria:

- a) Evidence of well devised organisation and structure,
- b) Evidence of correct academic and writing protocols,
- c) Evidence of critical, analytical and integrative thinking in the student's exploration of unit theme(s),
- d) Evidence of exploration and synthesis of unit theme(s) in creative process and development of performance duo.

More detailed information will be provided in class and available on ilearn at <http://ilearn.mq.edu.au>

On successful completion you will be able to:

- Engage with the process of learning to absorb and apply dance and movement practices, and theories presented in the unit.
- Apply critical, analytical and integrative thinking in the form of written work and oral presentations.
- Develop articulation of embodied research in written and oral form.

Creative Practice Blog

Due: **Week 9-11**

Weighting: **15%**

A series of blog posts (3 x 300 words or equivalent) in which students will articulate an

understanding of the creative process involved in their group project using a variety of approaches including: written - critical and embodied writing; and visual - diagrammatic, video, still image, collage.

The criteria for this assessment are:

- a) Extent to which the student engages with the collaborative creative process in an open-minded and productive way and is able to communicate this engagement in written and visual forms in their blog posts.
- b) Extent to which the critical writing follows correct academic protocols; extent to which the embodied writing communicates the lived experience of the creative process; extent to which the visual posts communicate non-verbal aspects of the creative process.
- c) Extent to which the blogs reveal how the student's creative group proceeded from thought to form and how these ideas connected with unit content.

On successful completion you will be able to:

- Engage with the process of learning to absorb and apply dance and movement practices, and theories presented in the unit.
- Apply critical, analytical and integrative thinking in the form of written work and oral presentations.
- Develop articulation of embodied research in written and oral form.

Group performance project

Due: **Week 7-12**

Weighting: **25%**

The creation and performance component will be a group-devised work of 5-8 minutes using contact work as the choreographic or creative process base. Students will be encouraged to engage with the inter-media aspects of the creative process, such as the use of self-devised video, sound, and lighting design. Participation in the creation, rehearsal and performance of the choreographed material will be continuously assessed through the creation process and in video review of the performance with a 90% individual and 10% group weighting. Students will need to arrange and allocate extra time for the creation and rehearsal period with their group members.

Assessment criteria include:

- a) Evidence of the group's embodiment of a coherent application and synthesis of class techniques in relation to theme of contact work,
- b) Evidence of commitment, collaboration and engaged participation,

Due: **week 13**

Weighting: **25%**

On the basis of class discussion and their own observations, students write a 1200 word performance analysis of group performance projects (their own and one other group's work) in relation to proposed objectives and outcomes. The report will be submitted via Turnitin and will be assessed in terms of organisation and structure, academic writing protocols, analytical thinking, and understanding and application of unit themes. Once submitted via Turnitin the report will be assessed by the course convener, who will provide online feedback and grading which the student can access through the My Submissions link in ilearn.

Assessment criteria:

- a) Evidence of well devised organisation and structure,
- b) Evidence of correct academic and writing protocols,
- c) Evidence of critical, analytical and integrative thinking in the student's analysis of their own and another group's work,
- d) Evidence of student engagement in the collaborative group creative process.
- e) Evidence of student understanding and application of unit themes in their analysis of performed work and their discussion of feedback received.

More detailed information will be provided in class and available on ilearn at <http://ilearn.mq.edu.au>
