Unit description

This unit incorporates both specialist theory and practice in early childhood education by combining university based study with practical teaching experience in an early childhood setting. The 20-day practical experience component is based on a sound understanding that students will be operating at a level reasonably expected of a postgraduate student teacher undertaking a block of professional experience as a teacher of young children for the first time. Unit content will focus on examining and reflecting on the student's role in teaching and learning with young children from birth to two years. All enrolment queries should be directed to Open Universities Australia (OUA): see [www.open.edu.au](http://www.open.edu.au)

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.open.edu.au/student-admin-and-support/key-dates/>

## Learning Outcomes

On successful completion of this unit, you will be able to:

- Understand a variety of approaches in curriculum decision making
- Understand the professional environment of early childhood teaching
- Identify the factors that influence curriculum decision making processes

Facilitate appropriate experiences for children within the total learning environment

Critically evaluate teaching practices

Appreciate the value of an anti-bias approach in work with children and their families

Demonstrate an understanding of the role of the reflective practitioner.

## General Assessment Information

### Family and Children's Records at IEC

Some assessment tasks require students to submit records about families and about children and their learning. It is expected that the records submitted are original, authentic, adheres to the ethical practices of the [Early Childhood Australia Code of Ethics \(2006\)](#) and is the work of the student. Issues with the authenticity of such records will be investigated for possible forgery (see *Fabrication* in the IEC Academic Honesty Handbook). Please note that submitted records can only be used once for assessment purposes.

### Confidentiality

Students must respect the need for sensitivity and confidentiality and ensure that privacy obligations are met. There should be nothing in assessment submissions that identifies a centre or school. Use only the first name for children, parents and staff. Do not record details that enable identification of the site, and of the adults or children.

### **Withdrawing from this PG Unit**

If you are considering withdrawing from this unit, please seek academic advice by writing to [pg.educ.iec@mq.edu.au](mailto:pg.educ.iec@mq.edu.au) before doing so as this unit may be a prerequisite for units in the following semesters and may impact on your progression through the degree.

### **IEC Assessment Presentation & Submission Guidelines**

**Please follow these guidelines when you submit each assignment:**

- Allow a left and right-hand margin of at least 2cm in all assignments.
- Please type all assignments using 12-point font and 1.5 spacing.
- All assessments must be submitted through turnitin in .doc or .pdf format for submission.
- Faculty assignment cover sheets are NOT required for this unit.

### **Draft Submissions & Turnitin Originality Reports**

- Students may use Turnitin's Originality Report as a learning tool to improve their academic writing.
- Students are strongly encouraged to upload a draft copy of each assessment to Turnitin at least one week prior to the due date to obtain an Originality Report.
- The Originality Report provides students with a similarity index that may indicate if plagiarism has occurred. Students will be able to make amendments to their drafts prior to their final submission on the due date.
- Generally, one Originality Report is generated every 24 hours up to the due date.

**When preparing your assignments, it is essential that:**

- Students must retain a copy of all assignments before submission, and retain the copy until your final grade for the subject has been received;
- Marks will be deducted if you submit your assessment late (refer to the 'late assessments' section below for more details);
- Unless there are exceptional circumstances, no assessment will be accepted after the date that the assessment has been returned to other students.
- If an assessment is considered to be below passing standard, another staff member on the unit will provide a second opinion. No failed assessment may be re-submitted.

### **Final Submissions**

- Students are responsible for checking that their submission has been successful and has

been submitted by the due date and time.

- Late submissions due to last minute technical difficulties will incur a lateness penalty

### **Late Assessments:**

A deduction of 5% of the total possible mark allocated for that assessment would be made for each day or part day that assessment is late, weekends counting as two days. For example, if an assessment is worth 20 marks and you submit it 2 days late, you will have 2 marks (2 x 5% of 20 marks) subtracted from your awarded mark.

### **OUA Extensions:**

In extenuating circumstances, students may apply to the unit coordinator for an extension to the assessment due date. Reasons for the extension need to be supported with documentation such as a doctor's certificate in the case of illness. Please keep copies of any original documents, as they may be requested in the future as part of the assessment process. Request an extension by contacting the unit coordinator through the Dialogue function on iLearn. Note that:

- It is essential that you plan ahead and organise your study time effectively. Poor time management is not grounds for an extension.
- In the case of computer malfunction, a draft of your assignment may be requested. Please ensure that you print out a draft regularly, so that it is available for submission on request.
- Extensions are usually not granted on the due date.
- Depending on the circumstances, it may be necessary to consider withdrawal from a unit and, in this instance, OUA's 'Special Circumstances' processes are then implemented.

### **OUA Special Circumstances Process:**

Special Circumstances refers to late withdrawal from a unit and your request to have your circumstances taken into account for a possible refund of fees and removal of a "fail" result.

*Applications for Special Circumstances are to be submitted to Open University Australia directly.*

<https://www.open.edu.au/public/student-admin-and-support/student-support-services/special-circumstances>

OUA will assess the application for a refund of fees and then send it to the University to assess against Macquarie policy in regard to the change of grade, then notify the student. The Unit Convener's advice regarding the student's performance in the unit is taken into consideration in the decision-making. If more than one unit is involved, the IEC's OUA Program Coordinator for the MTeach(Birth to Five Years), will also be consulted.

### **IEC Academic Honesty Guidelines:**

All assignments should cite and provide full bibliographical details of all material that you have used to inform or support your ideas. At the Institute of Early Childhood, students are required to use the American Psychological Association (APA) referencing procedures. Full details about how to cite and reference correctly can be found in **Perrin (2015)** and in the **IEC Academic**

## Policies and Procedures

### Late Submission - applies unless otherwise stated elsewhere in the unit guide

Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – two (2) marks out of 100 will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted more than seven (7) days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests.

### Extension Request

The University recognises that students may experience events or conditions that adversely affect their academic performance. If you experience serious and unavoidable difficulties at exam time or when assessment tasks are due, you can consider applying for Special Consideration.

You need to show that the circumstances:

2. were beyond your control
3. caused substantial disruption to your academic work
4. substantially interfered with your otherwise satisfactory fulfilment of the unit requirements
5. lasted at least three consecutive days or a total of 5 days within the teaching period and prevented completion of an assessment task scheduled for a specific date.

If you feel that your studies have been impacted submit an application as follows:

1. Visit [Ask MQ](#) and use your OneID to log in
2. Fill in your relevant details
3. Attach supporting documents by clicking 'Add a reply', click 'Browse' and navigating to the files you want to attach, then click 'Submit Form' to send your notification and supporting documents
4. Please keep copies of your original documents, as they may be requested in the future as part of the assessment process

### Outcome

Once your submission is assessed, an appropriate outcome will be organised.
