Online Unit

FRN 226, Intermediate French I, includes 4 contact hours per week and is offered in the first semester only. It is offered both internally and for external study. The prerequisites are: FRN125(P) or FRN131(V2) or HSC French Extension or Continuers Band 4, 5 or 6.

iLearn is an essential tool for FRN 226. We use it to communicate with students, post resources, useful links and answers to exercises in the textbook and workbook. External students will be

required to complete assessment tasks on-line and a mark for on-line participation will be awarded. All students must log-on to iLearn at the beginning of semester and check for updates regularly. To log-on, go to: ilearn.mq.edu.au and use your Student ID number and your MyMQ Portal password.

Structure of the Unit

There are four contact hours per week. Classroom time will be spent introducing and discussing the themes of the chapter in their cultural context, reinforcing oral, aural and comprehension skills through interaction with authentic audio-visual and reading materials, studying the grammar points of the chapter and analysing texts in order to help you understand the grammatical and syntactical shifts you need to make in order to be able to write well in French.

Please note that *Latitudes 3* provides the structure for FRN 226 – that is, we will follow the themes and grammar points contained within each chapter. However, we see the textbook as a starting point or spring board into the francophone world and will be supplementing material in it with other more interesting or appropriate resources throughout the course. We will not be working through the book from cover to cover in class. In fact, we may miss out any number of activities, texts or exercises. Anything that we do not do in class, you should do at home and mark yourself by consulting answers on iLearn.

In addition to classroom study, students are expected to complete most *Latitudes 3* workbook/lab manual exercises in their own time. The answers to all the exercises will be provided online on iLearn. However, if progress is to be made, these exercises must be done properly (i.e. a genuine, serious attempt made before you check the answers).

Students should also spend time reviewing material covered in class and preparing exercises for the following lessons. Homework will be assigned and you will be expected to come to class with this prepared.

Please note that attendance at all classes is compulsory. This applies particularly to tests. An adequate explanation for any classes missed must be given to your lecturer. Having ongoing work commitments is not a valid reason for missing classes.

Remember – your lecturers and tutors are facilitators. We introduce you to new concepts, cultures, grammar, language usage and ways of learning. We are here to help you learn but we cannot do the learning for you.

Technology

Students are required to have regular access to a computer and the internet. Mobile devices alone are not sufficient.

- For technical support go to: http://mq.edu.au/about_us/offices_and_units/informatics/help
- For student quick guides on the use of iLearn go to: http://mq.edu.au/iLearn/student_info/guides.htm

Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central](#). Students

should be aware of the following policies in particular with regard to Learning and Teaching:

Academic Honesty Policy http://mq.edu.au/policy/docs/academic_honesty/policy.html

In addition, a number of other policies can be found in the [Learning and Teaching Category](#) of Policy Central.

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: https://students.mq.edu.au/support/student_conduct/

Results

Results shown in *iLearn*, or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit ask.mq.edu.au.

PLEASE NOTE THE FOLLOWING DEPARTMENT POLICY ON LATE WORK

Assignments are compulsory and must be submitted on time. As a general rule, extensions will not be granted without a valid and documented reason (e.g. medical certificate). Applications must be lodged via ask.mq.edu.au and must imperatively include a Professional Authority Form (see Disruption to Studies Policy above). Late submissions will be penalised by 5% for each day (including weekends) the assignment task is late. No assignments will be accepted after assignments have been corrected and feedback has been provided. Assignment tasks handed in early will not be marked and returned before the due date.

Graduate Capabilities

Creative and Innovative

Our graduates will also be capable of creative thinking and of creating knowledge. They will be imaginative and open to experience and capable of innovation at work and in the community. We want them to be engaged in applying their critical, creative thinking.

This graduate capability is supported by:

Learning outcomes

- To attain a good level of spoken and written French through practice in class and completion of exercises and assignments.
- To gain an appreciation of different francophone cultures through textual (including literature) and aural material introduced in the class resources and discussed in class as well as online.

Assessment tasks

- Oral Expression
- 2 Writing Tasks

Capable of Professional and Personal Judgement and Initiative

We want our graduates to have emotional intelligence and sound interpersonal skills and to demonstrate discernment and common sense in their professional and personal judgement. They will exercise initiative as needed. They will be capable of risk assessment, and be able to handle ambiguity and complexity, enabling them to be adaptable in diverse and changing environments.

This graduate capability is supported by:

Learning outcomes

- To read, listen to, comprehend and discuss a variety of French texts.
- To attain a good level of spoken and written French through practice in class and completion of exercises and assignments.

Assessment tasks

- Oral Expression

Problem Solving and Research Capability

Our graduates should be capable of researching; of analysing, and interpreting and assessing data and information in various forms; of drawing connections across fields of knowledge; and they should be able to relate their knowledge to complex situations at work or in the world, in order to diagnose and solve problems. We want them to have the confidence to take the initiative in doing so, within an awareness of their own limitations.

This graduate capability is supported by:

Learning outcome

- To revise grammatical structures previously studied and learn new structures essential to oral and written fluency and accuracy.

Assessment tasks

- Oral Expression
- 2 Writing Tasks

Effective Communication

We want to develop in our students the ability to communicate and convey their views in forms effective with different audiences. We want our graduates to take with them the capability to read, listen, question, gather and evaluate information resources in a variety of formats, assess, write clearly, speak effectively, and to use visual communication and communication technologies as appropriate.

This graduate capability is supported by:

Engaged and Ethical Local and Global citizens

As local citizens our graduates will be aware of indigenous perspectives and of the nation's historical context. They will be engaged with the challenges of contemporary society and with knowledge and ideas. We want our graduates to have respect for diversity, to be open-minded, sensitive to others and inclusive, and to be open to other cultures and perspectives: they should have a level of cultural literacy. Our graduates should be aware of disadvantage and social justice, and be willing to participate to help create a wiser and better society.

This graduate capability is supported by:

Learning outcomes

- To hear, speak, read and write modern French language in a variety of registers
