Unit description

"We cannot not communicate." (Watzlawick, 1973). This unit introduces a theoretical framework for the study of international communication. It provides students with a toolbox that can be used to critically approach and analyse communication processes and the creation of meaning. The aim of this unit, and of international communication in general, is to create an awareness of the self and the other and to facilitate, analyse and improve communication processes between these entities. Tutorials focus on practical tasks and consist of the application of theory and methodology, the examination of the institutional settings of international communication through case studies, and on issues around advertising, public relations, new media, global media and development communication. Students will practise semiotic analysis, content analysis, case study, and close reading.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

Recognise and define different areas of International Communication theory.

Explain the key theories and research methods of various different fields and apply them to International Communication.

Apply international communication theories and communication skills to set texts and in an international context.

Construct a position using research methodologies from which to answer a question relevant to International Communication

Apply of academic literacy skills and discipline specific terminology to communicate concepts and ideas relevant International Communication.

## General Assessment Information

### Requirements to Pass

In order to pass this unit a student must obtain a mark of 50 or more for the unit (i.e. obtain a passing grade P/ CR/ D/ HD).

For further details about grading, please refer to [Schedule 1](#) of the [Assessment Policy](#).

### Grading

The College will award common result grades as specified in [Schedule 1](#) of the [Assessment Policy](#).

Students will receive criteria and standards for specific assessment tasks, which will be aligned with the grading descriptors given in [Schedule 1](#).

The attainment (or otherwise) of learning outcomes for a unit of study will be reported by grade and mark which will correspond to the Schedule 1 and be as outlined below.

Grade		Mark Range	Outcome	Description
HD	High Distinction	85-100	Pass	Provides consistent evidence of deep and critical understanding in relation to the learning outcomes. There is substantial originality, insight or creativity in identifying, generating and communicating competing arguments, perspectives or problem solving approaches; critical evaluation of problems, their solutions and their implications; creativity in application as appropriate to the program.
D	Distinction	75-84	Pass	Provides evidence of integration and evaluation of critical ideas, principles and theories, distinctive insight and ability in applying relevant skills and concepts in relation to learning outcomes. There is demonstration of frequent originality or creativity in defining and analysing issues or problems and providing solutions; and the use of means of communication appropriate to the program and the audience.
CR	Credit	65-74	Pass	Provides evidence of learning that goes beyond replication of content knowledge or skills relevant to the learning outcomes. There is demonstration of substantial understanding of fundamental concepts in the field of study and the ability to apply these concepts in a variety of contexts; convincing argumentation with appropriate coherent justification; communication of ideas fluently and clearly in terms of the conventions of the program.

P	Pass	50-64	Pass	Provides sufficient evidence of the achievement of learning outcomes. There is demonstration of understanding and application of fundamental concepts of the program; routine argumentation with acceptable justification; communication of information and ideas adequately in terms of the conventions of the program. The learning attainment is considered satisfactory or adequate or competent or capable in relation to the specified outcomes.
F	Fail	0-49	Fail	Does not provide evidence of attainment of learning outcomes. There is missing or partial or superficial or faulty understanding and application of the fundamental concepts in the field of study; missing, undeveloped, inappropriate or confusing argumentation; incomplete, confusing or lacking communication of ideas in ways that give little attention to the conventions of the program.
FA			Did Not Attend	Student has failed the compulsory attendance component of assessment

Final Grades not receiving a mark because the student has withdrawn after the Census Date, not submitted or completed one or more components of the assessment, has been awarded a supplementary assessment or because of an unresolved matter such as allegations of academic misconduct are outlined in [Schedule 1](#).

### Where to find information about assessment

General assessment information including the number and nature of assessments, due dates and weightings has been provided in this unit guide.

Specific assessment information including assignment instructions, questions, marking criteria and rubrics as well as examples of relevant and related assessment tasks and responses will be available in the Assessment section on iLearn. For units that have final examinations, students may access past final exam papers using [MultiSearch](#).

### Student Responsibilities

As per the [Assessment Policy](#), students are responsible for their learning and are expected to:

- actively engage with assessment tasks, including carefully reading the guidance provided, understanding criteria, spending sufficient time on the task and submitting work on time;
- read, reflect and act on feedback provided;
- actively engage in activities designed to develop assessment literacy, including taking the initiative where appropriate (e.g. seeking clarification or advice, negotiating learning contracts, developing grading criteria and rubrics);
- provide constructive feedback on assessment processes and tasks through student feedback mechanisms (e.g. student surveys, suggestions for future offerings, student representation on committees);

- ensure that their work is their own; and
- be familiar with University policy and College procedures and act in accordance with those policy and procedures.

### Submission of Assessment Tasks

Assessments must be submitted in accordance with instructions provided in this unit guide. Assessment tasks which have not been submitted as required will not be marked; they will be considered a non-submission and zero marks will be awarded for the task.

### Extensions & Late Submissions

Extensions will only be granted as a result of a Disruptions to Studies Notification for which special consideration has been awarded. To apply for an extension of time for submission of an assessment item, students must submit their Disruptions to Studies notification via [ask.mq.edu.au](http://ask.mq.edu.au) **U**.

Late submissions without an approved extension are possible but will be penalised at 20% per 24 hour period or thereof up to 4 days (weekend inclusive).

Example: An assignment is due at 5:00 pm on a Friday and is marked out of 100 marks.

- If a student submits at 5:02 pm on the Friday and no Disruptions to Studies or special consideration is granted, a penalty of 20% of the total marks possible (20 marks) will be deducted from their result.
- If the student submits the assignment on Sunday and no Disruptions to Studies or special consideration is granted, then a penalty of 40% (40 marks) will be deducted and so on.
- If a student submits an assessment task 5 or more days after the due date and no Disruptions to Studies or special consideration is granted, a record or submission will be made but the student will receive zero marks for the assessment task.

### Retention of Originals

It is the responsibility of the student to retain a copy of any work submitted. Students must produce these documents upon request. Copies should be retained until the end of the grade appeal period each term.

In the event that a student is asked to produce another copy of work submitted and is unable to do so, they may be awarded zero (0) for that particular assessment task.

Requests for original documentation will be sent to the applicant's student email address within six (6) months of notification by the student. Students must retain all original documentation for the duration of this six (6) month period and must supply original documents to the University within ten (10) working days of such a request being made.

### Final Examinations

Final examinations will typically take place or be due in Week 6 or Monday of Week 7. For unit specific details please refer to Assessment section of this unit guide.

All students must be available up until and including Monday of Week 7 to undertake final examinations.

The University will publish [College Final Examination Timetable](#) at least 4 weeks before the commencement of the final examination period and students will be able to access their final examination schedule in Week 3 of the Term.

### **Final Examination Requirements**

As per Schedule 4 of the Assessment Policy, students will be responsible for:

- checking the final examination timetable
- knowing the examination location (including seat number allocation) and arriving at allocated examination venue on time.
- knowing the structure and format of the examination
- adhering to the final examination timetable
- ensuring they are available for the full duration of the final examination period and supplementary examination period.

Details of the structure and format of the final examination paper will be made available to students prior to the start of the final examination period. This detail will include:

- a copy of the examination coversheet, giving the conditions under which the examination will be held
- information on the types of questions the examination will contain, and
- an indication of the unit content the paper may examine.

Students must follow directions given by the Final Examination Supervisor.

Students will be required to present their Macquarie University Campus Card as photographic proof of identity for the duration of the final examination.

Students are not permitted to:

- enter a final examination venue once one hour from the time of commencement (excluding any reading time) has elapsed
- leave a final examination venue before one hour from the time of commencement (excluding any reading time) has elapsed
- leave a final examination venue during the last 15 minutes of the examination
- be readmitted to a final examination venue unless they were under approved supervision during the full period of their absence
- obtain, or attempt to obtain, assistance in undertaking or completing the final

examination script

- receive, or attempt to receive, assistance in undertaking or completing the final examination script (Unless an application for reasonable adjustment has been approved)
- communicate in any way with another student once they have entered the final examination venue

### Missed assessments and examinations

The University recognises that students may experience unexpected events and circumstances that adversely affect their academic performance in assessment activities, for example illness.

In order to support students who have experienced a serious and unavoidable disruption, the University will provide affected students with an additional opportunity to demonstrate that they have met the learning outcomes of a unit. An additional opportunity provided under such circumstances is referred to as special consideration.

In order to be eligible for special consideration students must submit Disruption to Studies Notification via [ask.mq.edu.au](https://ask.mq.edu.au) within five (5) working days of the commencement of the disruption and attach appropriate supporting [evidence](#).

Where special consideration is granted the student will be given an additional opportunity to demonstrate that they have met the learning outcomes of a unit in the form of an alternative or supplementary assessment task or extension.

Please refer to the [Disruption to Studies Policy](#) or the Disruptions to Studies section under Policies and Procedures below.

### Supplementary Examinations

The supplementary examination period will span across Week 7 of the Term and Week 1 of the subsequent teaching term. Students who have lodged a Disruptions to Studies must be available to undertake examinations during the supplementary examination period.

Results for supplementary exams may not be available for up to two weeks following the supplementary examination. Students in their final term of study who undertake supplementary final exams should note that formal completion of their Program will not be possible until supplementary results are released and this may impact on their ability to enrol in subsequent programs of study on time.

### Accessing your Results

Students will be able to view their results for internal assessments via the Grades section in [iLearn](#).

Grades (e.g. HD, D, CR, P, F) for all assessment tasks will be released to students once marking has concluded. Marks for individual assessments may be released as well.

Final results for the unit will be released at 00:01 on Friday of Week 7. Students will be able to view their final result for the unit via [eStudent](#).

### Calculating your GPA

A Grade Point Average (GPA) is a calculation that reflects the overall grades of a student in a coursework program. Please refer to the [GPA Calculator](#).

### **Obtaining Feedback**

Teaching staff will provide students with feedback about their academic progress and performance in assessment tasks or a unit of study. Where relevant, other staff such as Senior Teachers, Program Managers and members of the Student Administration and Services Team will provide feedback and advice to students about their performance in a program of study. Feedback may be provided to individual students, a group of students or a whole class and it may be written or verbal in nature.

Some examples of feedback include:

- Teaching staff member reviewing a draft submission and giving a student advice on how to improve their work before making a final submission
- Teaching staff member telling a class that they need to improve their editing of grammar in their recently submitted assignment.
- Teaching staff member discussing progress of an individual student before census date to allow the student to decide whether they should remain enrolled in the unit.
- Online feedback via announcements or forums, an online marking rubric or various iLearn activities employed in a unit
- Written marks and comments on a marking sheet or essay.
- Recorded voice comment provided in response to an essay submitted online.
- Student Services officer telling a student that they should consider withdrawing from a unit because they have missed too many classes to be able to catch up.

It is a student's responsibility to act promptly on feedback and advice provided.

If you are unsure how feedback has been or will be provided, or you feel that feedback provided is not sufficient, you must approach relevant teaching or administrative staff and request additional feedback in a timely manner during the term. Students may seek general feedback about performance in a unit up to 6 months following results release.

### **Contacting Teaching Staff Obtaining Help**

Students may contact teaching staff at any time during the term by using the contact details provided in this guide. Students should expect a response within 1-2 business days. Teaching staff are unable to accept assessment submissions via email, all assessments must be submitted as outlined in the unit guide.

For all university related correspondence, students must use their official Macquarie University student email account which may be accessed via the [Macquarie University Student Portal](#). Inquiries from personal email accounts will not be attended to.

### **Academic Honesty**

Using the work or ideas of another person, whether intentionally or not, and presenting them as your own without clear acknowledgement of the source is called [Plagiarism](#).

Macquarie University promotes awareness of information ethics through its [Academic Honesty Policy](#). This means that:

- all academic work claimed as original must be the work of the person making the claim
- all academic collaborations of any kind must be acknowledged
- academic work must not be falsified in any way
- when the ideas of others are used, these ideas must be acknowledged appropriately.

All breaches of the [Academic Honesty Policy](#) are serious and [penalties](#) apply. Students should be aware that they may fail an assessment task, a unit or even be excluded from the University for breaching the Academic Honesty Policy.

### Turnitin

To uphold principles of Academic Honesty, Macquarie University employs online anti-plagiarism Software called [Turnitin](#). Turnitin compares electronically submitted papers to a database of academic publications, internet sources and other student papers that have been submitted to the system to identify matching text. It then produces an Originality Report which identifies text taken from other sources, and generates a similarity percentage. Teaching staff will use the report to judge whether plagiarism has occurred and whether penalties should apply for breaches of the Academic Honesty Policy.

All text based assessments must be submitted through Turnitin as per instructions provided in the unit guide. It is the student's responsibility to ensure that work is submitted correctly prior to the due date. No hard copies of assessments will be accepted and only Turnitin records will be taken as records of submission.

Multiple submissions may be possible via Turnitin [prior](#) to the final due date and time of an assessment task and originality reports may be made available to students to view and check their work.

There is no set percentage which indicates whether plagiarism has occurred; all identified matching text should be reconsidered carefully. If plagiarism has occurred or is suspected and resubmission is possible prior to the due date, students are advised to edit their work before making a final submission. Help may be sought from teaching staff. Students may also access [research resources](#) provided by the library or [Learning Skills](#).

Students should note that the system will not immediately produce the similarity score on a second or subsequent submission - it will take 24-36 hours for the report to be generated. This may be after the due date so students should plan any resubmissions carefully.

Please refer to these instructions on [how to submit your assignment through Turnitin](#) and access similarity reports and feedback provided by teaching staff.

Should you have questions about Turnitin or experience issues submitting through the system, you must inform your teacher immediately. If the issue is technical in nature may also lodge a [On eHelp](#) Ticket, refer to the [IT help page](#).

## Assessment Tasks

Name	Weighting	Due
<a href="#">1. Paraphrasing and Quoting</a>	10%	Week 2, Friday, 5 pm
<a href="#">2. Semiotic Analysis</a>	30%	Week 3, Friday, 5 pm
<a href="#">3. End-of-term Assignment</a>	50%	Week 6, Thursday, 5 pm
<a href="#">4. Participation</a>	10%	ongoing

### 1. Paraphrasing and Quoting

Due: **Week 2, Friday, 5 pm**

Weighting: **10%**

This is an individual assignment consisting of 2 parts. Part one (identifying direct quotes and paraphrased ideas, 5%) is a multiple-choice quiz on iLearn and can be completed any time after week 1 where lessons are dedicated to paraphrasing, quoting and referencing. The quiz is based on one of the readings in Week 1.1. The due date for the completion of part 1 is by the end of week 2. It should take you only 30 minutes to complete. You can attempt the quiz 5 times and your average mark will count.

The second part requires you to paraphrase ideas from an article in week 3 (5%). In your own words, you should summarise the main ideas in the article in no more than 100 words and use in-text references and a bibliography. This task can be completed any time before the end of week 4. You should submit your work via Turnitin. Feedback will be provided via Grademark. Please check instructions on iLearn.

Please refer to late submission section above.

On successful completion you will be able to:

- Recognise and define different areas of International Communication theory.
- Explain the key theories and research methods of various different fields and apply them to International Communication.
- Apply international communication theories and communication skills to set texts and in an international context.
- Apply of academic literacy skills and discipline specific terminology to communicate concepts and ideas relevant International Communication.

### 2. Semiotic Analysis

Due: **Week 3, Friday, 5 pm**

Weighting: **30%**

This is an individual task. You will be given (on iLearn) advertisements to choose from for your written analysis. In your short essay (around 1000 words +/- 10%), you should use the semiotic terms (eg. icon, index, symbol) that have been introduced in class to explain how the ad is constructed, how meaning is created, if the ad is effective or not. Your analysis should be precise, concise, and use semiotic theory. Using relevant references and providing a reference list are compulsory. Please check instructions on iLearn. Written analysis needs to be submitted via Turnitin on iLearn by Week 3, Friday, 5pm. Feedback will be provided via Grademark. Please see assessment brief for more detailed marking criteria.

Please refer to late submission section above.

On successful completion you will be able to:

- Recognise and define different areas of International Communication theory.
- Explain the key theories and research methods of various different fields and apply them to International Communication.
- Apply international communication theories and communication skills to set texts and in an international context.
- Construct a position using research methodologies from which to answer a question relevant to International Communication
- Apply of academic literacy skills and discipline specific terminology to communicate concepts and ideas relevant International Communication.

### 3. End-of-term Assignment

Due: **Week 6, Thursday, 5 pm**

Weighting: **50%**

This assessment task is designed to test your ability to understand the key theories and concepts that you have learnt across this unit, to synthesise information and to organise your thoughts to address essay questions, and to apply pertinent theories and methods to organise your own research projects. This task consists of three parts, all of which can be completed outside class:

#### **Part 1 - Multiple choice questions (20%)**

This part consists of 20 multiple choice questions (single answers). These questions focus on a broad overview of this course, and are mainly based on unit readings and lecture ppt slides. You need to use the course outline as a framework for study. The questions will be put up on iLearn in Week 5. They can be completed at any time anywhere before the due date, Week 6, Thursday 5 pm. It should take you approximately 30 minutes to complete. A strict time limit will be set. You are only allowed to attempt the quiz ONCE. Please ensure that you have a smooth Internet connection. If there are any difficulties in access to Internet, or any problems with your Internet connection that disrupt the completion of the test, please email the unit convenor immediately.

You are allowed to take the test on paper in the tutorial class in Week 6.2. Please note that the questions on paper are different set of questions that will be selected randomly from the question pool.

### **Part 2 - Essay question (15%)**

You are required to choose one of the three essay questions and write a short essay of 500 words. Your essay needs to develop a clear argument that is well supported by evidences, follow standard essay structures and be referenced. The essay questions will be put up on iLearn in Week 3.

### **Part 3 - Research proposal (15%)**

You are required to develop a brief proposal for a research project of 500 words. You can choose one of the topics that you have learnt about in this unit for your project. You need to design a research question or hypothesis that you intend to address, present a brief review of the literature you plan to contribute to in conducting your research, discuss the theories and methodology (research methods) to be adopted for the research, and explain the significance of the proposed project.

Part 2 and Part 3 questions and topics will be put in one word document and uploaded on iLearn in Week 3. You can address them in order in one word document and submit it to Turnitin on iLearn by the due date, Week 6, Thursday 5 pm. An example of a research proposal will be put up on iLearn. Please also find instructions and rubrics on iLearn.

Please refer to late submission section above.

On successful completion you will be able to:

- Recognise and define different areas of International Communication theory.
- Explain the key theories and research methods of various different fields and apply them to International Communication.
- Apply international communication theories and communication skills to set texts and in an international context.
- Construct a position using research methodologies from which to answer a question relevant to International Communication
- Apply of academic literacy skills and discipline specific terminology to communicate concepts and ideas relevant International Communication.

## **4. Participation**

Due: **ongoing**

Weighting: **10%**

Marks are awarded for active participation in lessons rather than for attendance. Students are expected to bring in their knowledge of international issues and current affairs and to actively participate in group activities. A marking rubric is available on iLearn and feedback will be provided via Grademark.

Students are expected to

- demonstrate good preparation for the assigned topics
- initiate critical discussions about assigned topics and provides comments that advance the level and depth of dialogue (consistent)
- demonstrate an active role in discussions
- contribute to ongoing discussions
- demonstrate group research collaboration and research skills

On successful completion you will be able to:

- Recognise and define different areas of International Communication theory.
- Explain the key theories and research methods of various different fields and apply them to International Communication.
- Construct a position using research methodologies from which to answer a question relevant to International Communication
- Apply of academic literacy skills and discipline specific terminology to communicate concepts and ideas relevant International Communication.

## **Delivery and Resources**

### **Term Dates & College Calendar**

Details of key dates during the term can be found on the [Important Dates](#) calendar.

### **Enrolment and Timetables**

General timetable information is available via Macquarie University's [Timetable page](#).

Students will be able to enrol in units and register for classes via [eStudent](#) and also view their personal timetable. It is the student's responsibility to ensure that classes they have registered for do not clash.

Students are only permitted to attend classes in which they have registered via eStudent, unless they have written approval from the Students Services and Administration Manager. To seek approval, students must email [muic@mq.edu.au](mailto:muic@mq.edu.au) or speak to a member of the Student Services and Administration Team at E3A Level 2 Reception. Approval will only be granted in exceptional circumstances.

Swapping groups is not possible after the enrolment period has concluded. The last day to do so is Tuesday of Week 1 and this must be finalised by the student in [eStudent](#) by the end of the day.

## Attendance Requirements – All Students

All students are expected to attend 100% of scheduled class time.

Attendance will be monitored in each lesson & students will be able to see their current attendance percentage to date and potential attendance percentage for each unit they have enrolled in via [iLearn](#).

- **Current attendance Percentage** will reflect the percentage of classes a student has attended so far (based only on the lessons held to date).
- **Potential Attendance Percentage** will reflect the percentage of classes a student can potentially attend by the end of the term, taking into consideration lessons attended and assuming the student also attends all future lessons scheduled (based only on the total number of lessons in the Term).

Where a student is present for a part of a lesson (for example arrives late, leaves early, leaves the class frequently or for lengthy periods, engages in inappropriate or unrelated activities or does not participate actively in the majority of the lesson) the teacher reserves the right to mark a student absent for that part of the lesson.

In cases of unavoidable non-attendance due to illness or circumstances beyond their control, students should lodge a [Disruption to Studies](#) Notification via [ask.mq.edu.au](http://ask.mq.edu.au) within 5 working days and supply relevant supporting documentation, even if they have not missed a formal assessment task. This will ensure that that appropriate records of unavoidable absences can be kept.

## Public Holidays and Make-up Lessons

If any scheduled class falls on a public holiday a make-up lesson may be scheduled on an alternate day. Attendance will be taken for any scheduled make-up lessons. Where a make-up lesson is scheduled, students will be informed in class and via iLearn.

If appropriate, teaching staff may instead organise an online make-up lesson requiring students to complete additional activities outside of class. Students will be informed of any such arrangements in class and/or via iLearn.

## Technology Used and Required

- Access to internet (Available on Campus using Macquarie [OneNet](#) and in designated E3A Self-Access Computer Laboratories)
- [iLab](#) - iLab is Macquarie University's personal computer laboratory on the Internet, enabling students to use the Microsoft Windows applications they require to do their university work from anywhere, anytime, on anything.
- Access to [iLearn](#)
- Access to Macquarie University [Library catalogue \(MultiSearch\)](#)
- Access to Microsoft Office Suite (available in E3A Self-Access Computer Laboratories)

and via [iLab](#))

## iLearn

[iLearn](#) is Macquarie's online learning management system and a principal teaching and learning resource which will be used throughout the term. Students must access iLearn at least 3 times per week to access important information including:

- Announcements and News Forums - Teaching staff will communicate to the class using iLearn announcements. Announcements may also be emailed to students' Macquarie University email address but students should check the News Forum regularly.
- Attendance – current and potential attendance percentage for the Term.
- Unit Guide and staff contact details
- Set unit readings available through [MultiSerach](#) (library).
- Lesson materials and recordings where available
- Learning and teaching activities and resources, questions and solutions
- Assessment instructions, questions, marking criteria and sample tasks
- Assessment submission links such as Turnitin
- Links to support materials and services available at the University
- Evaluation Surveys for the unit

For any resource related iLearn questions contact your teacher. For any technical or support issues using iLearn, please contact the IT helpdesk (Ph. 02 9850 4357) or lodge a ticket using [OneHelp](#).

## Useful Study Resources

[StudyWise](#) is an iLearn resource created by Learning Skills, which is specifically designed to help you to manage your studies, strengthen your study techniques, write effective assignments and improve your English language proficiency. Once you enrol in StudyWISE, you can access it from your iLearn course list under the category "Student Support".

[InfoWise](#) will help you improve your research skills by teaching you how to use MultiSearch, decode citations, identifying key search terms and use advanced search techniques.

[Lib Guides](#) provide students with links to electronic sources and websites that are good starting points for research in different fields or disciplines.

[MultiSerach](#) will connect you to Macquarie University Library and allow you to search library resources, databases, unit readings and past exam papers

[Academic Language and Learning Workshops](#) are designed to help you with Study Skills, Assignment Writing, Referencing and Academic Language

[Research resources](#) provide information about:

- [Researching for your assignments](#)

- How to [manage your references](#)
- [Referencing style guides](#)
- [Subject and research guides](#)

## Unit Schedule

<b>Week/ Lesson</b>	<b>Topic/Content Covered</b>	<b>Required Reading</b>	<b>Associated Tasks</b>	<b>Assessment Task</b>
1.1	<p><b>International Communication: Introduction to the Unit Paradigms&amp;Perspectives</b></p> <p>This very important class teaches you about the foundations of International Communication. We will look at different perspectives and models of communication.</p>	<p>West, R &amp; Turner, LH (eds) 2004, What is Communication? <i>in Introduction to communication theory: Analysis and application</i>, McGraw Hill, New York, pp.3-21.</p> <p>Thussu, DK 2000, 'Approaches to theorizing international communication' in <i>International communication: Continuity and change</i>, Arnold, London, pp.53-81.</p>	<p>We will look at the different assessment tasks and there will also be time to ask questions about the assessments.</p>	
1.2	<p><b>Cultures of Global Communication</b></p> <p>Today, we will look at how culture influences communication and explore different areas of communication, such as non-verbal communication.</p>	<p>Karim HK, 2010, 'Re-viewing the 'national' in 'international communication': Through the lens of diaspora' in DK Thussu, D.K. <i>International communication: A reader</i>, Routledge, London and New York. pp.393-409.</p> <p>Martin, JN &amp; Nakayama TK (eds), 2007, (4th edition), Nonverbal codes and cultural space in <i>International communication in contexts</i>, McGraw-Hill, Boston, pp.254-279.</p>	<p>Paraphrasing workshop – how to summarise a message and integrate it into your own text.</p>	<p>You may complete the <b>paraphrasing and quoting assignment (1)</b> from today onwards.</p>

<b>Week/ Lesson</b>	<b>Topic/Content Covered</b>	<b>Required Reading</b>	<b>Associated Tasks</b>	<b>Assessment Task</b>
2.1	<p><b>Semiotics - The Creation of Meaning</b></p> <p>The main theme of this lesson is how meaning is created. We will learn to use semiotic terms such as icon, index and symbol to analyse advertisements. This will be essential for your second assessment.</p>	<p>Fiske, J 1990, 'Communication, meaning, and signs', in <i>Introduction to communication studies</i>, Routledge, London, New York, pp.39-63.</p> <p>Fiske, J 1990, 'Signification' in <i>Introduction to communication studies</i>, Routledge, London, New York, 85-98.</p>	<p>We will practice how to analyse a poster/ advertisement in terms of semiotics and the construction of meaning to prepare for the second assessment.</p>	<p>You may want to start working on the second assessment (semiotic analysis) from today onwards.</p>
2.2	<p><b>International Advertising Campaigns and Public Relations</b></p> <p>Today, we will look at advertising and public relations in general, in Australia and from an international perspective. The power of advertising and key issues and effects are central for today's session.</p> <p>- Pre-Census Feedback</p>	<p>Newsom, D 2007, The roles of advertising and public relations, in <i>Bridging the gaps in global communication</i>. Blackwell, Oxford, pp.113-124.</p>	<p>We will analyse advantages and disadvantages of advertising through different media channels.</p>	
3.1	<p><b>Advertising AIDS</b></p> <p>This week, we will look at government advertising - what it is about, what the principles are, how to design a government advertising campaign and the semiotics and discourse of the campaigns. Take HIV/AIDS advertising as an example, the lesson examines how HIV/AIDS is communicated in international advertising campaigns from a semiotic perspective.</p>	<p>Tulloch, J &amp; Lupton, D 1997, AIDS advertisements: The state/marketing interface, in <i>Television, AIDS and risk</i>, Allen &amp; Unwin, St. Leonards, pp.3-13.</p> <p>Tulloch, J &amp; Lupton, D 1997, Introduction, in <i>Television, AIDS and risk</i>, Allen &amp; Unwin, St. Leonards, pp.3-13.</p>	<p>We will try to come up with strategies for our own campaigns on different aspects of public interest.</p>	
3.2	<p><b>Global Media Flows</b></p> <p>This week is dedicated to international media flows and contra-flows of visual media. We'll look at dominant as well as transnational and geo-cultural flows.</p>	<p>Thussu, DK 2010, Mapping global media flow and contra-flow, in DK Thussu (ed.), <i>International communication: A reader</i>, Routledge. London, New York, pp.221-238.</p>	<p>We want to look at the Australian media landscape and look at dominant and contra-flows here.</p>	<p><b>Semiotic Analysis</b> (Assessment 2) is due Friday, 5 pm (online submission)</p>

<b>Week/ Lesson</b>	<b>Topic/Content Covered</b>	<b>Required Reading</b>	<b>Associated Tasks</b>	<b>Assessment Task</b>
4.1	<p><b>Global Media and Public Sphere</b></p> <p>This session will introduce Habermas' concept of the public sphere and lead to a discussion about space for public sphere within the new media.</p>	<p>Castells, M 2010, The new public sphere: Global civil society, communication networks, and global governance, in DK Thussu (ed.), <i>International communication: A reader</i>, Routledge, London, New York, pp.36-55.</p> <p>Additional Reading:</p> <p>Jacobson, TL 2000, 'Cultural hybridity and public sphere' in KG Wilkins <i>Redeveloping communication for social change: Theory, practice and power</i>, Rowman and Littlefield, Lanham, Boulder, New York and Oxford, pp.55-69.</p>	<p>We will think about how new media strengthen or weaken the public sphere.</p>	
4.2	<p><b>International Communication and Power</b></p> <p>We will explore the concept of 'nation' and how power is distributed. Further, we will explore the role of public diplomacy and soft power.</p>	<p>Mingst, KA, 2008, The state. In <i>Essentials of international relations</i> (4<sup>th</sup>ed) Norton, New York and London, pp.107-137.</p> <p>Nye, J 2008, Public diplomacy and soft power. <i>The Annals of the American Academy of Political and Social Science</i>, Vol. 616, Public Diplomacy in a Changing World, Mar., 2008, pp. 94-109.</p>	<p>We will explore different forms of power and their effects.</p>	<p>Paraphrasing and quoting Assessment Task is due on Friday 5, pm</p>
5.1	<p><b>International Communication in the Internet Age</b></p>	<p>Seib, P 2012, Introduction. In <i>Real time diplomacy: Politics and power in the social media era</i>, Palgrave Macmillan, New York, pp.1-14</p> <p>Additional Reading:</p> <p>Konjin, EA., Utz, S, Tanis, M, Barnes, SB 2008, <i>Introduction: How technology affects human interaction in Mediated interpersonal communication</i>, Routledge, New York and London, pp.3-13.</p>		

<b>Week/ Lesson</b>	<b>Topic/Content Covered</b>	<b>Required Reading</b>	<b>Associated Tasks</b>	<b>Assessment Task</b>
5.2	<p><b>International Communication and Language</b></p> <p>Different languages can be one of the biggest obstacles in International Communication. We will look at the role of English as lingua franca and explore how useful the ability to speak a foreign language is in international environments such as business, education, and politics.</p>	<p>Mackey, P 2007, The future Englishes of the world: One lingua franca or many? [online]. <i>English Australia Journal</i>, vol. 23, no. 2, 12-19.</p>	<p>We will explore different types of language domains and their rules.</p>	
6.1	<p><b>International Negotiations</b></p> <p>This lesson is about the purpose of effective International Communication in international negotiations.</p> <p>We will then revise this unit.</p>	<p>Walker, RA 2004, <i>Purposeful international negotiation</i>. Palgrave Macmillan, New York, pp.173-194.</p>		
6.2	<p><b>Final Test completion.</b></p>			<p><b>Final Test is due Thursday, 5 pm</b></p>

## Learning and Teaching Activities

### Lessons

Lessons will include a mixture of learning and teaching activities. New content and topics will be presented in lessons, and students will be given problems, practice questions and other interactive activities to apply the knowledge and the skills gained in the lesson. Students will be required to take notes, complete set class tasks and engage in discussion and individual and group activities. In class, specific time may be dedicated to work on assessment tasks and students will be given guidance and feedback to complete these. Certain lessons may be dedicated to independent research and reading related to the unit whether in the classroom or a computer lab.

### Active Participation

Students will be required to not only attend but also actively participate in lessons. Active participation entails: - active engagement in class activities - contribution to class discussions by asking and answering questions - coming to class prepared and having completed required pre-readings and activities - completion of set class and homework activities - collaboration with other students - adhering to Macquarie University Student Codes of Conduct

## Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central](#). Students should be aware of the following policies in particular with regard to Learning and Teaching:

Academic Honesty Policy [http://mq.edu.au/policy/docs/academic\\_honesty/policy.html](http://mq.edu.au/policy/docs/academic_honesty/policy.html)

**New Assessment Policy in effect from Session 2 2016** [http://mq.edu.au/policy/docs/assessment/policy\\_2016.html](http://mq.edu.au/policy/docs/assessment/policy_2016.html). For more information visit [http://students.mq.edu.au/events/2016/07/19/new\\_assessment\\_policy\\_in\\_place\\_from\\_session\\_2/](http://students.mq.edu.au/events/2016/07/19/new_assessment_policy_in_place_from_session_2/)

Assessment Policy prior to Session 2 2016 <http://mq.edu.au/policy/docs/assessment/policy.html>

Grading Policy prior to Session 2 2016 <http://mq.edu.au/policy/docs/grading/policy.html>

Grade Appeal Policy <http://mq.edu.au/policy/docs/gradeappeal/policy.html>

Complaint Management Procedure for Students and Members of the Public [http://www.mq.edu.au/policy/docs/complaint\\_management/procedure.html](http://www.mq.edu.au/policy/docs/complaint_management/procedure.html)

Disruption to Studies Policy [http://www.mq.edu.au/policy/docs/disruption\\_studies/policy.html](http://www.mq.edu.au/policy/docs/disruption_studies/policy.html) *The Disruption to Studies Policy is effective from March 3 2014 and replaces the Special Consideration Policy.*

In addition, a number of other policies can be found in the [Learning and Teaching Category](#) of Policy Central.

## Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: [https://students.mq.edu.au/support/student\\_conduct/](https://students.mq.edu.au/support/student_conduct/)

## Results

Results shown in *iLearn*, or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit [ask.mq.edu.au](http://ask.mq.edu.au).

## Academic Honesty

Using the work or ideas of another person, whether intentionally or not, and presenting them as your own without clear acknowledgement of the source is called [Plagiarism](#).

Macquarie University promotes awareness of information ethics through its [Academic Honesty Policy](#). This means that:

- all academic work claimed as original must be the work of the person making the claim
- all academic collaborations of any kind must be acknowledged
- academic work must not be falsified in any way
- when the ideas of others are used, these ideas must be acknowledged appropriately.

All breaches of the [Academic Honesty Policy](#) are serious and [penalties](#) apply. Students should

be aware that they may fail an assessment task, a unit or even be excluded from the University for breaching the Academic Honesty Policy.

## Assessment Policy

Students should familiarise themselves with their responsibilities under the [Assessment Policy](#), and notably [Schedule 4](#) (Final Examination Requirements).

## Disruptions to studies

The [Disruption to Studies Policy](#) applies only to *serious and unavoidable* disruptions that arise after a study period has commenced. Students with a pre-existing disability/health condition or prolonged adverse circumstances may be eligible for ongoing assistance and support. Such support may be sought through [Campus Wellbeing](#) and [Support Services](#).

The University classifies a disruption as **serious and unavoidable** if it:

- could not have reasonably been anticipated, avoided or guarded against by the student; and
- was beyond the student's control; and
- caused substantial disruption to the student's capacity for effective study and/or completion of required work; and
- occurred during an event critical study period and was at least three (3) consecutive days duration, and / or
- prevented completion of a final examination.

To be eligible for Special Consideration, a student must notify the University of a *serious and unavoidable* disruption within five (5) working days of the commencement of the disruption (Disruption to Studies notification). All Disruption to Studies notifications are to be made online via the University's [Ask MQ](#) system. A Disruption to Studies notification must be supported by documentary [evidence](#).

Students should note that in cases of medical disruptions they must see a [registered healthcare professional](#) and present a [Professional Authority Form](#). Medical certificates will not be accepted. Overseas students may use their OSHC insurance for the purpose of seeing a registered healthcare professional.

In submitting a [Disruption to Studies notification](#), a student is acknowledging that they may be required to undertake additional work. The time and date, deadline or format of any required extra assessable work as a result of a disruption to studies notification is not negotiable and in submitting a disruption to studies notification, a student is agreeing to make themselves available to complete any extra work as required. This means that as a result of special consideration being awarded, a student may be required to complete a different type of assessment for example an exam instead of a presentation or vice versa.

The student will retain all original documentation submitted regarding the disruption, and must understand that this may be requested by the University at any time. In this event, students will be provided 10 business days to submit the original documentation.

Please refer to the [Disruption to Studies Policy](#) for further details.

### **Final Examination Script Viewings**

A student may request to view their final examination script once results have been released but scripts remain the property of Macquarie University.

Students should view their final examination paper prior to submitting a grade appeal, if this is relevant to their case. The viewing will be conducted in a secure location under supervision.

To request a final examination script viewing, please lodge a ticket via [ask.mq.edu.au](http://ask.mq.edu.au).

### **Grade Appeals**

A student who has been awarded a final grade for a unit has the right to appeal that grade as outlined in the [Grade Appeal Policy](#). Grade appeals apply to the final mark and grade a student receives for a unit of study. They do not apply to results received for individual assessment tasks.

Grade appeals must be submitted via [ask.mq.edu.au](http://ask.mq.edu.au) within 20 working days from the published result date for the relevant unit. Before submitting a Grade Appeal, please ensure that you read the [Grade Appeal Policy](#) and note valid grounds for appeals.

Students are expected to seek feedback on individual assessment tasks prior to the award of a final grade. Students also have the right to request generic feedback from the teaching staff on their overall performance in the unit, including in a final examination. This can be done at any time in the six month period starting from the day on which the final grade of the relevant unit is published.

### **Course Progression**

The College closely monitors Foundation students' academic progress as per the [Progression Policy](#) for Programs delivered by Macquarie University International College.

To maintain Satisfactory Academic Progress, a student must successfully complete (pass) 50% or more of their enrolled units in a Term of study. To successfully complete a unit, students must obtain a passing grade and meet any other requirements to pass listed in the unit guide.

Students who fail to make Satisfactory Academic Progress will be classified as "at risk" and will be notified in writing. At-risk students may be required to undergo academic counselling, undertake certain initiatives or have conditions placed upon their enrolment to help them make satisfactory progress.

Students must also pass 50% or more of the units in 2 or more terms in order to meet Minimum Rate of Progress (MRP) requirements. A student is deemed not to be making Minimum Rate of Progress if they fail more than 50% of their enrolled units in two consecutive Terms of study, or if they have failed more than 50% of their units after studying two or more terms.

Any domestic student who has been identified as not meeting Minimum Rate of Progress requirements will be issued with an Intention to Exclude letter and may subsequently be excluded from the program.

Any international student who has been identified as not meeting MRP will be issued with an

Intention to Report letter and may subsequently be reported to the Department of Immigration and Border Protection (DIBP) for not meeting visa requirement and be subject to exclusion from the program. International students must comply with the [MUIC Progress Policy](#) in order to meet the conditions of their visa.

## Student Support

Macquarie University provides a range of support services for students. For details, visit <http://students.mq.edu.au/support/>

## Learning Skills

Learning Skills ([mq.edu.au/learningskills](http://mq.edu.au/learningskills)) provides academic writing resources and study strategies to improve your marks and take control of your study.

- [Workshops](#)
- [StudyWise](#)
- [Academic Integrity Module for Students](#)
- [Ask a Learning Adviser](#)

## Student Services and Support

Students with a disability are encouraged to contact the [Disability Service](#) who can provide appropriate help with any issues that arise during their studies.

## Student Enquiries

For all student enquiries, visit Student Connect at [ask.mq.edu.au](http://ask.mq.edu.au)

## IT Help

For help with University computer systems and technology, visit [http://www.mq.edu.au/about\\_us/offices\\_and\\_units/information\\_technology/help/](http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/).

When using the University's IT, you must adhere to the [Acceptable Use of IT Resources Policy](#). The policy applies to all who connect to the MQ network including students.

## Graduate Capabilities

### Capable of Professional and Personal Judgement and Initiative

We want our graduates to have emotional intelligence and sound interpersonal skills and to demonstrate discernment and common sense in their professional and personal judgement. They will exercise initiative as needed. They will be capable of risk assessment, and be able to handle ambiguity and complexity, enabling them to be adaptable in diverse and changing environments.

This graduate capability is supported by:

## Learning outcome

- Apply of academic literacy skills and discipline specific terminology to communicate concepts and ideas relevant International Communication.

## Assessment task

- 1. Paraphrasing and Quoting

## Discipline Specific Knowledge and Skills

Our graduates will take with them the intellectual development, depth and breadth of knowledge, scholarly understanding, and specific subject content in their chosen fields to make them competent and confident in their subject or profession. They will be able to demonstrate, where relevant, professional technical competence and meet professional standards. They will be able to articulate the structure of knowledge of their discipline, be able to adapt discipline-specific knowledge to novel situations, and be able to contribute from their discipline to inter-disciplinary solutions to problems.

This graduate capability is supported by:

## Learning outcomes

- Recognise and define different areas of International Communication theory.
- Explain the key theories and research methods of various different fields and apply them to International Communication.
- Apply international communication theories and communication skills to set texts and in an international context.
- Construct a position using research methodologies from which to answer a question relevant to International Communication
- Apply of academic literacy skills and discipline specific terminology to communicate concepts and ideas relevant International Communication.

## Assessment tasks

- 1. Paraphrasing and Quoting
- 2. Semiotic Analysis
- 3. End-of-term Assignment
- 4. Participation

## Critical, Analytical and Integrative Thinking

We want our graduates to be capable of reasoning, questioning and analysing, and to integrate and synthesise learning and knowledge from a range of sources and environments; to be able to critique constraints, assumptions and limitations; to be able to think independently and systemically in relation to scholarly activity, in the workplace, and in the world. We want them to

have a level of scientific and information technology literacy.

This graduate capability is supported by:

## **Learning outcomes**

- Recognise and define different areas of International Communication theory.
- Explain the key theories and research methods of various different fields and apply them to International Communication.
- Apply international communication theories and communication skills to set texts and in an international context.
- Construct a position using research methodologies from which to answer a question relevant to International Communication
- Apply of academic literacy skills and discipline specific terminology to communicate concepts and ideas relevant International Communication.

## **Assessment tasks**

- 2. Semiotic Analysis
- 3. End-of-term Assignment
- 4. Participation

## **Problem Solving and Research Capability**

Our graduates should be capable of researching; of analysing, and interpreting and assessing data and information in various forms; of drawing connections across fields of knowledge; and they should be able to relate their knowledge to complex situations at work or in the world, in order to diagnose and solve problems. We want them to have the confidence to take the initiative in doing so, within an awareness of their own limitations.

This graduate capability is supported by:

## **Learning outcomes**

- Recognise and define different areas of International Communication theory.
- Explain the key theories and research methods of various different fields and apply them to International Communication.
- Construct a position using research methodologies from which to answer a question relevant to International Communication

## **Assessment tasks**

- 1. Paraphrasing and Quoting
- 2. Semiotic Analysis
- 3. End-of-term Assignment

## Effective Communication

We want to develop in our students the ability to communicate and convey their views in forms effective with different audiences. We want our graduates to take with them the capability to read, listen, question, gather and evaluate information resources in a variety of formats, assess, write clearly, speak effectively, and to use visual communication and communication technologies as appropriate.

This graduate capability is supported by:

### Learning outcomes

- Explain the key theories and research methods of various different fields and apply them to International Communication.
- Apply of academic literacy skills and discipline specific terminology to communicate concepts and ideas relevant International Communication.

### Assessment tasks

- 1. Paraphrasing and Quoting
- 2. Semiotic Analysis
- 3. End-of-term Assignment
- 4. Participation

## Engaged and Ethical Local and Global citizens

As local citizens our graduates will be aware of indigenous perspectives and of the nation's historical context. They will be engaged with the challenges of contemporary society and with knowledge and ideas. We want our graduates to have respect for diversity, to be open-minded, sensitive to others and inclusive, and to be open to other cultures and perspectives: they should have a level of cultural literacy. Our graduates should be aware of disadvantage and social justice, and be willing to participate to help create a wiser and better society.

This graduate capability is supported by:

### Learning outcomes

- Recognise and define different areas of International Communication theory.
- Apply international communication theories and communication skills to set texts and in an international context.
- Construct a position using research methodologies from which to answer a question relevant to International Communication

### Assessment task

- 4. Participation

## Socially and Environmentally Active and Responsible

We want our graduates to be aware of and have respect for self and others; to be able to work with others as a leader and a team player; to have a sense of connectedness with others and country; and to have a sense of mutual obligation. Our graduates should be informed and active participants in moving society towards sustainability.

This graduate capability is supported by:

### Learning outcome

- Apply international communication theories and communication skills to set texts and in an international context.

## Course Contact Hours

Weekly face to face contact for this unit will be 6 hours (36 hours per term).

There will be 2 lessons per week consisting of 3 hour lessons.

## Unit Specific Texts and Materials

Set readings, as listed in the unit schedule and iLearn, will be available to students via [MultiSearch](#) [ch](#) and can be accessed via the “Unit Readings” block in iLearn.

Any additional reading material will be provided to students in class.
