**Case Report**

**Due:** **Week 6, Mon 3 April by 9am**

**Weighting:** **30%**

The individual report is a critical reflection of the definition of entrepreneurship, the origin of entrepreneurial ideas and opportunities and the entrepreneurial mindset that is often a characteristic of an entrepreneur. The report is based on secondary research and primary research.

Your first task is to provide a critical review of entrepreneurship. Your critical review is based on synthesising readings from peer-reviewed academic journals, relevant databases, industry and government reports, websites and newspaper articles. Your second task is to analyse the start-up and development of an entrepreneurial venture. This second task requires you to interview an entrepreneur. Draw on concepts and theories to consider the characteristics of your selected entrepreneur and the emergence of his/her business idea.

All students must submit their reports through turnitin using the link on iLearn. No extension will be granted. Late essays will incur a 10% penalty per 24-hour period that they are late. Saturday and Sunday each count as one day. Penalty does not apply in cases in which an application for disruption is made and approved. If the revised extended deadline is not met, late penalty applies.

Read the Individual Report instructions on iLearn for additional details and marking criteria.
This Assessment Task relates to the following Learning Outcomes:

- Analyse key entrepreneurship concepts, theories and principles, including knowledge of different types of entrepreneurs.

**Creative Production**

**Due:** Week 11, Friday 26 May by 9am  
**Weighting:** 30%

Gone are the days of the maverick entrepreneur! Research indicates that an entrepreneurial team has a higher chance of success compared to a lone entrepreneur. Your task is to assemble a diverse and energetic creative team of students to launch a new business venture. The task of the team is to identify business opportunities, assess these opportunities and develop a business plan to launch your new business venture. Progressive milestones must be established from week 4 before the culmination of your progress into the Business Plan which must be submitted through turnitin by Week 11, Friday, 26 May 2017 by 9am.

No extension will be granted. Late reports will incur a 10% penalty per 24-hour period that they are late. Saturday and Sunday each count as one day. Penalty does not apply in cases in which an application for disruption is made and approved. If the revised extended deadline is not met, late penalty applies.

Read the New Business Venture Plan instructions on iLearn for additional details and marking criteria.

This Assessment Task relates to the following Learning Outcomes:

- Actively seek new ideas, evaluate entrepreneurial opportunities and critically analyse entrepreneurship business issues, including ethical considerations in analysis and decision-making.
- Develop, review and revise strategies for creating new ventures and develop solutions to entrepreneurial problems in ways that reflect value for business and society.
- Apply competence and communications skills to build teamwork spirit in integrating key management, marketing and operation models to create a coherent and feasible new venture business plan.

**Presentation**

**Due:** Week 12 and Week 13  
**Weighting:** 20%

15-minutes per new business team pitch presentation. Presentation slides must be uploaded on iLearn BEFORE presentation!
The entrepreneurial team must present its New Business Venture in a presentation pitch in Week 12 or Week 13. This is a 15-minutes per team presentation. **Marks are awarded based on individual presentation even though this assessment is a team business pitch presentation.** BEFORE the pitch presentation, you must submit your team’s powerpoint slides on iLearn Discussion Forum. Your powerpoint presentation must not contain more than 12 slides. Penalty applies if powerpoint slides are not uploaded before the pitch presentation. **All students must be present in class in both the Pitch presentation days.** Absence without approved “Disruption to Studies” will be awarded 0 marks.

Read the New Business Pitch instructions on iLearn for additional details and marking criteria.

**Assignment**

**Due: Thurs, 15 June 2017 by 9am**

Weighting: **20%**

You are required to reflect critically and analytically about your learning in this unit in general but more specifically, about your learning as part of an entrepreneurial team. To write a good reflective report you must start, from Week 1, to keep a record of your learning experience, the knowledge you gained, the connections you made and the value you and other team members contributed to your team’s output (Business Plan and Business Pitch). Explore the connections between your prior knowledge and the new knowledge gained from your team experience in this unit. Be guided by aspects of concepts, theories and readings covered in this unit. A proposed structure for this Reflective Report writing will be posted on iLearn.

All students must submit their Reflective Reports through turnitin using the link on iLearn. No extension will be granted. Late reports will incur a 10% penalty per 24-hour period that they are late. Saturday and Sunday each count as one day. Penalty does not apply in cases in which an application for disruption is made and approved. If the revised extended deadline is not met, late penalty applies.

Read the Reflective Report instructions on iLearn for additional details and marking criteria.

Learning Skills

Learning Skills ([mq.edu.au/learningskills]) provides academic writing resources and study strategies to improve your marks and take control of your study.

- Workshops
Our graduates should be capable of researching; of analysing, and interpreting and assessing data and information in various forms; of drawing connections across fields of knowledge; and they should be able to relate their knowledge to complex situations at work or in the world, in order to diagnose and solve problems. We want them to have the confidence to take the initiative in doing so, within an awareness of their own limitations.

This graduate capability is supported by:

**Learning outcomes**

- Analyse key entrepreneurship concepts, theories and principles, including knowledge of different types of entrepreneurs.
- Actively seek new ideas, evaluate entrepreneurial opportunities and critically analyse entrepreneurship business issues, including ethical considerations in analysis and decision-making.
- Develop, review and revise strategies for creating new ventures and develop solutions to entrepreneurial problems in ways that reflect value for business and society.
- Apply competence and communications skills to build teamwork spirit in integrating key management, marketing and operation models to create a coherent and feasible new venture business plan.
Effective Communication

We want to develop in our students the ability to communicate and convey their views in forms effective with different audiences. We want our graduates to take with them the capability to read, listen, question, gather and evaluate information resources in a variety of formats, assess, write clearly, speak effectively, and to use visual communication and communication technologies as appropriate.

This graduate capability is supported by:

Learning outcomes

• Analyse key entrepreneurship concepts, theories and principles, including knowledge of different types of entrepreneurs.
• Actively seek new ideas, evaluate entrepreneurial opportunities and critically analyse entrepreneurship business issues, including ethical considerations in analysis and decision-making.
• Develop, review and revise strategies for creating new ventures and develop solutions to entrepreneurial problems in ways that reflect value for business and society.
• Apply competence and communications skills to build teamwork spirit in integrating key management, marketing and operation models to create a coherent and feasible new venture business plan.

**Critical, Analytical and Integrative Thinking**

We want our graduates to be capable of reasoning, questioning and analysing, and to integrate and synthesise learning and knowledge from a range of sources and environments; to be able to critique constraints, assumptions and limitations; to be able to think independently and systemically in relation to scholarly activity, in the workplace, and in the world. We want them to have a level of scientific and information technology literacy.

**Changes from Previous Offering**
Changes in the development and submission of a new venture business plan.
New textbook. This is different from previous semesters.
Exam is now replaced with a Reflective Report.

**Global and Sustainability**
This Unit draws on global practices of sustainability in addressing entrepreneurial projects.
Students have the opportunity to engage in sustainable issues that affect community and society at large.

**Research and Practice**
This Unit builds on entrepreneurial principles of understanding the external and internal environment which provide the platform to seek opportunities and to launch new ventures. This perspective requires students to source secondary and/or primary data from Macquarie University library and other external sources and to apply the research findings to their assessments. Students are reminded to consider ethical implications of conducting research.
