Unit description

This important unit introduces and explains core professional capabilities that must be possessed by accountants. It explores and analyses the roles and functions of the accounting profession and its impact on and interface with society at large. It considers in detail a wide variety of issues including general theories of ethics and also the nature and application of the mandatory accounting professional ethical framework. The unit explores a range of governance issues that must be understood by accountants, including corporate social responsibility, corporate law and competition and consumer law. 'Corporate social responsibility' aspects are wide-ranging and include environmental and social reporting and intergenerational concerns. Students' skills are extended with a focus on both developing practical problem solving capabilities and effective communication in complex managerial and related circumstances. This unit is undertaken concurrently with the student being also enrolled in the Ethics and Governance segment of the CPA Australia Professional Program.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

Understand the accounting profession generally and the varied roles of professional accountants including in relation to strategic, leadership and global issues driving accountants and the accounting profession.

Identify governance and regulatory frameworks affecting entities and the local and global perspectives of stakeholders in relation to these frameworks.

Identify the nature, role and vital importance of corporate social responsibility and sustainable development.

Apply and communicate professional understanding of complex concepts involving ethics, governance and relevant judgment as required by accountants operating in a global context.

Develop practical teamwork skills including in relation to team dynamics, effective leadership and collaboration, development of group based analytical and cognitive capabilities, conflict management and resolution and organisational and time management skills.

General Assessment Information

Summary of Formal Assessment Tasks and overall workload expectations

Class attendance is strongly recommended	% of marks	Est work hrs
Task 1: Structured Presentation – minor by each student	10%	5.25 incl prep
Task 2: Class Test (invigilated as a formal exam)	35%	2.5 exam
Task 3: Final Examination CPA Australia	30%	3.25 exam
Task 4: Group Task – group and individual marks apply	25%	19 incl prep
TOTAL Assessment dedicated hours	100%	30 hours
Class Attendance		39 hours
Overall unit preparation and study		81 hours

TOTAL EXPECTED STUDENT WORK HOURS	150 hours
-----------------------------------	-----------

To be eligible to pass the unit it is necessary to:

·Gain the necessary knowledge by preparing fully and attending classes regularly **and attempting ALL assessment components.**

·**Obtain at least a PASS assessment in the CPA external examination.** Note that if you do NOT pass the CPA Australia Ethics and Governance Exam then you cannot attain a pass in this Unit in this Session.

·**Obtain at least half marks for the 70% comprising Macquarie University assessment.**

Where a student attains at least 35 (ie scores 50% of 70 marks) in the Macquarie University assessment but fails the CPA Australia CPA118 E&G Exam then an Incomplete grade may be awarded. The I grade may remain in place for up to twelve months pending successful completion of the CPA Australia CPA118 E&G Exam in a subsequent Session at which time the I grade may be replaced by a substantive pass grade. This statement is general information and is NOT policy advice so students in this position must contact administration to ensure they gain precise advice on their position and the rules.

Turnitin and Text Based Assignment Submission [university policy]

Unless otherwise advised in this Assessment Guide (and therefore approved) all text based assessments must be submitted through Turnitin according to instructions provided in the unit guide and/or on iLearn. It is the student's responsibility to ensure that work is submitted correctly prior to the due date and time. No hard copies of assessments will be accepted and only Turnitin records will be taken as records of submission.

Multiple submissions may be possible (in some units) via Turnitin prior to the final due date and time of an assessment task and originality reports may be made available to students to view and check their work. All identified matching text will be reconsidered carefully. Students should note that the system will not immediately produce the similarity score on a second or subsequent submission - it takes approximately 24 hours for the report to be generated. This may be after the due date so students should plan any resubmissions carefully. Please refer to these instructions on how to submit your assignment through Turnitin and access similarity reports and feedback provided by teaching staff. Should you have questions about Turnitin or experience issues submitting through the system, you must inform your unit coordinator immediately. If the issue is technical in nature may also lodge OneHelp Ticket, refer to the IT help page.

It is the responsibility of the student to retain a copy of any work submitted. Students must produce these documents upon request. Copies should be retained until the end of the grade appeal period each term. In the event that a student is asked to produce another copy of work submitted and is unable to do so, they may be awarded zero (0) for that particular assessment task.

Assessment Tasks

Name	Weighting	Hurdle	Due
<u>1. Presentation</u>	10%	No	As advised
<u>2. Class Test</u>	35%	No	During Week 9 - date TBA
<u>3. Final Examination</u>	30%	No	16 October advised CPA Aust
<u>4. Group Assessment Task</u>	25%	No	Class 4, 5, 7, 12, 13.

1. Presentation

Due: **As advised**

Weighting: **10%**

Submission: Your presentation and submission are to comprise a single newly developed (by you) multiple choice question that you write and present. The total duration of the presentation and explanation **MUST NOT EXCEED 6 minutes**. There is no word limit applicable to accompanying documentation but obviously total words will reflect the time limit in a realistic way. When creating your question and explanation you are required to use class content, the CPA118 CPA Australia Ethics and Governance Study Guide and any further relevant research. You need to write a **UNIQUE and NEWLY DEVELOPED** multiple choice question. You must also write a clear explanation clearly identifying which answers are wrong and why and which answers are correct and why. This Minor Presentation may require you to undertake additional research, reading and critical thought. You will be marked on the quality of the work undertaken and the communication achieved in the presentation. Detailed marking criteria are on the Assessment Task 1 Cover Sheet which will be provided to all students in the ACCG913 Unit Assessment Guide.

You will be marked according to your level of research and preparation, your understanding, accuracy, comprehensiveness and ability to explain the key issues to your fellow students, and your use of presentation aids. A schedule of presentation times will be set for every student. A hard copy of your question and presentation materials must be handed to your lecturer before delivering your presentation.

You are expected to display your knowledge and the communication skills at a standard expected of a postgraduate student. All students must present by Class 10 – all feedback to students will be finalised at or before Class 11.

You **MUST** 'hand in' a printed version of all presentation materials and additional explanation materials at the start of your presentation. This must be attached to the Feedback cover sheet – which must be **STAPLED** as the front page of your 'handed in' materials. Professional presentation of the document submitted and the quality of oral presentation are important!

The task will be discussed in further detail in classes before any presentations take place.

Extension: No extension will be granted without a Disruption to Studies application being lodged within University rules and subsequently approved.

Penalties: Zero mark for non-submission.

On successful completion you will be able to:

- Understand the accounting profession generally and the varied roles of professional accountants including in relation to strategic, leadership and global issues driving accountants and the accounting profession.
- Identify governance and regulatory frameworks affecting entities and the local and global perspectives of stakeholders in relation to these frameworks.
- Identify the nature, role and vital importance of corporate social responsibility and sustainable development.
- Apply and communicate professional understanding of complex concepts involving ethics, governance and relevant judgment as required by accountants operating in a global context.
- Develop practical teamwork skills including in relation to team dynamics, effective leadership and collaboration, development of group based analytical and cognitive capabilities, conflict management and resolution and organisational and time management skills.

2. Class Test

Due: **During Week 9 - date TBA**

Weighting: **35%**

Submission: The test will take place during Week 9 of classes and replaces Class 9. The precise date, time and location will be advised on iLearn and in classes. The test will have a duration of two hours and thirty minutes (including 10 minutes reading time). It will be conducted as an invigilated exam and University ID will be required in the exam room.

The test will cover all of the CPA Australia Ethics and Governance Study Guide Modules and all related content (including readings, case studies, questions and solution) as well as all assumed prior learning/knowledge (as identified in the CPA Study Guide). The test will be conducted as a fully open book exam which is the same approach that you will see in the CPA Australia Final Exam.

The test will consist of multiple choice questions and also short answer style questions to be answered by students. The value of all questions will be stated clearly and all multiple choice questions will be the same value.

Assessment Task 2 is **designed to comprise valuable formative assessment**.

Accordingly, shortly after marking is complete, you will receive full feedback about this test in class. You will receive your own marked exam script (this will be re-collected at the end of the

class) for review and discussion.

Extension: No extensions are possible for this specific formative assessment task so there **will not be a specific supplementary test available for Assessment Task 2**. A student who is absent from this test must correctly complete and submit a valid “Disruption to Studies” application. If this application is approved by the relevant Faculty authorities this will permit the student to sit an alternative assessment examination. This **alternative assessment will be a newly created full exam that will be conducted on a closed book basis** very shortly after the CPA Australia exams are concluded.

Penalties: Students who do not sit for Assessment Task 2 on the initial required date will score zero marks for this assessment item and cannot pass this Unit.

Documented absence that is substantiated by a Disruption to Studies application which meets University requirements, and that is approved, will allow a student to sit the alternative assessment as discussed above in 'Extension'.

On successful completion you will be able to:

- Understand the accounting profession generally and the varied roles of professional accountants including in relation to strategic, leadership and global issues driving accountants and the accounting profession.
- Identify governance and regulatory frameworks affecting entities and the local and global perspectives of stakeholders in relation to these frameworks.
- Identify the nature, role and vital importance of corporate social responsibility and sustainable development.
- Apply and communicate professional understanding of complex concepts involving ethics, governance and relevant judgment as required by accountants operating in a global context.

3. Final Examination

Due: **16 October advised CPA Aust**

Weighting: **30%**

The CPA Australia examination is conducted by CPA Australia at a time and location designated by CPA Australia and according to rules and conditions set by CPA Australia. You can expect to be advised in writing of these rules and further exam details. This written advice will be sent directly to you by CPA Australia and NOT by Macquarie University.

Submission: Subject to the rules applicable to CPA Australia candidature

Extension: Subject to the rules applicable to CPA Australia candidature

Penalties: Students who do not achieve at least a Pass grade in this exam will not be awarded a Pass grade in ACCG913. Students who do not achieve a Pass grade should discuss this with MACC administration staff.

On successful completion you will be able to:

- Understand the accounting profession generally and the varied roles of professional accountants including in relation to strategic, leadership and global issues driving accountants and the accounting profession.
- Identify governance and regulatory frameworks affecting entities and the local and global perspectives of stakeholders in relation to these frameworks.
- Identify the nature, role and vital importance of corporate social responsibility and sustainable development.
- Apply and communicate professional understanding of complex concepts involving ethics, governance and relevant judgment as required by accountants operating in a global context.

4. Group Assessment Task

Due: **Class 4, 5, 7, 12, 13.**

Weighting: **25%**

Submission: Students will form into self-select groups (minimum 4, maximum 5 members). Groups will choose a topic from a list of topics provided in the ACCG913 Unit Assessment Guide. Your choice of group membership must be finalised and approved by your lecturer BEFORE or IN Class 4. Your group topics must be selected, advised to and approved by your lecturer BEFORE or IN Class 5. Any uncertainties including group membership and topics will be clarified or mandated by your lecturer in class.

Individual Planning Reflection Paper: 5 marks of the 25 marks available. Each individual student is required to submit (through Turnitin, with the Correct Cover Sheet) an **Individual Planning Reflection Paper**. Maximum 600 word length (word length limit excludes planning diagrams). Due before Class 7.

Group Report Mark: 12 marks of the 25 marks available. The Group Report must be submitted (through Turnitin). Due before Class 13 or 14 (depending on the group's agreed presentation date).

Individual Structured Presentation Mark: 8 marks of the 25 marks available. On the presentation date (Class 13 or 14) each group is required to present and submit in class, immediately before their group's presentation commences, a professionally prepared **presentation document** that includes (and is comprised of) the presentation for each student. Each individual student's contribution to the documentation must be carefully identified. See Assessment Guide for more details - and also expanded in class explanations. Each student is marked individually in respect of what must be their group planned **Structured Presentation - comprised of their own oral and identifiable documentation components**.

All group members are required to participate appropriately in all aspects of the Group Task. Detailed requirements are stated in the ACCG913 Unit Assessment Guide.

The Group Report itself must be submitted with an accompanying Turnitin Assessment Summary Report that must be acknowledged and signed by all group members. The Turnitin procedure will be provided on iLearn.

Each member of each group MUST submit a correctly completed Peer Evaluation Sheet at the time of presentations in Classes 13 or 14. **This Peer Evaluation provides the basis for ensuring that each individual's mark in relation to the Group Report component is correctly assessed.** The Peer Evaluation process, explanation and documentation are contained in the ACCG913 Unit Assessment Guide.

TOTAL Marks out of 25: 5 marks for the Individual Planning Reflection Paper. 12 marks for the Group Report. 8 marks for each individual's Structured Presentation.

Extension: No extension will be granted.

Penalties: A mark of ZERO will be assigned for late submission or where all submission requirements are not met by any student. Where any aspect of this assessment item is not completed on time and fully by a group member that group member will score zero marks for the entire assessment component (that is the student will score zero out of 25) unless a Disruption to Studies application is lodged according to university requirements and that application is subsequently approved. If such approval is given then alternative additional assessment activities will be prescribed for that student.

On successful completion you will be able to:

- Understand the accounting profession generally and the varied roles of professional accountants including in relation to strategic, leadership and global issues driving accountants and the accounting profession.
- Identify governance and regulatory frameworks affecting entities and the local and global perspectives of stakeholders in relation to these frameworks.
- Identify the nature, role and vital importance of corporate social responsibility and sustainable development.
- Apply and communicate professional understanding of complex concepts involving ethics, governance and relevant judgment as required by accountants operating in a global context.
- Develop practical teamwork skills including in relation to team dynamics, effective leadership and collaboration, development of group based analytical and cognitive capabilities, conflict management and resolution and organisational and time management skills.

Delivery and Resources

Classes

- Classes: Times and Locations will be advised on iLearn - you will attend one three hour class each week
- To complete the unit successfully, you should attend one three hour class per week. **Please attend only the class in which you are formally enrolled.** If you unavoidably miss a class in any week you may change class that week and you do not need to seek permission. Attendance is not compulsory but rolls are marked, in part so that students become known in classes.
- Please refer to the class diary at the end of this unit guide for detailed weekly class content.
- The University web site shows timetables: <http://www.timetables.mq.edu.au/>

Required and Recommended Texts and/or Materials

Required Texts/Materials

- *CPA Professional Program: CPA 118 Ethics and Governance Study Guide*, Deakin University and CPA Australia, Edition as provided by CPA Australia. The CPA Australia Study Guide is provided to you by CPA Australia. You may also find a full software version on the CPA MyOnline Learning website.
- *CPA Australia Members Handbook*, available online at <http://www.cpaustralia.com.au>

Reference Texts/Materials

APES 110 Compiled Code of Professional Ethics for Professional Accountants, available online at <http://www.apesb.org.au>

The CPA Australia 'CPA118 Ethics & Governance Study Guide' provides a comprehensive reference list at the end of each module containing all references cited by the authors. These CPA Australia references will assist you in undertaking further study and they will be very valuable for assignments and research generally. Additional materials and references will be made available or advised in iLearn. Please note you MUST refer to iLearn regularly.

Technology Used and Required

- The principal technology used in this unit comprises web based access to resource materials (see above) and the learning management system called 'iLearn'.
- **Regular access to iLearn is strongly encouraged so that you have access to:**
 - Resources developed for each class
 - Additional recommended reading and research resources
 - Additional information regarding assessment items that may be required
 - Any new information that may arise in relation to contingencies – including in relation to any changes in dates, timetables or class details
 - iLearn communication and discussion tools as an effective means to enhance

learning for all students and staff.

- Please note that **YOUR OWN University email address must be used for both receiving and sending university emails.**

Unit web page - iLearn

- Course information is available on (iLearn).
- iLearn access is at <http://www.learn.mq.edu.au>
- Advice for iLearn including login advice and relevant support is all available at the iLearn site.
- The student web page for this unit is located on iLearn. This includes course material, announcements and results.
- Each week on iLearn you will find Class Guidance Notes and/or In-Class Discussion Questions. You will also find relevant reference materials and addresses for reference materials.

Learning and Teaching Activities

Each 3 hour class will consist of a combination of activities including seminar presentations by the lecturer and student presentations and discussions which will review key concepts. You are encouraged to engage in class discussion relating to questions posed, case studies and their analysis, current events/issues and practical, problem solving exercises. In addition to other assessment tasks, all students are required to participate in preparing and presenting a substantive Group Assessment Task (the 'Group Task').

A revision class will be held prior to the external CPA Program exam and will include analysis, questions and cases designed to explore the entire course. All students will be required to complete a group presentation based on a group prepared report which is to be submitted at the same time as the group presentation.

The material to be covered each week is identified in this Unit Guide.

Preparation for classes

It is essential that you prepare for each class by reading all materials and references carefully. This will include carefully working through the relevant CPA module, noting any issues which you might like to discuss in class and, of course, contributing to in-class discussions and overall 'group learning'.

In addition to your CPA Study Guide Modules, you may download additional relevant class materials required each week from iLearn – login at <https://ilearn.mq.edu.au/login/MQ/>.

These class materials will be placed on iLearn prior to class time. It is your responsibility to ensure that you access and have copies of relevant material prior to classes. You should allow time for thorough reading of all materials before each class.

Learning and Teaching Activities

Learning and Teaching Activities

Your class will meet on scheduled dates for a 3 hour seminar during the session. In between classes (and also in weeks where classes are not scheduled) you are required to continue your study and research and to work through the relevant modules in the CPA Subject Book and related content as well as work on assessment tasks. Check iLearn each week before class for any last minute changes to class content, times or locations. Please note that you must not change between classes of each lecturer as in any week classes may not be exactly in parallel as each lecturer will carry course progress in minor ways consistent with the professional needs of students in each class as well as due to the impact of public holidays on classes. In each class there will be a Lecture/Seminar on issues involving the relevant content from the CPA118 Ethics and Governance Subject Book Module topics. Lectures will last about 2 to 2.5 hours and, to lessen your in-class writing burdens, notes will be provided in advance on the iLearn system (formerly Blackboard). The address is www.ilearn.mq.edu.au. Students can access the Web site for ACCG913 from either their home/office or at University computers. In addition to lectures there will be in-class activities of various types, including assessed student work, for the balance of each 3 hour class period. For each module, PowerPoint lecture notes will be placed on iLearn before the class. They are NOT intended to, nor do they stand alone nor do they in any way replace compulsory lecture attendance and FULL READING OF THE CPA Modules. They are provided for your convenience. You must also properly construct your own notes based on your own readings and you are expected to note and record any additional comments, supplements and corrections to these notes. You are not entitled to rely on lecturer provided notes for full study purposes nor most importantly can they be taken as being a defined indicator of CPA exam content - you must learn fully from the CPA Australia Subject Book and related content to be sure of success in CPA Australia examinations. Please see the schedule of classes and topics which is provided in this Unit Guide and as the "Class Diary" in the Unit Assessment Guide.

Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central](#). Students should be aware of the following policies in particular with regard to Learning and Teaching:

Academic Honesty

The nature of scholarly endeavour, dependent as it is on the work of others, binds all members of the University community to abide by the principles of academic honesty. Its fundamental principle is that all staff and students act with integrity in the creation, development, application and use of ideas and information. This means that:

- all academic work claimed as original is the work of the author making the claim
- all academic collaborations are acknowledged
- academic work is not falsified in any way
- when the ideas of others are used, these ideas are acknowledged appropriately.

Further information on the academic honesty can be found in the Macquarie University Academic Honesty Policy at http://www.mq.edu.au/policy/docs/academic_honesty/policy.html

Grades

Macquarie University uses the following grades in coursework units of study:

- HD - High Distinction
- D - Distinction
- CR - Credit
- P - Pass

- F - Fail

Changes from Previous Offering

The unit syllabus has been updated in minor ways in relation to dates and content coverage.

Research & Practice, Global & Sustainability

- **ACCG913 CPA Ethics and Governance identifies and requires the use of research sources and the practical application of sound academic approaches.** Multiple references are provided in the CPA Australia CPA Professional Program CPA118 Ethics and Governance Subject Book.
- Additional relevant materials, including materials expanding on CPA references, will be placed on iLearn and these will be referred to in classes and will also comprise content for class seminar discussion.
- The unit requires students to conduct their own relevant research activities. References, including to legal sources, are provided. In the context of developing 'lifelong learning' skills it is important that students develop strong ability to conduct relevant systematic research. Effective Masters graduates must be able to identify research locations and construct targeted learning and experiential materials relevant to targeted needs.
- **ACCG913 CPA Ethics and Governance addresses global and sustainability issues as direct areas of study and as necessary implications arising from the materials, assessment and academic discussion and debate in classes/seminars.**
- We promote sustainability by developing an inherent ability in our students to research and locate relevant information within the accounting discipline generally and in particular within the critically important area of Ethics and Governance.
- The unit specifically addresses the application of sustainability concepts in a global

context and in relation to the social, environmental and economic requirements of stakeholders and societies generally.

- By developing and fine-tuning this capability within students, we aim to provide skills which will benefit our graduates' careers and societies generally.
