## Withdrawing from this UG Unit

If you are considering withdrawing from this unit, please seek academic advice by writing to <u>des.ug@mq.edu.au</u> before doing so as this unit may be a co-requisite or prerequisite for units in the following semesters and may impact on your progression through the degree.

#### **Department of Educational Studies Assessment Presentation & Submission Guidelines**

#### Please follow these guidelines when you submit each assignment:

- Allow a left and right-hand margin of at least 2cm in all assignments.
- Please type all assignments using 12-point font and 1.5 spacing.
- All assessments must be submitted through Turnitin in .doc or .pdf format for submission.
- It is the onus of the student to ensure that all assessments are successfully submitted through Turnitin.
- Faculty assignment cover sheets are <u>NOT</u> required for this unit.

#### **Draft Submissions & Turnitin Originality Reports**

- Students may use Turnitin's Originality Report as a learning tool to improve their academic writing if this option is made available in the unit.
- Students are strongly encouraged to upload a draft copy of each assessment to Turnitin at least one week prior to the due date to obtain an Originality Report.
- The Originality Report provides students with a similarity index that may indicate if plagiarism has occurred. Students will be able to make amendments to their drafts prior to their final submission on the due date.
- Generally, one Originality Report is generated every 24 hours up to the due date.

#### When preparing your assignments, it is essential that:

- Students must retain a copy of all assignments before submission, and retain the copy until your final grade for the subject has been received;
- Marks will be deducted if you submit your assessment late (refer to the 'late assessments' section below for more details);
- Unless there are exceptional circumstances, no assessment will be accepted after the date that the assessment has been returned to other students.
- If an assessment is considered to be below passing standard, another staff member on the unit will provide a second opinion. No failed assessment may be re-submitted.

#### **Final Submissions**

- Students are responsible for checking that their submission has been successful and has been submitted by the due date and time.
- Late submissions due to last minute technical difficulties will incur a lateness penalty.

#### Assignment extensions and late penalties

Applications for extensions must be made via AskMQ at <u>https://ask.mq.edu.au</u> as a "Disruption to Studies" request before the submission date. Students who experience a disruption to their studies through ill-health or misadventure are able to apply for this request. *Extensions can only* 

*be granted if they meet the Disruption to Studies policy and are submitted via ask.mq.edu.au.* This will ensure consistency in the consideration of such requests is maintained.

In general, there should be no need for extensions except through illness or misadventure that would be categorised as unavoidable disruption according to the University definition of same, and currently available at:

#### http://students.mq.edu.au/student\_admin/exams/disruption\_to\_studies/

Late submissions without extension will receive a penalty of 5% reduction of the total possible mark for each day late (including weekends and public holidays). You are reminded that submitting even just 1 day late could be the difference between passing and failing a unit. Late penalties are applied by unit convenors or their delegates after tasks are assessed.

No assessable work will be accepted after the return/release of marked work on the same topic. If a student is still permitted to submit on the basis of unavoidable disruption, an alternative topic may be set.

Students should keep an electronic file of all assessments. Claims regarding "lost" assessments cannot be made if the file cannot be produced. It is also advisable to keep an electronic file of all drafts and the final submission on a USB untouched/unopened after submission. This can be used to demonstrate easily that the assessment has not been amended after the submission date.

- Please notify the unit coordinator of your intention to request an extension (via Dialogue in iLearn), however, an extension will only be granted on receipt of the completed form submitted through ask.mg.edu.au, plus documentation.
- Emails are not appropriate means of extension requests.
- It is essential that you plan ahead and organise your study time effectively. Poor time management is not grounds for an extension

# **Delivery and Resources**

It is the responsibility of individual students to be aware of pre and co requisites throughout their program. If you are considering withdrawing from this unit please seek academic advice as this may impact on your progression throughout the degree.

Students in this unit should read this unit outline carefully at the start of semester. It contains important information about the unit. If anything in it is unclear, please consult the Academic Unit Coordinator.

Students having difficulty at any time throughout the semester for example, with unit content, assessment queries or placement concerns are urged to contact the Academic Unit Coordinator EARLY to discuss issues.

This unit will introduce the student teacher to the school curriculum and the importance of the relationships across schools and early childhood settings. This unit will also provide opportunities to explore appropriate ways to guide children's behaviour and to refine and articulate a

philosophy of professional practice.

Like all Reflective Practice units, this unit incorporates theory and practice by combining university-based study with professional experience in a school setting (K-6). It reflects an understanding that teaching is a complex undertaking, not a simple, straightforward series of skills to be learnt by copying another teacher. The unit is based on a belief that student teachers develop professionally through opportunities to make decisions and to act upon these decisions. The student teacher's decision making will be informed by thoughtful analysis of relevant factors, careful consideration of possible outcomes and implications of actions, and on-going reflection about personal practice.

This unit does not directly teach curriculum content (http://www.boardofstudies.nsw.edu.au/k-6/). Students are expected to use syllabuses (http://syllabus.bos.nsw.edu.au) for KLAs in line with their school placement.

It is expected that students have a working knowledge of KLAs for Kindergarten to Year 6 from completion of prior units and from personal study.

**Classes** The timetable for classes can be found on the University web site at: https://timetables.mq.edu.au/2017/

• 1 hour lectures will be held Monday mornings from 9am--10am.

• 2 hour tutorials will be held weekly for internal students. Tutorials are timetabled for Mondays and Thursdays. Students are to attend the tutorial that they have registered for. Students will not be accepted in alternate tutorials under any circumstances.

• Those students enrolled in the tutorial which follows the lecture are expected to attend the lecture in order to be able to participate in the tutorial directly following. This is when the roll will be taken. It is expected that students attending the later tutorials will either attend the lecture or listen on line prior to coming to class. For external students it is expected that students listen weekly online.

• Students are not able to swap between tutorials throughout the semester. Tutorial groups are established in the first two weeks of semester and students must remain in this tutorial until the end of semester.

• External students are to attend compulsory on campus days, <u>Monday 25th September and</u> <u>Tuesday 26th September 2017</u>.

• In order to be eligible for a passing grade, students must meet the following requirements:

- Internal students must attend tutorials
- $\circ$  External students must attend both of the compulsory on-campus sessions.
