Delivery and Resources

Delivery:

Day, External, Online

This unit will use:

iLearn, Echo360.

Students must have regular access to a reliable internet connection, and intermediate computer skills including audio recording, file upload, and online communication etiquette.

Mobile devices alone are not sufficient as you will require a desktop or laptop computer for some tasks, ideally with a browser that supports Flash and npapi (Java) (now not supported by CHROME).

For students attending classes on campus we encourage that you bring along your own laptop computer as instructed by tutors/indications in the iLearn weekly syllabus, ready to work with activities in your online unit when required. The preferred operating system is Windows 10.

Students are required to access the online unit in iLearn by the end of Week 1 and follow any relevant instructions and links for downloads/language set up that may be required. If applicable, students are required to download the relevant language package prior to Week 2.

Please contact your course convenor before the end of Week 1 if you do not have a suitable laptop (or tablet) for in-class use.

- For technical support go to: http://mq.edu.au/about_us/offices_and_units/information_technology/help
- For student quick guides on the use of iLearn and iLearn tools (e.g. assignment submission and feedback, accessing results) go to: http://mq.edu.au/iLearn/student_info/guides.htm

Required and recommended resources:

Fuentes. Conversación y gramática. Rusch/Domínguez/Caycedo Garner. (2015) Heinle Cengage Learning. 5/e. (We are happy for students to use the 4th edition as an acceptable alternative.)

Students MUST bring the textbook to class.

We also expect you to develop good dictionary skills using websites like wordreference.com and rae.es. Google Translate and similar machine translation tools are not adequate dictionaries for language study as they omit context, don't give functional examples of language in use, and often provide the wrong word if the student doesn't know what they are looking for (e.g. nouns instead of verbs).

For students who do not have a sound foundation of basic grammatical knowledge we recommend:

E. Spinelli, *English Grammar for Students of Spanish.*

Times and Locations for Practicals and Seminars: Please consult the MQ Timetables Website: <http://www.timetables.mq.edu.au>

You should be enrolled in a stream with a matching class number for the Practical and Seminar.

Students who are not enrolled in SPN210 Passion and Repression in on campus mode should enrol in the later stream of SPN202 if possible.
