Unit description

This unit involves participation in an international internship, normally as part of Macquarie University PACE International program operated in conjunction with Australian Volunteers International (AVI). Participation in an international placement will provide students with an opportunity for field-based practical legal experience in a global context. On either a four (S1, S2) or eight (S3) week program, interns will travel overseas to participate in internships. Interns will work within a range of organisations that provide legal advice, education, services and contribute to public debate about legal standards, policies and reform. During their internship students will engage in needs-based projects, assist with legal research, legal policy drafting, legal reform reviews, prepare case briefings, undertake international and local comparative law analysis, communication and education about legal issues, or community advice, as well as provide general paralegal assistance. Each intern will focus on a project under the direction of the partner organisation, decided in consultation between the intern, partner, and academic convenor, whilst also being involved in daily operations of the partner organisation. Interns will be matched to partner organisations during the recruitment process based on their skills and interests, and the partner project requirements.
