Co-badged status

Unit description

Students explore the world and their place in it, thereby promoting critical awareness and appreciation of History/ HSIE and PDHPE, along with cross-curricular links. This unit examines professional and pedagogical approaches to K-6 students' learning about 'democratic and socially just practices', recognising 'shared heritage', 'multiple perspectives and viewpoints' about history, human society and the environment. This unit also addresses the Active, Dance, Games and Sports, Gymnastics and interpersonal relationships strands in the PDHPE K-6 syllabus. The 5 skills are also examined to ensure the student teacher unpacks strategies for developing positive healthy attitudes in students. Student teachers develop skills and knowledge in planning, teaching and evaluating students' learning in PDHPE and HSIE/History across the K-6 context.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

Articulate theoretical and ecological understandings of citizenship, social justice and democracy across contextual layers and diverse groups

Explain the multiple historical and cultural perspectives and viewpoints – focussing on childhood, environments, societies and histories in global contexts and in Australia.

Plan and assess learning experiences focusing on historical content, skills, values and attitudes in an integrated manner including understanding of strategies for differentiating teaching to meet the diverse learning needs of students

Examine learning of 'shared heritage' with students, families and community – identifying strategies for extending learning beyond the classroom.

Identify the five essential skills that students develop from PDHPE.

Promote students' positive healthy decision making and the engagement of all students in an active lifestyle

Participate in programs that develop the pre-service teacher's skills in human movement and sports skills, gymnastics, aquatics and interpersonal skills.

Plan and assess health focused experiences in the areas of personal development, health and physical activity.

## General Assessment Information

### Assignment Submission

Assignment 1, 2 & 3 must be submitted initially via Turnitin and then in **hardcopy** to your tutor in your workshop/tutorial the week it is due (internal students only). Your Turnitin summary must be attached as a coversheet and task must not be placed in plastic sleeves or folders. Please ensure you staple your document together prior to submission and your name is on all tasks submitted.

### **When preparing your assignments, it is essential that:**

- Students regularly save a copy of all assignments before submission,
- Unless there are exceptional circumstances, no assessment will be accepted after the date that the assessment has been returned to other students.
- If an assessment is considered to be below passing standard, another staff member on the unit will provide a second opinion. No failed assessment may be re-submitted.

### **Please follow these guidelines when you submit each assignment:**

- Assessment 1: must be submitted using 12 point font (Arial) with a 1.5 spacing
- Assessment 2: lesson plan template to be used can be found on iLearn. Font can be a minimum of 10 point with single line spacing.
  - Justification statement must be submitted using 12 point font (Arial) with a 1.5 spacing
- Assessment 3: Letters and statements must be submitted using 12 point font (Arial) with

a 1.5 spacing

- Risk Assessment design: font can be a minimum of 10 point with single line spacing.
- All assessments must be formatted to an A4 page
- Allow a left and right-hand margin of at least 1cm in all assignments.
- Your assignment will be marked based on what is received – any omissions will not be accepted after your submission.
- All assessments must be submitted through Turnitin in .doc or .pdf format.
- It is the responsibility of the student to ensure that all assessments are successfully submitted.
- Faculty assignment cover sheets are NOT required.

### Draft Submissions & Turnitin Originality Reports

- Students may use Turnitin's Originality Report as a learning tool to improve their academic writing if this option is made available in the unit.
- Students are strongly encouraged to upload a draft copy of each assessment to Turnitin at least one week prior to the due date to obtain an Originality Report.
- The Originality Report provides students with a similarity index that may indicate if plagiarism has occurred. Students will be able to make amendments to their drafts prior to their final submission on the due date.
- Generally, one Originality Report is generated every 24 hours up to the due date.

### Final Submissions

- Students are responsible for checking that their submission has been successful and has been submitted by the due date and time.
- Do not contact staff asking them to check your submission.
- Late submissions due to last minute technical difficulties may incur a lateness penalty.

Please note:

**GRADES for TASKS** will be released through Grade Mark online in *iLearn*. An announcement will be made when your Grades and Comments are available.

[http://www.mq.edu.au/iLearn/student\\_info/gradebook.htm](http://www.mq.edu.au/iLearn/student_info/gradebook.htm)

This link provides guidance as to how you can access Grades.

### Assignment extensions and late penalties

Applications for extensions must be made via AskMQ at <https://ask.mq.edu.au> as a "Special Consideration" request before the submission date. Students who experience a disruption to their studies through ill-health or misadventure are able to apply for this request. *Extensions can*

*only be granted if they meet the Special Considerations policy and are submitted via ask.mq.edu.au.* This will ensure consistency in the consideration of such requests is maintained.

In general, there should be no need for extensions except through illness or misadventure that would be categorised as unavoidable disruption according to the University definition of same, and currently available at: <https://students.mq.edu.au/study/my-study-program/special-consideration/disruption-to-studies>

**Late submissions without extension will receive a penalty of 5% reduction of the total possible mark for each day late (including weekends and public holidays).** You are reminded that submitting even just 1 day late could be the difference between passing and failing a unit. Late penalties are applied by unit convenors or their delegates after tasks are assessed.

No assessable work will be accepted after the return/release of marked work on the same topic. If a student is still permitted to submit on the basis of unavoidable disruption, an alternative topic may be set.

Students should keep an electronic file of all assessments. Claims regarding "lost" assessments cannot be made if the file cannot be produced. It is also advisable to keep an electronic file of all drafts and the final submission on a USB untouched/unopened after submission. This can be used to demonstrate easily that the assessment has not been amended after the submission date.

### **Special Consideration**

The Special Consideration provision is to support students who have been impacted by circumstances that are unexpected, unavoidable, significantly disruptive and beyond the student's control, and which may affect their performance in assessment.

The University classifies a circumstance as serious and unavoidable if it:

- could not have reasonably been anticipated, avoided or guarded against by the student; and
- was beyond the student's control; and
- caused substantial disruption to the student's capacity for effective study and/or completion of required work; and
- occurred during an event critical study period and was at least three (3) consecutive days duration, and/or
- prevented completion of an assessment task scheduled for a specific date (e.g. final examination, in class test/quiz, in class presentation).

The following link takes you to the Special Considerations policy, which makes clear the ways in which you can apply for special consideration in times of difficulty.

<https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policies/special-consideration>

## **Academic Honesty**

The nature of scholarly endeavour, dependent as it is on the work of others, binds all members of the University community to abide by the principles of academic honesty.

Plagiarism is a matter of particular importance. Plagiarism is defined as using the work or ideas of another person and presenting this as your own without clear acknowledgement of the source of the work or ideas. This includes, but is not limited to, any of the following acts:

- copying out part(s) of any document or audio-visual material or computer code or website content without indicating their origins;
- using or extracting another person's concepts, experimental results, or conclusions;
- summarising another person's work;
- submitting substantially the same final version of any material as another student in an assignment where there was collaborative preparatory work;
- use of others (paid or otherwise) to conceive, research or write material submitted for assessment; and
- submitting the same or substantially the same piece of work for two different tasks (self-plagiarism).

The University's Academic Honesty Policy can be found on the Policy Central website: [http://mq.edu.au/policy/docs/academic\\_honesty/policy.html](http://mq.edu.au/policy/docs/academic_honesty/policy.html)

*Turnitin* is used to assist students with appropriate referencing and paraphrasing, and to detect plagiarism. The system also serves as a digital repository if anything should happen to your hard copy submission or personal backup. Please ensure you have stated your *Turnitin* receipt number on your coversheet. A link to *Turnitin* is embedded in iLearn.

## **Appeals against grades**

University regulations allow for students to appeal a unit grade if they feel they have been disadvantaged.

Grading appeals can be lodged on the following grounds:

- a clerical error occurred in the determination of a final grade
- the Unit Guide was not in accordance with the Unit Guide Policy
- due regard was not paid to an illness or misadventure that had been found to be eligible for special consideration
- the student had been disadvantaged in some way due to the conduct of an assessment task
- the student had been disadvantaged by variation of the assessment requirements or feedback provisions laid out in the Unit Guide

- the assessor's judgement was not objectively applied.

If you have evidence that your task has been incorrectly assessed against the grade descriptors you can request a remark. To request a re-mark, you need to contact the unit convenor within 7 days of the date of return of the assignment and provide a detailed assessment your script against the task criteria. Evidence from your assignment must be provided to support your judgements.

Please note: The outcome of a remark may be a higher/lower or unchanged grade. Grades are standards referenced and effort is NOT a criterion.

Further information regarding the relevant policy and procedures can be found on the University's Policy Central website: <http://mq.edu.au/policy/docs/gradeappeal/policy.html>

**Withdrawing from this UG Unit** If you are considering withdrawing from this unit, please seek academic advice by writing to <https://ask.mq.edu.au> before doing so as this unit may be a co-requisite or prerequisite for units in the following semesters and may impact on your progression through the degree.

## Assessment Tasks

Name	Weighting	Hurdle	Due
<a href="#"><u>K-6 PDHPE Assessment Design</u></a>	35%	No	Week 6
<a href="#"><u>K-6 HSIE Lesson Plan</u></a>	35%	No	Week 9
<a href="#"><u>Designing a school excursion</u></a>	30%	No	Week 13

### K-6 PDHPE Assessment Design

Due: **Week 6**

Weighting: **35%**

**Purpose:** To develop a PDHPE assessment task based on outcomes from the K-6 PDHPE syllabus.

**Procedure:**

#### Page 1: Assessment Task Design

- Design an assessment task (of your own design) that addresses at least TWO K-6 PDHPE Outcomes.

#### Pages 2-4: Justification Statement

- Identify the literacy (health, physical or BOTH) you are targeting to influence;
- Describe how the body of literature pertaining to the PDHPE syllabus and health/physical

literacy influenced your assessment task;

- Discuss the means in which you would formatively prepare students to undertake this assessment task;
- Based on your own review of appropriate scholarly literature, what evidence-based pedagogy(s) could/are being employed during the learning preceding the assessment task? Why are these the most appropriate for the content being assessed in your task?
- Provide a detailed reference list in APA 6<sup>th</sup> formatting style (Page 4).

On successful completion you will be able to:

- Identify the five essential skills that students develop from PDHPE.
- Promote students' positive healthy decision making and the engagement of all students in an active lifestyle
- Participate in programs that develop the pre-service teacher's skills in human movement and sports skills, gymnastics, aquatics and interpersonal skills.
- Plan and assess health focused experiences in the areas of personal development, health and physical activity.

## K-6 HSIE Lesson Plan

Due: **Week 9**

Weighting: **35%**

**Purpose:** To develop one Geography OR History lesson based on outcomes (no less than two) from the K-10 Geography syllabus or the K -10 History syllabus. This lesson will also display elements of the NSW Quality Teaching Framework (QTF) As part of your lesson design, you must use at least one source from the Macquarie University 3D Object Collection and design a worksheet for students to complete as part of your lesson **OR** have your lesson activities designed around using your chosen source. ([http://pedestal.mq.edu.au/3d/3d\\_grid.php](http://pedestal.mq.edu.au/3d/3d_grid.php))

**Procedure:**

### Pages 1 - 2: Lesson planning

- Design one lesson plan (unique and of your own design) that addresses at least two K-6 Geography or History outcomes. Lesson should be between 45 – 60 minutes in duration. Outcomes must come from the ES1 – Stage 3 content areas.

Elements required include:

- lesson description with prior student knowledge and any skills required
- duration / stage / year
- key enquiry question/s
- outcomes and organisation of content

- teaching and learning activities
- subject specific requirements (e.g. concepts, skills and/or tools)
- resources required
- differentiation
- links to the general capabilities of literacy and/or numeracy PLUS one other general capability of your choice
- display of QTF elements being met

### Pages 3-4: Justification Statement

- Identify your target group by Year and Stage;
- Based on your own review of appropriate scholarly literature, justify and discuss the aspects of the QTF that are exemplified in your lesson. **NOTE:** Highlight the QTF aspect you are discussing by having a clear subheading, followed by your discussion on that topic for each of the aspects you are discussing.

**Page 5:** Provide a detailed reference list in APA 6<sup>th</sup> formatting style.

**Page 6:** Appendix. Worksheet designed for lesson activity if applicable.

*With your consent, and after marking, the Australian History Museum will choose various students work and display your lesson plans, activities and worksheets on the Pedestal website for other teachers to gain ideas of how to work with each object. You will be given full credit for your work. If you do not wish your work to be displayed on Pedestal, please contact the unit convenor.*

On successful completion you will be able to:

- Articulate theoretical and ecological understandings of citizenship, social justice and democracy across contextual layers and diverse groups
- Explain the multiple historical and cultural perspectives and viewpoints – focussing on childhood, environments, societies and histories in global contexts and in Australia.
- Examine learning of ‘shared heritage’ with students, families and community – identifying strategies for extending learning beyond the classroom.

## Designing a school excursion

Due: **Week 13**

Weighting: **30%**

**Purpose:** Propose an excursion opportunity for primary school aged children that addresses at least two HSIE and two PDHPE syllabus outcomes.

## Procedure:

### Page 1: Letter to Principal

- Referring to the NSW Department of Education Excursion Policy Implementation Procedures, write a letter to a school principal arguing the educational value and inclusivity aspects of the excursion you are proposing.
- Identify your target group by Year or Stage for whom the excursion will occur
- List the syllabus outcomes being explored
- Justify the need for an excursion to engage student in the syllabus outcomes being explored.
- **Important note:** Determining the number of teachers required for an excursion should be guided by Department statements on class sizes. Fewer students per teacher will be necessary for some excursions such as bushwalking. Particular aquatic and outdoor recreation activities have specific teacher/instructor to student ratios. These are identified in the Guidelines for Specific Activities section of [Sport and Physical Activity in Schools, Safe Conduct Guidelines](#)

### Page 2-3: Letter to Parents

- Prepare a permission letter for parents/guardians for their children to participate in the excursion.
  - Sample consent forms can be found at <https://app.education.nsw.gov.au/sport/Page/1114>

### Page 4: Briefing for students prior to the excursion

- Prepare a script to brief students on the upcoming excursion and the school's expectations of their behaviour. Be ensure to include
  - information about the excursion that students need to know and understand
  - students right to be safe and protected, protective strategies and avenues for support should concerns arise
  - the importance of advising staff or others (eg volunteers) if they are unwell or if they believe one of their fellow students is unwell.
  - the extent to which a culture different to their own is being explored and the need for appropriate communication in cross-cultural contexts
  - appropriate behaviour around animals (if appropriate)

### Page 5-7: Complete a risk management assessment for the excursion

- Steps in developing the excursion risk management plan
  - List the activities of the excursion
    - List the activities of the excursion, that is, break the whole excursion into its parts e.g. getting to and from the venue, being at the venue, each of the major activities at the venue, having meals, staying at the accommodation etc.
  - Identify the hazards
    - Determine the hazards associated with the activities. Consider hazards associated with travel, the venue, activities at the venue, equipment used in the activities, the environment, people (e.g. behaviour and medical conditions), and accommodation.
  - Assess the level of risk
    - Using the risk assessment matrix, determine the seriousness of the risks associated with the hazards by considering both the likelihood and severity of risks. This gives you a risk ranking from 1 being the most serious to 6 being the least serious.
  - Eliminate or control the risks
    - Consider the most suitable control strategies for each of the identified hazards using the hierarchy of controls.
  - Document plan
    - Document the excursion risk management plan.
  - Communicate the plan
    - Communicate the plan to excursion supervisors. Provide relevant information to participants and their families.
  - Monitor and review
    - Monitor the effectiveness of controls and change if necessary. Review the risk assessment if an incident or a significant change occurs.

On successful completion you will be able to:

- Articulate theoretical and ecological understandings of citizenship, social justice and democracy across contextual layers and diverse groups
- Plan and assess learning experiences focusing on historical content, skills, values and attitudes in an integrated manner including understanding of strategies for differentiating teaching to meet the diverse learning needs of students
- Examine learning of 'shared heritage' with students, families and community – identifying

strategies for extending learning beyond the classroom.

- Identify the five essential skills that students develop from PDHPE.
- Plan and assess health focused experiences in the areas of personal development, health and physical activity.

## Delivery and Resources

This subject requires students to be physically active. For PE workshops, students are required to wear sunscreen and athletic attire (i.e. polo shirt, athletic shorts/pants, and athletic footwear) for practical lessons and swimwear and towels for practical lessons conducted in the pool. Students who do not present at the beginning of workshops appropriately attired will not be eligible to participate and will be marked as absent for the respective workshop. Failure to attend all of the practical workshops may result in a Fail grade being awarded.

### Pregnancy, Injury and Practical Sessions

PDHPE is a physically demanding unit of study. ECHE330 tutorials will require you to run, jump, throw and catch balls, participate in activities that may require physical contact with another person and you will be expected to stand for extended periods of time. Your fitness to undertake it must be considered. If you are pregnant, please be realistic and responsible in relation to both your health and the health of your developing child. If you are pregnant, a medical certificate stating that you are able to undertake physical activity will need to be provided prior to the commencement of practical sessions.

Students unable to participate for medical reasons must present to the Unit Coordinator with a Macquarie University sanctioned medical exemption prior to the commencement of the tutorial. Refer to [www.ask.mq.edu.au](http://www.ask.mq.edu.au) for more details.

### Electronic Communication

Students enrolled in ECHE330 will need regular access to a computer and the Internet. There are a number of university computers in C5C (Rooms 211, 213 and 217) as well as in C5A204 and 210 that can be accessed at specified times.

The iLearn web page for this unit can be found at [iLearn.mq.edu.au](http://iLearn.mq.edu.au)

The ECHE330 iLearn facility provides students with access to:

- Lecture PowerPoint presentations
- A soft copy of the ECHE330 Unit Outline, assignment cover sheets and marking criteria
- Selected policy documents

Please do NOT contact the Unit Convener regarding iLearn technical support. Instead, contact the Macquarie University Library Student IT Help Desk (Phone: 9850 4357; Email: [support@mq.edu.au](mailto:support@mq.edu.au))

## Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central](https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central) (<https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central>). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- [Academic Appeals Policy](#)
- [Academic Integrity Policy](#)
- [Academic Progression Policy](#)
- [Assessment Policy](#)
- [Fitness to Practice Procedure](#)
- [Grade Appeal Policy](#)
- [Complaint Management Procedure for Students and Members of the Public](#)
- [Special Consideration Policy](#) (**Note:** *The Special Consideration Policy is effective from 4 December 2017 and replaces the Disruption to Studies Policy.*)

Undergraduate students seeking more policy resources can visit the [Student Policy Gateway](https://students.mq.edu.au/support/study/student-policy-gateway) (<https://students.mq.edu.au/support/study/student-policy-gateway>). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

If you would like to see all the policies relevant to Learning and Teaching visit [Policy Central](https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central) (<https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central>).

## Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: <https://students.mq.edu.au/study/getting-started/student-conduct>

## Results

Results shown in *iLearn*, or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit [ask.mq.edu.au](https://ask.mq.edu.au).

## Student Support

Macquarie University provides a range of support services for students. For details, visit <http://students.mq.edu.au/support/>

## Learning Skills

Learning Skills ([mq.edu.au/learningskills](https://mq.edu.au/learningskills)) provides academic writing resources and study strategies to improve your marks and take control of your study.

- [Workshops](#)

- [StudyWise](#)
- [Academic Integrity Module for Students](#)
- [Ask a Learning Adviser](#)

## Student Services and Support

Students with a disability are encouraged to contact the [Disability Service](#) who can provide appropriate help with any issues that arise during their studies.

## Student Enquiries

For all student enquiries, visit Student Connect at [ask.mq.edu.au](http://ask.mq.edu.au)

## IT Help

For help with University computer systems and technology, visit [http://www.mq.edu.au/about\\_us/offices\\_and\\_units/information\\_technology/help/](http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/).

When using the University's IT, you must adhere to the [Acceptable Use of IT Resources Policy](#). The policy applies to all who connect to the MQ network including students.

## Graduate Capabilities

### Creative and Innovative

Our graduates will also be capable of creative thinking and of creating knowledge. They will be imaginative and open to experience and capable of innovation at work and in the community. We want them to be engaged in applying their critical, creative thinking.

This graduate capability is supported by:

### Learning outcome

- Examine learning of 'shared heritage' with students, families and community – identifying strategies for extending learning beyond the classroom.

### Assessment tasks

- K-6 PDHPE Assessment Design
- K-6 HSIE Lesson Plan
- Designing a school excursion

### Capable of Professional and Personal Judgement and Initiative

We want our graduates to have emotional intelligence and sound interpersonal skills and to demonstrate discernment and common sense in their professional and personal judgement. They will exercise initiative as needed. They will be capable of risk assessment, and be able to handle ambiguity and complexity, enabling them to be adaptable in diverse and changing environments.

This graduate capability is supported by:

## **Learning outcomes**

- Identify the five essential skills that students develop from PDHPE.
- Plan and assess health focused experiences in the areas of personal development, health and physical activity.

## **Assessment tasks**

- K-6 PDHPE Assessment Design
- K-6 HSIE Lesson Plan

## **Discipline Specific Knowledge and Skills**

Our graduates will take with them the intellectual development, depth and breadth of knowledge, scholarly understanding, and specific subject content in their chosen fields to make them competent and confident in their subject or profession. They will be able to demonstrate, where relevant, professional technical competence and meet professional standards. They will be able to articulate the structure of knowledge of their discipline, be able to adapt discipline-specific knowledge to novel situations, and be able to contribute from their discipline to inter-disciplinary solutions to problems.

This graduate capability is supported by:

## **Learning outcomes**

- Articulate theoretical and ecological understandings of citizenship, social justice and democracy across contextual layers and diverse groups
- Explain the multiple historical and cultural perspectives and viewpoints – focussing on childhood, environments, societies and histories in global contexts and in Australia.
- Plan and assess learning experiences focusing on historical content, skills, values and attitudes in an integrated manner including understanding of strategies for differentiating teaching to meet the diverse learning needs of students
- Identify the five essential skills that students develop from PDHPE.
- Promote students' positive healthy decision making and the engagement of all students in an active lifestyle
- Participate in programs that develop the pre-service teacher's skills in human movement and sports skills, gymnastics, aquatics and interpersonal skills.
- Plan and assess health focused experiences in the areas of personal development, health and physical activity.

## **Assessment tasks**

- K-6 PDHPE Assessment Design

- K-6 HSIE Lesson Plan
- Designing a school excursion

## Critical, Analytical and Integrative Thinking

We want our graduates to be capable of reasoning, questioning and analysing, and to integrate and synthesise learning and knowledge from a range of sources and environments; to be able to critique constraints, assumptions and limitations; to be able to think independently and systemically in relation to scholarly activity, in the workplace, and in the world. We want them to have a level of scientific and information technology literacy.

This graduate capability is supported by:

### Learning outcomes

- Articulate theoretical and ecological understandings of citizenship, social justice and democracy across contextual layers and diverse groups
- Promote students' positive healthy decision making and the engagement of all students in an active lifestyle

### Assessment tasks

- K-6 PDHPE Assessment Design
- K-6 HSIE Lesson Plan
- Designing a school excursion

## Effective Communication

We want to develop in our students the ability to communicate and convey their views in forms effective with different audiences. We want our graduates to take with them the capability to read, listen, question, gather and evaluate information resources in a variety of formats, assess, write clearly, speak effectively, and to use visual communication and communication technologies as appropriate.

This graduate capability is supported by:

### Learning outcomes

- Examine learning of 'shared heritage' with students, families and community – identifying strategies for extending learning beyond the classroom.
- Participate in programs that develop the pre-service teacher's skills in human movement and sports skills, gymnastics, aquatics and interpersonal skills.

### Assessment tasks

- K-6 PDHPE Assessment Design
- K-6 HSIE Lesson Plan
- Designing a school excursion

## Engaged and Ethical Local and Global citizens

As local citizens our graduates will be aware of indigenous perspectives and of the nation's historical context. They will be engaged with the challenges of contemporary society and with knowledge and ideas. We want our graduates to have respect for diversity, to be open-minded, sensitive to others and inclusive, and to be open to other cultures and perspectives: they should have a level of cultural literacy. Our graduates should be aware of disadvantage and social justice, and be willing to participate to help create a wiser and better society.

This graduate capability is supported by:

### Learning outcomes

- Articulate theoretical and ecological understandings of citizenship, social justice and democracy across contextual layers and diverse groups
- Explain the multiple historical and cultural perspectives and viewpoints – focussing on childhood, environments, societies and histories in global contexts and in Australia.
- Plan and assess learning experiences focusing on historical content, skills, values and attitudes in an integrated manner including understanding of strategies for differentiating teaching to meet the diverse learning needs of students
- Examine learning of 'shared heritage' with students, families and community – identifying strategies for extending learning beyond the classroom.

## Socially and Environmentally Active and Responsible

We want our graduates to be aware of and have respect for self and others; to be able to work with others as a leader and a team player; to have a sense of connectedness with others and country; and to have a sense of mutual obligation. Our graduates should be informed and active participants in moving society towards sustainability.

This graduate capability is supported by:

### Learning outcomes

- Articulate theoretical and ecological understandings of citizenship, social justice and democracy across contextual layers and diverse groups
- Explain the multiple historical and cultural perspectives and viewpoints – focussing on childhood, environments, societies and histories in global contexts and in Australia.
- Plan and assess learning experiences focusing on historical content, skills, values and attitudes in an integrated manner including understanding of strategies for differentiating teaching to meet the diverse learning needs of students
- Examine learning of 'shared heritage' with students, families and community – identifying strategies for extending learning beyond the classroom.
- Promote students' positive healthy decision making and the engagement of all students

in an active lifestyle

## **Assessment task**

- Designing a school excursion

## **Changes from Previous Offering**

Change to Assessment 2 to include Pedestal as part of assessment requirements.
