Unit description

The Department of Security Studies and Criminology (SSC) offers a unique opportunity for students to complete an industry-focused internship as part of their Master's degree. There are a number of companies and organisations that host SSC interns, including several multinational consulting firms, IT firms, think tanks, NGOs, a defence contractor and public service organisations. Expressions of Interest by email are to be submitted by close of business for: Session 2 – 15 April Session 1 – 15 September Students typically spend twelve days on site at the host organisation. Internship placements are made by matching students' interests and Master's degree specialisations with a relevant organisation. Students are expected to complete written assessment tasks and a research project for their organisation. These assessment tasks, plus a Workplace Supervisor's Report, will be graded. To be considered for the internship, students must have a 70% average in PICT units, demonstrate excellent research and communication skills and be in the latter part of their degree program. SSC cannot guarantee placement in any particular workplace, and placements are made through a competitive process after an initial interview. Students may arrange their own internship placements in a relevant organisation. Please contact [fred.smith@mq.edu.au](mailto:fred.smith@mq.edu.au) for EOI, as an intern or hosting organisation.

## Delivery and Resources

### DELIVERY AND RESOURCES

#### UNIT REQUIREMENTS AND EXPECTATIONS

- You should spend an average of 12 hours per week on this unit. This includes listening to lectures prior to seminar or tutorial, reading weekly required materials as detailed in iLearn, participating in iLearn discussion forums and preparing assessments.
- Internal students are expected to attend all seminar or tutorial sessions, and external students are expected to make significant contributions to on-line activities.
- In most cases students are required to attempt and submit all major assessment tasks in order to pass the unit.

#### REQUIRED READINGS

- The citations for all the required readings for this unit are available to enrolled students through the unit iLearn site, and at Macquarie University's library site. Electronic copies of required readings may be accessed through the library or will be made available by other means.

#### TECHNOLOGY USED AND REQUIRED

- Computer and internet access are essential for this unit. Basic computer skills and skills in word processing are also a requirement.
- This unit has an online presence. Login is via: <https://ilearn.mq.edu.au/>

- Students are required to have regular access to a computer and the internet. Mobile devices alone are not sufficient.
- Information about IT used at Macquarie University is available at [http://students.mq.edu.au/it\\_services/](http://students.mq.edu.au/it_services/)

## SUBMITTING ASSESSMENT TASKS

- All text-based assessment tasks are to be submitted, marked and returned electronically. This will only happen through the unit iLearn site.
- Assessment tasks must be submitted as a MS word document by the due date.
- Most assessment tasks will be subject to a 'Turnitin' review as an automatic part of the submission process.
- The granting of extensions is subject to the university's Special Consideration Policy. Extensions will not be granted by unit conveners or tutors, but must be lodged through Special Consideration: <https://students.mq.edu.au/study/my-study-program/special-consideration>

## LATE SUBMISSION OF ASSESSMENT TASKS

- Unless a Special Consideration request has been submitted and approved, (a) **a penalty for lateness will apply** – two (2) marks out of 100 will be deducted per day for assignments submitted after the due date – and (b) **no assignment will be accepted seven (7) days (incl. weekends) after the original submission deadline**. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests.

## WORD LIMITS FOR ASSESSMENT TASKS

- Stated word limits include footnotes and footnoted references, but not bibliography, or title page.
- Word limits can generally deviate by 10% either over or under the stated figure.
- If the number of words exceeds the limit by more than 10%, then penalties will apply. These penalties are 5% of the awarded mark for every 100 words over the word limit. If a paper is 300 words over, for instance, it will lose  $3 \times 5\% = 15\%$  of the total mark awarded for the assignment. This percentage is taken off the total mark, i.e. if a paper was graded at a credit (65%) and was 300 words over, it would be reduced by 15 marks to a pass (50%).

- The application of this penalty is at the discretion of the course convener.

## REASSESSMENT OF ASSIGNMENTS DURING THE SEMESTER

- Macquarie University operates a Grade Appeal Policy in cases where students feel their work was graded inappropriately: <http://www.mq.edu.au/policy/docs/gradeappeal/policy.html>
- In accordance with the Grade Appeal Policy, individual works are not subject to regrading.

## STAFF AVAILABILITY

- Department staff will endeavour to answer student enquiries in a timely manner. However, emails or iLearn messages will not usually be answered over the weekend or public holiday period.
- Students are encouraged to read the Unit Guide and look at instructions posted on the iLearn site before sending email requests to staff.

## Unit Schedule

There are no classes for this subject however student attendance at their partnered workplace is required. At a minimum, students enrolled in the internship program should be present at their host organisation for the equivalent of one day per week for 12 weeks, however the specific structure of their attendance is a matter for negotiation between the two parties, as are the specific workplace activities the student engages in during their placement. At all times students should be working towards the assessable requirements of the unit.

This is a 4 credit point unit with significant assessment requirements. In accordance with normal Macquarie University expectations this means the student should spend on average at least 12 hours per week on this unit (i.e. three hours per credit point).

## Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central](https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central) (<https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central>).
