General Information

Unit convenor and teaching staff

Lecturer - Monday afternoon class and BLOCK class

John Croucher

john.croucher@mgsm.edu.au

Credit points

4

Prerequisites

Admission to MBA or MMgmt or PGDipMgt or GradDipMgt or MSocEntre or GradCertSocEntre

Corequisites

Co-badged status

Unit description

This unit provides quantitative/statistical research tools, data analysis and computer modelling necessary to help the modern business manager with strategic planning, tactical decision-making, and resolving business problems. It also covers the efficient use of all resources to enhance management effectiveness. The overall aim is to improve the reliability of decisions made and to develop better strategy through the use of scientific method.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

Evaluate disparate data and information using appropriate quantitative tools to evidence and formulate well-informed and robust strategic business decisions.

Using appropriate quantitative research tools, evaluate and synthesise quantitative data to help assess the implications of strategic decisions from a whole of entity perspective, and across a wide spectrum of stakeholders.

From a quantitative point of view, critically assess and integrate ethical, social and environmental factors into business decision-making and management practices that are also commercially viable.

Apply a range of research tools and models of business performance and productivity to measure and track sustainable value creation across organisational processes and projects.

Assessment Tasks

Name	Weighting	Hurdle	Due
Individual assignment	20%	No	Refer to assessment guide
In-class test	20%	No	Refer to assessment guide
Final examination	60%	No	Exam week: 11-16 June 2018

Individual assignment

Due: **Refer to assessment guide**

Weighting: **20%**

Format: Question set

Due: Refer to assessment guide in iLearn

In order to properly understand the material covered in the course, it is necessary for you to practice what you have learned. The individual assignment (and exercises) provides an opportunity for you to gain experience in the techniques and concepts. There is only one individual assignment that you should do by yourself. It covers what you have learned in previous class sessions (please see the assessment guide in the class iLearn page for further details).

Extensions and penalties

No extensions will be granted. There will be a deduction of 10% of the total available marks made from the total awarded mark for each 24 hour period or part thereof that the submission is late (for example, 25 hours late in submission – 20% penalty). This penalty does not apply for cases in which an application for disruption of studies is made and approved. No submission will be accepted after solutions have been posted.

On successful completion you will be able to:

- Evaluate disparate data and information using appropriate quantitative tools to evidence and formulate well-informed and robust strategic business decisions.
- Using appropriate quantitative research tools, evaluate and synthesise quantitative data to help assess the implications of strategic decisions from a whole of entity perspective, and across a wide spectrum of stakeholders.
- From a quantitative point of view, critically assess and integrate ethical, social and

environmental factors into business decision-making and management practices that are also commercially viable.

- Apply a range of research tools and models of business performance and productivity to measure and track sustainable value creation across organisational processes and projects.

In-class test

Due: **Refer to assessment guide**

Weighting: **20%**

Duration: 1 hour

Format: Open book test

Due: Refer to assessment guide in iLearn

The in-class test, held under exam conditions during the class session, will include the material covered in previous class sessions (please see the assessment guide in the class iLearn page for further details). You can use books, notes and a non-programmable calculator. It will consist of ten short answer/multiple choice questions. Notebook computers, iPads, tablets, PDAs and similar are not allowed. It is not necessary to pass this in-class test to pass the unit.

On successful completion you will be able to:

- Evaluate disparate data and information using appropriate quantitative tools to evidence and formulate well-informed and robust strategic business decisions.
- Using appropriate quantitative research tools, evaluate and synthesise quantitative data to help assess the implications of strategic decisions from a whole of entity perspective, and across a wide spectrum of stakeholders.
- From a quantitative point of view, critically assess and integrate ethical, social and environmental factors into business decision-making and management practices that are also commercially viable.
- Apply a range of research tools and models of business performance and productivity to measure and track sustainable value creation across organisational processes and projects.

Final examination

Due: **Exam week: 11-16 June 2018**

Weighting: **60%**

Duration: 3 hours plus 10 minutes reading time

Format: Open book final examination

Date: MGSM Term 2 exam week: 11 - 16 June 2018

You are expected to present yourself for examination at the time and place designated in the MGSM examination timetable. The timetable will be available on 25 April 2018

at <https://students.mgsm.edu.au/sydney-students/units/exams/>

The exam format will be **open book**, and will consist of a combination of multiple choice, short answer and problem solving style questions. More details on the exam will be provided in class. The final examination will cover all topics dealt within the unit. You can use books, notes and a non-programmable calculator. Notebook computers, iPads, tablets, PDAs and similar are not allowed.

On successful completion you will be able to:

- Evaluate disparate data and information using appropriate quantitative tools to evidence and formulate well-informed and robust strategic business decisions.
- Using appropriate quantitative research tools, evaluate and synthesise quantitative data to help assess the implications of strategic decisions from a whole of entity perspective, and across a wide spectrum of stakeholders.
- From a quantitative point of view, critically assess and integrate ethical, social and environmental factors into business decision-making and management practices that are also commercially viable.
- Apply a range of research tools and models of business performance and productivity to measure and track sustainable value creation across organisational processes and projects.

Delivery and Resources

Required text

Croucher, John. S. (2017). Quantitative Analysis for Management, Fourth edition. McGraw-Hill Education. ISBN: 9781760420864

Make sure it has 'Fourth edition' written on the front cover. The cover of this book is GREEN in colour.

You should bring this textbook to all lectures as it is also a workbook.

Where to purchase textbook?

The Coop Bookshop: The Coop Bookshop is our main retailer for textbooks and other related academic material. For information on textbook prices and online ordering, please refer to The Co-Op Bookshop webpage at <http://www.coop.com.au>

McGraw Hill Education Australia – Online store: This textbook is also available for order via the publisher's online store. For information on textbook prices and online ordering, please refer to the McGraw Hill Education Australia online store at <http://www.mheducation.com.au/catalog/pr>

[product/view/id/272960/s/quantitative-analysis-for-management-4e/](https://unitguides.mq.edu.au/unit_offerings/92137/unit_guide/print).

Disclaimer: MGSM does not take responsibility for the stock levels of required textbooks from preferred retail outlets and other book retailers. While we advise our preferred book retail outlet, The Co-op Bookshop, of our maximum expected number of students purchasing specific required text each term, The Co-op Bookshop and other book retailers will make their own judgement in regard to their physical holding stock levels. To prevent disappointment if a textbook is out-of-stock, we highly advise students to order their textbooks as early as possible, or if the required textbook is currently out-of-stock, place an order with the book retailer as soon as possible so that these book retailers can monitor demand and supply, and adjust their stock orders accordingly.

Additional recommended text

The text listed below are optional only. It is not compulsory to attain a copy.

- Croucher, John S. (2016). Introductory mathematics and statistics for business (6th edition- revised). McGraw-Hill.
- Render, B., Stair, R., Hanna, M.E. and Hale, T.S. (2015). Quantitative analysis for management (12th edition). Pearson.
- Bowerman, B.L., O'Connell, R. and Murphree, E. (2013). Business statistics in practice (7th edition). McGraw-Hill

Calculator

A basic calculator with specific keys shown below is required in this unit since it will be used in all class tests and final exam. You may find it useful, but it is not necessary, to have a statistical calculator that has in-built statistical functions. There are several types of these:

- The lowest level statistical calculator has function keys such as the mean and standard deviation but no other statistical function keys.
- The next level above also has function keys for correlation and linear regression. An example is one of the Casio fx series such as the 82 or 100 series, but there are many others.

In any case, your calculator should include the following keys:

$x!$ e^x nC_r

You need to bring your calculator to every session class.

MGSM iLearn

The web page for this unit can be found at: <https://ilearn.mq.edu.au/login/MGSM>

As an enhancement to this unit, there is a series of multiple choice and short answer questions that you may try on iLearn, Macquarie University's online learning management system. Answers will also be provided on iLearn. To access these, just log in via the link above.

The purpose of these questions is for practice only. They will not be used for assessment purposes but is hoped that you will attempt them for your own benefit.

For any enquiries regarding difficulties accessing these questions please contact Mr Ariel Alcantara on email at: ariel.alcantara@mgsm.edu.au.

Technology

Access to a personal computer is required to access resources and learning material from iLearn.

Students will also be required to gain access to statistical software called Minitab 16. Further instructions are provided in the class iLearn page.

Unit Schedule

The **MONDAY class** for 2018 Term 2 is scheduled every Monday afternoon from 1pm to 5pm, starting from 2 April 2018 and finishing on the 4 June 2018. **The exception would be 2 sessions held 1pm to 5pm of Friday (27 April & 4 May 2018), in lieu of (instead of) classes on 16 and 23 April 2018.**

The **BLOCK class** for 2018 Term 2 is scheduled from 9am to 5pm on the following dates: 6-8 April 2018 (1st BLOCK weekend) and 5-6 May 2018 (2nd BLOCK weekend).

Students are required to attend all classes for the class they are enrolled in. Students must only attend the class they are enrolled in as reflected in their e-Student account.

This unit will be presented over 10 sessions as follows:

Session (students must only attend the class they are enrolled in as reflected in their e-Student account)	Topics and textbook chapters covered
<p>1</p> <p>Monday afternoon class - 1pm to 5pm (2 April 2018)</p> <p>BLOCK class - 9am to 5pm (Friday, 6 April 2018)</p>	<p>Introduction to statistics - ch 1.1</p> <p>Sampling procedures - ch 1.2 - 1.3</p> <p>Summarising data - ch 1.4 - 1.7</p> <p>Measures of centre - ch 1.8 - 1.14</p> <p>Other statistical measures - ch 1.13 - 1.14, 1.16, 1.18 - 1.19</p> <p>Big data - ch 1.20</p>
<p>2</p> <p>Monday afternoon class - 1pm to 5pm (9 April 2018)</p> <p>BLOCK class - 9am to 5pm (Friday, 6 April 2018)</p>	<p>Measures of variation - ch 2.1 - 2.3, 2.5 - 2.7</p> <p>Using Microsoft Excel - ch 2.9</p> <p>Using Minitab - ch 2.11</p> <p>Normal distribution - ch 2.13</p> <p>Areas under the normal curve - ch 2.14 - 2.18</p> <p>Applications - ch 2.19</p>

<p>3</p> <p>Monday afternoon class - This session will be held from 1pm to 5pm of Friday, 27 April 2018</p> <p>BLOCK class - 9am to 5pm (Saturday, 7 April 2018)</p>	<p>Estimation - ch 3.1 - 3.3</p> <p>Confidence intervals - ch 3.4 - 3.10</p> <p>Random variables - ch 3.13 - 3.16</p> <p>Factorials, permutations and combinations - ch 3.17 - 3.19</p> <p>Lotto type games - ch 3.20</p>
<p>4</p> <p>Monday afternoon class - 1pm to 5pm (30 April 2018)</p> <p>BLOCK class - 9am to 5pm (Saturday, 7 April 2018)</p>	<p>Correlation - ch 4.1 - 4.8</p> <p>Time series models - ch 4.9 - 4.11</p> <p>Regression models - ch 4.12 - 4.19</p> <p>Exponential smoothing models - ch 4.23 - 4.28</p> <p>Seasonal data - ch 4.29 - 4.30</p> <p>Lag effects - ch 4.31 - 4.33</p>
<p>5</p> <p>Monday afternoon class - This session will be held from 1pm to 5pm of Friday, 4 May 2018</p> <p>BLOCK class - 9am to 5pm (Sunday, 8 April 2018)</p>	<p>Categorical data - ch 5.1 - 5.3</p> <p>Single variable data - ch 5.4 - 5.7</p> <p>Contingency tables - ch 5.8 - 5.10</p>
<p>6</p> <p>Monday afternoon class - 1pm to 5pm (7 May 2018)</p> <p>BLOCK class - 9am to 5pm (Sunday, 8 April 2018)</p>	<p>Introduction to hypothesis testing - ch 6.1 - 6.5</p> <p>Power of a test - ch 6.6</p> <p>One-sample tests - ch 6.7 - 6.12</p> <p>Using Minitab - ch 6.13 - 6.16</p>
<p>7</p> <p>Monday afternoon class - 1pm to 5pm (14 May 2018)</p> <p>BLOCK class - 9am to 5pm (Saturday, 5 May 2018)</p>	<p>Analysis of variance (one-way) - ch 8.1 - 8.3, 8.5</p> <p>Multiple comparisons - ch 8.8 - 8.9</p> <p>Analysis of variance (two-way) - ch 8.10</p> <p>Using Minitab - ch 8.11</p> <p>Visual displays - ch 8.13 - 8.19</p>
<p>8</p> <p>Monday afternoon class - 1pm to 5pm (21 May 2018)</p> <p>BLOCK class - 9am to 5pm (Saturday, 5 May 2018)</p>	<p>Odds and probability - ch 9.1 - 9.3</p> <p>Odds ratios - ch 9.4</p> <p>Binary logistics regression - Single covariate - ch 9.5 - 9.7</p> <p>Using Minitab - ch 9.8 - 9.9</p> <p>Testing of parameters - ch 9.10 - 9.12</p> <p>Binary logistic regression - Multiple covariate - ch 9.13</p>

<p>9</p> <p>Monday afternoon class - 1pm to 5pm (28 May 2018)</p> <p>BLOCK class - 9am to 5pm (Sunday, 6 May 2018)</p>	<p>Queueing systems - ch 12.1</p> <p>Definitions and parameters - ch 12.2 - 12.9</p> <p>A simple queue - ch 12.10</p> <p>Calculation of probabilities and outcomes - ch 12.11, 12.13 - 12.14</p> <p>Multiple server queues - ch 12.16 - 12.22</p>
<p>10</p> <p>Monday afternoon class - 1pm to 5pm (4 June 2018)</p> <p>BLOCK class - 9am to 5pm (Sunday, 6 May 2018)</p>	<p>General course summary</p> <p>Case studies</p> <p>Outline of the final examination</p> <p>Discussion of assignment solutions</p>
<p>11 - 16 June 2018</p>	<p>Final exam week</p>

Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central \(https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central\)](https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- [Academic Appeals Policy](#)
- [Academic Integrity Policy](#)
- [Academic Progression Policy](#)
- [Assessment Policy](#)
- [Fitness to Practice Procedure](#)
- [Grade Appeal Policy](#)
- [Complaint Management Procedure for Students and Members of the Public](#)
- [Special Consideration Policy](#) (**Note:** *The Special Consideration Policy is effective from 4 December 2017 and replaces the Disruption to Studies Policy.*)

Undergraduate students seeking more policy resources can visit the [Student Policy Gateway \(https://students.mq.edu.au/support/study/student-policy-gateway\)](https://students.mq.edu.au/support/study/student-policy-gateway). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

If you would like to see all the policies relevant to Learning and Teaching visit [Policy Central \(https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central\)](https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central).

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: <https://students.mq.edu.au/study/getting-started/student-conduct>

Results

Results shown in *iLearn*, or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit [ask.mq.edu.au](#).

Student Support

Macquarie University provides a range of support services for students. For details, visit <http://students.mq.edu.au/support/>

Learning Skills

Learning Skills (mq.edu.au/learningskills) provides academic writing resources and study strategies to improve your marks and take control of your study.

- [Workshops](#)
- [StudyWise](#)
- [Academic Integrity Module for Students](#)
- [Ask a Learning Adviser](#)

Student Services and Support

Students with a disability are encouraged to contact the [Disability Service](#) who can provide appropriate help with any issues that arise during their studies.

Student Enquiries

For all student enquiries, visit Student Connect at ask.mq.edu.au

IT Help

For help with University computer systems and technology, visit http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/.

When using the University's IT, you must adhere to the [Acceptable Use of IT Resources Policy](#). The policy applies to all who connect to the MQ network including students.

Graduate Capabilities

PG - Capable of Professional and Personal Judgment and Initiative

Our postgraduates will demonstrate a high standard of discernment and common sense in their professional and personal judgment. They will have the ability to make informed choices and decisions that reflect both the nature of their professional work and their personal perspectives.

This graduate capability is supported by:

Learning outcomes

- Evaluate disparate data and information using appropriate quantitative tools to evidence and formulate well-informed and robust strategic business decisions.
- Using appropriate quantitative research tools, evaluate and synthesise quantitative data to help assess the implications of strategic decisions from a whole of entity perspective, and across a wide spectrum of stakeholders.
- From a quantitative point of view, critically assess and integrate ethical, social and environmental factors into business decision-making and management practices that are also commercially viable.
- Apply a range of research tools and models of business performance and productivity to measure and track sustainable value creation across organisational processes and projects.

Assessment tasks

- Individual assignment
- In-class test
- Final examination

PG - Discipline Knowledge and Skills

Our postgraduates will be able to demonstrate a significantly enhanced depth and breadth of knowledge, scholarly understanding, and specific subject content knowledge in their chosen fields.

This graduate capability is supported by:

Learning outcomes

- Evaluate disparate data and information using appropriate quantitative tools to evidence and formulate well-informed and robust strategic business decisions.
- Using appropriate quantitative research tools, evaluate and synthesise quantitative data to help assess the implications of strategic decisions from a whole of entity perspective, and across a wide spectrum of stakeholders.
- From a quantitative point of view, critically assess and integrate ethical, social and environmental factors into business decision-making and management practices that are also commercially viable.
- Apply a range of research tools and models of business performance and productivity to measure and track sustainable value creation across organisational processes and projects.

Assessment tasks

- Individual assignment
- In-class test
- Final examination

PG - Critical, Analytical and Integrative Thinking

Our postgraduates will be capable of utilising and reflecting on prior knowledge and experience, of applying higher level critical thinking skills, and of integrating and synthesising learning and knowledge from a range of sources and environments. A characteristic of this form of thinking is the generation of new, professionally oriented knowledge through personal or group-based critique of practice and theory.

This graduate capability is supported by:

Learning outcomes

- Evaluate disparate data and information using appropriate quantitative tools to evidence and formulate well-informed and robust strategic business decisions.
- Using appropriate quantitative research tools, evaluate and synthesise quantitative data to help assess the implications of strategic decisions from a whole of entity perspective, and across a wide spectrum of stakeholders.
- From a quantitative point of view, critically assess and integrate ethical, social and environmental factors into business decision-making and management practices that are also commercially viable.
- Apply a range of research tools and models of business performance and productivity to measure and track sustainable value creation across organisational processes and projects.

Assessment tasks

- Individual assignment
- In-class test
- Final examination

PG - Research and Problem Solving Capability

Our postgraduates will be capable of systematic enquiry; able to use research skills to create new knowledge that can be applied to real world issues, or contribute to a field of study or practice to enhance society. They will be capable of creative questioning, problem finding and problem solving.

This graduate capability is supported by:

Learning outcomes

- Evaluate disparate data and information using appropriate quantitative tools to evidence and formulate well-informed and robust strategic business decisions.
- Using appropriate quantitative research tools, evaluate and synthesise quantitative data to help assess the implications of strategic decisions from a whole of entity perspective, and across a wide spectrum of stakeholders.
- From a quantitative point of view, critically assess and integrate ethical, social and environmental factors into business decision-making and management practices that are also commercially viable.
- Apply a range of research tools and models of business performance and productivity to measure and track sustainable value creation across organisational processes and projects.

Assessment tasks

- Individual assignment
- In-class test
- Final examination

PG - Engaged and Responsible, Active and Ethical Citizens

Our postgraduates will be ethically aware and capable of confident transformative action in relation to their professional responsibilities and the wider community. They will have a sense of connectedness with others and country and have a sense of mutual obligation. They will be able to appreciate the impact of their professional roles for social justice and inclusion related to national and global issues

This graduate capability is supported by:

Learning outcomes

- Evaluate disparate data and information using appropriate quantitative tools to evidence and formulate well-informed and robust strategic business decisions.
- Using appropriate quantitative research tools, evaluate and synthesise quantitative data to help assess the implications of strategic decisions from a whole of entity perspective, and across a wide spectrum of stakeholders.
- From a quantitative point of view, critically assess and integrate ethical, social and environmental factors into business decision-making and management practices that are also commercially viable.
- Apply a range of research tools and models of business performance and productivity to measure and track sustainable value creation across organisational processes and

projects.

Assessment tasks

- Individual assignment
- In-class test
- Final examination

Changes from Previous Offering

Assessment tasks: None

Delivery and resources: None

Unit schedule: Slight change in topics from 2018 Term 1 class

Alignment of this unit with MGSM's mission-driven attributes

- **Leadership:** The unit develops quantitative skills required of leaders with respect to the wide range of techniques available to deal with array of information in order to make well-informed and robust strategic decisions.
- **Global mindset:** The unit enhanced my ability to assess the implications of strategic decisions from a whole of entity perspective, across of a national and international spectrum of stakeholders.
- **Citizenship:** The unit encouraged me to apply an accurate and fair approach to deriving business strategies and disclosure of any difficulties or ethical issues that may arise from them.
- **Creating sustainable value:** The unit assisted my adoption of a forward-looking perspective on the impact of qualitative decisions and how they may be readily adapted if parameters change in the future.

Attendance Policy (MGSM)

The interactive environment of the classroom is central to the MGSM experience. Students are required to attend the full duration of all classes for the units in which they are enrolled. We recognise that exceptional circumstances may occur, such as unavoidable travel on behalf of your organization or the serious illness or injury of you or a close family member.

Special consideration may be given for a maximum of 20% non-attendance for such circumstances as long as lecturers are contacted in advance, and supporting documentation provided, to request exemption from attendance. Failure to abide by these conditions may result in automatic withdrawal, with academic and/or financial penalty. The full Student Attendance Policy is published in the MGSM Student Handbook at <https://students.mgsm.edu.au/handbook>.
