Unit description

This unit is for students who have never studied Spanish before. Students who have studied Spanish or had some informal exposure to the language through family, friends or travel should contact the unit convenor before enrolling in this unit. The course follows a communicative approach and is designed to develop skills in listening comprehension and speaking, but similarly promotes proficiency in reading and writing in order to cultivate the competencies and guidelines established by the Common European Framework of Reference for Languages. The unit aims to prepare students to, among others: introduce themselves and others, ask and answer questions about personal details, understand and use everyday expressions, and interact in simple ways with native speakers of Spanish.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

Spoken Production: produce simple mainly isolated phrases about people and places.

Listening: follow speech that is very slow and carefully articulated, with long pauses for the learner to assimilate meaning.

Spoken Interaction: interact in a simple way, allowing for a modulated rate of speech and rephrasing; ask and answer simple questions, initiate and respond to simple statements in areas of immediate need or on very familiar topics.

Reading: understand very short, simple texts a single phrase at the time, picking up familiar names, words and basic phrases and rereading as required.

Writing: ask for or pass on personal details in written form; write simple isolated phrases and sentences.

## General Assessment Information

Rubrics and indicative samples are provided in iLearn as additional guidance on standards of achievement for different assessment types.

Submission of most tasks is via iLearn. All assessment tasks are compulsory and must be submitted on time. Assignment tasks handed in early will not be marked and returned before the due date.

## Late Assessment Penalty

Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – two (2) marks out of 100 will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted more than seven (7) days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests.
