### Unit description

This unit focuses on children's language and literacy development as they move from home to prior-to-school settings and into the first years of school, and the ways it can be fostered through children's literature. It introduces students to the theory and practice of early reading and writing, multimodal and critical literacy development, and to research on the literacy experiences of children from diverse contexts and with different abilities. Students are given opportunities to develop and apply their understanding of the role of teachers in planning and evaluating experiences that support young children's literacy development within prior-to-school and early primary school settings.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

Understanding of young children's language and literacy development and the ways it can be enhanced through literature

Awareness of the influence of children's early oral language and literacy experiences on access and equity in early educational settings (birth-8) and on children's transition to school

Understanding the important role adults and partnerships between home and educational settings play in young children's language and literacy development

Ability to design, engage in and critically evaluate rich and developmentally appropriate literacy experiences for young children prior-to-school and into the first years of primary school, and to integrate children's literature in these experiences

## General Assessment Information

### Full assignment instructions

This Unit Guide provides a brief description only of each required assessment piece. Full instructions, assessment criteria and detailed assessment rubrics are provided via the **ECH231 ESSENTIALS document**, which will be available on the iLearn site from Day 1 of Session 2.

### Assessment Presentation & Submission Guidelines

**Please follow these guidelines when you submit each assignment:**

- Allow a left and right-hand margin of at least 2cm in all assignments.
- Please type all assignments using 12-point font and 1.5 spacing.
- All assessments must be submitted through Turnitin in .doc or .pdf format
- It is the onus of the student to ensure that all assessments are successfully submitted through Turnitin.
- Faculty assignment cover sheets are NOT required.

### Draft Submissions & Turnitin Originality Reports

- Students may use Turnitin's Originality Report as a learning tool to improve their academic writing if this option is made available in the unit.
- Students are strongly encouraged to upload a draft copy of each assessment to Turnitin at least one week prior to the due date to obtain an Originality Report.
- The Originality Report provides students with a similarity index that may indicate if plagiarism has occurred. Students will be able to make amendments to their drafts prior to their final submission on the due date.
- Generally, one Originality Report is generated every 24 hours up to the due date.

**Please note:**

- Students should regularly save a copy of all assignments before submission.
- Unless there are exceptional circumstances, no assessment will be accepted after the date that the assessment has been returned to other students.
- Students are responsible for checking that their submission has been successful and has been submitted by the due date and time.

## Assignment extensions and late penalties

- In general, there should be no need for extensions except through illness or misadventure that would be categorised as serious and unavoidable disruption according to the University definition of same, see: <https://students.mq.edu.au/study/my-study-program/special-consideration>
- Applications for extensions must be made via AskMQ according to the Special Consideration policy. Extensions can only be granted if they meet the Special Considerations policy and are submitted via <https://ask.mq.edu.au/>. This will ensure consistency in the consideration of such requests is maintained.
- Late submissions without extension will receive a penalty of 5% reduction of the total possible mark for each day late (including weekends and public holidays). You are reminded that submitting even just 1 day late could be the difference between passing and failing a unit. Late penalties are applied by unit convenors or their delegates after tasks are assessed.
- No assessable work will be accepted after the return/release of marked work on the same topic. If a student is still permitted to submit on the basis of unavoidable disruption, an alternative topic may be set.
- Students should keep an electronic file of all assessments. Claims regarding "lost" assessments cannot be made if the file cannot be produced. It is also advisable to keep an electronic file of all drafts and the final submission on a USB untouched/unopened after submission. This can be used to demonstrate easily that the assessment has not been amended after the submission date.

## Requesting a re-assessment of an assignment

If you have **evidence** that your task has been incorrectly assessed against the grade descriptors you can request a re-mark. To request a re-mark you need to contact the unit convenor within **7 days** of the date of return of the assignment and provide **a detailed assessment of your script against the task criteria**. Evidence from your assignment must be provided to support your judgements.

Note: Failed assessments cannot be re-marked as they are all double-marked as a part of the moderation process.

Please note: The outcome of a re-mark may be a **higher/lower or unchanged grade**. Grades are standards referenced and effort is NOT a criterion.

## University policy on grading

### Criteria for awarding grades for assessment tasks

Assignments will be awarded grades ranging from HD to F according to guidelines set out in the University's Grading Policy. The following descriptive criteria are included for your information.

### Descriptive Criteria for awarding grades in the unit

In order to meet the unit outcomes and successfully pass this unit, students must make a genuine attempt at all assessment tasks. Where any submitted assessment task is considered to be unsatisfactory in this regard, the highest possible final grade that can be awarded for the unit will be 45.

Students will be awarded grades ranging from HD to F according to guidelines set out in the policy: <https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policies/assessment-in-effect-from-session-2-2016>

The following generic grade descriptors provide university-wide standards for awarding final grades.

Grade	Descriptor
<b>HD</b> (High Distinction)	Provides consistent evidence of deep and critical understanding in relation to the learning outcomes. There is substantial originality and insight in identifying, generating and communicating competing arguments, perspectives or problem solving approaches; critical evaluation of problems, their solutions and their implications; creativity in application as appropriate to the discipline.
<b>D</b> (Distinction)	Provides evidence of integration and evaluation of critical ideas, principles and theories, distinctive insight and ability in applying relevant skills and concepts in relation to learning outcomes. There is demonstration of frequent originality in defining and analysing issues or problems and providing solutions; and the use of means of communication appropriate to the discipline and the audience.
<b>Cr</b> (Credit)	Provides evidence of learning that goes beyond replication of content knowledge or skills relevant to the learning outcomes. There is demonstration of substantial understanding of fundamental concepts in the field of study and the ability to apply these concepts in a variety of contexts; convincing argumentation with appropriate coherent justification; communication of ideas fluently and clearly in terms of the conventions of the discipline.
<b>P</b> (Pass).	Provides sufficient evidence of the achievement of learning outcomes. There is demonstration of understanding and application of fundamental concepts of the field of study; routine argumentation with acceptable justification; communication of information and ideas adequately in terms of the conventions of the discipline. The learning attainment is considered satisfactory or adequate or competent or capable in relation to the specified outcomes
<b>F</b> (Fail)	Does not provide evidence of attainment of learning outcomes. There is missing or partial or superficial or faulty understanding and application of the fundamental concepts in the field of study; missing, undeveloped, inappropriate or confusing argumentation; incomplete, confusing or lacking communication of ideas in ways that give little attention to the conventions of the discipline.

## Academic Honesty Guidelines

All assignments should cite and provide full bibliographical details of all material that you have used to inform or support your ideas. At the Department of Educational Studies, students are required to use the American Psychological Association (APA) referencing procedures. Full details about how to cite and reference correctly can be found in **Perrin (2017)** and on the **university's library website** at <https://libguides.mq.edu.au/referencing/APA>.

**The following guide can be purchased from the Co-op Bookshop. This is a recommended text. A copy is also available in Reserve in the Library:**

Perrin, R. (2017). *Pocket guide to APA style* (6th ed.). Boston, MA: Cengage Learning.

## Units with Submissions of Family & Children's Records

### **Family and Children's Records at Department of Educational Studies (EC)**

Some assessment tasks require students to submit records about families and about children and their learning. It is expected that the records submitted are original, authentic, adheres to ethical practices and is the work of the student. Issues with the authenticity of such records will be investigated for possible forgery. Please note that submitted records can only be used once for assessment purposes.

### **Confidentiality**

Students must respect the need for sensitivity and confidentiality and ensure that privacy obligations are met. There should be nothing in assessment submissions that identifies a centre or school. Use only the first name for children, families and staff. Do not record details that enable identification of the site, and of the adults or children.

## Withdrawing from this UG Unit

If you are considering withdrawing from this unit, please seek academic advice via <https://ask.mq.edu.au> before doing so as this unit may be a co-requisite or prerequisite for units in the following sessions and may impact on your progression through the degree.

## Results

Results shown in iLearn, or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in **eStudent**. For more information visit [ask.mq.edu.au](https://ask.mq.edu.au).

## ASSET Survey

Due: **Various**

Weighting: **5%**

### Assignment 3 ASSET Survey

Completing the Annual Student Survey of Education for Teaching (ASSET) forms part of the assessment for this unit. The ASSET will provide the Department of Educational Studies with a detailed understanding of our students and their experiences; including, who they are, their attitudes and beliefs about education, and how prepared they feel to work as teachers. In addition, as part of the registration of the Department of Educational Studies teacher preparation programs with the NSW Education Standards Authority, we are specifically required to collect impact data on programs. The proposed annual survey will serve the purpose of providing part of these mandatory data. Further, it will provide the Department of Educational Studies with valuable information to revise and improve the programs offered to students. Finally, you may elect to make your de-identified data available to researchers in the Department if you choose.

Please note that identifying data will only be held by the Department of Educational Studies Research Administrator, Mridul Sood, and will not be released to the unit convenor or any academic staff in the Department. Full information is available when you open the survey.

The survey is in 5 parts and you will be awarded 1% for completion of each part for each unit in which you are enrolled that includes ASSET as part of the assessment. **Please make absolutely sure that you select ALL the relevant units in which you are enrolled when completing each survey.**

After finishing each survey, you will be presented with a screen that confirms your successful submission along with a recommendation that you screenshot this confirmation. In addition, an automated emailed confirmation of completion will be sent to the email address you nominate. To minimise the risk of this email being diverted to your spam folder, please add [noreply@mq.edu.au](mailto:noreply@mq.edu.au) and [trigger@qemailserver.com](mailto:trigger@qemailserver.com) to your email white list. If you have not received the email, please check your spam folder.

**NOTE THAT EITHER THE SCREENSHOT OR EMAIL ARE SUFFICIENT EVIDENCE OF SUCCESSFUL COMPLETION IN CASE OF DISPUTE. YOU DO NOT NEED BOTH.**

Participation marks will be uploaded **AFTER** the final date for completion for each part of the

survey into the Grades section of iLearn. Marks will normally be uploaded within a week of the final completion date and an announcement will be made on iLearn when the participation marks are available.

If your convenor allows display of marks in the Grades section of iLearn, completion of each survey will be indicated by a mark of “1” and noncompletion by a mark of “0”. If your convenor has iLearn setup to display grades only, completion of the survey will be indicated by a “HD” and noncompletion by a “F”.

If you have any difficulties accessing the survey or questions regarding participation marks, please contact the Department of Educational Studies Research Administrator, Mridul Sood, at [des\\_research@mq.edu.au](mailto:des_research@mq.edu.au). When making enquiries please ensure that the following information is included in your email:

## **2. Student workload and requirements**

Before commencing ECH231, please read this document very carefully and ensure that you can meet all requirements, including workload requirements, attendance requirements, and assessment submission requirements.

Credit points indicate the approximate hours per week that a student is expected to spend studying in order to pass a unit. One credit point equals 3 hours; thus, students are expected to spend approximately 9 hours per week (including the two weeks of session recess) studying ECH231 (i.e. approximately 135hr). Study includes attending or listening to lectures, attending tutorials, completing set readings and background readings, completing assignments, and using the unit's iLearn site.

Independent study is strongly encouraged in this unit as is participation in online discussions and the completion of study tasks posted on iLearn.

*Please ensure that you have sufficient time to dedicate to your studies before attempting this unit.* We are sympathetic that students often have significant domestic and work-related responsibilities. To be fair to our staff and to other students, however, these cannot be used to justify incomplete work or extension requests.

**The estimate provided in the following table is based on average student performance required to pass this unit.** Students who are attempting to achieve high grades or who encounter problems in understanding the material and meeting unit requirements would need to spend more time on these tasks. See Unit Schedule below for more details on unit content.

Activity	Time allocation	
Reading ECH231 Essentials document in week 1	1 hour	
Internal students		~ 30 hours
<ul style="list-style-type: none"> <li>attendance and participation in tutorials in teaching weeks</li> </ul>	10 x 1.5 hours

Miscellaneous study skills and activities (e.g. participating in online discussions, engaging with children's literature, library and iLearn training, improving academic writing skills, etc.)		8-10 hours approx.
<b>TOTAL (for 15 weeks of semester)</b>		<b>135 hours approx.</b>

**Note:** To give yourself the best chance of completing the unit successfully, please allow yourself minimum the amount of study time specified in the table above.

### 3. Classes and attendance

All students are expected to:

- Attend and/or watch and listen to all lectures (note that there are both live and pre-recorded lectures; see unit schedule for details)
- Be familiar with relevant lectures and complete the specified reading preparation before their Tutorials (internal) or On Campus Session (external)
- Actively contribute to tutorials and/or online and on-campus session discussions
- Complete and submit all assignments.

**Attendance at all internal seminars or on campus days is expected of all students enrolled in ECH231. Attendance will be recorded.** Activities completed during seminars (internal) or on campus days (external) are essential for building the core knowledge and/or skills required to demonstrate the learning outcomes of this unit and to meet ACECQA and the AITSL Graduate Teacher Standards.

**Students are required to attend the tutorial in which they are enrolled.** Any changes to tutorial enrolments must be completed officially through e-student. Please do not contact the unit convenor requesting a change.

#### **Internal students**

To successfully complete the unit, internal students are expected to:

- **Attend or watch and listen to the lecture/s each teaching week; live lectures will take place in 17 Wally's Walk, Collaborative Forum, Wednesdays, 12-1 in weeks 1-9 & 13**
- Attend, prepare for and actively participate in **one 1.5 hr tutorial in weeks 1-9 & 13.**  
See Unit Schedule for details

#### **External students**

In order to complete this unit, external students are expected to:

- watch and listen to all the lectures in the unit
- actively contribute to discussions online and at the on-campus session
- attend a **two-day compulsory on-campus session (OCS)** on:

**24 September 2019 (Tuesday)      9-5pm**

**and**

**25 September 2019 (Wednesday)   9-5pm**

**Attendance at ALL on-campus sessions is compulsory. Punctuality is expected: please arrive on time in the correct tutorial room!** If you foresee problems in attending all or part of the OCS, it is essential to let the Unit Convener know as soon as possible as non-attendance can lead to exclusion from the Unit.

**Please do not enrol in external mode if you cannot attend all of these days.**
