Unit description

This unit is designed to support students in their transition to university by enabling them to understand and achieve standards of performance required in an academic environment. The unit provides a three-level focus which is initiated by supporting the development of academic practices, behaviours and values. Secondly, it fosters a level of familiarity with the disciplinary language, texts and conventions used when studying in programs offered by the Faculty of Arts and Faculty of Human Sciences. Finally, it raises an awareness of the diverse perspectives offered by disciplines and the different contributions they can make to solving problems and addressing issues of concern in contemporary society. Learning and assessment activities are designed to build the capacity for independent and collaborative approaches to learning. Students are guided to develop their capacity for reading, thinking and expressing ideas effectively and critically.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

E-portfolio and online tasks

Due: **Week 1-13**

Weighting: **30%**

The *E-portfolio and online tasks* consist of three components which students will complete online. These include practice quizzes, a set of blogs and one final reflection. The assessment aims to test students' understanding of and engagement with the concepts of the unit. It will run over the entire semester, culminating in each student publishing an e-portfolio.

On successful completion you will be able to:

- Read efficiently to gather, interpret, synthesise and apply concepts from discipline-specific sources.
- Critically evaluate information and ideas relevant to social science and arts related disciplines.
- Apply the knowledge gained through critical evaluation and analysis of other writers to the production of student's own texts in both written and oral contexts.
- Understand the basic grammatical foundations of clear academic and professional communication.
- Carry out directed reflection on the learning experience of the unit.
- Apply academic referencing conventions accurately and appropriately.

Integrative Summary

Due: **April 7, 11.55pm**

Weighting: **20%**

The Integrative Summary builds on the information from an annotation completed in an earlier tutorial class. The *Integrative Summary* will describe and discuss two sources relevant to the assigned social inclusion issue. It will summarise and integrate the salient arguments and supporting evidence to present the key knowledge relevant to the issue. Such knowledge may include descriptions, statistics, perspectives (e.g. opposing theories for approaching the issue), related programs (and their impact) and general discussion of the core issue. Students are required to reference at least two (2) sources and demonstrate the ability to synthesise information and varying perspectives on a certain aspect of the social inclusion issue. (800 words)

This assessment will also require students to write a reflective blog once feedback for the integrative summary has been received.

On successful completion you will be able to:

- Read efficiently to gather, interpret, synthesise and apply concepts from discipline-specific sources.
- Critically evaluate information and ideas relevant to social science and arts related disciplines.
- Analyse the purpose and language strategies of disciplinary and professional texts.
- Apply the knowledge gained through critical evaluation and analysis of other writers to the production of student's own texts in both written and oral contexts.
- Apply academic referencing conventions accurately and appropriately.

Grammar Quiz

Due: **Week 8**

Weighting: **15%**

The grammar quiz is an online randomised grammar quiz that tests student's knowledge of basic grammatical constituency. The quiz will be open for 1 week and will take 1 hour to complete once it has been begun.

To prepare for this quiz, students should participate in the online practice quizzes provided on the learn site. These practice quizzes can be attempted as many times as the student feels is necessary with no marks penalty.

On successful completion you will be able to:

- Analyse the purpose and language strategies of disciplinary and professional texts.
- Apply the knowledge gained through critical evaluation and analysis of other writers to

the production of student's own texts in both written and oral contexts.

- Understand the basic grammatical foundations of clear academic and professional communication.

Persuasive texts

Due: **A: May 26, B: Jun 9**

Weighting: **35%**

This assessment consists of 2 parts, Part A and Part B. Part A will require students to produce 2 different texts about the same content. The Persuasive essay will require students to develop a thesis and argue a response to a given quote related to their social inclusion topic. Students need to correctly reference relevant evidence to support each argument before reiterating and reinforcing the thesis through a summary of salient arguments. Students are required to reference at least five (5) sources and demonstrate the ability to synthesise information and views from a variety of perspectives to produce a coherent, well-supported recommendation. (1200 words)

Part B requires students to rewrite some aspects of the research that were written up in Integrative Summary into a News Page for a public audience. The News Page, while still formal and making reference to the literature will use more relaxed language than the Integrative Summary, which was written for an academic audience. Three (3) sources to be used. (500 words)

On successful completion you will be able to:

- Read efficiently to gather, interpret, synthesise and apply concepts from discipline-specific sources.
- Critically evaluate information and ideas relevant to social science and arts related disciplines.
- Analyse the purpose and language strategies of disciplinary and professional texts.
- Apply the knowledge gained through critical evaluation and analysis of other writers to the production of student's own texts in both written and oral contexts.
- Apply academic referencing conventions accurately and appropriately.

How to apply for a late submission of an assignment

All requests for special consideration, including extensions, must be submitted via [ASK.mq.edu.au](https://ask.mq.edu.au) and provide suitable supporting documentation

Late Assignment Submission

- Late submissions without an extension will receive a penalty of 3% of the total mark available for the assessment task per day including weekend days (i.e. this is 3% of the total marks possible for the task – NOT 3% of the marks the student received. For example, if the assessment task is worth 100 marks and the student is two days late their mark for the task is reduced by 6 marks.)
- Late submission of an assessment task without an extension will not be accepted at all after the date on which marked assessment tasks have been released to the rest of the class. Any student with unsubmitted work at this date will receive a mark of 0 for the assessment task.
- Extensions will only be given in special circumstances, and can be requested by completing the Special Consideration request at ask.mq.edu.au and providing the requisite supporting documentation.
- Extensions that will result in submissions after the assessment task has been returned to the class will require a separate assessment task to be completed at the unit convenor's discretion.
- For more information on Special Consideration, see the university website <https://students.mq.edu.au/study/my-study-program/special-consideration>
- If a student fails the unit due to non-submission of an assignment or non-attendance at an exam, an FA grade will be applied in accordance with the University's Assessment

Policy.

- Unit convenors have the discretion to determine whether or not students should fail a unit on the basis of lateness penalties alone if other learning outcomes of the unit have been met.
