Unit description

Students are required to work in a school for at least 20 days under the guidance of a supervising teacher implementing strategies and techniques being studied concurrently in the 400-level professional units in which they are enrolled.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

Develop a sound knowledge of the K-6 curriculum across six Key Learning Areas

Demonstrate an in-depth knowledge of students and how they learn

Demonstrate a deep understanding of the processes of learning, teaching and assessing

Develop a comprehensive grasp of the professional role of the teacher

## General Assessment Information

### The Professional Experience Folder

Much of the Teacher Education Student's development during Professional Experience will be

readily observable. As the Teacher Education Student makes curriculum decisions, acts upon and adapts them, he/she should be able to justify and critique their decision making and practice. The Teacher Education Student's actions, records and critiques become the major indicator for evaluating progress. It is expected, therefore, that observation followed by the discussion will be a significant component of the evaluation of Professional Experience.

It is essential, however, that the Teacher Education Student maintains written records to document evidence of development. Relevant documentation should be kept in their portfolio collection. This documentation can also be used by the Supervising Teacher when evaluating the student's progress against the PE Evaluation Report.

The portfolio collection will include the following sections based on the Professional Experience expectations:

- Standard 1: Know students and how they learn
- Standard 2: Know the content and how to teach it
- Standard 3: Plan for and implement effective teaching and learning
- Standard 4: Create and maintain supportive and safe learning environments
- Standard 5: Assess, provide feedback and report on student learning
- Standard 6: Engage in professional learning
- Standard 7: Engage professionally with colleagues, parents/carers and the community.

### **Professional Experience Unit Placement Expectations**

The student will also include the following documents in their portfolio collection:

- Students must be able to present evidence of completion of the following prior to session census date (or as otherwise advised) in order to receive a placement for Professional Experience:
  - A Working with Children Check or State/ Territory equivalent
  - Anaphylaxis training (practical and online training) (school placements only).  
Please note that Anaphylaxis training is only current for 2 years so students will need to update this, most probably at the start of their final year
  - Child Protection online training (school placements only)

Students are responsible for ensuring that their evidence is current. Please be aware that you may need to update your training or credential during your program of study.

- A Working with Children Check or State/Territory equivalent is required by the end of Week 3 to be eligible for a placement. Students may need to withdraw from this unit if this has not been obtained in time.
- Students who are completing a unit offered by another department are expected to

inform and negotiate with that unit convenor about their professional experience block dates and to discuss how that unit's requirements can be met. For some situations, it may mean that you are enrolled externally for that unit so that your attendance for tutorials for that unit is not impacted.

- Feedback from Tertiary Supervisors and/or Supervising Teachers is of a general nature. It is incumbent on the student to check the requirements of any assessments or book-work prior to submission.
- If a Student is identified being **in need of additional support** for Professional Practice and/or Book-work, the Department's 'Additional Support' procedure will be activated and they will not be able to withdraw themselves from this Unit.

The timing of placements can vary. For placements early in the Session, Fail grades may be approved by the University prior to the end of Session for students who do not meet the placement expectations of the Unit.

This unit is the second PE unit for students in the BABEd, BA-PsychBEd and graduate entry BEd programs. This unit is normally completed in the first semester of the final year of study. By this time students have completed curriculum/methodology in English, Mathematics, History, Geography, Science & Technology, PDHPE and Creative Arts. Expectations for students are that they:

- *Undergraduate*: Complete 30 days of PE (15 day block + 15 individual days)
- *Graduate Entry*: Complete 20 days of PE (15 day block + 5 individual days)
- Work towards teaching for the whole day by the final days of PE
- Produce detailed lesson plan for each lesson across all KLAS
- Maintain a PE Portfolio collection

The expected pattern will normally be:

Days	Activity
1-2	Observation > small group teaching > assisting the ST with lessons
3-15	1 lesson per day > 2/3 lessons per day by day 15
15-30	Teaching load from ½ day to full day teaching by the last 2-3 days

### **Important information - TPA preparation activities and LANTITE**

- EDTE403 placement is a good opportunity to prepare for the Teaching Performance Assessment (TPA) in your last placement. There are a number of tasks designed to support your development for the TPA in semester 2, please refer to the Professional

Experience Requirements of EDTE403 and related information on the unit iLearn site.

- **A reminder about LANTITE requirements:** The Teacher Education Student (TES) needs to have met the standard in both literacy and numeracy (LANTITE) **prior to enrolling** in their last professional placement (EDTE404). If the TES has not met this requirement they will not be permitted to go on their final placement. It is strongly advised that if you have not completed this requirement you should enroll in the next testing period.

## Detailed Expectations

### 1. Lesson Plans

- 1.1. Use the DoES lesson plan template
- 1.2. Consult ST and the teaching program before planning lessons
- 1.3. Present lesson plans to ST the day before lessons are to be taught
- 1.4. Lesson plans must be based upon learning outcomes from the syllabus used to design the teaching program
- 1.5. T&L activities should indicate differentiations (according to need or circumstance where appropriate) and TLAs that are assessment tasks should also be flagged as such
- 1.6. Every taught lesson should be evaluated.

## Assessment Tasks

Name	Weighting	Hurdle	Due
<u>Formal observation(s)</u>	100%	No	Friday 1 November

### Formal observation(s)

Due: **Friday 1 November**

Weighting: **100%**

Assessment for EDTE403 is based on:

1. Reports and feedback from the pre-service teacher's Supervising Teacher, and
2. Formal observation(s) from a University Supervisor,
3. The return of all following reports and papers to the Professional Experience Office at Macquarie University, including your Supervising Teacher's Report, student self-evaluations and register of visits. You will not receive a final grade until these papers are submitted to the Professional Experience office.

A grade of Satisfactory or Fail is awarded at the end of semester. There are no additional assignments for this unit

On successful completion you will be able to:

- Develop a sound knowledge of the K-6 curriculum across six Key Learning Areas
- Demonstrate an in-depth knowledge of students and how they learn
- Demonstrate a deep understanding of the processes of learning, teaching and assessing
- Develop a comprehensive grasp of the professional role of the teacher

## Delivery and Resources

### EXPECTATIONS:

#### Lectures

- **There are three recorded lectures from semester 1** on the unit iLearn site that focus on the requirements for the Teaching Performance Assessment (TPA) for EDTE404 - please view these at your leisure and as a way to prepare for the final professional experience unit.

\*Note: Please refer to the EDTE403: Professional Experience in Primary School 2 - PE Requirements document for further information; this document sets out what the teacher education student is required to do whilst on placement. The document is available on the unit iLearn site and has also been sent to you from the professional experience office.

### PRACTICUM REQUIREMENTS

#### 30 day placement:

15 day **block** (22 July – 9 August)

plus 15 **additional days** between (12 August - 1 November)

### FACE-TO-FACE TEACHING TIME

Students are required to teach 30 days between July and November, 2019 including:

- 15-day block period from 22 July to 9 August and
- 15 additional days, starting 12 August - 1 November (not before block, unless permission has been granted)
- Specific days for the 15 individual days are flexible, and are to be scheduled in consultation with the Supervising Teacher, but it is expected that two days per week will be completed before the block teaching period.
- Note that the block period must be undertaken

**Day 1:** Orientation, observation, planning, and small group assistance,

**Days 2-30:** Whole lessons. Plan, teach and evaluate **whole lessons** across the 6 KLAs. The focus should be on literacy and mathematics.

### **LESSON PLANS (see sample at back of unit guide)**

A lesson plan must be written prior to the presentation of each and every lesson taught over the 30 days. The plan must be written well before delivery so that your supervising teacher has sufficient time to review it and provide appropriate feedback. Please DO NOT present a lesson plan to your teacher just prior to teaching your lesson. Ensure your teachers has adequate time to review and provide feedback or advice.

- Supervising teachers are encouraged to use their professional judgement in making decisions about the number and frequency of whole-class lessons taught by the Teacher Education Students.

**As a guide, by the fourth or fifth day of the placement, Teacher Education students should be teaching for about one-third of the day, gradually increasing the number of lessons so that they are teaching up to half the typical daily teaching load by the end of the 30 days period.**

## **Unit Schedule**

**\*Please note: that the number of required days varies according to your course, with the three week block period as compulsory. The following information has been provided by the professional experience office for your information:**

- Graduate Entry students complete the three-week block (22 July - 9 August) plus 5 additional days at the completion of the block between (12 Aug - 1 Nov). Any outstanding days need to be completed before 1 Nov - a total of 20 days for EDTE403.
- Under Graduate students: If you completed a 10-day placement in second year, you only need to complete a 25 day placement. This comprises of the three week block (22 July - 9 August) plus 10 additional days at the completion of the block between (12 Aug - 1 Nov). Please note, any outstanding days need to be completed before 1 Nov. You can negotiate these days with your supervising teacher.
- If this is your 3rd prac you are expected to complete a 30 day placement. This comprises of the three-week block (22 July - 9 August) plus 15 additional days at the completion of the block between (12 Aug - 1 Nov). Please note, any outstanding days need to be completed before 1 Nov. You can negotiate these days with your supervising teacher.

## Learning and Teaching Activities

### Delivery of multiple lessons over 29 days

student should be teaching 50% of the day at conclusion of 30 days

**For this Unit, students must also be aware of the following specific requirements: -**

Students must meet the mandatory requirements to undertake placements as specified in this/ the Unit Guide. These may include both University requirements and mandatory requirements

specified by the accrediting authority such as the Working with Children check.

### **Fitness to practice requirements:**

Macquarie University operates under a 'Fitness to Practice' model as specified in the University's Academic Progression Policy. For this Unit, this means that, when undertaking a placement, a student is declaring that they are able to demonstrate professional competence, acceptable professional behaviour, freedom from impairment, and compliance with program specific requirements needed for a student to practice properly and safely throughout their Practical, Clinical or Professional program or unit. It is the responsibility of the student to determine whether they are fit to undertake a placement. Therefore, if a student is feeling unfit to undertake a placement, they should not do so. For more information <https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policies/academic-progression>

- The timing of placements can vary. For placements early in the Session, Fail grades may be approved by the University **prior to the end** of Session for students who do not meet the placement expectations of the Unit.

### **Other important policies** Twice Fail Rule for Professional Experience Units

- General Coursework Rule 10(7) stipulates that if a student fails a required unit twice in an undergraduate professional program listed on Schedule 2, they may be permanently excluded from further enrolment in that program.
- Students completing a double degree will be able to continue with their other degree program provided they meet the academic progression requirements of the Academic Progression Policy.
- Students completing a single Education degree (such as the BEd) are advised to seek academic advice.

## Graduate Capabilities

### Creative and Innovative

Our graduates will also be capable of creative thinking and of creating knowledge. They will be imaginative and open to experience and capable of innovation at work and in the community. We want them to be engaged in applying their critical, creative thinking.

This graduate capability is supported by:

#### Learning outcome

- Demonstrate a deep understanding of the processes of learning, teaching and assessing

#### Assessment task

- Formal observation(s)

### Capable of Professional and Personal Judgement and Initiative

We want our graduates to have emotional intelligence and sound interpersonal skills and to demonstrate discernment and common sense in their professional and personal judgement. They will exercise initiative as needed. They will be capable of risk assessment, and be able to handle ambiguity and complexity, enabling them to be adaptable in diverse and changing environments.

This graduate capability is supported by:

#### Learning outcomes

- Develop a sound knowledge of the K-6 curriculum across six Key Learning Areas
- Develop a comprehensive grasp of the professional role of the teacher

## Discipline Specific Knowledge and Skills

Our graduates will take with them the intellectual development, depth and breadth of knowledge, scholarly understanding, and specific subject content in their chosen fields to make them competent and confident in their subject or profession. They will be able to demonstrate, where relevant, professional technical competence and meet professional standards. They will be able to articulate the structure of knowledge of their discipline, be able to adapt discipline-specific knowledge to novel situations, and be able to contribute from their discipline to inter-disciplinary solutions to problems.

This graduate capability is supported by:

### Learning outcomes

- Develop a sound knowledge of the K-6 curriculum across six Key Learning Areas
- Demonstrate an in-depth knowledge of students and how they learn
- Develop a comprehensive grasp of the professional role of the teacher

### Assessment task

- Formal observation(s)

## Critical, Analytical and Integrative Thinking

We want our graduates to be capable of reasoning, questioning and analysing, and to integrate and synthesise learning and knowledge from a range of sources and environments; to be able to critique constraints, assumptions and limitations; to be able to think independently and systemically in relation to scholarly activity, in the workplace, and in the world. We want them to have a level of scientific and information technology literacy.

This graduate capability is supported by:

### Learning outcome

- Demonstrate a deep understanding of the processes of learning, teaching and assessing

## Effective Communication

We want to develop in our students the ability to communicate and convey their views in forms effective with different audiences. We want our graduates to take with them the capability to read, listen, question, gather and evaluate information resources in a variety of formats, assess, write clearly, speak effectively, and to use visual communication and communication technologies as appropriate.

This graduate capability is supported by:

### Learning outcomes

- Develop a sound knowledge of the K-6 curriculum across six Key Learning Areas
- Demonstrate an in-depth knowledge of students and how they learn

- Demonstrate a deep understanding of the processes of learning, teaching and assessing
- Develop a comprehensive grasp of the professional role of the teacher

## **Assessment task**

- Formal observation(s)

## **Changes from Previous Offering**

Introduction of three online lectures in weeks about TPA. There is a greater emphasis on preparing for the Teaching Performance Assessment (TPA)
