Unit description

The main aim of this unit is to teach students to read documents in Ancient Greek. This is an introductory unit and no previous knowledge of Ancient Greek is expected, nor is familiarity with the rudiments of English grammar essential (although this is helpful). By the end of the unit students should be able to read simple passages in Greek; should have a sound knowledge of the vocabulary of the texts studied; and should have acquired sufficient mastery of their grammar and vocabulary to understand the texts at the level of word and phrase. A second semester of study is required before students are able to read original Greek documents with any degree of fluency.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.open.edu.au/student-admin-and-support/key-dates/>

Learning Outcomes

On successful completion of this unit, you will be able to:

Knowledge: a) Recognize and recall Greek script and phonetic structure; b) Identify and recall Greek grammatical structures at elementary level; c) Recognize and memorize foundational Greek vocabulary.

Skills: a) Assess the grammar required for the translation of simple Greek texts; b)

Explore relevant grammatical and lexical reference tools; c) Recognize and recall linguistic metalanguage.

Application: a) Integrate knowledge of grammar and vocabulary in reading and/or writing simple Greek texts; b) Explore the significance of Greek for the study of relevant ancient cultures.

Assessment Tasks

Name	Weighting	Hurdle	Due
Vocabulary Tests	10%	No	Week 13: Friday 9pm
Translation Exercises	50%	No	Weekly: Friday 9pm
Non-invigilated Examination	40%	No	14th June 2019

Vocabulary Tests

Due: **Week 13: Friday 9pm**

Weighting: **10%**

Short quizzes on the vocabulary covered in the course, set chapter by chapter. There are some short questions on grammar too. The quizzes may be attempted at any time before they close: Friday of week 13 at 9pm. It will not be possible to attempt them after that time.

The quizzes are attempted online. Click on the Quizzes link in the blue Activities box to find them. Please note: you are only allowed one attempt at each quiz.

On successful completion you will be able to:

- Knowledge: a) Recognize and recall Greek script and phonetic structure; b) Identify and recall Greek grammatical structures at elementary level; c) Recognize and memorize foundational Greek vocabulary.

Translation Exercises

Due: **Weekly: Friday 9pm**

Weighting: **50%**

Weekly exercises to practise vocabulary, grammar and syntax knowledge. The exercises come from the unit textbook. There is a separate schedule of the exercises for assessment on the unit's website. Some require translation from Ancient Greek, some into Ancient Greek.

You do not need to submit all the exercises in the textbook--just the ones listed in the assessment schedule.

Assignment submission

Weekly assignments are submitted by uploading your document (eg .doc or pdf) to ilearn. For instructions on how to do this, see below:

iLearn Assignment Upload Procedure

On successful completion you will be able to:

- Knowledge: a) Recognize and recall Greek script and phonetic structure; b) Identify and recall Greek grammatical structures at elementary level; c) Recognize and memorize foundational Greek vocabulary.
- Skills: a) Assess the grammar required for the translation of simple Greek texts; b) Explore relevant grammatical and lexical reference tools; c) Recognize and recall linguistic metalanguage.
- Application: a) Integrate knowledge of grammar and vocabulary in reading and/or writing simple Greek texts; b) Explore the significance of Greek for the study of relevant ancient cultures.

Non-invigilated Examination

Due: **14th June 2019**

Weighting: **40%**

This will examine knowledge of grammar, syntax and vocabulary. You will be given the paper in advance for you to download and complete. You will upload your response to ilearn (as you do your weekly assignments: see details of the process there). Please note carefully the due date of the examination as it must be completed and uploaded by that date.

On successful completion you will be able to:

- Knowledge: a) Recognize and recall Greek script and phonetic structure; b) Identify and recall Greek grammatical structures at elementary level; c) Recognize and memorize foundational Greek vocabulary.
- Skills: a) Assess the grammar required for the translation of simple Greek texts; b) Explore relevant grammatical and lexical reference tools; c) Recognize and recall linguistic metalanguage.
- Application: a) Integrate knowledge of grammar and vocabulary in reading and/or writing simple Greek texts; b) Explore the significance of Greek for the study of relevant ancient cultures.

Delivery and Resources

Delivery: External. This unit will use live lectures recorded through the ECHO system. Lectures will be available each week through the unit's ilearn website.

Lectures: Please see the Timetable for the scheduled classes. All lectures are recorded by the ECHO system.

Ilearn: The unit's webpage may be accessed at <http://ilearn.mq.edu.au/>

Technologies required: PC and Internet access are required. Basic computer skills (eg internet browsing, uploading documents) and word processing skills are expected.

Textbook:

This unit uses a textbook which is essential for classwork and weekly exercises.

- ***An Introduction to Ancient Greek: A Literary Approach***
- C.A.E. Luschnig, revised by C.A.E. Luschnig & Deborah Mitchell
- Second Edition (Hackett: Indianapolis & Cambridge, 2007).

This is available from the Macquarie Co-op Bookshop. Please note that the second edition is substantially different from the first edition.

Unit Schedule

Please see separate document on the unit's website for a schedule of the topics to be covered each week.

Learning and Teaching Activities

Lectures

Introduction and discussion of Greek grammar and syntax. Discussion of grammatical examples from the textbook and Ancient Greek texts. Answering questions relevant to the topics covered.

Weekly Exercises

Written exercises from the textbook: some from Ancient Greek into English, some from English into Ancient Greek. Tests working knowledge of grammar, syntax and vocabulary.

Vocabulary

Short online quizzes set to encourage familiarization with Ancient Greek vocabulary. These will

nevertheless be open book.

Non-Invigilated Examination

This may include written exercises or readings from the textbook: some from Ancient Greek into English, some from English into Ancient Greek. It may also include readings from or similar to texts presented in class. This assessment tests working knowledge of grammar, syntax and vocabulary.

Online discussion

The opportunity to discuss texts and grammar studied in the course with other students and the unit coordinator.

Policies and Procedures

Late Submission - applies unless otherwise stated elsewhere in the unit guide

Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – two (2) marks out of 100 will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted more than seven (7) days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests.

Extension Request

Special Consideration Policy and Procedure **(<https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policies/special-consideration>)**

The University recognises that students may experience events or conditions that adversely affect their academic performance. If you experience serious and unavoidable difficulties at exam time or when assessment tasks are due, you can consider applying for Special Consideration.

You need to show that the circumstances:

1. were serious, unexpected and unavoidable
2. were beyond your control
3. caused substantial disruption to your academic work
4. substantially interfered with your otherwise satisfactory fulfilment of the unit requirements
5. lasted at least three consecutive days or a total of 5 days within the teaching period and prevented completion of an assessment task scheduled for a specific

date.

If you feel that your studies have been impacted submit an application as follows:

1. Visit [Ask MQ](#) and use your OneID to log in
2. Fill in your relevant details
3. Attach supporting documents by clicking 'Add a reply', click 'Browse' and navigating to the files you want to attach, then click 'Submit Form' to send your notification and supporting documents
4. Please keep copies of your original documents, as they may be requested in the future as part of the assessment process

Outcome

Once your submission is assessed, an appropriate outcome will be organised.

OUA Specific Policies and Procedures

Withdrawal from a unit after the census date

You can withdraw from your subjects prior to [the census date](#) (last day to withdraw). If you successfully withdraw before the census date, you won't need to apply for Special Circumstances. If you find yourself unable to withdraw from your subjects before the census date - you might be able to [apply for Special Circumstances](#). If you're eligible, we can refund your fees and overturn your fail grade.

If you're studying Single Subjects using FEE-HELP or paying up front, you can [apply online](#).

If you're studying a degree using HECS-HELP, you'll need to [apply directly to Macquarie University](#).

Macquarie University policies and procedures are accessible from [Policy Central \(https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central\)](https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central). - [Grade Appeal Policy](#)
- [Complaint Management Procedure for Students and Members of the Public](#)

- [Special Consideration Policy](#) (**Note:** The Special Consideration Policy is effective from 4 December 2017 and replaces the Disruption to Studies Policy.)

Undergraduate students seeking more policy resources can visit the [Student Policy Gateway](https://students.mq.edu.au/support/study/student-policy-gateway) (<https://students.mq.edu.au/support/study/student-policy-gateway>). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

If you would like to see all the policies relevant to Learning and Teaching visit [Policy Central](http://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central) (<http://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central>).

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: <https://students.mq.edu.au/study/getting-started/student-conduct>

Results

Results published on platform other than [eStudent](#), (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit ask.mq.edu.au or if you are a Global MBA student contact globalmba.support@mq.edu.au

It is important to note that the marks on assessment tasks are indicative only and provide an aspect of formative feedback; **final marks may only be determined after moderation.**

Late submission of assignments

Commitment to Continuous Learning

Our graduates will have enquiring minds and a literate curiosity which will lead them to pursue knowledge for its own sake. They will continue to pursue learning in their careers and as they participate in the world. They will be capable of reflecting on their experiences and relationships with others and the environment, learning from them, and growing - personally, professionally and socially.

Discipline Specific Knowledge and Skills

Our graduates will take with them the intellectual development, depth and breadth of knowledge, scholarly understanding, and specific subject content in their chosen fields to make them competent and confident in their subject or profession. They will be able to demonstrate, where relevant, professional technical competence and meet professional standards. They will be able to articulate the structure of knowledge of their discipline, be able to adapt discipline-specific knowledge to novel situations, and be able to contribute from their discipline to inter-disciplinary solutions to problems.

Critical, Analytical and Integrative Thinking

We want our graduates to be capable of reasoning, questioning and analysing, and to integrate and synthesise learning and knowledge from a range of sources and environments; to be able to critique constraints, assumptions and limitations; to be able to think independently and systemically in relation to scholarly activity, in the workplace, and in the world. We want them to have a level of scientific and information technology literacy.

Problem Solving and Research Capability

Our graduates should be capable of researching; of analysing, and interpreting and assessing data and information in various forms; of drawing connections across fields of knowledge; and they should be able to relate their knowledge to complex situations at work or in the world, in order to diagnose and solve problems. We want them to have the confidence to take the initiative in doing so, within an awareness of their own limitations.

Effective Communication

We want to develop in our students the ability to communicate and convey their views in forms effective with different audiences. We want our graduates to take with them the capability to read, listen, question, gather and evaluate information resources in a variety of formats, assess, write clearly, speak effectively, and to use visual communication and communication technologies as appropriate.

Engaged and Ethical Local and Global citizens

As local citizens our graduates will be aware of indigenous perspectives and of the nation's historical context. They will be engaged with the challenges of contemporary society and with knowledge and ideas. We want our graduates to have respect for diversity, to be open-minded, sensitive to others and inclusive, and to be open to other cultures and perspectives: they should

have a level of cultural literacy. Our graduates should be aware of disadvantage and social justice, and be willing to participate to help create a wiser and better society.

Socially and Environmentally Active and Responsible

We want our graduates to be aware of and have respect for self and others; to be able to work with others as a leader and a team player; to have a sense of connectedness with others and country; and to have a sense of mutual obligation. Our graduates should be informed and active participants in moving society towards sustainability.
