Unit description The industry-based internship unit helps MIT students gain experience in the industry. For the major part of the unit, students work with both an industry and an academic supervisor to complete a major IT project or a few smaller IT projects. Project topics will be agreed between the University, the student and the industry partner. Candidates may complete the project work at the industry partner's location or their own place of employment, subject to University approval. Assessment will be based on a combination of written reports and presentations. This unit provides an opportunity for students to complete an internship part-time over the course of a semester.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

Discuss ethical conduct and issues related to working in a professional IT capacity in an organisation.

Reflect on the semester long internship, allowing critical appraisal of the experience gained.

Express outcomes gained through professional presentation, using available tools such as powerpoint or other presentation mediums.

Relate to and display cross-cultural sensitivity in the workplace in as much as the student learn to work with people of different cultural backgrounds.

General Assessment Information

This is a part-time internship unit. The student works 2.5 days/week at the work place. Whereas in itec897, student works full-time at the work place. This is the only difference between the two internship units in terms of learning outcomes. This would naturally effect the length of the reports submitted as well as the projects completed within the internship duration.

Assessment Tasks

Name	Weighting	Hurdle	Due
<u>Mid-term Report & Presentation</u>	40%	No	Week 5
<u>Internship Presentation</u>	10%	No	Week 13
<u>Internship office report</u>	50%	No	Week 13

Mid-term Report & Presentation

Due: **Week 5**

Weighting: **40%**

Mid-term Report & Presentation

1. How has pursuing the internship advanced your own understanding of what constitutes a professional IT practitioner?
2. Describe one or two key learning moments in the internship this semester. These may have been moments where you felt profoundly challenged, or where you felt encouraged and engaged. Reflect on how these moments encouraged you to re-think your ideas about the internship and the ICT profession.
3. Using this internship as an example of a learning community; what are some of the features that have supported or challenged your learning? Make an assessment about the extent to which you have supported the learning of your colleagues in the workplace.
4. Outline two strategies that you will now take forward as a way of demonstrating your commitment to your ongoing professional development in ICT.
5. Discuss ethical conduct and issues related to working in a professional IT capacity in an organisation.

This report and its presentation is evaluated by the unit convenor. The presentation is worth 10%, and the mid-term internship report 30%.

This Assessment Task relates to the following Learning Outcomes:

- Discuss ethical conduct and issues related to working in a professional IT capacity in an

organisation. It is expected the student will engage with the ethics literature in the IT context and deeply appreciate the impact of non-ethical behaviour in the workplace.

- Reflect on the semester long internship, allowing critical appraisal of the experience gained. One would expect to see the student graduate displaying deep reflection which can be expressed in a variety of forms, principally a journal, but reports and other written means are also appropriate.
- Relate to and display cross-cultural sensitivity in the workplace in as much as the student learn to work with people of different cultural backgrounds. It is expected the student graduate will feel comfortable working with personnel of different backgrounds to themselves.

On successful completion you will be able to:

- Discuss ethical conduct and issues related to working in a professional IT capacity in an organisation.
- Reflect on the semester long internship, allowing critical appraisal of the experience gained.
- Express outcomes gained through professional presentation, using available tools such as powerpoint or other presentation mediums.
- Relate to and display cross-cultural sensitivity in the workplace in as much as the student learn to work with people of different cultural backgrounds.

Internship Presentation

Due: **Week 13**

Weighting: **10%**

Internship Presentation

A 15 minute presentation with powerpoint (or related) slides, articulating experiences gained in the internship, thoughts, reflections etc.

This Assessment Task relates to the following Learning Outcomes:

- Express outcomes gained through professional presentation, using available tools such as powerpoint or other presentation mediums. There would be an expectation that the student displays superior competence in both the tools and techniques necessary to deliver a polished presentation; such competency will be necessary in their future workplaces.

On successful completion you will be able to:

- Discuss ethical conduct and issues related to working in a professional IT capacity in an organisation.
- Reflect on the semester long internship, allowing critical appraisal of the experience gained.
- Express outcomes gained through professional presentation, using available tools such as powerpoint or other presentation mediums.
- Relate to and display cross-cultural sensitivity in the workplace in as much as the student learn to work with people of different cultural backgrounds.

Internship office report

Due: **Week 13**

Weighting: **50%**

Internship office report

This report is presented to both the unit convenor and the internship company and evaluated by the supervisor at the work place. Internship office report has two separate evaluations as follows:

1. Internship Grade

Your response to this question will be worth 25% of your intern's final academic result. Please use the following guidelines to establish what grade you will assign to your intern:

0-14 the intern's quality of work was below standard the intern's effort was poor the intern was not professional the intern had little desire for improvement and learning 15-19 the intern's quality of work met your expectations the intern's effort was sufficient the intern was sufficiently professional the intern sufficiently desired improvement and learning

20-25 the intern's quality of work exceeded your expectation the intern's effort was well above your expectations the intern was very professional the intern strongly desired to improve and learn

2. Intern Reference

Please provide a written reference for the student to use when applying for future jobs. The response from this question will be given to the intern in an official letter. Please provide a minimum of 4 sentences for this reference.

This Assessment Task relates to the following Learning Outcomes:

- Reflect on the semester long internship, allowing critical appraisal of the experience

gained. One would expect to see the student graduate displaying deep reflection which can be expressed in a variety of forms, principally a journal, but reports and other written means are also appropriate.

- Relate to and display cross-cultural sensitivity in the workplace in as much as the student learn to work with people of different cultural backgrounds. It is expected the student graduate will feel comfortable working with personnel of different backgrounds to themselves.

On successful completion you will be able to:

- Discuss ethical conduct and issues related to working in a professional IT capacity in an organisation.

- Express outcomes gained through professional presentation, using available tools such as powerpoint or other presentation mediums.
- Relate to and display cross-cultural sensitivity in the workplace in as much as the student learn to work with people of different cultural backgrounds.

Delivery and Resources

Provided by the workplace (Monday to Friday).

Report submissions and presentations have to be submitted on ilearn.

Unit Schedule

Monday to Friday is typically spent at the workplace.

Student must schedule either a meeting with the convenor of the course or send emails fortnightly on the progress of the internship.

There is no final examination but you are expected to submit an Internship report. If you are not available at that time, there is no guarantee an additional examination time will be offered. Specific examination dates and times will be determined at a later date.

There are no hurdles in this unit.

Learning and Teaching Activities

Engagement in the workplace

This is an internship unit where Monday to Friday will effectively be spent on the job - learning IT related skills.

Communicating with the convenor

Communicating with the convenor fortnightly and conducting a presentation to the convenor of the course at the end of the internship/semester.
