Prerequisites

Admission to MClinNeuro or MClinPsych

Corequisites

Co-badged status

Unit description

This unit offers an introduction to developmental issues in clinical neuropsychology. There will be a focus on developmental changes in brain structure as well as the development of the major functional systems such as language, memory and executive skills. A range of common developmental and acquired conditions of childhood will be covered and their associated neuropsychological features will be discussed in detail, with an emphasis on the consequences for clinical assessment and management. Clinical case presentations and examples will be used extensively throughout the course.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

In depth knowledge of pre-natal and post-natal brain development that can be applied clinically

In depth knowledge of cognitive development that can be applied clinically

Tools to assist with gaining rapport and managing difficult children so as to obtain a comprehensive and valid assessment of a child

In depth understanding of a wide range of developmental and acquired brain disorders that can be applied clinically

## Assessment Tasks

Name	Weighting	Hurdle	Due
<a href="#">Essay 1</a>	19%	No	To be advised
<a href="#">Exam 1</a>	19%	No	To be advised
<a href="#">Essay 2</a>	19%	No	To be advised
<a href="#">Exam 2</a>	19%	No	To be advised
<a href="#">Exam 3</a>	19%	No	To be advised
<a href="#">Class Participation</a>	5%	No	To be advised

### Essay 1

Due: **To be advised**

Weighting: **19%**

Essay of approximately 1,000 words (max. 1,250 words). Essay topics to be distributed in class.

On successful completion you will be able to:

- In depth knowledge of pre-natal and post-natal brain development that can be applied clinically
- In depth knowledge of cognitive development that can be applied clinically
- Tools to assist with gaining rapport and managing difficult children so as to obtain a comprehensive and valid assessment of a child
- In depth understanding of a wide range of developmental and acquired brain disorders that can be applied clinically

### Exam 1

Due: **To be advised**

Weighting: **19%**

Exam will be closed book - short answers covering lecture topics from previous weeks.

On successful completion you will be able to:

- In depth knowledge of pre-natal and post-natal brain development that can be applied clinically
- In depth knowledge of cognitive development that can be applied clinically

- Tools to assist with gaining rapport and managing difficult children so as to obtain a comprehensive and valid assessment of a child
- In depth understanding of a wide range of developmental and acquired brain disorders that can be applied clinically

## Essay 2

Due: **To be advised**

Weighting: **19%**

Essay of approximately 1,000 words (max. 1,250 words). Topics will be distributed in class.

On successful completion you will be able to:

- In depth knowledge of pre-natal and post-natal brain development that can be applied clinically
- In depth knowledge of cognitive development that can be applied clinically
- Tools to assist with gaining rapport and managing difficult children so as to obtain a comprehensive and valid assessment of a child
- In depth understanding of a wide range of developmental and acquired brain disorders that can be applied clinically

## Exam 2

Due: **To be advised**

Weighting: **19%**

Exam will be closed book - short answers covering lecture topics from previous weeks.

On successful completion you will be able to:

- In depth knowledge of pre-natal and post-natal brain development that can be applied clinically
- In depth knowledge of cognitive development that can be applied clinically
- Tools to assist with gaining rapport and managing difficult children so as to obtain a comprehensive and valid assessment of a child
- In depth understanding of a wide range of developmental and acquired brain disorders that can be applied clinically

## Exam 3

Due: **To be advised**

Weighting: **19%**

Exam will be closed book - short answers covering lecture topics from previous weeks.

On successful completion you will be able to:

- In depth knowledge of pre-natal and post-natal brain development that can be applied clinically
- In depth knowledge of cognitive development that can be applied clinically
- Tools to assist with gaining rapport and managing difficult children so as to obtain a comprehensive and valid assessment of a child
- In depth understanding of a wide range of developmental and acquired brain disorders that can be applied clinically

## Class Participation

Due: **To be advised**

Weighting: **5%**

Case conference participation

On successful completion you will be able to:

- Tools to assist with gaining rapport and managing difficult children so as to obtain a comprehensive and valid assessment of a child
- In depth understanding of a wide range of developmental and acquired brain disorders that can be applied clinically

## Delivery and Resources

Prescribed Unit Materials:

- Lecture references
- Lecture handouts available on iLearn
- Class handouts

Recommended Texts:

- Anderson, V., Northam, E., Hendy, J., & Wrennall, J. (2001). *Developmental Neuropsychology: A Clinical Approach*. Hove, UK: Psychology Press.
- Yeates, K.O., Ris, M.D., Taylor, H.G., & Pennington, B.F. (2010). *Paediatric Neuropsychology: Research, Theory and Practice*. NY: The Guilford Press.

## Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central](https://staff.m) (<https://staff.m>

[mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central](http://mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central)). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- [Academic Appeals Policy](#)
- [Academic Integrity Policy](#)
- [Academic Progression Policy](#)
- [Assessment Policy](#)
- [Fitness to Practice Procedure](#)
- [Grade Appeal Policy](#)
- [Complaint Management Procedure for Students and Members of the Public](#)
- [Special Consideration Policy](#) (**Note:** *The Special Consideration Policy is effective from 4 December 2017 and replaces the Disruption to Studies Policy.*)

Undergraduate students seeking more policy resources can visit the [Student Policy Gateway](https://students.mq.edu.au/support/study/student-policy-gateway) (<https://students.mq.edu.au/support/study/student-policy-gateway>). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

If you would like to see all the policies relevant to Learning and Teaching visit [Policy Central](http://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central) (<http://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central>).

## Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: <https://students.mq.edu.au/study/getting-started/student-conduct>

## Results

Results published on platform other than [eStudent](#), (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit [ask.mq.edu.au](http://ask.mq.edu.au) or if you are a Global MBA student contact [globalmba.support@mq.edu.au](mailto:globalmba.support@mq.edu.au)

## Student Support

Macquarie University provides a range of support services for students. For details, visit <http://students.mq.edu.au/support/>

## Learning Skills

Learning Skills ([mq.edu.au/learningskills](http://mq.edu.au/learningskills)) provides academic writing resources and study strategies to improve your marks and take control of your study.

- [Workshops](#)
- [StudyWise](#)
- [Academic Integrity Module for Students](#)

- [Ask a Learning Adviser](#)

## Student Services and Support

Students with a disability are encouraged to contact the [Disability Service](#) who can provide appropriate help with any issues that arise during their studies.

## Student Enquiries

For all student enquiries, visit Student Connect at [ask.mq.edu.au](http://ask.mq.edu.au)

If you are a Global MBA student contact [globalmba.support@mq.edu.au](mailto:globalmba.support@mq.edu.au)

## IT Help

For help with University computer systems and technology, visit [http://www.mq.edu.au/about\\_us/offices\\_and\\_units/information\\_technology/help/](http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/).

When using the University's IT, you must adhere to the [Acceptable Use of IT Resources Policy](#). The policy applies to all who connect to the MQ network including students.

## Graduate Capabilities

### PG - Capable of Professional and Personal Judgment and Initiative

Our postgraduates will demonstrate a high standard of discernment and common sense in their professional and personal judgment. They will have the ability to make informed choices and decisions that reflect both the nature of their professional work and their personal perspectives.

This graduate capability is supported by:

### Learning outcomes

- Tools to assist with gaining rapport and managing difficult children so as to obtain a comprehensive and valid assessment of a child
- In depth understanding of a wide range of developmental and acquired brain disorders that can be applied clinically

### Assessment tasks

- Essay 1
- Exam 1
- Essay 2
- Exam 2
- Exam 3
- Class Participation

## PG - Discipline Knowledge and Skills

Our postgraduates will be able to demonstrate a significantly enhanced depth and breadth of knowledge, scholarly understanding, and specific subject content knowledge in their chosen fields.

This graduate capability is supported by:

### Learning outcomes

- In depth knowledge of pre-natal and post-natal brain development that can be applied clinically
- In depth knowledge of cognitive development that can be applied clinically
- Tools to assist with gaining rapport and managing difficult children so as to obtain a comprehensive and valid assessment of a child
- In depth understanding of a wide range of developmental and acquired brain disorders that can be applied clinically

### Assessment tasks

- Essay 1
- Exam 1
- Essay 2
- Exam 2
- Exam 3
- Class Participation

## PG - Critical, Analytical and Integrative Thinking

Our postgraduates will be capable of utilising and reflecting on prior knowledge and experience, of applying higher level critical thinking skills, and of integrating and synthesising learning and knowledge from a range of sources and environments. A characteristic of this form of thinking is the generation of new, professionally oriented knowledge through personal or group-based critique of practice and theory.

This graduate capability is supported by:

### Learning outcomes

- Tools to assist with gaining rapport and managing difficult children so as to obtain a comprehensive and valid assessment of a child
- In depth understanding of a wide range of developmental and acquired brain disorders that can be applied clinically

## Assessment tasks

- Essay 1
- Exam 1
- Essay 2
- Exam 2
- Exam 3
- Class Participation

## PG - Research and Problem Solving Capability

Our postgraduates will be capable of systematic enquiry; able to use research skills to create new knowledge that can be applied to real world issues, or contribute to a field of study or practice to enhance society. They will be capable of creative questioning, problem finding and problem solving.

This graduate capability is supported by:

### Learning outcome

- In depth understanding of a wide range of developmental and acquired brain disorders that can be applied clinically

## Assessment tasks

- Essay 1
- Exam 1
- Essay 2
- Exam 2
- Exam 3

## PG - Effective Communication

Our postgraduates will be able to communicate effectively and convey their views to different social, cultural, and professional audiences. They will be able to use a variety of technologically supported media to communicate with empathy using a range of written, spoken or visual formats.

This graduate capability is supported by:

### Learning outcome

- Tools to assist with gaining rapport and managing difficult children so as to obtain a comprehensive and valid assessment of a child

## Assessment tasks

- Essay 1

- Exam 1
- Essay 2
- Exam 2
- Exam 3
- Class Participation
