Unit description
This unit will explore what language is and how it develops in early childhood, with a main focus on the years from birth to five. The relationship between language, learning and culture will be investigated. Students will consider different definitions of literacy and examine how oral language in the early years of life relates to subsequent knowledge of written, visual and aural texts. Issues to be addressed include how to create a language and literacy rich environment and the central role of adults in supporting children's language and literacy development in a range of contexts.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://students.mq.edu.au/important-dates

Learning Outcomes
- Use appropriate metalanguage when analysing language structure and function.
- Demonstrate understanding of the relationship between oral language, adult–child interaction and literacy development.
- Evaluate EC settings in terms of language and literacy development.
- Pedagogical strategies for promoting language and literacy development.
- Use peer reviewed research to justify decision making.
- Use academic language appropriately to express ideas and arguments.

General Assessment Information
Full assignment instructions
This Unit Guide provides a brief description only of each required assessment piece. Full instructions are provided via the 'unit essentials', which will be available on the iLearn site from Day 1 of Session 2.

Assignment expectations
In order to achieve a passing grade, it is expected that all assignments are completed, and that all assignments demonstrate a serious attempt to address the assignment task.

Assessment Presentation & Submission Guidelines
Please follow these guidelines when you submit each assignment:

- Allow a left and right-hand margin of at least 2cm in all assignments.
- Please type all assignments using 12-point font and 1.5 spacing.
- All assessments must be submitted through Turnitin in .doc or .pdf format.
• It is the onus of the student to ensure that all assessments are successfully submitted through Turnitin.

• Faculty assignment cover sheets are NOT required.

Draft Submissions & Turnitin Originality Reports

• Students may use Turnitin’s Originality Report as a learning tool to improve their academic writing if this option is made available in the unit.

• Students are strongly encouraged to upload a draft copy of each assessment to Turnitin at least one week prior to the due date to obtain an Originality Report.

• The Originality Report provides students with a similarity index that may indicate if plagiarism has occurred. Students will be able to make amendments to their drafts prior to their final submission on the due date.

• Generally, one Originality Report is generated every 24 hours up to the due date.

Please note:

• Students should regularly save a copy of all assignments before submission.

• Unless there are exceptional circumstances, no assessment will be accepted after the date that the assessment has been returned to other students.

• Students are responsible for checking that their submission has been successful and has been submitted by the due date and time.

Assignment extensions and late penalties

• In general, there should be no need for extensions except through illness or misadventure that would be categorised as unavoidable disruption according to the University definition of same, see: https://students.mq.edu.au/study/my-study-program/special-consideration

• Applications for extensions must be made via AskMQ at https://ask.mq.edu.au as a Special Consideration request before the submission date. Students who experience a disruption to their studies through ill-health or misadventure are able to apply for this request. Extensions can only be granted if they meet the Special Considerations policy and are submitted via https://ask.mq.edu.au/. This will ensure consistency in the consideration of such requests is maintained.

• Late submissions without extension will receive a penalty of 5% reduction of the total possible mark for each day late (including weekends and public holidays).
You are reminded that submitting even just 1 day late could be the difference between passing and failing a unit. Late penalties are applied by unit convenors or their delegates after tasks are assessed.

- No assessable work will be accepted after the return/release of marked work on the same topic. If a student is still permitted to submit on the basis of unavoidable disruption, an alternative topic may be set.
- Students should keep an electronic file of all assessments. Claims regarding "lost" assessments cannot be made if the file cannot be produced. It is also advisable to keep an electronic file of all drafts and the final submission on a USB untouched/unopened after submission. This can be used to demonstrate easily that the assessment has not been amended after the submission date.

Requesting a re-assessment of an assignment

If you have evidence that your task has been incorrectly assessed against the grade descriptors you can request a re-mark. To request a re-mark you need to contact the unit convenor within 7 days of the date of return of the assignment and provide a detailed assessment of your script against the task criteria. Evidence from your assignment must be provided to support your judgements.

Note: Failed assessments cannot be re-submitted as they are all double-marked as a part of the moderation process.

Please note: The outcome of a re-mark may be a higher/lower or unchanged grade. Grades are standards referenced and effort is NOT a criterion.

University policy on grading

Criteria for awarding grades for assessment tasks

Assignments will be awarded grades ranging from HD to F according to guidelines set out in the University’s Grading Policy. The following descriptive criteria are included for your information.

Descriptive Criteria for awarding grades in the unit

In order to meet the unit outcomes and successfully pass this unit, students must make a genuine attempt at all assessment tasks. Where any submitted assessment task is considered to be unsatisfactory in this regard, the highest possible final grade that can be awarded for the unit will be 45.

Students will be awarded grades ranging from HD to F according to guidelines set out in the policy: https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policies/assessment-in-effect-from-session-2-2016

### Academic Honesty Guidelines

All assignments should cite and provide full bibliographical details of all material that you have used to inform or support your ideas. At the Department of Educational Studies, students are required to use the American Psychological Association (APA) referencing procedures. Full details about how to cite and reference correctly can be found in Perrin (2017) and on the university’s library website at [https://libguides.mq.edu.au/referencing/APA](https://libguides.mq.edu.au/referencing/APA).

The following guide can be purchased from the Co-op Bookshop. This is a recommended text. A copy is also available in Reserve in the Library:

### Units with Submissions of Family & Children’s Records

**Family and Children’s Records at Department of Educational Studies (EC)**

Some assessment tasks require students to submit records about families and about children and their learning. It is expected that the records submitted are original, authentic, adheres to ethical practices and is the work of the student. Issues with the authenticity of such records will be investigated for possible forgery. Please note that submitted records can only be used once
Confidentiality

Students must respect the need for sensitivity and confidentiality and ensure that privacy obligations are met. There should be nothing in assessment submissions that identifies a centre or school. Use only the first name for children, families and staff. Do not record details that enable identification of the site, and of the adults or children.

**Delivery and Resources**

**Student workload and requirements**

Before commencing ECED/ECHX823, please read this document very carefully and ensure that you can meet all requirements, including workload requirements, attendance expectations (if relevant to your mode of enrolment), and assessment submission requirements.

Credit points indicate the approximate hours per week that a student is expected to spend studying in order to pass a unit. One credit point equals 3 hours; thus, students are expected to spend approximately 12 hours per week studying ECED/ECHX823. Study includes attending or listening to lectures, attending tutorials, completing set readings and background readings, completing assignments, and using the unit’s iLearn site.

Independent study is strongly encouraged in this unit as is participation in online discussions and the completion of study tasks posted on iLearn.

*Please ensure that you have sufficient time to dedicate to your studies before attempting this unit.* We are sympathetic that students often have significant domestic and work-related responsibilities. To be fair to our staff and to other students, however, these cannot be used to justify incomplete work or extension requests.
Classes and attendance

The unit is run in internal, external and OUA (online) modes. Students will either be enrolled in ECED823 or ECHX823.

All students are expected to watch and listen to relevant lectures and complete the specified reading preparation before their seminars (internal) or On Campus Session (external) or completing online study tasks (external and OUA students).

Students are expected to watch and listen to all 12 lectures. The lectures will be recorded and made available progressively by Wednesday each week and including the university recess period. Students can access them by clicking on the link to ECHO360 (on the right side of the screen) on the unit’s iLearn website.

To complete this unit successfully, ALL students are expected to actively contribute to seminars and/or online and on-campus session discussions, and must complete and submit all three assignments.

Internal students

6 internal seminars will be held in weeks 2, 4, 6, 7, 8 & 13 in 29 Wally’s Walk (X5B), Room 292 (Music Room) on Monday, 12–2pm. Internal students are expected to attend, prepare for and participate in these seminars to successfully complete the unit. See the Unit Schedule (available in the 'Essentials' document on iLearn) for details.

External students

In order to complete this unit, external students are expected to actively contribute to online discussions, by posting their responses to study tasks and responding to others’ postings.

There is also a compulsory on-campus session (OCS) on 14 September 2019 (Saturday), 9-5pm, in 29 Wally’s Walk (X5B), Room 132.

External students enrolled in ECED823 are welcome to attend any or all of the internal seminars.

Attendance at all internal seminars or on campus days is expected for students enrolled in ECED823. Attendance will be recorded. Activities completed during seminars (internal) or on campus days (external) are essential for building the core knowledge and/or skills required to demonstrate the learning outcomes of this unit and to meet ACECQA requirements.

OUA students enrolled in ECHX823

In lieu of class attendance, OUA students are expected to complete study tasks and participate actively in related online discussions. If they wish to attend the on-campus session and/or internal seminars as well, they are welcome to email the unit convenor to organise this.

Participation

As postgraduate students, you are expected to participate fully in this unit, be self-directed in your learning, and approach the unit content with enthusiasm. Specifically, you are expected to:
• attend, prepare for and participate in internal seminars or the compulsory on-campus session (unless an OUA enrolment)

• (especially if external or OUA enrolment) complete, post and discuss weekly tasks online (these will not be assessed but will help guide your learning and form a community of learners)

• complete the required readings

• participate in online discussions

• complete and submit all assignments

• check the unit’s iLearn website at least twice a week

In order to complete the second assignment, you will also need to arrange to visit an early childhood long day care centre. (Further details can be found on iLearn. If you anticipate having any difficulties locating a centre, please contact the unit convenor.)

Resources

Unit resources include a set textbook, additional readings, weekly recorded lectures and weekly study tasks. Readings can be accessed through the MQ Library's Multisearch engine and other resources can be accessed from the unit's iLearn site.

Required textbook

A detailed list of additional readings is provided on iLearn.
