Unit description

This unit provides students with an opportunity to apply the knowledge acquired during their program of study to a real world crisis. After being exposed to theoretical concepts of scenario-building, role-playing and decision-making, students will experience the challenges of solving problems and finding solutions to real world crises during a dynamic simulation. They will be part of a team that includes students with different skill sets and knowledge, including strategists, intelligence analysts, criminologists, counter terrorism experts, and cyber security analysts. Students enrolled in Simulation in Criminology will perform the role of the criminologist. Their mission will be to formulate policy-oriented solutions by applying their theoretical knowledge and practical skills, including the use of crime prevention/deterrence tools. As part of a team, students will learn how to develop ministerial briefing papers during a crisis situation and how to make policy recommendations.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.open.edu.au/student-admin-and-support/key-dates/>

Learning Outcomes

On successful completion of this unit, you will be able to:

1. Understand the strengths and weaknesses of simulation & role playing as an educational and professional tool.
2. Understand decision-making, bargaining situations and group dynamics in a political-strategic context.

3. Apply crime prevention and deterrence techniques to complex and evolving real-world situations.
4. Communicate disciplinary knowledge to professional audiences through the criminologist sections of the briefing papers.

Assessment Tasks

Name	Weighting	Hurdle	Due
<u>Quiz.</u>	10%	No	Week 3
<u>Simulation Week 4 and Week 7</u>	10%	No	Week 4 and Week 7
<u>Ministerial Brief/Memo</u>	45%	No	Week 9
<u>Simulation</u>	35%	Yes	Week 12

Quiz.

Due: **Week 3**

Weighting: **10%**

Covering Subject Matter (lectures and readings) in Weeks 1, 2 & 3.

On successful completion you will be able to:

- 1. Understand the strengths and weaknesses of simulation & role playing as an educational and professional tool.
- 2. Understand decision-making, bargaining situations and group dynamics in a political-strategic context.

Simulation Week 4 and Week 7

Due: **Week 4 and Week 7**

Weighting: **10%**

On week 4 and week 7, students will participate in two small-scale war games.

All students are required to make at least three posts on the dedicated forums.

Please refer to iLearn for additional details.

On successful completion you will be able to:

- 1. Understand the strengths and weaknesses of simulation & role playing as an educational and professional tool.

Ministerial Brief/Memo

Due: **Week 9**

Weighting: **45%**

Group assignment.

Working as part of a team tasked with writing a ministerial brief/memo on a security and criminology-related scenario, write a 'Crime Threat Assessment' and contribute to the executive summary and recommendations in that assessment.

Individual contribution (40%): Crime Threat Assessment: 2,500 word policy memo.

Group grade (5%): The Ministerial Brief/Memo will include an executive summary (500 words) and policy recommendations (500 words) that are written collaboratively by your team.

Please refer to Ilearn for details.

On successful completion you will be able to:

- 3. Apply crime prevention and deterrence techniques to complex and evolving real-world situations.
- 4. Communicate disciplinary knowledge to professional audiences through the criminologist sections of the briefing papers.

Simulation

Due: **Week 12**

Weighting: **35%**

This is a hurdle assessment task (see [assessment policy](#) for more information on hurdle assessment tasks)

Group assignment.

Hurdle Assessment.

In Week 12, each student team will be presented with a war gaming scenario. Each team will be required to provide policy recommendations to the control group (convenors) as the situation unfolds over a number of simulation moves or turns.

The simulation will be run over a two week period during Weeks 12 and 13, with a set-time turn structure.

Individual (25%): At the end of each turn, you will present a Decision Brief (Criminologist) to the control team.

Group (5%): At the end of each turn, your team will present a synthesis of the decisions made by the team.

Peer grading (5%): At the end of the simulation, students will grade the performance of other members of their team.

Please refer to iLearn for additional details.

On successful completion you will be able to:

- 1. Understand the strengths and weaknesses of simulation & role playing as an educational and professional tool.
- 2. Understand decision-making, bargaining situations and group dynamics in a political-strategic context.
- 3. Apply crime prevention and deterrence techniques to complex and evolving real-world situations.
- 4. Communicate disciplinary knowledge to professional audiences through the criminologist sections of the briefing papers.

Delivery and Resources

DELIVERY AND RESOURCES

UNIT REQUIREMENTS AND EXPECTATIONS

- You should spend an average of 12 hours per week on this unit. This includes listening to lectures prior to seminar or tutorial, reading weekly required materials as detailed in iLearn, participating in iLearn discussion forums and preparing assessments.
- Internal students are expected to attend all seminar or tutorial sessions, and external students are expected to make significant contributions to on-line activities.
- In most cases students are required to attempt and submit all major assessment tasks in order to pass the unit.

REQUIRED READINGS

- The citations for all the required readings for this unit are available to enrolled students through the unit iLearn site, and at Macquarie University's library site. Electronic copies of required readings may be accessed through the library or will be made available by other means.

TECHNOLOGY USED AND REQUIRED

- Computer and internet access are essential for this unit. Basic computer skills and skills

in word processing are also a requirement.

- This unit has an online presence. Login is via: <https://ilearn.mq.edu.au/>
- Students are required to have regular access to a computer and the internet. Mobile devices alone are not sufficient.
- Information about IT used at Macquarie University is available at http://students.mq.edu.au/it_services/

SUBMITTING ASSESSMENT TASKS

- All text-based assessment tasks are to be submitted, marked and returned electronically. This will only happen through the unit iLearn site.
- Assessment tasks must be submitted as a MS word document by the due date.
- Most assessment tasks will be subject to a 'Turnitin' review as an automatic part of the submission process.
- The granting of extensions is subject to the university's Special Consideration Policy. Extensions will not be granted by unit conveners or tutors, but must be lodged through Special Consideration: <https://students.mq.edu.au/study/my-study-program/special-consideration>

LATE SUBMISSION OF ASSESSMENT TASKS

Unless a Special Consideration request has been submitted and approved, (a) **a penalty for lateness will apply** – two (2) marks out of 100 will be deducted per day for assignments submitted after the due date – and (b) **no assignment will be accepted seven (7) days (incl. weekends) after the original submission deadline**. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests.

WORD LIMITS FOR ASSESSMENT TASKS

- Stated word limits include footnotes and footnoted references, but not bibliography, or title page.
- Word limits can generally deviate by 10% either over or under the stated figure.
- If the number of words exceeds the limit by more than 10%, then penalties will apply. These penalties are 5% of the awarded mark for every 100 words over the word limit. If a paper is 300 words over, for instance, it will lose $3 \times 5\% = 15\%$ of the total mark awarded

for the assignment. This percentage is taken off the total mark, i.e. if a paper was graded at a credit (65%) and was 300 words over, it would be reduced by 15 marks to a pass (50%).

- The application of this penalty is at the discretion of the course convener.

REASSESSMENT OF ASSIGNMENTS DURING THE SEMESTER

- Macquarie University operates a Grade Appeal Policy in cases where students feel their work was graded inappropriately: <http://www.mq.edu.au/policy/docs/gradeappeal/policy.html>
- In accordance with the Grade Appeal Policy, individual works are not subject to regrading.

STAFF AVAILABILITY

- Department staff will endeavour to answer student enquiries in a timely manner. However, emails or iLearn messages will not usually be answered over the weekend or public holiday period.
- Students are encouraged to read the Unit Guide and look at instructions posted on the iLearn site before sending email requests to staff.

Unit Schedule

Week 1. Introduction.

Week 2. Simulations and Wargames: an Overview.

Week 3. Decision biases and blind spots.

Week 4. Mini-simulation I.

Week 5. Decision-making and leadership.

Week 6. The 'I' in Team

Week 7. Mini-simulation II.

Week 13 (Saturday and Sunday). Simulation.

Policies and Procedures

Late Submission - applies unless otherwise stated elsewhere in the unit guide

Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – two (2) marks out of 100 will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted more than seven (7) days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests.

Extension Request

Special Consideration Policy and Procedure **(<https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policies/special-consideration>)**

The University recognises that students may experience events or conditions that adversely affect their academic performance. If you experience serious and unavoidable difficulties at exam time or when assessment tasks are due, you can consider applying for Special Consideration.

You need to show that the circumstances:

1. were serious, unexpected and unavoidable
2. were beyond your control
3. caused substantial disruption to your academic work
4. substantially interfered with your otherwise satisfactory fulfilment of the unit requirements
5. lasted at least three consecutive days or a total of 5 days within the teaching period and prevented completion of an assessment task scheduled for a specific date.

If you feel that your studies have been impacted submit an application as follows:

1. Visit [Ask MQ](#) and use your OneID to log in
2. Fill in your relevant details
3. Attach supporting documents by clicking 'Add a reply', click 'Browse' and navigating to the files you want to attach, then click 'Submit Form' to send your notification and supporting documents
4. Please keep copies of your original documents, as they may be requested in the

future as part of the assessment process

Outcome

Once your submission is assessed, an appropriate outcome will be organised.

OUA Specific Policies and Procedures

Withdrawal from a unit after the census date

You can withdraw from your subjects prior to [the census date](#) (last day to withdraw). If you successfully withdraw before the census date, you won't need to apply for Special Circumstances. If you find yourself unable to withdraw from your subjects before the census date - you might be able to [apply for Special Circumstances](#). If you're eligible, we can refund your fees and overturn your fail grade.

If you're studying Single Subjects using FEE-HELP or paying up front, you can [apply online](#).

If you're studying a degree using HECS-HELP, you'll need to [apply directly to Macquarie University](#).

Macquarie University policies and procedures are accessible from [Policy Central](https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central) (<https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central>). Students should be aware of the following policies in particular with regard to Learning and Teaching:

Graduate Capabilities

PG - Capable of Professional and Personal Judgment and Initiative

Our postgraduates will demonstrate a high standard of discernment and common sense in their professional and personal judgment. They will have the ability to make informed choices and decisions that reflect both the nature of their professional work and their personal perspectives.

This graduate capability is supported by:

Learning outcomes

- 1. Understand the strengths and weaknesses of simulation & role playing as an educational and professional tool.
- 2. Understand decision-making, bargaining situations and group dynamics in a political-strategic context.
- 3. Apply crime prevention and deterrence techniques to complex and evolving real-world situations.
- 4. Communicate disciplinary knowledge to professional audiences through the criminologist sections of the briefing papers.

Assessment tasks

- Quiz.
- Simulation Week 4 and Week 7
- Ministerial Brief/Memo
- Simulation

PG - Discipline Knowledge and Skills

Our postgraduates will be able to demonstrate a significantly enhanced depth and breadth of knowledge, scholarly understanding, and specific subject content knowledge in their chosen fields.

This graduate capability is supported by:

Learning outcomes

- 3. Apply crime prevention and deterrence techniques to complex and evolving real-world situations.
- 4. Communicate disciplinary knowledge to professional audiences through the criminologist sections of the briefing papers.

Assessment tasks

- Ministerial Brief/Memo

- Simulation

PG - Critical, Analytical and Integrative Thinking

Our postgraduates will be capable of utilising and reflecting on prior knowledge and experience, of applying higher level critical thinking skills, and of integrating and synthesising learning and knowledge from a range of sources and environments. A characteristic of this form of thinking is the generation of new, professionally oriented knowledge through personal or group-based critique of practice and theory.

This graduate capability is supported by:

Learning outcomes

- 1. Understand the strengths and weaknesses of simulation & role playing as an educational and professional tool.
- 2. Understand decision-making, bargaining situations and group dynamics in a political-strategic context.
- 3. Apply crime prevention and deterrence techniques to complex and evolving real-world situations.

Assessment tasks

- Quiz.
- Simulation Week 4 and Week 7
- Ministerial Brief/Memo
- Simulation

PG - Research and Problem Solving Capability

Our postgraduates will be capable of systematic enquiry; able to use research skills to create new knowledge that can be applied to real world issues, or contribute to a field of study or practice to enhance society. They will be capable of creative questioning, problem finding and problem solving.

This graduate capability is supported by:

Learning outcomes

- 1. Understand the strengths and weaknesses of simulation & role playing as an educational and professional tool.
- 2. Understand decision-making, bargaining situations and group dynamics in a political-strategic context.
- 3. Apply crime prevention and deterrence techniques to complex and evolving real-world situations.

Assessment tasks

- Quiz.
- Simulation Week 4 and Week 7
- Ministerial Brief/Memo
- Simulation

PG - Effective Communication

Our postgraduates will be able to communicate effectively and convey their views to different social, cultural, and professional audiences. They will be able to use a variety of technologically supported media to communicate with empathy using a range of written, spoken or visual formats.

This graduate capability is supported by:

Learning outcomes

- 1. Understand the strengths and weaknesses of simulation & role playing as an educational and professional tool.
- 2. Understand decision-making, bargaining situations and group dynamics in a political-strategic context.
- 4. Communicate disciplinary knowledge to professional audiences through the criminologist sections of the briefing papers.

Assessment tasks

- Quiz.
- Simulation Week 4 and Week 7
- Ministerial Brief/Memo
- Simulation

PG - Engaged and Responsible, Active and Ethical Citizens

Our postgraduates will be ethically aware and capable of confident transformative action in relation to their professional responsibilities and the wider community. They will have a sense of connectedness with others and country and have a sense of mutual obligation. They will be able to appreciate the impact of their professional roles for social justice and inclusion related to national and global issues

This graduate capability is supported by:

Learning outcomes

- 1. Understand the strengths and weaknesses of simulation & role playing as an educational and professional tool.

- 2. Understand decision-making, bargaining situations and group dynamics in a political-strategic context.
