Unit description

Students in this unit have the opportunity to complete a major research project that deals with current issues in economics, under the supervision of an academic research adviser. Real world research problems are provided by an industry partner. The unit provides an opportunity for students to gain a sound understanding of how to conduct a fully-fledged research project. Students will contextualise their graduate capabilities in their final group research report.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Create economic knowledge-based solutions that can be applied to problems faced by key economic decision makers.

ULO2: Critically analyse economic issues and make policy recommendations based on economic theories and sound statistical or econometric evidence.

ULO4: Effectively communicate solutions to economic problems to specialist and non-specialist audiences, in written reports and oral presentations.

ULO3: Identify issues related to ecological sustainability in research problems, and recommend appropriate responses.

ULO5: Work in a team to develop a major group economic research report for an Industry Partner.
