Unit description

This unit develops an understanding of internal and operational controls as well as knowledge of the organisation as it relates to information systems (IS) audit and assurance with an emphasis on cyber security. Students will examine the risks associated with information systems using frameworks that provide professional standards, guidelines, tools and techniques for IS auditing. The risk-based approach to IS audit is developed so that students will have exposure in risks and controls analysis to different IS environments and platforms. Students will learn how to create IS audit plans and reports to examine IS security of an organisation's applications. In this unit students develop graduate capabilities in a range of areas, including: critical analysis skills in information management and analysis; problem solving skills in sourcing and identifying relevant information and interpreting output in a multidisciplinary environment; and communication and negotiation skills.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Evaluate the role of Information Systems Audit for achieving Information Systems Governance in organisations.

ULO3: Explain how Information Systems audit objectives provide effective IS Governance.

ULO2: Assess Information Systems risks and controls and their implications for organisations.

ULO4: Appraise and explain information system audit tools and techniques.

ULO5: Construct a critical synthesised evaluation of and response to Information Systems audit risk assessments.

Assessment Tasks

Coronavirus (COVID-19) Update

Assessment details are no longer provided here as a result of changes due to the Coronavirus (COVID-19) pandemic.

Students should consult [iLearn](#) for revised unit information.

[Find out more about the Coronavirus \(COVID-19\) and potential impacts on staff and students](#)

General Assessment Information

Late Submission(s): "Late assessment must also be submitted through Turnitin. No extensions will be granted. There will be a deduction of 10% of the total available marks made from the total awarded mark for each 24 hour period or part thereof that the submission is late (for example, 25 hours late in submission incurs a 20% penalty). Late submissions will not be accepted after solutions have been discussed and/or made available. This penalty does not apply for cases in which an application for Special Consideration is made and approved. Note: applications for Special Consideration Policy must be made within 5 (five) business days of the due date and time.

Delivery and Resources

Coronavirus (COVID-19) Update

Any references to on-campus delivery below may no longer be relevant due to COVID-19.

Please check here for updated delivery information: https://ask.mq.edu.au/account/pub/display/unit_status

Face to face hours

This unit will be taught in intensive mode. There will be four Saturdays in the semester where there will be workshops and seminars along with assessments. As the workshops will have assessments, attendance for this unit is compulsory. Students are required to attend all four Saturday sessions. The timetable is available at <http://timetables.mq.edu.au>. The teaching strategies are outlined below:

Seminar:

- are required to attend the seminar assigned.
- attendance may not be marked if you arrive more than 15 minutes late to your seminars, unless there is an appropriate reason provided to your lecturer.

Recommended Textbooks

It recommended to access to the following textbook(s):

- **Hall, James A. (2016), Information Technology Auditing, International Edition 4e, South-Western Cengage Learning, ISBN: 9781133949886**
- **Information Assurance Handbook 1e, Authors Corey Schou and Steven Hernandez, ISBN: 9781307383300**

Some copies of the text may also be available through the reserved section in the library. The content of this text forms the foundation of the unit, but material to be considered (and examined) will go beyond text content.
