Unit description

This is an intermediate-level unit in theoretical and applied microeconomics. Topics may include: consumer choice; demand theory; welfare measurement; labour supply; intertemporal consumption; choice under uncertainty; theory of the firm; production and cost theory; profit maximisation; perfect competition; monopoly; oligopoly; game theory and general equilibrium.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Analyse and describe how principles of microeconomics are relevant in decision-making by economic agents.

ULO2: Critically analyse microeconomic theory in the solution of real life economic problems.

ULO3: Demonstrate competence in communicating the knowledge, solution and interpretation of models in microeconomics.

Assessment Tasks

Coronavirus (COVID-19) Update

Assessment details are no longer provided here as a result of changes due to the Coronavirus (COVID-19) pandemic.

Students should consult iLearn for revised unit information.

Find out more about the Coronavirus (COVID-19) and potential impacts on staff and students

General Assessment Information

Tutorial participation

Due: Weekly

Weighting: 5%

Tutorial participation is expected <u>throughout the session</u>. You will have many opportunities to participate in both small and large group activities. Your tutor will record your participation throughout the session to provide an overall mark for this component of the assessment. In order to get full marks for this component of the tutorial assessment, you need to demonstrate active participation in at least 10 tutorials throughout the session. Further details relating to tutorial participation are available in the participation rubric on iLearn.

What happens if I miss a tutorial?

We recognise that from time-to-time other commitments may result in you missing a tutorial. Therefore, we have designed this assessment to allow you an opportunity to achieve full marks (5% of your final grade) providing you participate in at least 10 (of 12) tutorials. That is, you may miss up to two tutorials without penalty.

If you have a valid reason that prevents you from attending at least 10 tutorials throughout the session you may submit an application under the Special Consideration Policy. If your application is successful, your participation mark will be adjusted accordingly.

This Assessment Task relates to the following Learning Outcomes:

- Knowledge and Understanding: Demonstrate recognition of how principles of microeconomics are relevant in understanding decision-making by economic agents.
- Problem solving and critical thinking: Display creativity and critical thinking and the ability

to apply theoretical understanding of microeconomics to real life economic problems.

- Analytical skills: Evidence competence in the solution and interpretation of models in microeconomics.
- Communication: Develop communication skills to effectively demonstrate the understanding of economic ideas, including the presentation of both quantitative and visual material.

Online quizzes

Due: Weeks 3, 5, 7, 9,13

Weighting: 15%

There will be <u>five</u> online quizzes conducted throughout the session. These will be held during teaching weeks 3, 5,7, 9 and 13.

The first online quiz will cover lecture material from weeks 1-2, the second online quiz will cover lecture material from weeks 3-4, the third online quiz will cover lecture materials from week 5-6, the fourth online quiz will cover lecture materials from week 7-8 and the fifth online quiz will cover lecture material from weeks 9-12. **Out of five quizzes, three best quizzes will be graded towards final score**.

During quiz weeks, quizzes will be released on iLearn at 9am on Monday and close at 5pm the following Sunday.

Please note that no extensions will be granted. Failure to complete any quiz will result in a zero mark for that quiz.

If students undertake a quiz off-campus, it is their responsibility to ensure the compatibility of the software they use with that of the university. Technical failures that occur when a quiz is

done off-campus cannot be verified by the university and will result in a mark of zero for that quiz.

What happens if I miss a quiz?

If you have a valid reason that prevents you from attempting an online quiz you may submit an application under the Special Consideration Policy. If your application is successful, your marks from the remaining online quizzes will be adjusted accordingly.

This Assessment Task relates to the following Learning Outcomes:

- Knowledge and Understanding: Demonstrate recognition of how principles of microeconomics are relevant in understanding decision-making by economic agents.
- Problem solving and critical thinking: Display creativity and critical thinking and the ability

to apply theoretical understanding of microeconomics to real life economic problems.

· Analytical skills: Evidence competence in the solution and interpretation of models in

microeconomics.

Individual Assignments

Due: Weeks 6, 12

Weighting: 30%

There will be **two individual assignments** to be completed during the session. The first assignment is due by **3pm on Friday 3rd of April**, **2020 (Week 6)** and the second assignment is due by **3pm on Friday 29th of May**, **20202 (Week 12)**.

The assignments are to be **submitted via Turnitin** through iLearn. The emphasis in the assignments will be on using economic theory and reasoning to demonstrate the graduate capability related to 'ethical thinking'. The assignments will be in the form of **two written essays** (1250 words each) and worth 30% of your final mark in this unit.

The first assignment will be available on iLearn in week 2 and the second assignment will be available in week 8. Please note that no extensions will be granted. Late assignments will be accepted up to 96 hours after the submission deadline. There will be a deduction of 20% of the total available marks made from the total awarded mark for each 24 hour period or part thereof that the submission is late (for example, 25 hours late means a 40% penalty).

All students who apply for Special Consideration in relation to an assignment will be given an extension if the application is approved. Please consult the Special Considerations Policy.

This Assessment Task relates to the following Learning Outcomes:

- Knowledge and Understanding: Demonstrate recognition of how principles of microeconomics are relevant in understanding decision-making by economic agents.
- Ethics: Exhibit the ability to evaluate economic theory and real-world applications in the context of equity considerations.
- Communication: Develop communication skills to effectively demonstrate the understanding of economic ideas, including the presentation of both quantitative and visual material.

Final exam

Due: Exam period

Weighting: 50%

End of unit two hour written examination, to be taken during the end of session examination period. The examination will cover material drawn from all parts of the unit's subject matter. The exam will consist of multiple-choice questions and written-answer questions.

What happens if I miss the final exam?

All students who apply for Special Consideration for the final exam will be required to sit a supplementary examination, if the application is approved. Please note that the supplementary

examination may have a different format to the original exam. It is reasonable to point out that because students who sit the supplementary examination usually have much longer to prepare for their examination, the supplementary examination will be more difficult and marked at a higher level than the original examination.

This Assessment Task relates to the following Learning Outcomes:

- Knowledge and Understanding: Demonstrate recognition of how principles of microeconomics are relevant in understanding decision-making by economic agents.
- Problem solving and critical thinking: Display creativity and critical thinking and the ability to apply theoretical understanding of microeconomics to real life economic problems.
- Analytical skills: Evidence competence in the solution and interpretation of models in microeconomics.
- Communication: Develop communication skills to effectively demonstrate the understanding of economic ideas, including the presentation of both quantitative and visual material.

Delivery and Resources

Coronavirus (COVID-19) Update

Any references to on-campus delivery below may no longer be relevant due to COVID-19. Please check here for updated delivery information: https://ask.mq.edu.au/account/pub/display/unit-status

Delivery and Resources

Prescribed textbook

Students are recommended to purchase the following textbook:

• Goolsbee, A, Levitt, S.. & Syverson, C, (2020) Microeconomics (3rd Ed.), Macmillan.

The text is available for purchase https://www.booktopia.com.au/coop or may be purchased as an e-book (https://www.vitalsource.com/en-au/products/microeconomics-austan-goolsbee-steven-v9781319136 628?term=goolsbee).

The publisher also provides additional resources through 'Launchpad', an online site that includes the e-book and various other resources (practice tests, etc). If you have purchased an access code for Launchpad, you should go to the website http://www.macmillanhighered.com/launchpad/gls2e/10291617 and enroll in the online course. Please note, this is an extra resource and it is NOT required for the unit. It is entirely optional whether or not you wish to purchase these extra resources. More information about Launchpad is provided in the introduction to the text.

Additional references (in alphabetical order)

Apart from the prescribed textbook, students may find the following resources useful.

- Frank, R.H. (2010), Microeconomics and Behavior (8th Ed), Boston: McGraw-Hill.
- Nechyba, T.J. (2011), Microeconomics: An Intuitive Approach with Calculus (1st Ed), South-Western.
- Perloff, J.M. (2016) Microeconomics (7th Ed), Pearson
- Pindyck R.S. and Rubinfeld D.L. (2017), Microeconomics (9th Ed), Pearson International Edition.
- Varian, H.R. (2014), Intermediate Microeconomics: A Modern Approach (9th Ed), New York: Norton.

For equity concerns, the library has assisted ECON203 with placing scanned resources from a variety of resources on the library's e-Reserve website. If you are facing financial difficulties in obtaining a textbook, this could be an option for you.

Technology used and required

The unit uses the learning management system (iLearn) that can be accessed via iLearn.mq.edu.au. The lecture slides for each week's lecture will be posted on iLearn by 5pm Friday each week before the lecture.

The iLearn site is also used to post important notices. You should check this regularly. The iLearn web page has the facility to allow peer to peer discussion and also allows students to put questions to an Online-Tutor. The Online-Tutor will attempt to answer your questions in a timely manner.

Learning and teaching activities

This unit is taught as a mix of tutorials and lectures. The lectures are designed to provide the tools which can then be applied in tutorials.

Lectures – large group learning (2 hours for each topic)

Lectures are intended to provide an overview of the key concepts explored in the unit. Students are expected to read the relevant chapter(s) before each lecture. ECON203 relies heavily on independent learning where students read the relevant chapter(s), revise lecture notes and prepare answers to the tutorial questions.

Tutorials – small group learning (1 hour for each topic)

Tutorials constitute a critical learning experience of this unit and students must attend. Group work is an essential part of this learning. In ECON203 we emphasise peer-to-peer learning by working as a group through the exercises and learning from others. Your tutor's role is to help you understand the material. Ask your tutor for guidance on how to approach questions and problems. Brief tutorial solutions will be posted on iLearn after completion of all classes of each week.

PAL, Peer Assisted Learning (1 hour for each topic)

Revision of the material from both lectures and tutorials.

Unit Schedule

Coronavirus (COVID-19) Update

The unit schedule/topics and any references to on-campus delivery below may no longer be relevant due to COVID-19. Please consult <u>iLearn</u> for latest details, and check here for updated delivery information: https://ask.mq.edu.au/account/pub/display/unit_status

Week	Lecture Topic	Reading	Assessment
1	Introduction; supply and demand revision	Ch 2, 3	
2	Consumer behviour	Ch 4	
3	Individual and market demand	Ch 5	Online quiz 1
4	Producer behaviour; costs	Ch 6, 7	
5	Perfect competition; monopoly	Ch 8, 9	Online quiz 2
6	Monopoly, Pricing strategies for firms with market power	Ch 10	Assignment 1
7	Imperfect competition	Ch 11	Online quiz 3

10	General equilibrium	Ch 15	
11	General equilibrium (cont.); asymmetric information	Ch 15,16	
12	Public economics and Externalities	Ch 17	Assignment 2
13	Revision		Online quiz 5

Policies and Procedures

Macquarie University policies and procedures are accessible from Policy Central (https://staff.m.q.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- Academic Appeals Policy
- Academic Integrity Policy
- Academic Progression Policy
- Assessment Policy
- · Fitness to Practice Procedure
- Grade Appeal Policy
- Complaint Management Procedure for Students and Members of the Public
- Special Consideration Policy (Note: The Special Consideration Policy is effective from 4

 December 2017 and replaces the Disruption to Studies Policy.)

Students seeking more policy resources can visit the <u>Student Policy Gateway</u> (https://students.m <u>q.edu.au/support/study/student-policy-gateway</u>). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

If you would like to see all the policies relevant to Learning and Teaching visit Policy Central (https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central).

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: https://students.mq.edu.au/study/getting-started/student-conduct

Results

Results published on platform other than <u>eStudent</u>, (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the

University. Once approved, final results will be sent to your student email address and will be made available in eStudent. For more information visit ask.mq.edu.au or if you are a Global MBA student contact globalmba.support@mq.edu.au

Student Support

Macquarie University provides a range of support services for students. For details, visit http://students.mq.edu.au/support/

Learning Skills

Learning Skills (mq.edu.au/learningskills) provides academic writing resources and study strategies to help you improve your marks and take control of your study.

- · Getting help with your assignment
- Workshops
- StudyWise
- Academic Integrity Module

The Library provides online and face to face support to help you find and use relevant information resources.

- Subject and Research Guides
- Ask a Librarian

Student Services and Support

Students with a disability are encouraged to contact the <u>Disability Service</u> who can provide appropriate help with any issues that arise during their studies.

Student Enquiries

For all student enquiries, visit Student Connect at ask.mq.edu.au

If you are a Global MBA student contact globalmba.support@mq.edu.au

IT Help

For help with University computer systems and technology, visit http://www.mq.edu.au/about_us/ offices_and_units/information_technology/help/.

When using the University's IT, you must adhere to the <u>Acceptable Use of IT Resources Policy</u>. The policy applies to all who connect to the MQ network including students.
