Unit description This unit is designed for students to pursue study in an area that is of particular interest to them. The content of the unit, including teaching and learning activities, will be agreed between the student and the unit convenor (or delegate) prior to enrolment in the unit. The content and delivery of the unit will be in accordance with relevant University policies. The outcomes developed in the unit will vary but will be appropriate to the advanced level of the unit. As well as having significant knowledge of the area to be studied, the student is expected to be capable of self-directed learning.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Implement appropriate research methodology, skills and data analysis strategies to answer a research question relevant to the discipline of economics.

ULO2: Effectively reflect and discuss research processes and communicate research findings in a professional manner.

ULO3: Work effectively, independently and cooperatively with academics in a collaborative research environment to successfully complete a research project.

ULO4: Apply both independent and collaborative strategies to advance your research knowledge and skills relevant to your research project.
