Unit description

This unit further develops the concepts and techniques covered in ACCG2000 and ACCG3001. This unit provides a systematic and critical analysis of the issues related to the integration of management accounting and control systems with strategy implementation. Strategy is initially discussed as a topic in its own right, followed by an examination of how various strategic choices affect management accounting techniques such as activity-based accounting, variance analysis, and performance evaluation. By the end of this unit students will be able to analyse complex situations and develop approaches that are logical, consistent and defensible from a strategic perspective. The unit uses case studies extensively to develop graduate capabilities centred upon higher order critical analysis skills and the ability of students to generate a range of effective alternative options and innovative solutions to case based scenarios.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Critically evaluate different organisational strategies and develop approaches that are logical, consistent and defensible from a strategic perspective.

ULO2: Explain the influence of strategy on the design of management accounting systems.

ULO3: Recognise the important role of advanced costing systems, performance evaluation, and incentive systems within organisations.

ULO4: Present clear and justified viewpoint(s) through the use of effective oral and written communication skills and proper analysis and interpretation of case based scenarios.

Assessment Tasks

Coronavirus (COVID-19) Update

Assessment details are no longer provided here as a result of changes due to the Coronavirus (COVID-19) pandemic.

Students should consult [iLearn](#) for revised unit information.

[Find out more about the Coronavirus \(COVID-19\) and potential impacts on staff and students](#)

General Assessment Information

Late Submission of Assessment tasks

Late submission of assessments will incur the deduction of marks, unless otherwise stated in the unit assessment guide handout, and no extensions of submission dates will be granted. There will be a deduction of 10% of the total available marks made from the total awarded mark for each 24 hour period or part thereof that the submission is late (for example, 25 hours late in submission incurs a 20% penalty).

This penalty does not apply for cases in which an application for Special Consideration is made and approved. Note: applications for Special Consideration must be made within 5 (five) business days of the due date and time of the assessment task.

Delivery and Resources

Coronavirus (COVID-19) Update

Any references to on-campus delivery below may no longer be relevant due to COVID-19.

Please check here for updated delivery information: https://ask.mq.edu.au/account/pub/display/unit_status

Classes

Students should attend three hours of face-to-face teaching per week consisting of a one hour lecture and a two hour tutorial. Please note that any changes to tutorial classes must be made online through e-student. Students wishing to change their tutorial time should log on to e-student and enrol in a class where there is a vacancy. Staff members WILL NOT deal with tutorial changes unless there are exceptional circumstances. It is each student's responsibility to know which tutorial group they have been allocated to. Students will not be awarded any class marks unless they attend the class in which they are formally enrolled. If on a rare occasion students are unable to attend the class in which they are enrolled they may attend an alternative class during the week. If this occurs they should get the tutor to sign and date their assignment at the end of the class and then pass the assignment on to their regular teacher. This should not occur frequently as the failure to attend the tutorial in which you are formally enrolled will impact on the participation mark awarded. The timetable for classes can be found on the University web site at: <http://www.timetables.mq.edu.au/>

Required and Recommended texts and/or materials

There is no required text for this unit, however in weeks 5, 7 and 9 you are required to read chapters from Langfield-Smith, K., Smith, D., Andon, P., Hilton, R. and Thorne, H. (2015 or 2018). This text book was prescribed for ACCG 200 and a number of copies are available in the reserve section of the library. All other readings will be available in the library. Other required materials, including power point slides, will be placed on the unit web page on ilearn.

Technology Used and Required

You will be required to access a computer and the internet to use the learning management system (ilearn) to complete this unit.

Unit web page

The web page for this unit can be found at: <https://ilearn.mq.edu.au> . This page will contain important information including: lecture slides, additional readings and unit announcements.
