## Delivery and Resources

### Delivery

The unit is taught as a "lectorial", this means lecture and tutorial are integrated as a 3-hour block. Each of these sessions will take place on Zoom and will also be recorded and made available on

the iLearn site. The unit website also contains additional materials and revision exercises that are designed to assist the student with continuous learning. Active engagement with the website is essential to successfully complete the unit. Discussion of items not covered in class can be conducted online via a discussion forum on the unit's iLearn site.

Students are expected to complete the **Exercises** set in preparation for each class and upload them on the unit's iLearn site **before the class**. This will enable them to participate actively in class, get feedback on what they have submitted when the exercises are discussed in class, ask pertinent questions, and integrate the new topics into a progressively more solid foundation. **Failure to properly attempt and upload exercises will incur a penalty in the form of a deduction of 1% for each exercise not uploaded from the total marks a student gains for the unit.**

Vocabulary Tests and Translation Tests are conducted and assessed online. For details on the submission of the Assignment (Translation Task in Week 7) and the final Exam (in Week 13) see the iLearn site.

## Technologies used

This unit uses iLearn and Echo 360/Zoom. Students are expected to have good and regular access to the internet; mobile devices alone are unlikely to be sufficient. All students in all modes have access to the unit's iLearn site.
