Unit description

This unit consists of weekly tutorials examining hot topics in biology with a variety of scientists from a diverse background. Students are expected to actively contribute during the tutorials and produce a presentation on their favourite topic of the year. Opportunities for research internships in biology are provided.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Read, interpret and discuss major contributions to biological research published in the peer-reviewed literature.

ULO2: Communicate hot topics in biology to a non-specialist audience.

ULO3: Evaluate how effective your communication has been to an audience.

ULO4: Demonstrate skills in teamwork and collegial discussion.

ULO5: Evaluate how the experimental design and approach of biological studies influences the validity and impact of conclusions.
