Unit description

This unit will focus on special topics in biology. Topics may range from genes to ecosystems, and focus on any level of biological organisation and any biological group or process. Topics will be chosen to encourage students to explore the different disciplines in biology and to develop skills in analysis and investigation that are necessary that are required to undertake more advanced research.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Critically evaluate and synthesise the primary literature on a biological research topic

ULO2: Demonstrate in-depth knowledge in one or more disciplines of Biology

ULO3: Rigorously apply scientific methods to address a biological research question

ULO4: Communicate biological concepts and findings clearly and coherently to a scientific audience in written and oral form

Assessment Tasks

Coronavirus (COVID-19) Update

Assessment details are no longer provided here as a result of changes due to the Coronavirus (COVID-19) pandemic.

Students should consult [iLearn](#) for revised unit information.

[Find out more about the Coronavirus \(COVID-19\) and potential impacts on staff and students](#)

General Assessment Information

Note that all written work must be in the student's own words. Assessments submitted via Turnitin will be subjected to plagiarism detection. Plagiarism will not be tolerated. Penalties for plagiarism range from loss of marks to awarding of a zero, depending upon the level of plagiarism, and reporting to the Faculty Disciplinary Committee.

Delivery and Resources

Coronavirus (COVID-19) Update

Any references to on-campus delivery below may no longer be relevant due to COVID-19.

Please check here for updated delivery information: https://ask.mq.edu.au/account/pub/display/unit_status

MRes Shell units are designed to provide flexibility in learning options for year 1 Masters of Research students. The goal of these units is to provide a way for students to acquire capabilities that will be useful for their year 2 project or cross-disciplinary experience. The goal is not to provide them with extra time to start their projects.

The activities and assessments are determined between the supervisor and the student and equate to a workload of 150 hours.

Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central](https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central) (<https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central>). Students should be aware of the following policies in particular with regard to Learning and Teaching:
