Unit description

This unit challenges the student to consider a comprehensive set of factors that influence organisations in raising equity, payout policy, investment and finance decisions within a dynamic framework. Students need to be able to appreciate the theoretical and practical implications of the multifaceted nature of corporate finance; the different issues (including flexibility) to be considered, and the different approaches available, in valuing project cash flows; determining capital structure; assessing the costs and benefits of mergers and acquisitions, real options; and the link between corporate governance and finance.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Interpret market data and accounting reports and identify suitable valuation techniques to conduct asset valuation.

ULO3: Analyse the factors that influence companies in their financial decisions.

ULO2: Examine alternative quantitative approaches available in corporate finance in valuating companies and/or projects.

ULO4: Investigate the cost and benefits of mergers and acquisitions and real options.

Assessment Tasks

Coronavirus (COVID-19) Update

Assessment details are no longer provided here as a result of changes due to the Coronavirus (COVID-19) pandemic.

Students should consult [iLearn](#) for revised unit information.

[Find out more about the Coronavirus \(COVID-19\) and potential impacts on staff and students](#)

General Assessment Information

Assessment criteria for all assessment tasks will be provided on the unit iLearn site.

Gradebook

It is the responsibility of students to view their marks for each within session assessment on iLearn within 20 working days of posting. If there are any discrepancies, students must contact the unit convenor immediately. Failure to do so will mean that queries received after the release of final results regarding assessment marks (not including the final exam mark) will not be addressed.

Special consideration

Where a Special Consideration application is approved, the student may be offered an alternative assessment or may receive a mark based on the percentage mark achieved by the student in one or more other assessment tasks, at the Unit Convenor's discretion.

Late submissions and extensions

Tasks 10% or less – No extensions will be granted. Students who have not submitted the task prior to the deadline will be awarded a mark of 0 for the task, except for cases in which an application for special consideration is made and approved.

Tasks above 10% - No extensions will be granted. There will be a deduction of 10% of the total available marks made from the total awarded mark for each 24 hour period or part thereof that the submission is late (for example, 25 hours late in submission – 20% penalty). This penalty does not apply for cases in which an application for special consideration is made and approved. No submission will be accepted after solutions have been posted.

Delivery and Resources

Coronavirus (COVID-19) Update

Any references to on-campus delivery below may no longer be relevant due to COVID-19.

Available for purchase from e.g. the Macquarie University Co-op Bookshop.

Communication Channels

For discussion of subject materials please speak to any of our lecturers and tutors during class time or in consultation. Please keep in mind that most concepts and examples are best explained during face-to-face time.

Academic Consultation

Staff will be available for academic consultation throughout the session teaching weeks. A schedule of consultation times and locations will be available on iLearn from Week 2.

Three hours of face-to-face teaching per week, consisting of two hours' lecture and one hour's tutorial.

Keep in mind that this is a very challenging but interesting course which you will find rewarding in your corporate and everyday lives. By the end of this course you will be able to confidently value most assets including businesses, stocks, bonds, real estate and options.

Lectures commence in Week 1. Tutorial classes commence in Week 2.

The timetable for lectures and tutorial classes is available at URL <https://timetables.mq.edu.au/>

Technology Used and Required

The unit will use an on line learning and teaching facility known as iLearn, accessed through the following URL <https://ilearn.mq.edu.au/login/MQ>.

Students should monitor iLearn content frequently to ensure timely access to announcements, unit material and assessment information.

To complete the Assignment, students will be required to use the Microsoft Excel and Microsoft Word softwares.

Calculators will be allowed in the class tests and the final examination but a clear indication of the steps involved in every calculation must be shown. Non-programmable calculators with no text-retrieval capacity are allowed. Financial calculators are allowed. Calculators that have a full alphabet on the keyboard are not allowed. Graphics calculators are not allowed.
